HOUSE CALENDAR

MEMBERS OF THE HOUSE:

In an effort to minimize risks of exposure, staff will be working varied schedules as well as remotely. Since the State House Complex will not be open to the public, if you need to work with anyone, please call or email them. If you must meet in person, you will have to make an appointment; do not assume the staff person you need will be in the office. Also, please notify Security at 271-3321 if you wish to enter any of the State House buildings. If you are unsure of how to reach someone, we are including a boxed notice below with the department phone numbers for your reference.

As a reminder, we will be returning to our longstanding practice of not paying mileage during the summer. This year, from July 1st through August 17th there will be NO mileage paid without prior approval from the Speaker's Office.

Please note that the House Calendar will continue to be digital only and will be on the summer schedule of every other week.

Lastly, I hope you all are able to take some time to enjoy the summer months.

Stephen J. Shurtleff, Speaker of the House

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 250

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 28th, 2020, I have vetoed House Bill 250.

While I support the concept of adding an adult dental benefit to our state's Medicaid health insurance offerings in the future, I cannot support this bill at this time. As the State of New Hampshire is facing historic revenue shortfalls, there is a fiscal necessity to bring our budget into balance and live within the means of our new revenue base. Working with state agencies and the Legislature, we must begin the process of making the hard choices with our limited resources. I cannot support adding this \$11 million a year General Fund expense for a new service that would necessitate cutting \$11 million in existing services.

House Bill 4, which I signed into law in September, instructed the Department of Health and Human Services to prepare a plan to implement a benefit. It is my hope that we can build on the Department's work thus far and design an adult dental benefits service delivery model that is affordable and structurally sustainable. If so, we can implement a benefit at such a time as the state has the financial resources to do so in a responsible, cost-effective manner.

For the reasons stated above, I have vetoed House Bill 250.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 466

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 17, 2020, I have vetoed House Bill 466, relative to the capacity of electricity customer generators for eligibility for net energy metering.

As amended, this bill increases subsidies to a select few existing generators. These systems were already built and financed under the current net metering subsidies. Increasing the threshold for these subsidies after construction is complete is both wasteful and unnecessary. Because this new subsidy would be extended to new generators as well, the total costs to ratepayers would continue to escalate over time. In simple terms, it is a handout to those already profiting at the expense of ratepayers across New Hampshire, including those who can least afford to bear the costs of higher energy bills.

I am troubled to see that the legislature chose to move forward with this backwards net metering proposal while killing House Bill 1402. House Bill 1402 offered a real solution to cities and towns and the opportunity for expanded renewable energy in New Hampshire. Rather than pursuing compromise to help move clean energy forward, proponents of this bill chose to advocate for policy that is more interested in government subsidies than expanding renewables.

For the reasons stated above, I have vetoed House Bill 466.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 712

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 10, 2020, I have vetoed House Bill 712.

For the second time in as many years, the Democrats have put this legislation, which would establish a state income tax, on my desk. Proponents have dug deep into their thesauruses to engage in linguistic gymnastics to characterize the income tax contained in this program as something other than what everyone clearly recognizes it to be. Whether one chooses to characterize it as a "premium on wages" or a "payroll deduction," the reality remains that if it looks like an income tax, functions like an income tax, and takes more money out of the paychecks of hard working taxpayers like an income tax, then it is an income tax.

Paid family medical leave is important to me, which is why I have presented multiple plans to the Legislature. Unlike the Democrats legislation, my bills were:

- Voluntary, affordable, sustainable, and income tax free.
- Supported and endorsed by the NH Insurance Department and the NH Department of Employment Security.
- Amended to address concerns for a constructive resolution.

Sadly, Democratic leadership chose not to collaborate on a solution. When given a choice between paid family medical leave and an income tax, Democrats chose the income tax.

Rather than deliver an important opportunity for New Hampshire residents, the legislature has insisted on trying to once again to pass more taxes onto the citizens of our state. Neither I nor the people of New Hampshire will ever support an Income Tax.

For the reasons stated above, I have vetoed House Bill 712.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 731

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 24th, 2020, I have vetoed House Bill 731.

In case after case across the country, we have seen that artificial increases in the minimum wage have negative unintended consequences on the very workers that those policies are designed to support. Workers

often have reduced take-home pay as their hours are reduced or their jobs are eliminated. At the same time, prices to consumers become inflated as employers struggle to balance new government mandates. It is important to remember that a law can force an employer to pay a minimum wage but it cannot force an employer to hire or retain a worker at that wage, or to continue offering the same number of hours to that worker.

