THURSDAY, JANUARY 26 CONSENT CALENDAR

CRIMINAL JUSTICE AND PUBLIC SAFETY

HB 76, relative to involuntary administration of medication to inmates with mental illnesses. **INEXPEDIENT TO LEGISLATE.**

Rep. John Burt for Criminal Justice and Public Safety. The committee believes that this bill is unnecessary because the Department of Corrections stated that the issue is presently covered under RSA 627:6, VII and is very rarely used. The Department of Corrections also has policy PPD 6.18 and, again, uses this policy very few times. **Vote 18-1.**

HB 100, relative to the definition and use of toy smoke devices. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jody McNally for Criminal Justice and Public Safety. This bill will legalize the sale of toy smoke devices as defined by the American Pyrotechnic Association and classifies the devices as consumer fireworks. Currently they are prohibited by inclusion with smoke bombs which are used by law enforcement. The toy smoke devices will only be sold to individuals 21 years of age or older and by licensed fireworks dealers. The amendment specifies that the bill will be effective on passage. **Vote 16-0.**

HB 143, relative to recommitment of a prisoner by the parole board. **OUGHT TO PASS.**

Rep. Robert Renny Cushing for Criminal Justice and Public Safety. This bill was requested by the Adult Parole Board to provide the board with additional discretion to determine an appropriate sanction for parolees who violate the conditions of their release. There are a small number of cases that the parole board deals with when, in the best judgment of the parole board members, a setback for violation of parole conditions should be less than 90 days. Examples of this would include a parolee testing positive for drug use, indicating a relapse, and intensive outpatient treatment might be preferable to incarceration, or a minor infraction such as failing to report on time for an appointment. The committee believes public safety is best served by passage of this bill to enable the parole board latitude to impose on a case-to-case basis a recommitment period of less than 90 days if it will aid in the rehabilitation of the inmate. **Vote 19-1.**

HB 153-FN, requiring a manslaughter charge for heroin and fentanyl dealers when the user dies. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry Gagne for Criminal Justice and Public Safety. This well-intended bill requiring a manslaughter charge for heroin and fentanyl dealers when the user dies is unnecessary and duplicative as RSA 318-B:26, IX already provides that any person who manufactures, sells or dispenses a controlled drug is strictly liable for a death resulting from use of that substance and may be sentenced to imprisonment for life or for such term as the court may order. **Vote 20-0.**

HB 228, relative to transportation of alcoholic beverages by a minor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Beth Rodd for Criminal Justice and Public Safety. The purpose of this bill, as amended, is to expand the eligible family members who may accompany a minor transporting alcoholic beverages in a car or boat to include siblings over the age of 25 years, a stepparent, grandparent, step grandparent or a domestic partner. **Vote 18-2.**

HB 282, relative to a prisoner's participation in the work release program. **INEXPEDIENT TO LEGISLATE.**

Rep. Shannon Chandley for Criminal Justice and Public Safety. The committee recognizes the good intentions of the sponsors and supporters of this bill. With few exceptions, members agree that the pursuit of higher education by prisoners is a worthy endeavor. As written, the bill did not adequately define "the pursuit of higher education" nor address practical issues such as dropped classes and acceptable institutions. Moreover, much of the testimony presented faulted the bill for removing the prosecutor of record and the court from the proceedings to determine eligibility for currently approved release options as defined in RSA 651. **Vote 18-2.**

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 107, relative to the membership of the advanced manufacturing education advisory council. **OUGHT TO PASS.**

Rep. J.R. Hoell for Executive Departments and Administration. The bill adds one additional member, from a small high tech manufacturer, to the Advanced Manufacturing Education Advisory Council (AMEAC). The AMEAC felt that there was not adequate representation from the smaller high tech manufacturers (defined as having 20 or fewer employees) and asked to have this change made to the membership of the council. The committee heard no objections to this change. **Vote 17-0.**

HB 255, relative to allowing a designee for the commissioner of the department of administrative services on certain commissions. **OUGHT TO PASS.**

Rep. Peter Hansen for Executive Departments and Administration. This bill grants the Commissioner of the Department of Administrative Services the authority to appoint a designee to serve on the State Retiree Health Plan Commission and the Enhanced 911 Commission. This change will give the commissioner more flexibility to attend to other duties. All other commissions and statutory committees to which the commissioner has been appointed contain this provision. **Vote 10-1.**

HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

HB 200, relative to Food and Drug Administration approval of medication, equipment, and therapies. **INEXPEDIENT TO LEGISLATE.**

Rep. Jess Edwards for Health, Human Services and Elderly Affairs. The FDA was established to ensure the safety and efficacy of drugs and subsequently medical devices. The committee understands the concerns regarding the speed and cost of the current FDA approval process. However, the charter of the committee follows the Hippocratic Oath to first do no harm. Current practice allows for investigational uses under institutional controls, and the committee is concerned that research essential to making data driven decisions would be undermined by its passage. The bill is deemed to represent the granting of exceptional latitude which will likely tend towards instances of significant harm. Therefore, the bill is recommended Inexpedient to Legislate. **Vote 19-0.**

