HOUSE RECORD

First Year of the 165th General Court

Calendar and Journal of the 2017 Session

Web Site Address: www.gencourt.state.nh.us

Vol. 39

Concord, N.H.

Friday, June 16, 2017

No. 29

**Contains: House Deadlines; Committee of Conference Statements; Bills Laid on Table;
2017 Retained Bills by Committee; Legislative Ethics Committee Advisory Opinion 2017-1;
Enrolled Bills Amendment; Meetings and Notices**

HOUSE CALENDAR

MEMBERS OF THE HOUSE:

The next House session will be **Thursday, June 22, 2017, at 10:00 a.m.**

Please note that all committee of conference statements are printed in this Calendar. Committee of conference reports will be printed separately and placed in your seat pockets for next Thursday's session.

Also in this House Calendar is an enrolled bills amendment that the full House will vote on during session. An enrolled bills amendment is a legislative device that we use in New Hampshire to clean up errors in the legislative drafting process. We typically adopt these amendments when the House is in recess by having the Clerk meet with two members and having a session where a member fills in "the chair" and another member moves and adopts the amendment. (We also introduce bills, form committees of conference, and read enrolled bills reports in these sessions.) SB 66 had a drafting error that did not express the intent of the General Court when both bodies passed the bill, and as such (and as is proper) an enrolled bills amendment to clarify the intent has been drafted. Because of the rather political nature of this bill (SB 66, including a fetus in the definition of "another" for purposes of certain criminal offenses), I have decided that the full House will take up the amendment in session this coming week. The amendment will be taken up after the amendment to House Rules.

I would like to thank the conference committees for their diligence in meeting this week's deadline. I also want to acknowledge my fellow budget conferees who spent some very long days and nights reaching a compromise with the Senate. This would not have been possible without the staff support from the offices of the Legislative Budget Assistant, Legislative Services, and House Committee Services.

For future planning, there will be no legislative activity or mileage reimbursement between June 26th and August 18th, unless special circumstances arise and authorization is granted. From August 21st through the end of the year, legislative mileage to Concord will return to the current policy of Tuesdays, Wednesdays, and Thursdays, unless prior approval has been received from the Speaker or if you are a member of a statutory committee that meets on Mondays or Fridays.

State offices will be closed on Tuesday, July 4th, in observance of Independence Day.

Shawn N. Jasper, Speaker

NOTICE

There will be a Republican caucus on **Tuesday, June 20th immediately following the budget briefing** in Representatives Hall.

There will be a Republican caucus on **Wednesday, June 21st at 10:00 a.m.** in Representatives Hall.

There will be a Republican caucus on **Thursday, June 22nd at 9:00 a.m.** in Representatives Hall.

Rep. Dick Hinch

NOTICE

There will be a Democratic caucus on **Thursday, June 22nd at 9:00 a.m.** in Rooms 210-211, LOB.

Rep. Stephen Shurtleff

NOTICE

JOINT INFORMATIONAL PRESENTATION ON AMENDED BUDGET BILLS

TUESDAY, JUNE 20, 2017

10:00 A.M.

REPRESENTATIVES' HALL

Please join us for this important informational session, at which time we will review the Committee of Conference Reports on HB 144 and HB 517, the bills containing the proposed state budget. Staff from the Office of Legislative Budget Assistant will be on hand to provide clarification on specific items and to answer questions that may arise. If you are unable to attend in person, we urge you to please listen via live-stream.

Rep. Neal Kurk, Chairman, House Finance Committee
Sen. Gary Daniels, Chairman, Senate Finance Committee

NOTICE

ALL reports, scheduling and notices are due in the House Clerk's Office by **3:00 p.m. on WEDNESDAYS**. Reports and scheduling shall be turned in to House Committee Services for processing ***no later than 1:00 p.m.*** on Wednesday. Please be sure to complete that work in a timely fashion to meet the Calendar deadline.

CLOSES AT 3:00 p.m. ON:

Wednesday, June 21, 2017
Wednesday, June 28, 2017
Wednesday, July 5, 2017

AVAILABLE ON:

Friday, June 23, 2017
Friday, June 30, 2017
Friday, July 7, 2017

**Enrolled Bill Amendment to SB 66-FN
(2017-2370EBA)**

The Committee on Enrolled Bills to which was referred SB 66-FN

AN ACT including a fetus in the definition of “another” for purposes of certain criminal offenses.

Having considered the same, report the same with the following amendment, and the recommendation that the bill as amended ought to pass.

FOR THE COMMITTEE

Explanation to Enrolled Bill Amendment to SB 66-FN

This enrolled bill amendment amends the introductory paragraph in RSA 630:1-a, V(a) to comply with the intent of the legislature.