This problem is only exacerbated by the economic situation caused by COVID-19. Now is exactly the wrong time to pursue policies that will reduce the chances of Granite Staters being able to get back to work and that will further hinder our employers who are already struggling in this global pandemic. This bill would have meant fewer jobs and fewer available hours for our workers who are unemployed or underemployed. It would mean our employers who are fighting for survival would have one more burden placed on their backs as they try to recover.

In our current economic environment, the greatest burden would fall squarely on entry level workers, who need job skills to advance in their careers. Raising the minimum wage would create a barrier for these new workers, as well as those re-entering the job market from the criminal justice system at a time when unemployment remains high. That is an unfair burden that no one should place on these individuals.

New Hampshire's economy will bounce back by following the formula of success we have pursued over the last 3 years: increase opportunities for our employers and workers while removing barriers that stifle our growth. We must support the New Hampshire Advantage that helped us have among the lowest poverty, unemployment rates, and highest wages in the country prior to COVID-19.

For the reasons stated above, I have vetoed House Bill 731.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1166

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 17th, 2020, I have vetoed House Bill 1166.

This legislation contains three major problems that would result in drastic consequences for New Hampshire. These problems prompted three different state agencies, the Department of Employment Security, the Department of Labor and the Department of Insurance to raise strong concerns with this bill. Ultimately, this legislation would undermine the state's effort to recover from the pandemic and would significantly harm employers by subjecting them to higher unemployment taxes if this bill were to become law.

First, the bill contains several provisions that are blatant violations of federal law. Under this legislation, any individual filing for unemployment in New Hampshire for a COVID-19 related reason would no longer qualify for the current federal \$600 supplemental weekly payment and any additional extensions of enhanced unemployment benefits. This payment is currently scheduled to continue through the end of this month, but may be extended by future federal legislation.

Additionally, this legislation would make New Hampshire the only state in the nation to be ineligible for Federal unemployment funding from the Pandemic Unemployment Assistance (PUA) program under the CARES Act. Currently, Granite Staters who are temporarily unemployed as a result of COVID-19 are paid federal benefits through the CARES Act. By making all of these people eligible under state law, New Hampshire citizens would lose federal eligibility.

House Bill 1166 would also permanently waive eligibility requirements for people filing for a COVID-19 reason. USDOL warned states against doing this in written program guidance. Taking these types of actions would cause New Hampshire to be out of compliance with federal law. The consequences are that New Hampshire will lose over \$30 million in federal funding.

Were this not enough, the bill seeks to waive requirements for individuals to repay benefits they should not have received and were at fault in creating. This too would be a violation of federal requirements. This could result in putting that state at higher risk of fraud and abuse. Combined, the results of these changes in benefits would have to be paid for by New Hampshire employers, all of whom are themselves working to recover from COVID-19 at the cost of over \$200 million per year. That is a huge new tax increase, particularly on small businesses, for all the wrong reasons.

According to the Commissioner of Insurance, another major problem with this legislation is that it contains provisions that could lead to potential insurance abuse. The legislation will expose New Hampshire premium payers to unscrupulous out-of-state health care providers who will take advantage of the requirement for New Hampshire companies to pay their provider fees, regardless of how excessive. This is similar to some of the abuses the state saw in worker compensation before the state modified those provisions in law in 2015. This bill takes us backwards.

Finally, the introduction of Family Medical Leave Act (FMLA) coverage to the State's small employers would add costs and constraints to those operations where and when they are least needed and at a time when our state's small businesses are often fighting a battle for survival. It should also be noted that the FMLA pro-

vides federal protections that fall outside the bounds of state authority, which would confound enforcement and regulatory efforts. Additionally, the exceptions offered to such employer obligations are unclear, which would make administration of this burdensome to all.

To be frank, this a terribly written and poorly thought out bill that puts New Hampshire citizens at risk by violating federal requirements. Our job is to open doors of opportunity in times of need, not cut off federal support when families are struggling.

For the reasons stated above, I have vetoed House Bill 1166.

Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1234

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 28, 2020, I have vetoed House Bill 1234.

While I understand the unusual and unprecedented circumstances created by the COVID-19 pandemic, it is extremely unfortunate that the legislature decided to manage their workload by merging nearly 40 previously separate pieces of legislation into this one 77 page omnibus bill. I am concerned that significant portions of this legislation have not had a chance to go through the public hearing process in the House of Representatives. Finally, most of the bills in the omnibus amendment do not relate to one another, making it more perplexing that they would send all of these proposals in a single package.

