Groups wishing to sponsor events in the State House Cafeteria must first contact Director of Operations Doug Dolcino (271-3323) to avoid conflicts in the schedule. Members should not agree to sign calendar notices for such events unless they are sure this has been done. Your cooperation in this regard is appreciated.

The **LOB parking garage will be closed for renovations** until mid-November. Until renovations are completed, all members assigned parking spaces in that structure will need to park in the Storrs Street parking garage. ## NOTICE LEGISLATIVE ETHICS COMMITTEE

The Legislative Ethics Committee has voted to issue the following advisory opinion and interpretive ruling, which are printed below in their entirety.

### Advisory Opinion 2011-3 Response to a Request for an Advisory Opinion From Peter Bragdon, President of the Senate (October 6, 2011)

Senator Peter Bragdon has requested an Advisory Opinion whether, consistent with applicable statutes and Ethics Guidelines, it would be permissible for him to accept complimentary admission to the Annual Dinner of the Business and Industry Association of New Hampshire (BIA). Specifically, he has asked whether his attendance on that basis would meet the criteria of RSA 15-B:2, V(b)(10), and therefore be exempt from the definition of "gift" in RSA 15-B:2, V(a)(2).

According to information provided to the Committee by Senator Bragdon, the invitation has been extended to him in his position as an elected official. His request describes the event and is accompanied by an informational BIA press release. The value of the free admission is said to be \$110, the price of a ticket to attend.

#### Relevant Provisions of Law

RSA 15-B:2, V(a)(2)

V.(a) "Gift" means:

(2) Any... tangible thing, intangible thing, service, or the use thereof having more than insignificant economic value. Any such item with a value of less than \$25 is presumed to be of insignificant economic value.

RSA 15-B:2, V(b)(10)

(b) Notwithstanding subparagraph (a), "gift" shall not include: \* \* \*

(10) Meals, beverages, lodging, or transportation associated with attendance at:

(A) Any event for which the primary significance is ceremonial or celebratory, provided the event is public or, if by invitation only, is planned to have an attendance greater than 50 people; or

(B) Any event where the person is attending in an official capacity representing the state and/or the senate, house, or the agency of which the person is a member.

#### Committee Analysis

We advise as follows: It appears from the facts presented that Senator Bragdon has been invited by the sponsoring organization to attend the dinner in his official capacity as President of the Senate. Under these circumstances, the exemption in RSA 15-B:2,V(b)(10)(B) would apply, and his acceptance of complimentary meals and beverages associated with such attendance, as offered directly by the sponsoring organization, would not constitute acceptance of a prohibited gift.

We emphasize that our advice is based on our understanding that the invitation has been extended directly by the sponsoring organization, and that no intermediary is involved.

We express no opinion as to whether the "primary significance" of the BIA dinner is "ceremonial or celebratory."

We appreciate the opportunity to be of assistance.

For the Committee,  
Martin L. Gross  
Chairman

### **INTERPRETIVE RULING 2011-#2 (October 6, 2011)**

RSA 15-B:2

Payments to Legislators by Presidential Campaigns

Robert D. Mead, House Chief of Staff, has requested an Interpretive Ruling on the following questions:

"Would there be a gift as defined by RSA 15-B:2, V if a presidential campaign were to pay for or provide reimbursement for a member of the House's transportation, food and/or lodging related to the member's attendance at or participation in an activity of or event involving the presidential campaign, where the value exceeds \$25.00, and the payment or reimbursement was not reported on an IRS form 1099 identifying the member as the recipient ?

"If the answer to this question is "yes," please advise whether the payment or reimbursement would be a gift as defined by RSA 15-B:2, V if the payment or reimbursement was reported on an IRS form 1099 identifying the member as the recipient?"

The Committee responds as follows:

#### Relevant Provisions of Law

RSA 15-B:2, V(a)(1)

V. (a) "Gift" means:

(1) Money in any amount, whether in the form of cash, check or any other negotiable or non-negotiable instrumentality for the transfer of money.