HB 256, relative to self-ordering for laboratory testing. **INEXPEDIENT TO LEGISLATE.**

Rep. Jerry Knirk for Health, Human Services and Elderly Affairs. The committee had positive feelings about patient empowerment, but voted unanimously for ITL. The committee believed that the risks outweighed the benefits. A trusting physician-patient relationship is essential to medical decision making. Diagnosis and management of medical disorders relies more on the history and physical than lab tests. Incorrect self-diagnosis may lead to patient distress over a disease they do not have. **Vote 20-0.**

HB 268, establishing a committee to study the consequences of tobacco use by minors in New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. John Fothergill for Health, Human Services and Elderly Affairs. The committee unanimously voted to recommend ITL. The committee agrees the use of tobacco and vaping producers by minors is a significant problem. However, many studies have been done and data is available. More studies are unnecessary. It is time to act and pass legislation to address the issues where possible. **Vote 19-0.**

HB 269, establishing a committee to study ways to educate New Hampshire families about lung cancer risks. **INEXPEDIENT TO LEGISLATE.**

Rep. John Fothergill for Health, Human Services and Elderly Affairs. The committee voted to recommend ITL on this bill because it is too broad and not fully researched. The committee agrees with the intention of the bill, which is to raise public awareness of radon and its relationship to Lung Cancer. The committee wondered if the states Radiation Advisory Committee might address these very issues, and would welcome more specific legislation to address these concerns. **Vote 19-0.**

JUDICIARY

HB 178, establishing a commission to study processes to resolve right-to-know complaints. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Linda Kenison for Judiciary. As amended, this bill as amended establishes a commission to study processes to resolve right-to-know complaints. Currently, the only recourse for right-to-know complainants is to bring a lawsuit. The sponsors are looking for a less costly and time-consuming remedy to resolve complaints. **Vote 18-0.**

HB 183, establishing a commission to study costs of requests for information under the right-to-know law. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael Sylvia for Judiciary. This bill would establish a commission to study the costs for public bodies to comply with right-to-know requests under RSA 91-A. This body has heard a couple of bills in recent years seeking to impose fees associated with 91-A requests. It is the opinion of the committee that imposing such fees will hamper transparency in government and that public bodies have protection in the law enabling them to fend off overly broad and burdensome requests. **Vote 16-1.**

HB 185, relative to the powers of commissioners of deeds. **INEXPEDIENT TO LEGISLATE.**

Rep. Jason Janvrin for Judiciary. This bill proposes adding authority for commissioners of deeds to issue subpoenas outside the state and attempts to clarify the authority of the commissioner to act as a justice of the peace in and out of the state. The committee felt that current law is unambiguous and adding authority to the commissioner to subpoenas outside the state is beyond the scope of the office. **Vote 16-1.**

HB 187, repealing exceptions to claims against the state. **INEXPEDIENT TO LEGISLATE.**

Rep. Jordan Ulery for Judiciary. This bill would repeal RSA 541-B:19 which provides immunity to state employees who operate within the scope of their job assignment and who act in a reasonable manner. The committee heard testimony that such repeal would have a detrimental effect on the ability of the state to hire and retain qualified employees. **Vote 18-0.**

HB 188, relative to the statute of limitations for continuing violations of rights which are guaranteed by the federal or state constitution. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael Sylvia for Judiciary. This bill seeks to amend RSA 508:4 related to the statute of limitations for personal actions by adding a category "continuing violations of rights which are guaranteed by the federal or state constitution." There is no indication that this special category is not part of the broader category 'personal action.' In the general category of personal action there is an exception for damages that are not immediately discovered which can then reach back beyond the 3-year limit. This bill as written removes the special category from that exemption thereby holding to a strict 3-year statute of limitations. In summary this bill harms the people's right to personal actions. **Vote 18-0.**

HB 241, relative to the duties of and meeting requirements for the judicial council. **INEXPEDIENT TO LEGISLATE.**

Rep. Dan Hynes for Judiciary. This bill seeks to require the Judicial Council to publish its meeting notices in the legislative calendar, seeks to add an additional meeting that the Judicial Council feels is not necessary, and seeks to require public comment at its meetings on any issue. The Judicial Council has agreed to publish an agenda of meetings 10 days prior to its meetings. The committee unanimously felt the remainder of the bill's requirements were not necessary especially since there are other mechanisms available for citizens to be heard. **Vote 18-0.**

HB 259-FN, relative to the records of the probate court. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Timothy Horrigan for Judiciary. Registers of probate currently have very few remaining duties, but they are still responsible for preserving counties' historic probate court files. The secretary of state is responsible for preserving vital records in the state archives. This bill as amended formally empowers the secretary of state (and hence the state archivist) to work with the court system as well as with the registers of probate to preserve historically significant probate court records. **Vote 17-0.**

