GOVERNOR'S VETO MESSAGE REGARDING HB 582

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 26, 2016, I have vetoed House Bill 582, repealing the license requirement for carrying a concealed pistol or revolver.

As I said when I vetoed nearly identical legislation last year, New Hampshire's current concealed carry permitting law has worked well for nearly a century – safeguarding the Second Amendment rights of our citizens while helping to keep the Granite State one of the safest states in the nation. It is a permitting system that gives an important oversight role to local law enforcement while ensuring that an appeal process is in place if a permit is denied, a law that Republican Governor Mel Thomson said was 'a sensible handgun law.' Not only has the current law worked well, I also continue to share the public safety concerns of law enforcement and citizens across New Hampshire about removing the protections that the licensing process offers.

I also continue to support the Second Amendment and the right of Americans to responsibly own guns for personal safety, hunting, and recreation, but as the late Justice Antonin Scalia reaffirmed in the 2008 Supreme Court case of *District of Columbia v. Heller*, states also have the ability to responsibly and appropriately regulate the concealed carry of firearms.

Nothing has changed since last year's attempt to repeal the license requirement for carrying a concealed firearm – our current law continues to work well, public safety officials have the same concerns and the elimination of this responsible, common-sense law would still compromise the safety of our citizens. Therefore, I have vetoed House Bill 582.

Respectfully Submitted,
Margaret Wood Hassan
Governor

GOVERNOR'S VETO MESSAGE REGARDING HB 1208

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 6, 2016, I have vetoed House Bill 1208, relative to administration of the tobacco tax.

This bill makes technical changes to the tobacco tax laws, as administered by the Department of Revenue, including changing and adding certain definitions and removing references to metering machines. It also clarifies activities that constitute unauthorized sales of tobacco products and makes records of tobacco stamps sold and tobacco products distributed required taxpayer records.

The primary purpose of this bill was to make technical changes at the request of the Department of Revenue Administration, changes that are important for the Department's administration of tax law. But the negatives of one provision outweigh the benefits of these technical changes. House Bill 1208 would also expand the definition of 'premium cigar' to include those that wholesale for less than two dollars, thereby exempting low-priced cigars from State tobacco taxes. As a matter of public health and fairness, I have proposed requiring parity for tobacco products during the last two budget cycles, but this bill would move in the opposite direction by expanding the exemption for premium cigars. Because cutting tobacco taxes is detrimental to public health, the American Cancer Society Cancer Action Network opposes measures such as this.

While this bill makes important clarifying changes to tobacco tax laws for the Department of Revenue Administration, those changes are outweighed by its negative health and fiscal impacts.

In the interest of public health and fiscal responsibility for the State's budget, I have vetoed House Bill 1208.

Respectfully Submitted,
Margaret Wood Hassan
Governor

GOVERNOR'S VETO MESSAGE REGARDING HB 1266

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 31, 2016, I have vetoed House Bill 1266, relative to legalizing firecrackers.

Ensuring the health and safety of citizens is the first responsibility of state government. In New Hampshire we have a long tradition of a balanced regulatory approach when it comes to our fireworks industry, an approach that focuses on minimizing risk to public safety and protecting all citizens' quality of life. Our current approach prohibits the sale and use of firecrackers, and none of the proponents of this bill made a compelling argument for changing current law. House Bill 1266 repeals the prohibition on the sale and use of firecrackers in the State of New Hampshire, and in doing so, threatens our tradition of carefully balancing public safety with public access to this industry.

The New Hampshire Association of Fire Chiefs and the New Hampshire Fire Marshal's Office oppose House Bill 1266, and I share their public safety concerns. According to estimates by the U.S. Consumer Product Safety Commission, firecrackers have previously accounted for up to 20 percent of all fireworks-related injuries nationwide. Additionally, because of their small size, firecrackers can also be used to create panic in a crowd, potentially resulting in disastrous consequences.

It is unnecessary to change current law – which already provides public access to fireworks while aiming to minimize public safety risks – by repealing a prohibition on some of the most dangerous types of fireworks. Because of the threat it poses to public safety, high risk of injury and the potential disruption to other citizens, I have vetoed House Bill 1266.

Respectfully Submitted,
Margaret Wood Hassan
Governor