Enrolled Bill Amendment to SB 66-FN

Amend the introductory paragraph in RSA 630:1-a, V(a) as inserted by section 2 of the bill by replacing it with the following:

V.(a) Nothing in [~~this section or RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4~~] **paragraph IV** shall apply to:

NOTICE

The **2017 Manual for the General Court** (Red Book) will be available on June 22, 2017. **House Members** are entitled to three (3) copies. One copy may be picked up at the Secretary of State’s Office on June 22nd. The two additional copies may be picked up at the member’s convenience this summer in the Secretary of State’s Office.

William M. Gardner, Secretary of State

NOTICE

Legislative Ethics Committee

The Legislative Ethics Committee has voted to issue the following advisory opinion, which is printed below in its entirety.

ADVISORY OPINION 2017-1

Response to a Request for an Advisory Opinion from Elizabeth Edwards

(May 25, 2017)

Representative Elizabeth Edwards has submitted a request for an Advisory Opinion about whether, consistent with applicable statutes and the Ethics Guidelines, she may accept payment for certain costs related to attendance at two conferences where she has been invited to speak. The conferences are both organized by a non-profit organization called the Centre for Effective Altruism. The first conference will be held in Boston from June 2-4, 2017, and the second will be held in San Francisco from August 11-13, 2017. Representative Edwards has been offered free admission to the Boston conference and free admission, travel, and lodging related to the San Francisco event.

Relevant Provisions of Law

RSA 14-C:2, IV(a) “Gift” means: ***

“Gift” means:

(1) Money in any amount, whether in the form of cash, check, or any other negotiable or non-negotiable instrumentality for the transfer of money.

(2) Any other tangible thing, intangible thing, service, or the use thereof having an individual value of greater than \$50.

(3) Multiple tangible things, intangible things, services, or the use thereof having an individual value \$50 or less with an aggregate value greater than \$250 from any single source during any calendar year.

RSA 14-C:2, IV(b)

(b) Notwithstanding subparagraph (a), “gift” shall not include:***

(11) An honorarium.

RSA 14-C:2, V

V. “Honorarium” means a payment in any form to a legislator or legislative employee for an appearance, speech, written article or other document, service as a consultant or advisor, or participation in a discussion group or similar activities. Honorarium does not include a payment for such activities for which the person is being compensated by the state, a county, the United States of America, or any other employer or client, where the activity giving rise to the honorarium is not related to or associated with any legislative office or employment.

Committee Analysis

The Committee's review of the agendas for the conferences indicates that Representative Edwards is scheduled to give speeches at both events. "Honorarium" is defined as "a payment in any form to a legislator or legislative employee for an appearance, speech, written article or other document, service as a consultant or advisor, or participation in a discussion group or similar activities." (Emphasis supplied.)

Conclusion

Based on the information provided by Representative Edwards about her activities at the events, the Committee advises that her acceptance of the costs of admission, travel, and lodging, as payment for her speeches at the conferences would fall within the exemption established for "honorarium" set forth in RSA 14-C:2, IV(b)(11).

Representative Edwards must report her acceptance of the complimentary admission, travel, lodging, and meals as an honorarium in accordance with RSA 14-C:4.

We appreciate the opportunity to be of assistance.

For the Committee,
Donna Sytek, Chairman

[Vote: 7-0]

COMMITTEE OF CONFERENCE STATEMENTS

SENATE BILLS

CONSENT CALENDAR

SB 78, (New Title) relative to confidentiality of state tax records in state administrative or judicial proceedings. The original Senate language was amended to add an explicit paragraph that states: In any judicial proceeding under this chapter, all taxpayer records and related pleadings shall remain sealed and not disclosed to any non-party to the proceeding for any purpose unless required by law. The basis of this compromise amendment was the version of the bill as amended and passed by the House.

Rep. Patrick Abrami

SB 89, (New Title) relative to the relationship between a franchisor and a franchisee and relative to the use of drones. Everyone on the committee of conference was in strong support for original bill dealing with the relationship between franchisor and franchisees. The House amendment relatives to drones was added on our final day of action on all Senate bills. After much discussion about drones and a new amendment was proposed that seemed to continue to cloud the issue, all agreed that the drone amendment was not ready and the conferees agreed to the original bill.

Rep. John Hunt

SB 155, relative to implementation of the Medicaid managed care program. As amended, the bill addresses uncertainty about the direction of federal healthcare policy by delaying implementation of step two of the state's Medicaid managed care program, as well as remaining unimplemented provisions regarding nursing facility services and services provided under the choices for independence waiver, until July 1, 2019. The commissioner of DHHS is directed to re-procure contracts with vendors to administer the program with that anticipated program start date. In the interim, a collaborative, non-binding review of the NH partnership for long-term care plan will be conducted, and concluded, by July 1, 2018.

