Second Year of the 162nd General Court Calendar and Journal of the 2012 Session

Vol. 34 Concord, N.H.

Friday, June 15, 2012

No. 48

Contains: Governor's Veto Message on HB 1594, Meetings and Notices.

HOUSE CALENDAR

MEMBERS OF THE HOUSE:

The House will meet in Session on **Wednesday, June 27, 2012 at 10:00 a.m.** We will take up veto messages received from the Governor.

The Committee on Redress of Grievances continues to issue its reports and findings with regard to petitions submitted to the Committee. These reports will appear in the House Calendar for informational purposes and are intended to inform legislators and the public of complaints by citizens against state government, whether those complaints appear to be founded, and possible legislative remedies. The committee does not adjudicate individual disputes; therefore, these reports are limited to proposed legislative remedies.

Members are requested to review House Rules 9 through 16, 24 and 27 with regard to decorum. As the election draws near, civility in general is obviously becoming strained, but even for those who are not well-grounded in acceptable standards of behavior and discourse, these rules establish a minimum level of expected conduct while the House is in Session. In particular, we need to be attentive to the last sentence of Rule 14, which states, "[W]hile a member is speaking, no one shall pass between that member and the other members of the House, nor shall anyone engage in private conversation."

Starting with the month of July and continuing through the end of this legislative term, legislative mileage will be limited to reimbursement for travel on one day a week to Concord for official legislative or constituent work in addition to those days that members are required to be in Concord for official committee or leadership work. Reimbursement for committee or leadership purposes is limited to attendance as policy, chaptered or statutory committee members or for Democrat or Republican caucus leadership or legislative leadership.

Chairmen and Vice-Chairmen will meet Tuesday, June 26, 2012 in LOB 305 – 307 at 9:00 a.m. Please make every effort to attend.

William L. O'Brien, Speaker

NOTICE

COMMITTEE FOR REDRESS OF GRIEVANCES REPORTS

The following reports are the result of committee hearings and deliberations on the petitions presented to it. These are printed here for informational purposes.

PETITION # 28: grievance of Ghislain Breton.

MAJORITY

Grievance Founded with Recommendations.

Committee Majority Findings:

Having heard the testimony of and reviewed the documentation submitted by the Petitioner, the Committee finds that he was subjected to 126 days of pretrial incarceration without a “show cause” hearing being held, in apparent contravention of the Superior Court’s speedy trial policy (*see* Appendix, Superior Court Rules, Speedy Trial Policy), which states that “Where the defendant is incarcerated, every case pending without disposition after 4 months from date of entry of indictment shall be scheduled forthwith for a show cause hearing as to whether, under the principles of *Barker v. Wingo*, 407 U.S. 514... (1972), the case should be dismissed for lack of a speedy trial.” The Committee also finds that the Petitioner, who had no prior criminal record, had never previously failed to appear in court when required, and was not charged with a violent crime, was nevertheless effectively denied bail, contrary to Part 1, Article 33 of the New Hampshire Constitution, by being subjected to an excessive cash bail and not permitted surety bail bond. Finally, the Committee found that the Petitioner was unjustifiably denied lawful counsel of his choice and access to law library resources during pretrial detention, thereby depriving him of a reasonable opportunity to prepare his defense. The Committee concludes that wrongful actions of the Petitioner, while unacceptable, were driven by the same sense of frustration and injustice in the Family Division reported independently by numerous other petitioners before the Committee.

The Committee recommends the introduction of legislation to establish a joint House-Senate committee to study: 1) whether there is a systemic problem with denial of speedy trials and/or imposing of excessive bail within our court system; 2) Whether and how to make it easier for *pro se* litigants to use counsel of their choice in criminal cases; and 3) whether to require all criminal and civil courts to protect all *pro se, sui juris* litigants *sua sponte*. The Committee further recommends the introduction of legislation making it mandatory for litigants incarcerated pretrial to have access to online legal materials and other lawful research websites, as well as access to copiers, printers and scanners at reasonable cost, in order to provide them with a reasonable opportunity to prepare a proper defense. Finally, the Committee recommends legislation to compensate the Petitioner for any time he was wrongfully imprisoned pretrial and to take the money from the budget of the judiciary. **Vote 9-3.**

Rep. Stella Tremblay for the Majority of the Committee

MINORITY

Grievance Unfounded.