HB 281, relative to the jurisdiction of the board of claims. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert Hull for Judiciary. This bill seeks to increase the monetary amount of a claim over which the board of claims has concurrent jurisdiction with the superior court. In light of the fact the existing monetary amount has not been exceeded, the committee felt this bill was unnecessary. **Vote 17-0.**

LEGISLATIVE ADMINISTRATION

CACR 1, relating to the general court. Providing that the general court shall hold sessions biennially. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman Packard for Legislative Administration. This constitutional amendment would undo the will of the voters of New Hampshire who in 1984 voted to amend our constitution allowing for annual sessions. Testimony was offered by a member of the last constitutional convention who summarized why the issue was brought forward; namely that in the second year of a term while the House and Senate were not meeting, either it was left to five members of each body to determine essentially all matters that may have arisen, or there were countless numbers of special sessions. The sponsor suggested there would be cost saving measures should the amendment pass. However, the committee believes that may not be the case. In this day and age you would not be able to find enough part-time legislative staff who could commit to the needs of the institution and there would likely be more special sessions and numerous study committees and commissions as in the days before the annual sessions. Lastly, this committee does not believe that one small committee, no matter its composition, should be left to run all the affairs of the legislature for 18 months of a legislative term. **Vote 12-0.**

CACR 5, relating to the nomination and appointment of officers. Providing that judicial officers shall be confirmed by the legislature. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert Nigrello for Legislative Administration. Currently, judicial officers are nominated and appointed by the Governor and Council. CACR 5 would amend the state constitution by requiring judicial officers to be nominated by the Governor or the Council and confirmed by a majority of the Legislature in joint session. Committee members were concerned about the length of time that judicial posts would be vacant and the possibility of dueling appointments by the Governor and the Council. There was also a concern about the politicizing of appointments. **Vote 12-0.**

THURSDAY, JANUARY 26 REGULAR CALENDAR

CRIMINAL JUSTICE AND PUBLIC SAFETY

HB 278, repealing criminal defamation. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Shannon Chandley for the **Majority** of Criminal Justice and Public Safety. This bill would eliminate the misdemeanor crime of defamation. The sponsor argued that those who are defamed are adequately served by civil law. The majority of the committee believes that the state may, under certain, albeit infrequent, circumstances, have an interest in prosecuting criminal defamation. Repealing the statute was deemed by most to be unnecessary. **Vote 14-6.**

Rep. John Burt for the **Minority** of Criminal Justice and Public Safety. The minority of the committee feels this bill is a housekeeping measure. The testimony from the state was that RSA 644:11 is almost never used, as it is too hard to prove in a court of law. If a person is defamed they could sue the person who defamed them in court, which is easier to prove.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 91, relative to General John Stark Day. **OUGHT TO PASS.**

Rep. J.R. Hoell for Executive Departments and Administration. Currently, General John Stark Day is celebrated on the fourth Monday of April in accordance with RSA 4:13-1. This bill changes one word in the statute, which moves the memorial date from the fourth week to the second week of the month. The current date of the annual proclamation does not coincide with either the birthday or death of Gen. Stark. Testimony to the committee and research showed no good reason to use the fourth week over the second week. The students who testified in favor of this change pointed out that the statute encourages schools to commemorate the day with appropriate educational activities and yet many schools have their spring break the fourth week. Moving the celebration two weeks earlier would allow more schools to participate in these activities. **Vote 15-0.**

JUDICIARY

HB 206-FN-A, establishing a special marriage officiant license. **INEXPEDIENT TO LEGISLATE.**

Rep. Kurt Wuelper for Judiciary. This bill seeks to allow a new state license authorizing any individual to perform a single specified marriage for a fee of \$90, with \$80 of that going into the victim's assistance fund. The committee felt that charging over three times the amount called for judges or justices of the peace to perform the ceremony was excessive. Testimony indicated that town/city clerks might have serious problems certifying the completion of marriages if people from other states or countries failed to complete and return the paperwork. **Vote 13-5.**

PUBLIC WORKS AND HIGHWAYS

HB 105, naming a building in honor of Van McLeod. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Virginia Irwin for Public Works and Highways. This bill as amended seeks to name a building which is the home of the Division of Cultural Resources, at 19 Pillsbury Street in Concord, New Hampshire after Van McLeod, the former Commissioner of the Division of Cultural Resources. Van McLeod served as Commissioner for 24 years, and his name is synonymous with arts, film, and culture in New Hampshire. There could be no more fitting tribute than to name this facility in his honor. **Vote 17-0.**

STATE HOUSE VISITATION SCHEDULE

As a convenience to the members of the NH General Court, the Visitors' Center offers the following schedule of schools and other groups visiting the State House in 2017. These listings are to ensure all members be notified in a timely manner of visitors from their district. Our schedule is tightly booked for the school year and subject to changes. Note that large groups are divided into smaller groups for tours.

Please contact the Visitor Center concerning school tour booking information. Legislators planning to meet with students should notify the Visitor Center. Thank you for your continued participation with your School Visitation Program.