Rep. Frank Kotowski

REGULAR CALENDAR

SB 35, (Second New Title) relative to the guidelines of the legislative ethics committee. The Senate acceded to the House version of the bill with additional amendment. The amendment removes "public bodies" from the list of non-financial personal interests. The conferees felt that removing public bodies from the disclosure form was a necessary change because the public already knows who their town officials are and a member of a public body is already subject to right to know laws. If a member serves in the legislature and on a town board that does not mean that they have a greater interest in the town's welfare over an average member who doesn't also serve on a town board would. A legislator works to serve the best interests of their town whether they are a town official or not. The amendment also clarifies what triggers the requirement to file a declaration of intent and returns the language to what has been in place for over a decade. These changes do not strengthen or weaken the ethics rules, they simply clarify them.

Rep. Sherman Packard

SB 43, (New Title) relative to nonacademic surveys, questionnaires, or evaluations administered by a public school to its students. The House recedes from its position and concurs with the Senate version of the bill.

Rep. Glenn Cordelli

SB 44, (New Title) prohibiting the state from requiring implementation of common core standards and relative to the amendment or approval of academic standards. The Senate concurs with the House position prohibiting the state from requiring implementation of common core standards and relative to approval of academic standards. If the local school board elects not to implement the common core standards or the common core state standards adopted by the state board pursuant to RSA 541-A, the local school board shall determine, approve and implement alternative academic standards. The bill further provides that the state board shall not amend any existing standards and shall not approve any new standards without prior review and recommendation of the legislative oversight committee.

Rep. Rick Ladd

SB 60, relative to chemical analyses of controlled drugs. The House and Senate conferees agreed to the House position with an additional amendment which establishes a class B felony for knowingly making a false entry in a certificate of the results of chemical analyses of controlled drugs.

Rep. Joseph Hagan

SB 121, establishing a commission to determine if the department of environmental services should request delegation of the National Pollutant Discharge Elimination System from the Environmental Protection Agency. The Senate acceded to the House's amended version of the bill which made minor changes to the membership of the study commission and enlarged the topic of the study to include possible delegation of the entire National Pollutant Discharge Elimination System to the state.

Rep. Linda Gould

SB 134, (New Title) relative to electronic tolling at certain tolling facilities and relative to optional anonymous transponders. This bill originally authorized NHDOT to implement electronic at three locations if they determined that it was financially feasible. The House objected to green lighting projects without further review, or defining "financially feasible." Further, the town of Hooksett raised objections to being included as one of the locations. The new amendment removes Hooksett, and requires approval of the Governor and the General Court before any electronic tolling on the remaining two projects is implemented.

Rep. Steven Smith

SB 191-FN, (Second New Title) establishing keno and relative to funding for kindergarten. The agreement reached by the conferees on this bill includes an additional \$1100 per kindergarten student in FY 19. All of the money from Keno will go to the education trust fund. A district which has or implements full-day kindergarten will receive this grant. The grant applies to both the public schools and the public charter schools. In the first year that a school district starts full-day kindergarten, the superintendent will certify at the beginning of the school year the enrollment in full-day kindergarten, and will be provided the grant. In subsequent years average daily membership (ADM), which is the current way we fund K-12 for public schools, will be used to determine the grant amount. At their parent's option, students shall be permitted to attend kindergarten for a half day. In FY 20 and beyond, the amount of revenue raised by Keno will be the source of funds for full-day kindergarten. If Keno revenues provide sufficient dollars for full adequacy payments for kindergarten, it will be dispersed. If Keno revenue falls short of providing for full adequacy payments then the grant to the school districts shall be prorated proportionally. The prorated portion shall not be less than \$1100.

Rep. Karen Umberger

HOUSE BILLS CONSENT CALENDAR

HB 131, relative to the costs for notice of changes in a zoning district. This bill addresses petitioned warrant articles dealing with zoning changes. Specifically, it addresses who pays for the notices and the consequences of non-payment under certain conditions. Under certain circumstances, the petitioners were responsible for paying the cost of notice. If the costs were the responsibility of the petitioners and were not paid, the governing body had the power to deny the petition for submission. This would not have allowed the Governing body to decide the petitioned article should go forward even if notice had not been paid. The compromise changed the wording of the bill from: "in their discretion, decline to accept the petition for submission" to the new wording of "in their discretion, decide to accept or decline the petition for submission."

