HOUSE CALENDAR

MEMBERS OF THE HOUSE:

With the House now in recess, I want to express my sincere appreciation for your diligence, attentiveness, and civility over the last six months. We have much to be proud of, and our constituents have been well-served. With your cooperation, and with the assistance of such a skilled and dedicated staff, we were able to carry out our responsibilities in a positive and productive manner. Thank you for your extra efforts and for your service to New Hampshire. Over the next few months, I hope you can return to your personal lives and take some time to relax with family and friends.

As noted below, House Calendars will be printed every two weeks during the summer months. If any members are still not receiving calendars in a timely manner, please bring those envelopes to the Speaker's Office so we can track the problem.

There will be no legislative activity or mileage reimbursement for the month of July, except for statutory committees with meeting requirements set in law.

State offices will be closed on Friday, July 3, 2015, in observance of Independence Day.

Shawn N. Jasper, Speaker

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILLS 1 AND 2

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 25, 2015, I have vetoed House Bills 1 and 2, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2016 and June 30, 2017.

To keep our economy moving in the right direction, I originally proposed a fiscally responsible, balanced budget that was transparent and honest about how we would support critical economic priorities without an income or a sales tax. The plan that I proposed clearly set those economic priorities, including holding down the cost of higher education, strengthening public safety, ensuring access to affordable health care, and repairing our roads and bridges.

I have vetoed the budget passed by the legislature because it is unbalanced, makes false promises about what it funds, and gives unpaid-for tax giveaways to big corporations, many based out-of-state, at the expense of critical economic priorities, including higher education, health care, public safety and transportation. The long-term impact of these unpaid-for corporate tax cuts will create a more than \$90 million hole in future budgets, further eroding our ability to encourage economic growth.

This budget is unbalanced. The legislature double-counted carryforward funds, attempting to take money that has been designated and appropriated to pay for 2015 bills, and instead proposed to use it to balance its 2016 budget. This gimmick would have forced cuts to this budget within months of enactment, eliminating the increased funding that many people thought they were being promised in this budget.

Compounding the danger to our state's future, the legislature used more than \$65 million in 'one-time' sources of revenue in this budget. When combined with the impact of the unpaid-for corporate tax cut, the gap that would need to be filled in the very next budget would exceed \$100 million. This gap would force the next legislature to make even deeper cuts to a budget that is already under-funded in critical areas.

For example, the budget that I have vetoed would not provide any year-to-year increase to our university system – which is still funded below 2010 levels and receives among the least amount of state support in the nation – jeopardizing our efforts to hold down the cost of higher education to help keep more of our young people here in New Hampshire for college and their careers. In the face of an opioid crisis, it would not adequately fund substance abuse prevention, cutting my proposal for the Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment and Recovery by more than 30 percent.

This budget would force the Sununu Youth Services Center to cut a quarter of its budget without a plan for how to achieve those savings while seriously undermining its ability to help youthful offenders put their lives back on track. It neglected to include a modest cost-of-living increase for employees, even though the state reached a good-faith negotiated agreement prior to our budget proposal. In funding the Department of Transportation, the legislature would divert funds that were intended to provide additional road and bridge repairs, and it underfunded snow plowing and removal by nearly \$5 million.

And this budget would not ensure the continuation and funding for our successful and bipartisan New Hampshire Health Protection Program, jeopardizing health insurance coverage for more than 41,000 New Hampshire citizens and creating uncertainty for our businesses, our health insurance market and our economy. It would also jeopardize access to substance abuse and mental health treatment that is provided under our bipartisan expansion plan and is making a real difference to the health and safety of our citizens and our communities.

I have made clear to legislative leaders that I am not philosophically opposed to reducing corporate tax rates and that I am willing to work together, compromise and negotiate to reach a better, more responsible and balanced budget. I have put forward concrete ideas that would reduce business tax rates while ensuring that those cuts are paid for in order to protect our state's long-term finances and economic future.

I did not come to the decision to veto this budget lightly. I would prefer to work together to find a compromise path forward, and I remain committed to such efforts.

My responsibility as Governor is to consider both the short- and long-term impacts of legislation and stand up for today's citizens of New Hampshire, as well as for the future. I will not trade New Hampshire's economic future for an inadequate, unbalanced budget today. Therefore, I have vetoed HB1 and HB2.

Respectfully Submitted,
 Margaret Wood Hassan

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 603

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 12, 2015, I have vetoed House Bill 603, relative to student exemption from the statewide assessment.