RSA 15-B:2, V(b)(11)

(b) Notwithstanding subparagraph (a), "gift" shall not include:\*\*\* (11) Expense reimbursement or an honorarium.

RSA 15-B:2, VI

"Honorarium" means a payment in any form to an elected official, public official, public employee, constitutional official, or legislative employee for an appearance, speech, written article or other document, service as a consultant or advisor, or participation in a discussion group or similar activities. Honorarium does not include a payment for such activities for which the person is being compensated by the state, a county, the United States of America, or by any other employer or client, where the activity giving rise to the honorarium is not related to or associated with any public office or government employment.

RSA 15-B:7

Honorarium, or Expense Reimbursement Report. The secretary of state shall establish a uniform report of receipt of an honorarium or expense reimbursement, which maybe in paper or electronic form

I. The report shall include at a minimum the following information, which shall be public:

(a) The full name, work address, work phone number, the office, appointment, or employment held by person subject to the reporting requirement.

(b) The full name, post office address, occupation, and principal place of business, if any, of the source of any reportable honorarium or expense reimbursement. When the source is a corporation or other entity, the name and work address of the person representing the corporation or entity in making the honorarium or expense reimbursement must be provided in addition to the name of the corporation or entity.

(c) The value of the honorarium or expense reimbursement. When the exact value is unknown, the person filing the report shall provide an estimate of the value of the gift or honorarium and identify the value as an estimate.

(d) A brief description of the service or event that gave rise to the honorarium or expense reimbursement. Reports of expense reimbursement must include a copy of the agenda or an equivalent document.

(e) The date on which the honorarium or expense reimbursement was received.

(f) The following statement followed by a line for the person filing the form to sign and date the form: "I have read RSA 15-B and hereby swear or affirm that the foregoing information is true and complete to the best of my knowledge and belief."

II. The secretary of state may also require information such as home phone numbers, home addresses, and other information helpful to the administration and enforcement of laws relating to honorariums or expense reimbursements. This information shall be non-public and shall not be subject to the provisions of RSA 91-A.

#### Committee Analysis

The payments described in the request, if received from a Presidential campaign in any amount, would fall within the exemption established for "honorarium" set forth in RSA 15-B:2, VI, if the payments are made by a Presidential campaign for a legislator's appearance, speech, written article or other document, service as a consultant or advisor, or participation in a discussion group or similar activities in connection with the campaign. RSA 15-B:2, VI.

However, the legislator would be required to file with the Secretary of State a report of payments received as an honorarium, as prescribed in RSA 15-B:7.

Such payments would not qualify nor be reportable as "Expense Reimbursement" as

defined in RSA 15-B:5.

The Committee expresses no opinion regarding the effect of reporting such payments on IRS Form 1099.

For the Committee,  
Martin L. Gross  
Chairman

## **GOVERNOR'S VETO MESSAGE REGARDING HB 218**

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 15, 2011, I vetoed HB 218, relative to the New Hampshire rail transit authority.

I am vetoing this legislation because business leaders, particularly in Nashua and Manchester, has clearly said that this bill will hurt their efforts to grow their businesses, to create jobs and to attract new companies to New Hampshire.

The New Hampshire business community has made a clear statement that it sees rail, in the words of the Greater Manchester Chamber of Commerce, as "a proven economic catalyst that will spur economic development and create jobs." Several major companies have made clear that they believe rail will improve their ability to attract workers, access their markets, attract additional customers and grow their businesses in New Hampshire. In addition, the Manchester and Nashua chambers of commerce both believe that developing the state's rail infrastructure will assist their efforts to attract new businesses and jobs to the state. That is one reason both chambers have asked me to veto this legislation. The Merrimack Town Council, the Bedford Town Council, and the Nashua Board of Aldermen have also passed resolutions expressing support for expanded rail service and the benefits it would bring to their communities.