Rep. James Belanger

HB 161-FN, (New Title) relative to beverage sales at farmers' markets and relative to liquor commission sales. The Senate amendment changed an obscure liquor law created to give the liquor commission authority to "sanction" licensees. The conferees felt that regulation included too many licensees and the commissioner

was only concerned with the “direct shippers license.” The amendment narrows the expansion sanctioning anything to only direct shippers along with the current law which already included liquor and wine representatives and vendors.

Rep. John Hunt

HB 164, (New Title) relative to poker in private residences and relative to limits on wagers in charitable games of chance. The House concurs with the Senate amendment to the bill as their language better describes the intent of the House, namely that no compensation goes to the private residence for hosting the game and limiting the size of the game to no more than ten players.

Rep. Bill Ohm

HB 215, an act establishing a commission to study the legalization, regulation, and taxation of marijuana. Both the House and the Senate version of the bill agreed to a commission on the legalization of marijuana. The House version called for 22 members and the Senate version called for 15 members. The conference committee amended the membership to 17. The prominent changes are: the House requested five members and the Senate reduced that to three members. The amendment places House membership on the commission at four; the House agreed to eliminating membership from the NH Civil Liberties Union, the Marijuana Policy Project, and the NH Farm Bureau as well as agreed to add the banking commissioner or designee; the senate agreed to keep membership from the New Hampshire Bar Association and the NH Medical Association as well as eliminate the chief justice of the NH superior court or designee. The House also agreed to reduce membership from the public from three to one; the House also agreed that the meeting quorum requirement be reduced from ten to eight as well as the repeal date be changed from July 1, 2018 to November 2, 2018.

Rep. Patrick Abrami

HB 237, (New Title) establishing a committee to study helmet and restraint laws for youth operators and passengers of OHRVs and snowmobiles, and relative to a trail connector in the town of Henniker. The Senate amendment addresses a recent situation with a landowner which has caused the trail system to become disconnected. The original amendment contained language that appeared to authorize Henniker to have public highway trail connectors. These are only authorized in Grafton and Coos counties. The new amendment clarifies that the trail be connected using land that is technically a right of way of state highway 114, but is not the traveled portion of the roadway. Further, if the abutting landowners ever revoke permission for OHRVs to use the portions of their land that make this connector viable, the authorization of the connector sunsets.

Rep. Steven Smith

HB 258, (New Title) relative to the submission and approval of subsurface sewage disposal system plans, relative to septic requirements in conversions to accessory dwellings, and authorizing certain septage and sludge land applications. The Senate added a provision that would place into statute existing administrative rules that require a homeowner to obtain from the Department of Environmental Services approval of a revised septic system design prior to installing an accessory dwelling unit (ADU). The revised system would not need to be installed unless the existing system had not been properly approved or the system fails or otherwise needs repair or replacement. The House conferees agreed to this provision, provided the word “only” was removed from it, to which the Senate agreed. Removal of the word allows a homeowner to voluntarily install the modified system and is intended to avoid infringing on the independent authority of municipalities to regulate septic systems, including those infringing on the independent authority of municipalities to regulate septic systems, including those related to ADUs. The Senate also used the bill to remove the temporary status of an existing statute and make permanent a grandfathering provision that allows the continued land application of septage and sludge near designated rivers, provided such application began before January 1, 1998 and all federal and state regulations are complied with. The House conferees saw no problem with this.

Rep. John Mullen

HB 315, (New Title) relative to persons who may accompany a youth operator of an OHRV. This bill was designed to address outdated statutes regarding safety and financial responsibility for youth operators of OHRV. The original bill proposed raising the age of a supervising rider to 25. The Senate amended this back to 21, which does not solve the conflict with the motor vehicle code where an OHRV is operated on the traveled portion of a public highway. The new amendment raises the age on the traveled portion of a public highway to 25 to better align with RSA 263, and leaves the dirt trails as is for now.

Rep. Steven Smith

HB 319, (Second New Title) limiting 20-day registration plates, relative to the suspension of a driver’s license, and relative to salvage certificates of titles for motor vehicles. The Senate amendment, although not related to the original bill, addressed the same topic which is registrations and titles. The Senate helps in situations where a car has been abandoned and the new owner cannot obtain a title due to lack of cooperation of the previous owner. After a thorough vetting, the House has no issue with this amendment.

Rep. Steven Smith

HB 340, (New Title) establishing the lakeshore redevelopment planning commission. The Senate amended the bill to establish a redevelopment planning commission relative to the former Laconia state school property and its development along the lines of the Pease Development Authority. The Public Works Committee and members of Finance were in general agreement with the Senate proposal but asked for a few changes. The changes offered by the House conferees allow one member of the commission to be appointed by the mayor and city council of Laconia; any compensation established by the commission is subject to Fiscal Committee approval; and a semiannual report by the commission shall be made to the Capital Budget Overview Committee. The Senate conferees endorsed the changes and the House conferees eagerly approve as a way to finally move forward with positive action regarding the future use of the state school property that will benefit the region and the state.

