A user guide and frequently asked questions are available at **http://admin.state.nh.us/hr**. If you receive a check and are not enrolled in direct deposit, you are also encouraged to register and view your pay statements in ASOPS. If you receive printed checks, you will continue to receive them. Questions can be directed to Legislative Accounting at 271-3162 or stop in that office in Room 113 of the State House.

LEGISLATIVE ETHICS COMMITTEE

The Legislative Ethics Committee has voted unanimously to issue the following interpretive ruling, which is printed below in its entirety.

INTERPRETIVE RULING 2011-#1

(JUNE 17, 2011)

Obligations of Legislators in Connection with Proposed Petitions for the Redress of Grievances

Questions have arisen regarding the obligations of legislators who receive requests from members of the public to present petitions for redress of grievances on their behalf. Specifically, the questions are (1) Whether legislators are obliged to "present" (*i.e* sponsor) a petition simply at the request of a member of the public; and (2) Whether legislators are obliged to keep the content of a proposed petition confidential prior to its presentation. The Committee has reviewed applicable provisions of the New Hampshire Constitution, statutes, rules, and Ethics Guidelines governing the conduct of legislators in the performance of their duties as such, and interprets them as follows.

1. Obligation to present a petition. No such governing provision requires a legislator to "present" a petition simply because the legislator was requested to do so by a member of the public. On the contrary, as with any matter a legislator may be asked to sponsor,

legislators must be free to exercise their best judgment about sponsoring it. As Edmund Burke, a great English legislator of the 18th Century put it: "Your representative owes you, not his industry only, but his judgment; and he betrays, instead of serving you, if he sacrifices it to your opinion."

2. Obligation to keep confidential the content of a proposed petition. No such governing provision requires a legislator to keep confidential the content of petitions or other legislation the legislator is asked to sponsor by a member of the public, prior to its presentation. In the absence of express agreement by the legislator to hold the information confidential, there is no reasonable expectation that the content of a proposed petition will remain confidential. On the contrary, as with other proposed legislation, legislators should be free to pursue appropriate due diligence to evaluate the merits of a proposal before sponsoring it, which may well involve consultation with third parties about the relevant facts and other considerations.

For the Committee,
Martin L. Gross
Chairman

NOTICE

LEGISLATIVE ETHICS COMMITTEE

The Legislative Ethics Committee has voted unanimously to issue the following advisory opinion, which is printed below in its entirety.

Advisory Opinion 2011-1
Response to a Request for an Advisory Opinion
From Greg Moore, Policy Director,
NH House of Representatives
(June 24, 2011)

By letter dated June 21, 2011, Greg Moore, Policy Director, NH House of Representatives has requested an Advisory Opinion whether, consistent with applicable statutes and the Ethics Guidelines, it would be permissible for him to accept invitations tendered by New Hampshire Motor Speedway in Loudon NH, to attend events at the Speedway on July 16 and 17, 2011.

According to information provided to the Committee by Mr. Moore, on June 20 he received the invitations, copies of which are available for inspection on the Committee's website. They invite his attendance, along with a guest, at races to be held at the Speedway on July 16 and 17, 2011, and to view the races from the "Main Grandstand Luxury Suite 2," with lunch to be served at noon. Since the invitations specify no admission price associated with attendance at the events, presumably they extend an offer for attendance on a complimentary basis.

Specifically, Mr. Moore asks for the Committee's opinion on his accepting the invitations, as well as to provide him with clarification for offers such as this that he might receive in the future. The question presented is whether the invitations may be accepted in light of the restriction on acceptance of gifts imposed under RSA Chapter 15-B.

Relevant provisions of applicable statute and the Ethics Guidelines are:

RSA 15-B:2, V(a) "Gift" means:

(1) ****

(2) Any ... tangible thing, intangible thing, service, or the use thereof having more than insignificant economic value. Any such item with a value of less than $25 is presumed to be of insignificant economic value.

RSA 15-B:2, V(b) "Gift" shall not include:

(1) A political contribution as defined in RSA 664.