House Bill 603 would create a student opt-out option from the statewide assessment process. This bill would conflict with current state educational accountability laws, undercut one of the tools that educators use to evaluate K-12 student progress, and jeopardize federal funding for New Hampshire schools.

If it became law, House Bill 603 could do real and lasting damage to New Hampshire's economic competitiveness, suggesting that our state is not committed to ensuring that students are ready for college and/or careers in the 21st century's innovation economy. That is why the business leaders and educators joined together to oppose this legislation.

By state law – and as a result of Supreme Court decisions requiring a statewide education accountability system – New Hampshire schools are required to participate in the Statewide Educational Improvement and Assessment Program. If passed, House Bill 603 would discourage participation in the annual statewide assessment, violating the requirements of both federal and state law, as well as the requirements of the New Hampshire Supreme Court that New Hampshire have a broad assessment and accountability system.

A valid annual assessment is a critical component of accountability, which is why state statutes say that all students must take the statewide assessment. This year, New Hampshire started a new annual assessment, the Smarter Balanced Assessment, an improved test that helps inform educators about whether students are meeting higher standards and helps direct any resulting changes to instruction. These tests provide the only statewide snapshot as to how our public schools are performing, serving as an additional measure to inform us about how well students are being educated. But it is also important to note that New Hampshire does not over-rely on these tests as they are not a significant factor in teacher evaluation, they are not used to determine school funding and they are not required for a student to graduate.

New Hampshire also recognizes that standardized assessments alone do not provide the most well-rounded, individual student-driven results that effectively inform teacher instruction. That is why New Hampshire continues to build on our efforts that are leading the nation in developing assessment alternatives through the Performance Assessment of Competency Education (PACE) Pilot Program. PACE empowers our students and our teachers by reducing the amount of standardized testing in favor of more locally managed assessments that will be integrated into a student's day-to-day work, which improves the effectiveness of project-based 21st century learning.

Allowing this bill to become law also poses significant fiscal risk by threatening tens of millions of dollars a year in federal funding to our schools. The federal government requires 95 percent of students to participate in a statewide assessment to receive Title I funding. Action in some New Hampshire school districts that provided an unofficial opt-out option this year led to decreased student participation – demonstrating that any state action to encourage opt-out would have the same, if not greater implications. House Bill 603 does not provide reporting of opt-outs to the Department of Education, so we would be unable to accurately determine how many students did not take the test and whether the State met the 95-percent student participation threshold.

House Bill 603 also sets a bad precedent for, and sends a bad message to, our students. Students who are told that they can opt out of this critical component to their education will believe that they can opt out of other of requirements as well, which could in turn affect participation in day-to-day activities and interfere with both student assessment and direct instruction.

New Hampshire's economic competitiveness depends on our ongoing commitment to ensuring that our students and workers have the skills needed to compete in the future. If passed, this bill would inhibit the ability to effectively measure student progress and inform teacher instruction, while sending a message to the business and education communities that New Hampshire does not value high standards in education, standards that will help prepare our future workforce for success in the innovation economy. Therefore, I have vetoed House Bill 603.

NOTICE

LEGISLATIVE ETHICS COMMITTEE

The Legislative Ethics Committee has voted to issue the following advisory opinion, which is printed below in its entirety.

Advisory Opinion 2015-1 Response to a Request for an Advisory Opinion from Senator Dan Feltes and Senator Donna M. Soucy (June 3, 2015)

Senator Dan Feltes and Senator Donna M. Soucy have sought an Advisory Opinion about whether acceptance of payment for the costs of travel, lodging, and meals related to a proposed trip to Israel, sponsored by the American Israel Education Foundation (AIEF), will qualify for exemption from the prohibition on “Gifts” under RSA 15-B:3, as “Expense Reimbursement” under RSA 15-B:5.

According to a memorandum and an agenda submitted by AIEF, the purpose of the trip is to attend an educational seminar comprised of “meetings, briefings and site visits that highlight the vital importance of the US-Israel relationship.” The educational seminar would be structured to showcase Israeli approaches to issues that are relevant to the State of New Hampshire, such as public health care, homeland and border security, law enforcement in a democratic society, protecting civil liberties, information-based economic development, comparative democracy, renewable energy, water conservation, comparative business-labor relations, the role of first responders, and the preservation of historical and natural landmarks.

Based on the information provided by Sen. Feltes and Sen. Soucy about the trip’s purpose and activities, acceptance of the payment of expenses associated with the trip would qualify for the exemption. See Interpretive Ruling 2013-1.

The Senators must report their attendance in accordance with RSA 15-B:6.

We appreciate the opportunity to be of assistance.

For the Committee,
Donna Sytek
Chairman