Rep. Gene Chandler

HB 364, relative to accidents involving youth operators of motor vehicles. This bill provides a new category of suspension for cases where a youth operator was violating conditions of being a youth operator, and was involved in an accident in which death or serious injury occurred. The Senate injected the qualifier of having to prove the operator actually caused the accident. This was contrary to the original purpose of the bill. Upon further review, the Senate amendment was an attempt to insure that only the youth operator could be summoned to a suspension hearing, as opposed to a passenger in the vehicle. The new amendment accomplishes that goal while retaining the original intent of the bill.

Rep. Steven Smith

HB 371-L, relative to bond requirements for public works contracts. Any projects over \$35,000 required bonding the project. The House position was a \$75,000 limit on state projects and no limit for municipalities. The House did not feel that the state should be dictating whether or not a municipality should require a bond. At the first meeting the Senate would not budge from their position, so the House felt the issue was dead. In an effort to reach a compromise, the House reconvened the committee of conference and offered a \$150,000 limit for municipalities and \$100,000 for the state. This did not meet everyone's approval, but a \$125,000 limit for the municipalities and \$75,000 for the state was agreed to.

Rep. Gene Chandler

HB 575-FN, relative to the certification of acupuncture detoxification specialists. The differences between the House Bill and amended Senate version revolved around the definition and application of supervision regarding these specialists. The Senate receded from their position and agreed to adopt the version passed by the House.

Rep. Peter Hansen

HB 580-FN-A, (Second New Title) relative to fantasy sports contests. The conferees agreed to accede to the Senate version that removes the special tax and fees. The House presented additional language to add back the original bill's consumer protections and registration requirements and that was agreed to by the Senate.

Rep. Gary Azarian

HB 654-FN, (Second New Title) establishing a committee to study the regulation and taxation of vacation rentals and short-term rentals, and relative to examinations of vacation and short-term rentals. The issue the amendment addresses was that some cities and towns are using RSA 48-A, "uninhabitable" housing to regulate vacation rentals which clearly is or was not appropriate. The amendment simply states that RSA 48-A cannot be used to regulate vacation rentals. Everyone agrees that cities and towns are free to regulate vacation rentals under RSA 674, planning and zoning; but RSA 48-A is absolutely not appropriate.

Rep. John Hunt

REGULAR CALENDAR

HB 144, (New Title) making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2018 and June 30, 2019. This bill is the state's budget for the next two fiscal years. The committee of conference believes it achieves two important objectives: it meets the state's responsibilities to provide important public services at responsible levels to its citizens, and it further reduces business taxes and repeals an electricity tax, providing encouragement for businesses to start and grow here and offer the state's citizens an increasing number of good jobs. The budget is balanced using estimated revenues proposed by the chairman of the House Committee on Ways and Means. In FY 18, it authorizes spending of \$5.82 billion in total funds, up 2.9% from FY17. In FY19 It authorizes spending of \$5.90 billion in total funds, up 1.3% from FY18. Over the biennium, this totals \$11.72 billion. These amounts are lower than in the budgets proposed by the governor, the House Finance Committee and the Senate. The "rainy day" fund is increased to \$100 million from its current \$93 million level. This should reassure investors, help sustain the state's relatively high bond rating and keep its interest costs low, while providing a financial cushion for hard times in the future. Some highlights of the budget: Charter schools will receive an additional \$375 per