Committee Minority Findings:

Regrettably, Mr. Breton has been unable to see his children for many years due to various legal conflicts. However, the Minority saw no pattern of official wrongdoing, and they were unable to justify any finding other than “Unfounded.”

Mr. Breton’s legal problems mostly stemmed from an attempt to enforce a so-called common-law trademark on his name. He tried to impose one-sided contracts based on that trademark on various individuals, including two Guardians ad Litem. The Minority agrees that those contracts and that trademark were both invalid according to court rulings.

In the Minority’s opinion, the courts treated Mr. Breton fairly during his many years of litigation. Mr. Breton alleges that he was denied counsel of choice, which is not exactly correct: Mr. Breton was merely denied the chance to use persons who were not recognized as expert counsel.

Rep. Timothy O. Horrigan for the Minority of the Committee

PETITION # 32: grievance of Randall Bowen, Shona Bowen, Jerry DeLemus, Robert Gates, Thomas Kaczynski, Jr., and 308 additional petitioners, all of Rochester, New Hampshire.

CORRECTED REPORT

MAJORITY

Grievance Founded with Recommendation.

Committee Majority Findings:

The Redress of Grievances Committee held several public hearings, reviewed extensive documentation, and took testimony from seven or eight of the more than 300 co-petitioners as well as from several officials of and the attorney representing the City of Rochester. It concluded that the complaint against Rochester's Comprehensive Rezoning Committee (CRC) was founded, in that it had consistently failed over the nine year period of its existence to keep minutes of its meetings, in violation of RSA 91-A:2, II. By so doing, the CRC deprived the majority of Rochester's inhabitants unable to attend its meetings of the means of determining how and with whose input and influence each component the resulting 150 page rezoning plan was developed, thereby depriving them of the ability to make an informed decision, once the plan came before them for a vote, on a matter having significant implications for their properties' permitted uses and values, and their own livelihoods and overall quality of life. The Committee concluded that the plan was thereby flawed from the standpoint of the constitutional right to the people to open and accountable government enshrined in Part 1, Article 8 of the New Hampshire Constitution, to which New Hampshire's Access to Public Records and Meetings law, RSA 91-A, gives form and substance. The Committee concluded further that no city - or even any but the very smallest towns - can have any excuse for not being aware of, and for not having made full accommodation for, this fundamental right of the people.

The witnesses for the City of Rochester did not seriously dispute the substance of the complaint against the CRC, and, harm having been avoided by the CRC's rezoning plan having been voted down by the Rochester City Council, the City indicated a willingness when reinitiating the rezoning process to start fresh and comply fully with RSA 91-A..

The Committee found no need to question the sincerity of the City's contrition and its expressed resolve to ensure compliance in the future with RSA 91-A, but it does not want this very visible and much-publicized case to serve as a model for future evasion of New Hampshire's open meetings and records keeping requirements by violating them this time and promising to be more vigilant next time. The norm of our laws is to render the work of any municipal board or committee so at fault null and void. Accordingly, the Committee recommends (1) passing HB 1223-FN now moving through the House and Senate and (2) amending RSA 91-A:8, II to make invalidation of an action taken in violation of RSA 91-A automatic rather than merely optional at the discretion of a reviewing court. The Committee did not find evidence of willfulness on the part of any individual sufficient to support a recommendation of impeachment. **Vote 8-3.**

Rep. Harry Hardwick for the Majority of the Committee

MINORITY

Grievance Unfounded.

Committee Minority Findings:

The Minority believes that there is no action or legislation required as a result of this petition. Certainly nothing requested as remedies would be in the power of the committee or legislature to order. The complaint claims that over an 8-plus year span, ad hoc committees, constituted to review zoning ordinances to ensure compliance with a new land-use plan, did not keep full minutes. However, there were advertised agenda and in fact some of the petitioners were members of the committee. Many of these meetings did not have a quorum of the committee. This means there would be no need of minutes according to RSA:91-A:2 "a meeting means a convening of a quorum of the membership of a public body." Verbatim minutes are never required, period. There never was a process by which actual votes were taken because the recommendations were to be forwarded to both the Planning Board and the City Council for formal votes. It was discovered, after a request of the City for minutes, they were incomplete. By that time the changes had already been sent to the Planning Board for review at open (and televised) meetings over several months and subsequently voted down by the City Council. As a result, the City has not adopted new zoning changes to date and has a policy of having assigned employees to work with all ad hoc citizen

committees. Beyond that the current right-to-know law would cover the deficiencies and remedies.

