HOUSE CALENDAR

MEMBERS OF THE HOUSE:

The House will meet in Session on **Wednesday, May 30, 2012 at 10:00 a.m.** We will be deciding whether or not to concur with Senate amendments to House bills. Committees of Conference have been formed and are posted on the General Court website.

During the Session of June 6, 2012, the House photograph will be taken in the Chamber. Weather permitting, an outside photo also will be taken.

The Committee on Redress of Grievances continues to issue its reports and findings with regard to petitions submitted to the Committee. These reports will appear in the House Calendar for informational purposes and are intended to inform legislators and the public of complaints by citizens against state government, whether those complaints appear to be founded and possible legislative remedies. The committee does not adjudicate individual disputes; therefore, these reports are limited to proposed legislative remedies.

Please remember that Representatives Hall is not to be used for any purpose, whether legislative or non-legislative, without the express permission of the Speaker.

You are reminded that material is not to be placed in members' mailboxes in the anteroom behind the Chamber unless and until it has been approved for such distribution by the House Chief of Staff. Also, material is not to be distributed by members in Representatives Hall while the House is in Session.

Members are requested to review House Rules 9 through 16, 24 and 27 with regard to decorum. As the election draws near, civility in general is obviously becoming strained, but even for those who are not well-grounded in acceptable standards of behavior and discourse, these rules establish a minimum level of expected conduct while the House is in Session. In particular, we need to be attentive to the last sentence of Rule 14, which states, "[W]hile a member is speaking, no one shall pass between that member and the other members of the House, nor shall anyone engage in private conversation."

Chairmen and Vice-Chairmen will meet on Tuesday, May 29, 2012 in LOB 305 – 307 at 9:00 a.m. Please make every effort to attend.

COMMITTEE FOR REDRESS OF GRIEVANCES REPORT

The following report is the result of committee hearings and deliberations on the petitions presented to it. It is printed here for informational purposes.

Petition #22: grievance of Joseph S. Haas, Jr.

MAJORITY

Grievance Founded.

Committee Majority Findings:

The petitioner instituted a private criminal prosecution in Laconia District Court against officials of the federal government for trespass. The Office of the Attorney General intervened under the supposed authority of *State v. Rollins*, 129 N.H. 684 (1987) and *State v. Knowlton*, 102 N.H. 221 (1959) and filed a Notice of *Nolle Prosequi*, thereby ending the prosecution before trial. The Petitioner claims that under the express language of RSA 7:6, the Office of the Attorney General lacks authority to abate a criminal case in the district courts. RSA 7:6 reads as follows: "The attorney general shall act as attorney for the state in all criminal and civil cases in the supreme court in which the state is interested, and in the prosecution of persons accused of crimes punishable with death or imprisonment for life. The attorney general shall have and exercise general supervision of the criminal cases pending before the supreme and superior courts of the state, and with the aid of the county attorneys, the attorney general shall enforce the criminal laws of the state. The attorney general shall have the power to collect uncollected debts owed to the state as set forth in RSA 7:15-a."

The Committee's research has disclosed that statutory predecessors of RSA 7:6 did not limit the authority of the Attorney General in criminal cases to the supreme and superior courts, as at present. But the statute having been amended at some point to so limit, the Committee agrees that the Office of the Attorney General presently has no authority to prosecute or to supervise others in the prosecution of criminal cases in the district (now circuit) courts, and thus had no authority to *nolle prosequi* the Petitioner's private criminal prosecution in the Laconia District Court.

The committee has concluded that if the Department of Justice believes that it should have such authority, it should cause a bill to be filed re-amending RSA 7:6 to so provide, and should not disregard a law it finds deficient and inconvenient. Vote: 9-2.

Rep. Gregory M. Sorg for the Majority of the Committee

MAJORITY

Grievance Unfounded.

Committee Minority Findings:

The minority supports the Attorney General's decision to refrain from prosecuting Census employee Robert Mills for trespassing. By the petitioner Joseph Haas's own admission, Mr.

