HOUSE CALENDAR

MEMBERS OF THE HOUSE:

The House will meet in session on **Thursday, September 13, 2018, at 11:00 a.m.** to act on Governor Sununu's vetoes of House Bills 143, 314, and 1736. The Governor's veto messages on these bills are printed below in this Calendar.

With several national conferences and other events taking place throughout the summer and fall, please remember that SB 343 from the 2018 session (relative to legislative ethics guidelines) will take effect August 24th. This legislation removes the restriction of having to file an Honorarium or Expense Reimbursement Report (RSA 14-C) with the Secretary of State if members, staff or legislative officers are reimbursed by the General Court for expenses with a value greater than \$50. However, if you are (or have been) reimbursed by the General Court for expenses incurred prior to August 24th, you will need to file a report because the current law will still be in effect. Reimbursement or stipends received from an organization such as NCSL or CSG will also need to be reported, as the new law has not changed that requirement. (Please note that these reporting requirements do not apply to your legislative mileage to and from Concord.) If you have any questions on ethics filings or the new law, please feel free to contact Rich Lambert, Executive Administrator of the Legislative Ethics Committee, at richard.lambert@leg.state.nh.us or at 271-3435.

As we continue the summer policy on legislative mileage, please keep in mind that reimbursement to and from Concord will not be paid until the week of August 27th, unless special circumstances arise and preauthorization is granted, or if you are a member of an ongoing statutory committee that meets regularly. Thank you again for your understanding and cooperation as we work around ongoing maintenance projects in the State House and Legislative Office Building.

Lastly, while we continue to mourn the passing of Representative Bob Walsh, we are grateful for his service to the state and his contributions as a member of the Finance Committee. Bob served a total of four terms beginning in 2009. Coming back for three more terms in 2013, Bob moved from Ways and Means to the Finance Committee where he remained until his passing. He will be greatly missed by his Finance colleagues as well as his Manchester constituents whom he served so proudly for eight years. We extend our deepest condolences to Bob's wife Marcia, their family and many friends.

Gene G. Chandler, Speaker

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 143

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on March 30th, 2018, I have vetoed House Bill 143, relative to recommitment of a prisoner by the Parole Board.

Current law provides that when a prisoner who is out on parole has their parole revoked, that prisoner must be recommitted for at least 90 days. RSA 651-A:19, VII allows the Parole Board to impose a term of recommitment of less than 90 days under certain conditions, including situations where the Parole Board determines that a lesser period of recommitment will aid in the rehabilitation of the parolee. House Bill 143 would expand these conditions by allowing the Parole Board to impose a recommitment period of less than 90 days for a prisoner who enters and successfully completes a residential substance abuse treatment program deemed acceptable by the Board.

While based on good intentions, this bill will have concerning consequences. It does not distinguish between individuals who have committed a crime related to substance abuse and those who have committed an unrelated crime. The bill also does not require the Parole Board to determine that a shorter recommitment period is necessary to assist a prisoner with their recovery efforts.

I fully support efforts to reduce recidivism among those suffering from substance abuse disorders by ensuring that such individuals have access to treatment. However, current law already gives the Parole Board the option of imposing shorter recommitment periods if they determine it will aid in the parolee's rehabilitation. Importantly, those who are incarcerated have access to many of the same treatment programs as those who are not.

It is concerning that there is strong opposition to this bill by law enforcement and at the same time, there are members of the recovery community who still have questions about its impacts. This only reinforces the conclusion that more due diligence is needed before we change current law.

For the reasons stated above, I have vetoed House Bill 143.

Respectfully submitted,
Christopher T. Sununu Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 314

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 2nd, 2018, I have vetoed House Bill HB 314, relative to licensing requirements for autonomous vehicle testing and establishing an automated and connected vehicle testing and deployment commission.

While well-intentioned, House Bill 314 fails to address a number of issues related to automated vehicle technology. The bill only addresses "SAE level 5 full automation technology", which represents just a small portion of the testing being conducted on public roadways. The bill fails to address level 3 or level 4 technology, which are equivalent to those being tested in a fatal Arizona accident this past March. This bill would allow for testing of any technology below level 5 without testers having to obtain a license or even notify the state, a lack of oversight which is not acceptable here in New Hampshire. This issue is just too serious to allow a bill to give the appearance of responsible oversight, when in fact little would change on the ground. In addition, there are no clear definitions as to what is and is not an "autonomous vehicle," creating loopholes which may compromise the safety of drivers in this state.

House Bill 314 is a flawed bill that does not adequately account for public safety. This legislation may attract less responsible actors to New Hampshire to develop autonomous vehicle technology and could result in a more dangerous testing environment on New Hampshire's roads. I hope that the House and Senate will work together next session to pass a bill that will encourage development of autonomous vehicle technologies while ensuring the safety of our citizens. By only addressing level 5 technology, House Bill 314 failed on both accounts.

For the reasons stated above, I have vetoed House Bill 314.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1736

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 29th, 2018, I have vetoed House Bill 1736, relative to increasing the threshold required for governor and council approval of expenditures from the dam maintenance fund.

Under current law, governor and council approval is required for all expenditures from the dam maintenance fund that are made for repair projects. RSA 482:54, VI currently defines repair as "performance of intermediate amounts of work on a portion of a structure or associated property on an occasional basis with costs not exceeding \$75,000." House Bill 1736 would amend the definition of repair so that it only includes work with a cost in excess of \$150,000, thus increasing the threshold for governor and council approval from \$75,000 to \$150,000.

The governor and council, the only popularly elected executive branch officials, play a key role in overseeing the fiscal management of the executive branch and expenditure of taxpayer dollars. Because increasing the threshold for governor and council approval directly affects the governor and council's ability to discharge their fiscal management and oversight duties delegated by Part II, Article 56 of the New Hampshire Constitution, I am concerned that councilors were not consulted as this bill went through the legislative process. In addition, I have seen no compelling evidence that the current thresholds, and the need to seek governor and council approval, has created any administrative difficulties for the department of environmental services. New Hampshire's proud tradition of careful fiscal management counsels against reducing popularly elected officials' oversight of expenditures of taxpayer dollars absent a compelling justification.

For the reasons stated above, I have vetoed House Bill 1736.

Respectfully submitted,
Christopher T. Sununu, Governor