Despite the pandemic, it is important to remember that this bill is the byproduct of House leadership's unwillingness to work with the entire body to develop a plan to move forward with its session. Had they worked across the aisle as promised, omnibus bills like this one would have been able to be properly vetted. It is imperative for bills to go through the proper public hearing process and be given fair scrutiny by the individuals and stakeholders they affect.

For the reasons stated above, I have vetoed House Bill 1234.

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1246

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 17th, 2020, I have vetoed House Bill 1246.

Although this bill is well intended, it is redundant. It aims to create new programs and spend CARES Act funds in areas where the state has already identified concerns and designed programs and devoted significantly more resources. While this legislation would be appropriate in non-emergency situations, instances like COVID-19 are precisely why the legislature created RSA 4:45 and 21-P:43, so that the flow of resources in an emergency would not be hampered by moving a bill through the legislature.

This bill allocates \$25 million in CARES Act money to create a fund designed to assist long term care facilities. However, my administration has already acted to allocate \$100 million to the Healthcare System Relief Fund and earmarked \$30 million specifically for long term care providers. Additionally, we created the Long Term Care Stabilization Program to stabilize and incentivize our front line health care workforce with weekly stipends.

This bill would also appropriate \$10 million in CARES Act funds for child care. However, we have already used CARES Act funds created the NH Child Care Recovery and Stabilization Program and allocated \$25 million to provide emergency financial support to Child Care Programs.

Further, this bill has a number of provisions that are replicated in other pieces of pending legislation or that have already become law.

For the reasons stated above, I have vetoed House Bill 1246.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1247

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 10, 2020, I have vetoed House Bill 1247, relative to mortgage defaults and nonpayment of rent during the novel coronavirus disease (Covid-19) outbreak state of emergency.

Putting a moratorium on evictions was an important early step that my administration took to ensure that Granite Staters did not lose their housing during the COVID-19 pandemic. This emergency order (EO #4) was issued four days after a State of Emergency was declared on March 13, 2020, and received international recognition for the swift action we took.

After approximately four months and after providing the public with ample time and ability to prepare, this order sunset on July 1. In phasing out the moratorium on evictions, the State changed the eviction notice requirement from 7 days to 30 days for new evictions initiated for nonpayment of rent that came due during the moratorium. This will provide renters and mortgagees additional time to develop a repayment plan. Additionally, my administration allocated \$35 million in CARES Act spending to create the New Hampshire Housing Relief Program to further assist individuals and help them avoid losing their housing as the emergency order expired. This program includes:

- Assistance for past due rent that was incurred because of COVID-19.
- Assistance with other housing related expenses like utilities.
- Assistance to maintain or secure more permanent housing.

We must remember that property owners have also struggled throughout the COVID-19 pandemic. Small property owners who rent 10 units or fewer account for 90% of rental units in New Hampshire. They too have financial obligations that must be met, including mortgages, taxes and utilities.

Denying property owners the opportunity to pay their bills is a recipe for them removing these rental units from the market, placing them up for sale in our robust real estate market, and further exacerbating the shortage of rental units that already exists across New Hampshire. Not only would this reduce the housing supply, but it would also, in turn, drive up the cost of rent statewide. This would further undermine opportunities for workforce housing, particularly for low income individuals, the very same group that proponents of this legislation suggest they are trying to help.

Prior to the current pandemic, my administration was aggressively tackling a significant housing crisis in New Hampshire. Unfortunately, the Legislature chose not to move forward with my bipartisan housing bills.

House Bill 1247 adds a major structural problem to an already precarious housing environment. The effect would be to take a bad situation and make it even worse.

New Hampshire has been among the most proactive and aggressive states in the nation when it comes to housing issues during the COVID-19 pandemic and we will continue to devote significant resources and attention to the issue. However, this legislation is counterproductive and could have serious long-term consequences.

For the reasons stated above, I have vetoed House Bill 1247.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1454

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 24th, 2020, I have vetoed House Bill 1454, relative to credit for alternative, extended learning, and work-based programs.

For the second time in as many years, the legislature has put legislation on my desk that will stifle innovation in education and strip away alternative learning paths for students.

New Hampshire has a long and distinguished history of education innovation that has served our students, families, and communities well. Learn Everywhere is the next step on this path to innovation and this bill effectively kills this opportunity. Programs like Learn Everywhere continue our great legacy by enabling creative and innovative learning experiences for all of our public school students. My firm belief is that all students can find success when we put them in the right environment, inside or outside of a classroom.

Every child learns differently and programs that allow some students to thrive do not work for others. Learn Everywhere empowers parents to find the best educational paths for their children, and allows students to access a broader range of courses than their schools could provide on their own.