student by the end of the biennium. The budget deposits an additional \$6.9 into the newly established public school infrastructure fund. The House dual-and-concurrent enrollment program for high school students is funded, as is a robotics education development program. Ten million dollars is provided for the governor's scholarship program. Health and human services receives more funding in this budget than in any prior one: \$4.8 billion, up from the \$4.4 billion in the current budget. Of this amount, \$1.43 billion represents state general funds, up from the \$1.26 billion in the current budget. This includes \$1.45 billion for Medicaid managed care. Significant support is being provided for mentally ill individuals. The budget provides funding for 20 additional beds in designated receiving facilities and in communities plus 40 additional transitional step down beds in order to reduce unreasonably long waiting times experienced by mentally ill individuals. Funding an additional mobile crisis team will provide further community support for this population. Services for the developmentally disabled are increased by \$57 million to \$510 million. Following the governor's lead, \$10 million is appropriated for a 5% wage increase for direct care service workers who did not get a wage increase in this biennium. County and private nursing homes will see an increase in the rates paid for their Medicaid patients as the result of an \$5.9 million increase in appropriations over the Governor's recommended level. Funding is provided for 20 additional child protective services workers to fulfill the recommendations of a recent independent assessor's report. Some \$8.7 million is provided for more appropriate community placements for non-violent delinquent children who are not a danger to themselves or others and for placements in the Sununu Youth Services Center at a cost of \$6 million for the smaller number of violent delinquent children who must separate from the community. These changes save \$1.3 million in general funds. A new privately operated facility to provide substance abuse treatment for juveniles will be developed in the unused portion of the Center. Funding for substance abuse prevention and treatment under the Bureau of Drug and Alcohol Services is increased by 59.8%, from \$35.6 million in the current biennium to \$56.9 in the next to help deal with the steady increase in the number individuals affected. The portion of liquor profits dedicated to the Governor's Commission is increased from 1.7% to 3.4%. Domestic violence crisis centers will see a 33% increase in their appropriations. The budget provides for 5 new trooper positions, with the possibility of an additional 5 if justified. This is in addition to the 5 troopers authorized in SB131 for drug interdiction. The Fish and Game Fund will receive an infusion of \$1.5 million from the general fund, an increase over the current biennium. The general fund appropriation for health insurance for retired state employees increases by \$14 million to \$80.8 million; retirees under 65 will pay 20% of their insurance premiums, retirees between 65 and 68 will pay 10% of their premium cost, and retirees over 68 will not share in that cost. The rooms and meals distribution to municipalities will increase by \$5 million to \$137.6 million over the biennium. An additional circuit court judge is funded, and \$6.9 million is available for county drug court grants. \$25,000 is provided each year for National Guard scholarships. The Internet Crimes Against Children Task Force will receive \$250,000 in each year of the biennium. Two new positions to investigate and enforce election and lobby laws are created and funded. Over 50 new positions are funded to staff the new women's prison in Concord, which is expected to open by the end of this year. Three new probation and parole officer positions will address high caseload rates. Funding is provided for two new departments, the Department of Business and Economic Affairs and the Department of Natural and Cultural Resources. An additional \$1 million is provided to open and increase hours of operation at the state's highway rest and welcome areas.

Rep. Neal Kurk

HB 517, (New Title) relative to state fees, funds, revenues, and expenditures. This bill, known as the "trailer bill," contains the statutory provisions necessary to implement the provisions of the state budget (HB 144 this year). Key provisions include: the criteria for infrastructure fund grants; the dual-and-concurrent enrollment program; the robotics development program; criteria by which the governor's scholarship program will operate; statutory changes involving community and Sununu Center placement of delinquent children, plus authorization of and funding for the new juvenile substance abuse treatment facility; limitations on executive agency and other budgetary transfer authority; at the governor's suggestion, the elimination of the Department of Resources and Economic Development and its replacement by the Department of Business Affairs and the Department of National and Cultural Resources; changes in the share of health insurance premiums paid by retired state employees; allowing the transfer of cats with feline leukemia or feline immunodeficiency virus; limitations on the award of contracts to provide reproductive health services and the use of state funds to provide abortions; requiring a participant in the state's expanded Medicaid program to engage in work or work-related activities; reducing the rates of the business enterprise tax and the business profits tax; repeal of the electricity consumption tax; increasing the amount of equipment depreciation allowed under the business profits tax; acquisition and use of scanners at state correction facilities; authorizing mobile lottery ticket sales.

Rep. Neal Kurk

HB 25-FN-A, making appropriations for capital improvements. The 2017 version of the state's capital budget represents a variety of capital projects over a spectrum of state agencies from new court facilities; information technology projects; state park improvements; and state prison upgrades. The committee tried to take advantage of federal and other matching funds to develop a proposal which will provide much

needed projects, improvements and jobs throughout New Hampshire. It is imperative that we maintain our state owned buildings, and this proposed capital budget continues the commitment of the Public Works and Highways Committee to do just that. The Senate acceded to the House position on restoring funding for the painting and repairs of the Representatives Hall ceiling for \$655,000; State Archives addition for \$4,850,000; and the design for state police specialty vehicle storage for \$300,000. The Senate amount for the affordable housing fund was reduced to \$2,500,000. To fund the aforementioned projects, the renovation of the Rochester CTE center appropriation was reduced by \$4 million with a footnote added that the remaining funding will receive priority in the next capital budget. The less significant adjustments were made to the Department of Environmental Services, DRED, Information Technology, Rail and Public Transit to keep the final appropriation at \$125,094,355 as passed by the House on April 5, 2017.

