HOUSE CALENDAR

MEMBERS OF THE HOUSE:

As you will see in the notice below, our Continuing Education series will resume on Tuesday, August 20th, with a presentation on the Affordable Care Act given by the N.H. Department of Insurance. This is a timely opportunity to broaden your knowledge on this topic, so I would urge you to please attend.

Now that legislative scheduling is resuming, reimbursement for travel to Concord will be allowed on Tuesdays, Wednesdays and Thursdays for service as a member of a policy, chaptered, or statutory committee; Leadership or caucus duties; and one day a week for general legislative and/or constituent work. There will be no mileage allowed for Mondays and Fridays without prior approval. Your continued cooperation is greatly appreciated.

I hope you all were able to take some time to relax with family and friends during the month of July. Enjoy the remainder of the summer.

Terie Norelli, Speaker

GOVERNOR'S VETO MESSAGE REGARDING HB 183

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 24, 2013, I vetoed House Bill 183, relative to processing absentee ballots.

Maintaining confidence in our elections through a transparent and straightforward system for processing ballots is essential to the ongoing health of our democracy. After reviewing HB 183 and hearing the concerns expressed by the Secretary of State's office through the legislative process, I believe that this legislation would cause increased confusion about the timing of processing absentee ballots, potentially undermining the transparency of the election process.

Under current law, all communities across New Hampshire are instructed to begin processing absentee ballots at 1 p.m. This ensures a transparent process where all members of the public and those tasked with oversight of our elections know when ballots are being reviewed.

HB 183 would eliminate that set time and leave it to poll workers at each individual voting location to determine when to begin processing absentee ballots without any requirement for advanced notice, so long as the processing begins at least two hours after the polls open.

The Senate appropriately realized the problems with this approach, and made changes to ensure that each voting location provided advanced notice to the public of the time that absentee ballots would begin to be processed. Unfortunately, that provision was not agreed to in the committee of conference and the bill as passed provides for no advanced notice.

I appreciate the dedication of our local election officials who make our democracy work, and I know that HB 183 was a well-intentioned attempt by sponsors to ease the process for election officials. However, the final version of this bill improves flexibility and efficiency without adequately preserving the element of transparency that is the foundation of our elections system.

Efficiency and transparency are not mutually exclusive, and I am confident that we can all work together to pass a bill that will achieve both before the next state-wide election, and I will work with the Legislature to do so.

Transparency and public involvement are essential to upholding our long-standing traditions of fair and trusted elections, and I have therefore vetoed this legislation.

Respectfully submitted,
Margaret Wood Hassan
Governor

NOTICE LEGISLATIVE ETHICS COMMITTEE

The Legislative Ethics Committee has voted to issue the following advisory opinion, which is printed below in its entirety.

Advisory Opinion 2013-2 Response to a Request for an Advisory Opinion from Representative Frank V. Sapareto (August 2, 2013)

Representative Frank Sapareto has requested a "ruling on the \$30 plus E-Z Pass that is given as a gift to legislators." The Committee takes this as a request for an Advisory Opinion whether, consistent with applicable statutes and the Ethics Guidelines, it is permissible for New Hampshire Department of Transportation to offer without charge, and for legislators to accept, an E-ZPass transponder that enables legislators' free passage through electronic tollgates.

Research on behalf of the Committee confirms that the price to the public for a regular E-ZPass transponder is either \$8.90 for a windshield tag or \$15.19 for a plate tag. The public is also required to make a minimum pre-paid toll deposit of \$30.00 to establish an E-ZPass account. The combined value of the transponder and prepayment exceeds \$24.99, and so would classify it as a gift that RSA 15-B:2 would prohibit legislators from receiving, unless exempted from that classification by applicable provision of law.

However, according to further research on behalf of the Committee, the complimentary transponders offered to legislators are not the same as regular E-ZPass transponders. They are classified by NHDOT as "non-revenue transponders" which are not valid for use outside NH, and are valid in NH only when used in a vehicle eligible for toll-free use of New Hampshire Turnpikes, as authorized by statute. See NHDOT *Work Instructions*, "Exemptions from Tolls" dated May 7, 2008.

Citing NH RSA 237:12, Paragraph 4.0 of that document recites:

"4.0 PROCEDURE: The following categories comprise the list of approved toll-free vehicles. Note: vehicles are granted toll exemption, drivers and occupants are not.

"4.1 Motor Vehicles that shall receive toll-free use of NH Turnpikes

A) Motor vehicles bearing plates with the State Seal (legislative ID cards may also be displayed) as authorized under RSA 261:90 to include:

1. NH Legislators (Senate and House of Representatives)

“4.4 All of the above agencies can obtain a Non-Revenue E-ZPass account through the Bureau of Turnpikes per the Toll Collection Business Rules.”

In addition to legislators, the Work Instructions (citing RSA 261:90) authorize issuance of non-revenue E-ZPass transponders to New Hampshire’s U.S. Senators and Representatives, the Governor, Members of the Governor’s Council, the Attorney General, the Secretary of State, and the State Treasurer. Citing other RSA sections, the Work Instructions also authorize such issuance to all vehicles with permanent plates as authorized under RSA 261:92; military vehicles, U.S. Government vehicles, and General Services Administration vehicles; emergency vehicles going to and returning from an emergency; unmarked law enforcement vehicles; and certain employees of the Department of Transportation and Liquor Commission going to and from work.

Those provisions plainly and directly follow the legislative mandate in RSA 237:12, I, which prescribes the motor vehicles “that *shall be* granted toll-free use of any section of the New Hampshire turnpike system,” as well as RSA 261:90, which authorizes production and distribution of “cover plates” bearing the State seal to legislators, among others.

Thus, the transponders merely expedite the free toll gate passage for legislators mandated by statute, rather than providing anything else of value. This is especially true because the non-revenue transponders may be used only in eligible vehicles, and do not work except in New Hampshire. Unlike the free ski pass program we addressed in AO 2011-4, non-revenue transponders add nothing of value that is not directly authorized by statute. To treat them as “gifts” prohibited by RSA 15-B:3, would disregard that authority.

Accordingly we advise that the non-revenue transponders issued to legislators, when used in vehicles bearing legislative plates, are not prohibited gifts.