Rep. Timothy Horrigan for the Minority of the Committee

GOVERNOR'S VETO MESSAGE REGARDING HB 1549

By the authority vested in me pursuant to part II, Article 44 of the New Hampshire Constitution, on May 23, 2012, I vetoed HB 1549.

HB 1549 when first introduced prohibited state participation in the E-Verify system for worker immigration status that has been implemented by the United States Citizenship and Immigration Service. This legislation, however, was entirely replaced and as now presented to me would prohibit the federal government from using or maintaining "in any federal identification database" information from New Hampshire motor vehicle records, including those available pursuant to a court order, or in response to a request from a state, the federal government, or a law enforcement agency. The bill, as passed, would prohibit the federal government from maintaining information from New Hampshire motor vehicle records for lawful public safety purposes.

Although this bill may have been well-intentioned, the New Hampshire Department of Safety believes it would have serious negative consequences for the apprehension of criminals, the recovery of stolen vehicles, and even for the prevention of terrorism and threats against the President and Vice-President of the United States. It could also impair the ability of New Hampshire's criminal justice agencies to receive such information from federal officials because New Hampshire would not be sharing this data reciprocally with them. The Department of Safety has provided several examples of the problems this could create.

For example, if a New Hampshire citizen or visitor has their car stolen, the police will determine from the motor vehicle records the registration number, vehicle identification number and description of the vehicle and request that the State Police enter this information into the National Crime Information Center (NCIC), which is a federal identification database maintained by the FBI. A police officer anywhere in the country stopping that vehicle for any purpose will know that the vehicle is a stolen car, and if a motor vehicle department of another state is asked to title or register that vehicle, they will know that it is stolen. HB 1549 is so broadly written that it could prevent the sharing of this information.

If a minor disappears from his or her home in New Hampshire, and that minor has a driver license or non-driver identification card, the police will request that minor's photo from the Division of Motor Vehicles and it will be entered into the database at the National Center for Missing and Exploited Children, to assist in locating the minor. This is a federal identification database.

When a person is arrested for a crime committed in New Hampshire, that person is fingerprinted by the arresting agency and the prints are forwarded to the State Police Criminal Records Unit and entered into IAFIS, the Integrated Automated Fingerprint Identification System maintained by the FBI. If the person is subsequently found innocent or the charges are dropped, the prints are destroyed. The fingerprints of convicted criminals are routinely matched up with latent fingerprints lifted at the scenes of crimes and used to convict the perpetrator of the crime. IAFIS is a federal identification database.

If New Hampshire law enforcement becomes aware of a credible threat against the President or Vice-President or any candidate for those offices who is eligible for Secret Service protection, this information along with a photo, physical description and information as to vehicles owned or driven by this individual is shared with the Secret Service and if they investigate and also deem the threat to be credible, it will go into their file on the case, which could be considered a federal identification database. The same applies to sharing information with the FBI on a credible terrorist threat originating in New Hampshire.

These are just some examples of the real concerns that Commissioner Barthelmes and

the Department of Safety have brought to my attention concerning how HB 1549, as passed, could interfere or complicate valid law enforcement efforts and public safety.

New Hampshire has in place some carefully crafted restrictions on the collection or sharing of motor vehicle information, such as RSA 260:14, which governs access to motor vehicle records, and 2007 Laws Chapter 243, which prohibits New Hampshire's participation in Real ID. Based on the concerns expressed by the Department of Safety, HB 1549 will have serious negative consequences for public safety, and would disrupt routine, time-honored law enforcement procedures. For all of these reasons, I have vetoed HB 1549.

Respectfully submitted,
John H. Lynch
Governor

MEMBERS' NOTICES

The following notices are published in the House record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or legislative social activities and political meetings or events. Publication should not be construed as support for either the events listed or the views espoused by the individual or organization sponsoring the event.

The Vesta Roy Excellence in Public Service Series is currently accepting applications for Fellows for the 2012-2013 class. The Vesta Roy Excellence in Public Service Series is a

political leadership training program for New Hampshire Republican women who have an interest in politics and public service. Each year the Vesta Roy Series awards up to 12 fellowships to women who pledge to seek a policy-making position in government or in the Republican Party within five years. Fellows are selected from a statewide field of applicants who have demonstrated leadership skills in their chosen fields of work or in service to their community. All must display a commitment to achieving full participation of women in politics and government and must be registered Republicans. For more information please go to: <http://www.vestaroysseries.org/application>