Rep. Mark McConkey

HB 247, relative to retention of voter registration forms. As originally proposed, this bill was intended to ensure that voting records which contain confidential information would be stored in a secure place. The Senate version maintained this intent and added a new section of law explicitly addressing record storage. The House conferees were concerned that some municipalities would have problems with the specific language in the storage and access requirements of this new provision, and some changes made by the House in the original version had been deemed no longer necessary. As a result, the conferees agreed on a revised provision that requires records to be kept in a secure location under the direction of the clerk, who is ultimately responsible for maintaining them; additionally, records must also be readily accessible to the supervisors so they can perform their duties.

Rep. Barbara Griffin

HB 420-FN, relative to ignition interlock requirements in manslaughter cases involving alcohol. The House and Senate agreed to the Senate version of the bill and to a new amendment which corrects a statutory conflict in section 1 of this bill and in HB 448. The two bills together have to deal with technical aspects of the statutes.

Rep. Frank Sapareto

HB 448, relative to certain ignition interlock violations. The House and Senate agreed to the Senate version of the bill and to a new amendment which corrects a statutory conflict in section 1 of this bill and in HB 420. The two bills together have to deal with technical aspects of the statutes.

Rep. Frank Sapareto

HB 556, (New Title) requiring schools to post the state telephone numbers to report child abuse and relative to criminal history records checks of school employees and volunteers. The House conferees agreed to the Senate position with further amendment. The conference report requires that school districts, charter schools, or public academies shall develop a policy including language stating that a person having been convicted of a felony shall not be hired. The amendment further clarifies the need that an individual convicted of a misdemeanor may not be hired. Further, the amendment provides that the governing body of the institution of higher education may adopt a policy relative to the frequency of how often a student teacher may be subject to another criminal records check. This bill, as amended, better ensures that our students are not placed under the supervision of those who may have plea-bargained a felony to a lesser misdemeanor.

Rep. Rick Ladd

HB 620, (Second New Title) relative to compliance with state and federal education mandates and relative to school accreditation for the 2017-2018 school year. The House conferees agreed to the Senate position with further amendment. The amending language stated that proposed regulations or rules designed to implement federal law may exceed the minimum requirements of federal law only if the proposed regulation of rules does not impose or necessitate unreimbursed expenditures of administrative burdens on the local school district.

Rep. Rick Ladd

COMMITTEE OF CONFERENCE REPORTS NOT SIGNED OFF SENATE BILLS

SB 74-FN, relative to economic revitalization zone tax credits. This bill requires a taxpayer applying for economic revitalization zone tax credits to provide written certification to the commissioner of resources and economic development that it has expanded the commercial or industrial base in a designated economic revitalization zone and created new jobs in the state. The bill requires the commissioner to certify each application for an economic revitalization zone tax credit. The bill also increases the limit on total economic revitalization zone tax credits which may be issued by the commissioner. The conferees were unable to agree; the Senate could not accept the changes made by the House to increase the limit on total tax credits which may be issued by the commissioner.

Rep. Norman Major

HOUSE BILLS

HB 84, (Second New Title) relative to having a loaded firearm in a motorhome, and relative to having or carrying a loaded rifle or shotgun in a motor vehicle. The House and Senate were unable to reach a compromise with regards to the Senate amendments that were added. Attempts were made to make some accommodation, but all were diametrically opposed to the House position, and the conferees were unable to reach agreement.

Rep. Gene Chandler

HB 228, relative to transportation of alcoholic beverages by a minor. This bill sought to ease restrictions on the transportation of alcohol by a minor. The version passed by the House was a compromise which balanced the needs of families and concerns regarding limiting minors' access to alcoholic beverages. The Senate was unwilling to accede to the House restriction on the age of the sibling accompanying the minor driver, nor were the Senate conferees willing to remove the word 'sibling' from the bill entirely. Having exhausted the avenues for compromise, the House and Senate conferees agreed their differences could not be resolved at this time.

Rep. Shannon Chandley

HB 463-FN, (New Title) regulating groundwater pollution caused by polluting emissions in the air and relative to standards for emerging contaminants in drinking water. HB463 as passed by the House gave DES authority to regulate air emitting devices that contaminated groundwater. The Senate amendment had its genesis in HB485 which was retained by the House, and essentially was seen as an attempt to move a bill forward that was not yet ready. There was unanimous agreement that clean water and public health were priorities. We all agreed that the original HB 463 was important in that quest. However the amendment did not move us forward, but complicated issues that had already been dealt with by the Department of Environmental Services. The amendment was opposed by both municipalities and water professionals such as NH Water Works, the NH Water Pollution Control Association and the Granite State Rural Water Association. Significantly, it was opposed by the Town of Merrimack, at the core of the PFOA contamination issues. Their concerns were centered on mandated timelines, and giving more time for evaluation before setting new standards. They favored using established and effective protocols. It was agreed that DES had been able to, and did, respond quickly and effectively with the initial disclosure of PFC contaminants in our state. The House conferees believe that the amendment pushes DES without the usual standard of legislative guidance for rulemaking, and that JLCAR oversight in the face of mandated rulemaking would lead to unanticipated consequences. Mandated rulemaking is certainly different from giving rule making authority as we normally do. The House conferees also noted that there is no "back loop" to the USEPA. That is, if NH wants to implement standards that are significantly stricter than the EPA position, a check and balance to benefit other states would be a reasonable caveat. Finding that the proposed amendment needs more thorough review, which can be accomplished within the original retained bill, the House conferees would not accede to the Senate position.