In the midst of the current health crisis and the impending need for flexible solutions for education, we need to keep all options open to our students, families and teachers. House Bill 1454 would restrict the ability of parents to seek out educational alternatives. We should be expanding alternatives for New Hampshire students, not reducing them.

For the reasons stated above, I have vetoed House Bill 1454.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1660

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 28th, 2020, I have vetoed House Bill 1660.

It is incredibly disappointing that after two years of hard work, I have not yet received legislation to establish a protective order for vulnerable adults that the people of our State can support. The Department

of Justice and my office have dedicated many hours of time and effort working with a diverse group of stakeholders to design legislation that accomplishes the goal of protecting vulnerable adults while avoiding unintended consequences. Despite multiple meetings convened by my office and assistance from my staff in drafting language, the stakeholders were unable to agree on a compromise amongst themselves or one that the people of our state could support.

First, while HB 1660 does address some of the concerns from a similar bill that was vetoed last year, it still leaves open a serious and real possibility that victims of domestic violence could inadvertently obtain the wrong protective order that leaves them with fewer protections from their abusers. Rather than exempting domestic violence victims from eligibility for this order to remove the possibility of confusion, as both I and the Coalition Against Domestic and Sexual Violence requested, the bill creates a “worksheet” for victims to fill out to determine if this order adequately addresses their situation. The last thing a victim of domestic violence needs to be dealing with as they are experiencing a traumatic situation is bureaucratic paperwork.

My administration has worked long and hard to enhance protections for victims of domestic violence, including signing two bills into law this year that strengthen these protections. The provisions of this bill would complicate and potentially undermine those positive steps. We cannot let that happen.

Second, the legislation would permit a court to enter a temporary order with or without actual notice to the person against whom the order is being sought. This and other provisions could lead to violations of an individual’s rights under the 2nd, 4th, 5th, and 14th Amendments to the United States Constitution, as well as similar provisions within the New Hampshire Constitution.

These concerns were raised repeatedly in the work my office engaged in with legislators and advocates. Unfortunately, our attempts to find a compromise were rejected.

For the reasons stated above, I have vetoed House Bill 1660.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR’S VETO MESSAGE REGARDING HOUSE BILL 1672

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 10, 2020, I have vetoed House Bill 1672, relative to absentee voting.

The State of New Hampshire has ensured that our upcoming elections will be secure and our voters safe in these trying times. We have made it clear that any eligible voter who wishes to vote absentee because of the pandemic may do so. My administration has worked with the Secretary of State and legislature to help make it easier for voters, town clerks and moderators and support Senate Bill 1266. Despite the current difficulties we are experiencing, we anticipate our upcoming elections will maintain the high standards that New Hampshire voters expect and deserve.

New Hampshire’s voting system works very well and we consistently have some of the highest voter participation in the country. The proponents of House Bill 1672 seek to take advantage of a global pandemic to fundamentally and permanently weaken New Hampshire’s electoral system. They have put forward a partisan wish list of unreasonable and unnecessary provisions, some of which have already been vetoed and sustained last year. New Hampshire takes pride in our traditions of strong civic engagement and fair, transparent, and secure elections. Our Democratic Secretary of State, who has served our state faithfully for over 40 years, opposes this radical, partisan piece of legislation and so do I.

For the reasons stated above, I have vetoed House Bill 1672.

Respectfully submitted,
Christopher T. Sununu, Governor

MEMBERS' NOTICES

The following notices are published in the House Record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or legislative social activities and political meetings or events. Publication should not be construed as support for either the events listed or the views espoused by the individual or organization sponsoring the event.

The General Federation of Women's Clubs New Hampshire (GFWC NH) invites all women who currently serve in the New Hampshire House of Representatives to join us as we commemorate the 100th Anniversary of the 19th Amendment, VOTES FOR WOMEN, on **Wednesday, August 26th** in front of the State House. COVID 19 has limited our plans, but we wish to acknowledge the date with photographs. We will gather **at 1:30 p.m.** for group photos beginning at 2:00 p.m. GFWC NH members will be in period costume and we encourage all, who wish, to dress as suffragettes. Social distancing will be practiced; masks are highly recommended. Governor Chris Sununu and other Dignitaries will also be invited. GFWC NH is a non-partisan, international women's organization dedicate to community improvement by enhancing the lives of others through volunteer service. Founded in 1890, GFWC officially endorsed suffrage for women in 1914; many prominent members were leaders in the movement. For more information, please contact Laurie Jasper, GFWC NH Chairman, Legislation and Public Policy lauriejasper@myfairpoint.net or 603-595-9621.
