GOVERNOR'S VETO MESSAGE REGARDING HB 218

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 15, 2011, I vetoed HB 218, relative to the New Hampshire rail transit authority.

I am vetoing this legislation because business leaders, particularly in Nashua and Manchester, has clearly said that this bill will hurt their efforts to grow their businesses, to create jobs and to attract new companies to New Hampshire.

The New Hampshire business community has made a clear statement that it sees rail, in the words of the Greater Manchester Chamber of Commerce, as "a proven economic catalyst that will spur economic development and create jobs." Several major companies have made clear that they believe rail will improve their ability to attract workers, access their markets, attract additional customers and grow their businesses in New Hampshire. In addition, the Manchester and Nashua chambers of commerce both believe that developing the state's rail infrastructure will assist their efforts to attract new businesses and jobs to the state. That is one reason both chambers have asked me to veto this legislation. The Merrimack Town Council, the Bedford Town Council, and the Nashua Board of Aldermen have also passed resolutions expressing support for expanded rail service and the benefits it would bring to their communities.

The support of the business community is validated by an independent study that concluded that the development of rail in the capital corridor could result in more than \$2.4 billion in new business sales and nearly 1,000 new jobs created and sustained in New Hampshire in the first twenty years of operation.

HB 218 makes substantial changes to New Hampshire Rail Transit Authority that will reduce its ability to fully consider all transit options for the state. New Hampshire businesses banded together to raise \$120,000 to fund the Rail Authority's grant application without any state funds because they believe a full consideration of rail is important to New Hampshire's economic future. Going back on our commitment to the businesses who contributed funds to pay for grant applications sends the wrong signal to the private sector about state government's willingness to stand by its commitments. We should see the study through to its conclusion with a fully functioning Rail Authority so that we can make informed policy choices about the best way forward for our state.

Concerns about specific provisions in the Rail Authority statute could have been addressed through much more narrowly drafted language that would leave intact important functions of the rail authority. As currently written, this legislation takes away the rail

authority's ability to enter into contracts with partner organizations, to accept gifts and to work with the private sector on economic development projects adjacent to potential rail sites.

Given the strong concerns among New Hampshire business leaders that this legislation will jeopardize their efforts to grow their businesses and create new jobs, I am vetoing House Bill 218.

Respectfully submitted,
John H. Lynch
Governor

GOVERNOR'S VETO MESSAGE REGARDING HB 380

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed HB 380, which would have exempted the Commission on the Status of Men from repeal on June 30, 2011.

The Commission on the Status of Men was established by the New Hampshire Legislature in 2002, with a mission to examine cultural biases and stereotyping affecting men, men's physical and mental health problems, and promote policies, initiatives and programs to improve the ability of men to be productive and responsible citizens and fathers.

The New Hampshire Legislature established the Commission on the Status of Women in 1969 with a mission to identify and seek to remedy historical and institutional discrimination against women; to enhance women's opportunities in education and training, business and employment; and to honor women for their contributions to the state and the nation.

The impetus to create a Commission on the Status of Men was driven at least in part by a perception by some that issues impacting men were deserving of commission level status and review that had been afforded to women.

To help make state government more efficient, reduce cost, and eliminate waste and duplication, the Legislature in 2009 established a process to review and sunset certain non-regulatory boards and commissions. As a result of that process, dozens of boards and commissions were recommended for repeal, including both the Commission on the Status of Women and the Commission on the Status of Men.

With the enactment of HB 390, the Commission on the Status of Women has ceased its existence as a state entity. Its work and mission will be merged with and carried on by a private non-profit organization.

At the same time the Legislature repealed the existence of the Commission on the Status of Women, it also passed HB 380, which extended the life of the Commission on the Status of Men by two years, added two new members appointed by the Legislature, and expanded the mission of the Commission to include studying the economic and social costs of the absence of fathers from the home.

People may in good conscience disagree and debate the relative merits of the two commissions. But there can be little disagreement that eliminating the Commission on the Status of Women while extending the Commission on the Status of Men makes little sense. If the Commission on the Status of Men wishes to continue its work and mission, it should do so in the same way as the Commission on the Status of Women, as part of private or non-profit organization.

For these reasons, I am vetoing HB 380.

Respectfully submitted,
John H. Lynch
Governor