The support of the business community is validated by an independent study that concluded that the development of rail in the capital corridor could result in more than \$2.4 billion in new business sales and nearly 1,000 new jobs created and sustained in New Hampshire in the first twenty years of operation.

HB 218 makes substantial changes to New Hampshire Rail Transit Authority that will reduce its ability to fully consider all transit options for the state. New Hampshire businesses banded together to raise \$120,000 to fund the Rail Authority's grant application without any state funds because they believe a full consideration of rail is important to New Hampshire's economic future. Going back on our commitment to the businesses who contributed funds to pay for grant applications sends the wrong signal to the private sector about state government's willingness to stand by its commitments. We should see the study through to its conclusion with a fully functioning Rail Authority so that we can make informed policy choices about the best way forward for our state.

Concerns about specific provisions in the Rail Authority statute could have been addressed through much more narrowly drafted language that would leave intact important functions of the rail authority. As currently written, this legislation takes away the rail authority's ability to enter into contracts with partner organizations, to accept gifts and to work with the private sector on economic development projects adjacent to potential rail sites.

Given the strong concerns among New Hampshire business leaders that this legislation will jeopardize their efforts to grow their businesses and create new jobs, I am vetoing House Bill 218.

Respectfully submitted,  
John H. Lynch  
Governor

## **GOVERNOR'S VETO MESSAGE REGARDING HB 380**

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed HB 380, which would have exempted the Commission on the Status of Men from repeal on June 30, 2011.

The Commission on the Status of Men was established by the New Hampshire Legislature in 2002, with a mission to examine cultural biases and stereotyping affecting men, men's physical and mental health problems, and promote policies, initiatives and programs to improve the ability of men to be productive and responsible citizens and fathers.

The New Hampshire Legislature established the Commission on the Status of Women in 1969 with a mission to identify and seek to remedy historical and institutional discrimination against women; to enhance women's opportunities in education and training, business and employment; and to honor women for their contributions to the state and the nation.

The impetus to create a Commission on the Status of Men was driven at least in part by a perception by some that issues impacting men were deserving of commission level status and review that had been afforded to women.

To help make state government more efficient, reduce cost, and eliminate waste and duplication, the Legislature in 2009 established a process to review and sunset certain non-regulatory boards and commissions. As a result of that process, dozens of boards and commissions were recommended for repeal, including both the Commission on the Status of Women and the Commission on the Status of Men.

With the enactment of HB 390, the Commission on the Status of Women has ceased its existence as a state entity. Its work and mission will be merged with and carried on by a private non-profit organization.

At the same time the Legislature repealed the existence of the Commission on the Status of Women, it also passed HB 380, which extended the life of the Commission on the Status of Men by two years, added two new members appointed by the Legislature, and expanded the mission of the Commission to include studying the economic and social costs of the absence of fathers from the home.

People may in good conscience disagree and debate the relative merits of the two commissions. But there can be little disagreement that eliminating the Commission on the Status of Women while extending the Commission on the Status of Men makes little sense. If the Commission on the Status of Men wishes to continue its work and mission, it should do so in the same way as the Commission on the Status of Women, as part of private or non-profit organization.

For these reasons, I am vetoing HB 380.

Respectfully submitted,

John H. Lynch

Governor

## **GOVERNOR'S VETO MESSAGE REGARDING HB 474**

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 11, 2011, I vetoed HB 474.

States should not interfere with the rights of businesses and their employees to freely negotiate contracts. That is unless there is a compelling public interest, and there is no compelling public interest in passing this legislation.

There is no evidence that this legislation will offer any benefits to New Hampshire's economy or workers.

As I have said repeatedly, New Hampshire has an economic strategy that is working. New Hampshire has one of the strongest and fastest-growing economies in the nation. We have one of the lowest unemployment rates and one of the highest median incomes in the

nation. We are considered one of the safest states and one of the healthiest states, and a high percentage of our citizens have private health insurance.

New Hampshire has a lower unemployment rate and a stronger economy than most states with so-called right-to-work laws. In states with a right-to-work law, workers on average have a lower standard of living, bringing home less in their paychecks and going without health insurance more frequently.