(2) A commercially reasonable loan, made in the ordinary course of business.

(3) Repayment to an elected official, public official, public employee, constitutional official, or legislative employee of a bona fide loan made by such a person.

(4) A ceremonial plaque, award, or other commemorative object, which is personally inscribed to the recipient and which has inconsequential economic value. A ceremonial object or award with a value of $150 or less is presumed to be of inconsequential economic value.

(5) Objects or services which primarily serve an informational purpose provided in the ordinary course of business, such as reports, books, maps, or charts.

(6) Money in any form, an object, or any tangible or intangible thing or service of economic value, where the donor's act of giving is purely private and personal in nature and the money, object, or tangible or intangible thing or service of economic value would have been given and received even if the person were not an elected official, public official, public employee, constitutional official, or legislative employee.

(7) Wages, salary, benefits, mileage, or payment for expenses received by the person in his or her regular course of employment or business which is unrelated to the government position held.

(8) Wages, salary, benefits, mileage, or payment for expenses paid to the person by the state, a county, or the United States of America related to performance of official duties.

(9) Tickets or free admission to a charitable, ceremonial, or political event provided that:

(A) The proceeds of the event are subject to the political contributions and expenditure reporting law, RSA 664; or

(B) The event is sponsored by a charitable organization that is registered with the division of charitable trusts, department of justice, or which is a charitable organization pursuant to section 501(c)(3) of the federal tax code; or

(C) The event is published as an event open for attendance by any member of the general court in the calendar of the senate or the house.

(10) Meals, beverages, lodging, or transportation associated with attendance at:

(A) Any event for which the primary significance is ceremonial or celebratory, provided the event is public or, if by invitation only, is planned to have an attendance greater than 50 people; or

(B) Any event where the person is attending in an official capacity representing the state and/or the senate, house, or the agency of which the person is a member.

(11) Expense reimbursement or an honorarium.

(12) Meals and beverages consumed at a meeting or event, the purpose of which is to discuss official business.

(13) Monetary or non-monetary awards or recognition issued under the suggestion and extraordinary service award program under RSA 99-E.

RSA 15-B:3, III prohibits knowing acceptance of gifts by legislators, legislative officers or staff. Violation of RSA 15-B is also a prohibited act by legislators under the Ethics Guidelines, Section 4, Paragraph I(g), and in the case of legislative employees, Section 6, Paragraph III (a).

We advise as follows: It appears from the available facts that the economic value of the invitations is $25.00 or more. RSA 15-B:2, XI defines “value” as “the amount at which property or services would change hands between a willing buyer and a willing seller when neither is under any compulsion to buy or sell and both have reasonable knowledge of the relevant facts." According to information publicly available on the Speedway’s website, the price of general admission to the track on July 16 is $40.00, and on July 17 is $39.00. Furthermore, there can be no doubt that the value of accommodation in “Main Grandstand

Luxury Suite 2" (which is an enclosed, air conditioned, sound insulated sky box with lunch and beverages provided) would substantially exceed the price of general admission, if it were offered to the public.

Accordingly, even if it were only complimentary general admission that was being offered, the value of the invitations would fall within the statutory definition of "gift" in RSA 15-B:2, V(a) unless excluded from that category by one of exceptions listed in RSA 15-B:2, V(b). Accommodation in "Luxury Suite 2" clearly involves additional value which in itself would likely constitute a gift. Based on information available to the Committee, none of the exceptions listed in RSA 15-B:2, V(b) would appear to apply.

The Committee therefore concludes that acceptance of the invitations would constitute acceptance of a gift prohibited by RSA 15-B:3, III, as well as the cited provisions of the Ethics Guidelines. Violation of RSA 15-B would be punishable as a misdemeanor. RSA 15-B:9.

The same conclusion would apply to any other invitation of similar value, unless qualifying for any of the listed exceptions.

We appreciate the opportunity to be of assistance.

Martin L. Gross, Chairman
For the Committee

GOVERNOR'S VETO MESSAGE REGARDING HB 218

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 15, 2011, I vetoed HB 218, relative to the New Hampshire rail transit authority.