Rep. Chris Christensen

HB 527, (New Title) relative to confidentiality of forms and rates and relative to the length of docks on a water body, water body size. Due to the Senate "docks" amendment, the bill died.

Rep. John Hunt

BILLS LAID ON TABLE

CACR 2, relating to natural rights of children. Providing that children have a natural right to be protected by their parents. (Pending Question: Inexpedient To Legislate)

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2018 and June 30, 2019. (Pending Question: Ought To Pass)

SB 2, SB 18, SB 30, SB 38, SB 54, SB 56, SB 57, SB 66, SB 88, SB 131, SB 133, SB 135, SB 144, SB 197, SB 205, SB 206, SB 234, SB 247.

Paul C. Smith, Clerk of the House

MEMBERS' NOTICES

The following notices are published in the House Record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or legislative social activities and political meetings or events. Publication should not be construed as support for either the events listed or the views espoused by the individual or organization sponsoring the event.

The Legislative Youth Advisory Council is looking for recommendations of students aged 15 to 22 who would be interested in serving on the council. Created in 2006, LYAC is a statutory committee which serves as a link between young people and New Hampshire government, and advises the legislature on issues of concern to youth. Please forward any recommendations to Rep. Marjorie Porter NHLegislativeYouth@gmail.com.

Reps. Marjorie Porter and Carolyn Gargas

The Children's Caucus will meet **Wednesday, June 21st at 10:00 a.m.** in Room 206, LOB, to discuss legislative initiatives for next year. The Caucus is open to all members of the legislature.

Rep. Skip Berrien

There will be a hot breakfast in the state house dining room on **Thursday, June 22nd from 7:00 a.m. to 9:00 a.m.**, sponsored by Elizabeth's Kitchen and the NH Services for the Blind and Visually Impaired. We would like to invite everyone to enjoy breakfast and thank everyone for another great season.

Rep. Dick Hinch

The NH-Canadian Trade Council will host the Canadian Consul General for New England at its regular meeting scheduled for **June 23rd at 1:00 p.m.** in Room 100, SH. The focus of the presentation will be the renegotiation of the North American Free Trade Treaty (NAFTA) between the US and Canada. All interested members of the House are invited.

Rep. Raymond Gagnon

There will be a meeting of the E-Poll working group on **Monday, June 26th at 10:00 a.m.** in Room 308, LOB.

Rep. Barbara Griffin

On **Friday, June 30th at 10:00 a.m.**, the memorial in front of the NH State Library to Governor John Winant will be dedicated. Governor Winant was New Hampshire's first three-term governor. A lifelong republican, he was appointed in 1935 by President Franklin Roosevelt, a democrat, to be the first director of the Social Security Administration. In 1941, President Roosevelt appointed him to be the US Ambassador to England. He served in that position until the end of WWII. He died at his Concord home in 1947. Please join us in honoring this remarkable NH citizen.

Rep. Stephen Shurtleff

It's not too late to purchase a raffle ticket to support the Order of Women Legislators. The funds help give scholarships to individuals going back to school, flowers on the LOB lawn to support and acknowledge law enforcement, mentorship programs for females, etc. One ticket is \$10, 3 for \$25. Winners will be announced at the end of the session, June 22nd. Prizes are an Owl Pin, an Amazon Echo, and a Fitbit type watch.

Rep. Caroletta C. Alicea

STATE HOUSE VISITATION SCHEDULE

As a convenience to the members of the NH General Court, the Visitors' Center offers the following schedule of schools and other groups visiting the State House in 2017. These listings are to ensure all members be notified in a timely manner of visitors from their district. Our schedule is tightly booked for the school year and subject to changes. Note that large groups are divided into smaller groups for tours.

Please contact the Visitor Center concerning school tour booking information. Legislators planning to meet with students should notify the Visitor Center. Thank you for your continued participation with your School Visitation Program.

Virginia J. Drew, Director
Deborah Rivers, Public Information Administrator