Mills never visited Mr. Haas's home. One or more enumerators did visit the home, but they were not trespassing. No Census employees were bound by any unofficial paperwork which Mr. Haas might have presented to Mr. Mills. Neither one of the two key elements of criminal trespassing (as specified in RSA 635:2) applied to Mr. Mills. He never entered or remained on Mr. Haas's property, and the Census enumerators who did enter the property were licensed and privileged to be there. The minority feels that the Attorney General's office was acting in good faith, although they acknowledge that RSA 7:6 may need to be clarified.
Rep. Timothy O. Horrigan for the Minority of the Committee

GOVERNOR'S VETO MESSAGE REGARDING HB 1549

By the authority vested in me pursuant to part II, Article 44 of the New Hampshire Constitution, on May 23, 2012, I vetoed HB 1549.

HB 1549 when first introduced prohibited state participation in the E-Verify system for worker immigration status that has been implemented by the United States Citizenship and Immigration Service. This legislation, however, was entirely replaced and as now presented to me would prohibit the federal government from using or maintaining "in any federal identification database" information from New Hampshire motor vehicle records, including those available pursuant to a court order, or in response to a request from a state, the federal government, or a law enforcement agency. The bill, as passed, would prohibit the federal government from maintaining information from New Hampshire motor vehicle records for lawful public safety purposes.

Although this bill may have been well-intentioned, the New Hampshire Department of Safety believes it would have serious negative consequences for the apprehension of criminals, the recovery of stolen vehicles, and even for the prevention of terrorism and threats against the President and Vice-President of the United States. It could also impair the ability of New Hampshire's criminal justice agencies to receive such information from federal officials because New Hampshire would not be sharing this data reciprocally with them. The Department of Safety has provided several examples of the problems this could create.

For example, if a New Hampshire citizen or visitor has their car stolen, the police will determine from the motor vehicle records the registration number, vehicle identification number and description of the vehicle and request that the State Police enter this information into the National Crime Information Center (NCIC), which is a federal identification database maintained by the FBI. A police officer anywhere in the country stopping that vehicle for any purpose will know that the vehicle is a stolen car, and if a motor vehicle department of another state is asked to title or register that vehicle, they will know that it is stolen. HB 1549 is so broadly written that it could prevent the sharing of this information.

If a minor disappears from his or her home in New Hampshire, and that minor has a driver license or non-driver identification card, the police will request that minor's photo from the Division of Motor Vehicles and it will be entered into the database at the National Center for Missing and Exploited Children, to assist in locating the minor. This is a federal identification database.

When a person is arrested for a crime committed in New Hampshire, that person is fingerprinted by the arresting agency and the prints are forwarded to the State Police Criminal Records Unit and entered into IAFIS, the Integrated Automated Fingerprint Identification System maintained by the FBI. If the person is subsequently found innocent or the charges are dropped, the prints are destroyed. The fingerprints of convicted criminals are routinely matched up with latent fingerprints lifted at the scenes of crimes and used to convict the perpetrator of the crime. IAFIS is a federal identification database.

If New Hampshire law enforcement becomes aware of a credible threat against the President or Vice-President or any candidate for those offices who is eligible for Secret Service protection, this information along with a photo, physical description and information

as to vehicles owned or driven by this individual is shared with the Secret Service and if they investigate and also deem the threat to be credible, it will go into their file on the case, which could be considered a federal identification database. The same applies to sharing information with the FBI on a credible terrorist threat originating in New Hampshire.

These are just some examples of the real concerns that Commissioner Barthelmes and the Department of Safety have brought to my attention concerning how HB 1549, as passed, could interfere or complicate valid law enforcement efforts and public safety.

New Hampshire has in place some carefully crafted restrictions on the collection or sharing of motor vehicle information, such as RSA 260:14, which governs access to motor vehicle records, and 2007 Laws Chapter 243, which prohibits New Hampshire's participation in Real ID. Based on the concerns expressed by the Department of Safety, HB 1549 will have serious negative consequences for public safety, and would disrupt routine, time-honored law enforcement procedures. For all of these reasons, I have vetoed HB 1549.

Respectfully submitted,
John H. Lynch
Governor