In my time as a CEO, in my years spent in the private sector turning around companies, and in my seven years as Governor, I have never seen the so-called right-to-work law serve as a valuable economic development tool.

In the last seven years of recruiting businesses to move to New Hampshire, not one business leader has ever even asked me if New Hampshire had a right-to-work law, let alone suggested it was a factor in the company's location decision. No New Hampshire business leaders have ever told me that the lack of a so-called right-to-work law prevented them from expanding or hiring new workers here in New Hampshire. And no New Hampshire workers have ever told me they couldn't get a job because New Hampshire doesn't have a so-called right-to-work law.

The debate over the so-called right-to-work bill in New Hampshire appears to be largely driven by national outside interest groups, and is not a result of problems facing New Hampshire businesses or workers.

There is no justification in this case for state government to interfere with the right of private businesses to freely negotiate and enter into contracts with their employees. Therefore, I am vetoing HB 474.

Respectfully submitted,  
John H. Lynch  
Governor

## **GOVERNOR'S VETO MESSAGE REGARDING HB 542**

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed HB 542, an act relative to exceptions for objectionable material in public school courses.

I am vetoing this legislation because it does not clearly define what material would be objectionable; it would be disruptive to classrooms and other students; and it would be difficult for school districts to administer.

Current law already allows for parents to remove their children from classrooms for particular lessons on health or sex education. Given the strong moral and religious issues inherent in those subjects, that is appropriate. But this legislation goes far beyond that. HB 542 would allow a parent to determine any course material is "objectionable" and require school districts to work with parents to develop an alternative. This legislation in essence gives every individual parent of every student in a classroom a veto over every single lesson plan developed by a teacher.

For example, under this bill, parents could object to a teacher's plan to: teach the history of France or the history of the civil or women's rights movements. Under this bill, a parent could find "objectionable" how a teacher instructs on the basics of algebra. In each of those cases, the school district would have to develop an alternative educational plan for the student. Even though the law requires the parents to pay the cost of alternative, the school district will still have to bear the burden of helping develop and approve the alternative. Classrooms will be disrupted by students coming and going, and lacking shared knowledge.

Just as important, this legislation will fundamentally damage educational quality. Much of the genesis behind this legislation is objections to certain books that have been used in lessons. This is a perennial debate, and teachers and schools have a responsibility to ensure they are using age-appropriate, school-appropriate materials in their classrooms.

The intrinsic value of education is exposing students to new ideas and critical thinking.

This legislation encourages teachers to go the lowest common denominator in selecting material, in order to avoid “objections” and the disruption it may cause their classrooms.

Because it is unclear what educational material or programs would be objectionable and the quality of education in the classroom could be impacted, I am vetoing this bill.

Respectfully submitted,

John H. Lynch

Governor

## NOTICE

The House Clerk's Office is now accepting orders for the **2011** hardcover Permanent House Journals. Orders will be accepted until Friday, **October 28, 2011**.

Anyone who was a **member of the Legislature in 2011**, and all state agencies are entitled to one Journal at no charge, **upon request**. All others interested in obtaining a Journal, as well as any Legislator or state agency requesting additional copies, will be charged for that copy. We estimate the cost for paid volumes to be approximately \$50 each. In addition, if the volume is to be mailed, there will be a \$5.00 shipping & handling charge. Those who order paid copies will be notified *and billed* when the Journals are ready for distribution. **DO NOT** send any money now.

In an effort to contain costs, the number of Journals printed will be determined by the number of advance orders received. Extra copies will not be ordered. Please do not order a Journal if you have no intention of claiming it.

To place an order, please clip and return the form below or go to <http://gencourt.state.nh.us/house/housejournalrequest/> and order on-line (an e-mail address is required to place an order on-line).

-----  
Please clip this form and return it in person or via mail to:

**Office of the House Clerk**  
**Room 317, State House**