I am vetoing this legislation because business leaders, particularly in Nashua and Manchester, has clearly said that this bill will hurt their efforts to grow their businesses, to create jobs and to attract new companies to New Hampshire.

The New Hampshire business community has made a clear statement that it sees rail, in the words of the Greater Manchester Chamber of Commerce, as "a proven economic catalyst that will spur economic development and create jobs." Several major companies have made clear that they believe rail will improve their ability to attract workers, access their markets, attract additional customers and grow their businesses in New Hampshire. In addition, the Manchester and Nashua chambers of commerce both believe that developing the state's rail infrastructure will assist their efforts to attract new businesses and jobs to the state. That is one reason both chambers have asked me to veto this legislation. The Merrimack Town Council, the Bedford Town Council, and the Nashua Board of Aldermen have also passed resolutions expressing support for expanded rail service and the benefits it would bring to their communities.

The support of the business community is validated by an independent study that concluded that the development of rail in the capital corridor could result in more than $2.4 billion in new business sales and nearly 1,000 new jobs created and sustained in New Hampshire in the first twenty years of operation.

HB 218 makes substantial changes to New Hampshire Rail Transit Authority that will reduce its ability to fully consider all transit options for the state. New Hampshire businesses banded together to raise $120,000 to fund the Rail Authority's grant application without any state funds because they believe a full consideration of rail is important to New Hampshire's economic future. Going back on our commitment to the businesses who contributed funds to pay for grant applications sends the wrong signal to the private sector about state government's willingness to stand by its commitments. We should see the study through to its conclusion with a fully functioning Rail Authority so that we can make informed policy choices about the best way forward for our state.

Concerns about specific provisions in the Rail Authority statute could have been addressed through much more narrowly drafted language that would leave intact important functions of the rail authority. As currently written, this legislation takes away the rail authority's ability to enter into contracts with partner organizations, to accept gifts and to work with the private sector on economic development projects adjacent to potential rail sites.

Given the strong concerns among New Hampshire business leaders that this legislation will jeopardize their efforts to grow their businesses and create new jobs, I am vetoing House Bill 218.

Respectfully submitted,
John H. Lynch
Governor

GOVERNOR'S VETO MESSAGE REGARDING HB 474

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 11, 2011, I vetoed HB 474.

States should not interfere with the rights of businesses and their employees to freely negotiate contracts. That is unless there is a compelling public interest, and there is no compelling public interest in passing this legislation.

There is no evidence that this legislation will offer any benefits to New Hampshire's economy or workers.

As I have said repeatedly, New Hampshire has an economic strategy that is working. New Hampshire has one of the strongest and fastest-growing economies in the nation. We have one of the lowest unemployment rates and one of the highest median incomes in the nation. We are considered one of the safest states and one of the healthiest states, and a high percentage of our citizens have private health insurance.

New Hampshire has a lower unemployment rate and a stronger economy than most states with so-called right-to-work laws. In states with a right-to-work law, workers on average have a lower standard of living, bringing home less in their paychecks and going without health insurance more frequently.

In my time as a CEO, in my years spent in the private sector turning around companies, and in my seven years as Governor, I have never seen the so-called right-to-work law serve as a valuable economic development tool.

In the last seven years of recruiting businesses to move to New Hampshire, not one business leader has ever even asked me if New Hampshire had a right-to-work law, let alone suggested it was a factor in the company's location decision. No New Hampshire business leaders have ever told me that the lack of a so-called right-to-work law prevented them from expanding or hiring new workers here in New Hampshire. And no New Hampshire workers have ever told me they couldn't get a job because New Hampshire doesn't have a so-called right-to-work law.

The debate over the so-called right-to-work bill in New Hampshire appears to be largely driven by national outside interest groups, and is not a result of problems facing New Hampshire businesses or workers.

There is no justification in this case for state government to interfere with the right of private businesses to freely negotiate and enter into contracts with their employees. Therefore, I am vetoing HB 474.

Respectfully submitted,
John H. Lynch
Governor
