Web Site Address: www.gencourt.state.nh.us

Vol. 43

Concord, N.H.

Friday, January 22, 2021

No. 8

Contains: House Deadlines; Meetings & Notices; Revised Fiscal Notes

HOUSE CALENDAR

MEMBERS OF THE HOUSE:

As we enter into a new phase of legislative business with our hybrid committee business beginning, please remember, we have a responsibility to do this right and not put each other at increased risk. Anyone who chooses to participate in-person must comply with our health and safety measures in the State House complex. You'll find a multi-page description on the precautions we have taken, and protocols we hope attendees will abide by, at the end of this calendar.

I've directed committee chairs to ensure that all executive sessions provide hybrid access for members until further notice. Pursuant to House Rule 67 and Mason's Manual of Legislative Procedure Section 633, I have made the decision to require anyone who participates remotely in an executive session to require video participation. One of the main concerns brought to my attention, and a concern of my own about remote participation, is being able to authenticate that members are the ones voting. Video participation will ensure chairs (and the public watching online) can see who is voting, which is no different than the access and verification afforded to all of us in traditional times, when we all met in-person. If you don't have video capability yet, please plan on updating your method of remote participation, or plan to join your committee in-person.

Testimony will be by remote means only, unless the sponsor of a bill happens to be in the LOB for other business. Please do not plan on attending any committee meeting in-person of which you are not a member. Please see the notice in this calendar on how to submit testimony.

Letters with your parking information are on their way. Returning members who already have a green parking sticker need not get a new sticker. New members will receive their sticker by mail in the coming days. Along with the sticker will be a description of where you should park, should you choose to participate in committee business in-person in Concord.

The State House and Legislative Office Building remain closed to the public. There is also ongoing construction of the LOB front steps. Therefore, please plan on entering the complex in one of the 3 pre-designated entrances: LOB rear entrances on either the upper or lower levels of the parking garage, or the State House Park Street entrance. All three will be manned by our Protective Services Officers, and will be providing the health screening questions and temperature checks required to enter.

Entry doors will remain locked, with access only by keycard or by our Protective Services team letting you in. Returning members may use their existing key cards. New members may request a keycard by emailing nhhouse@leg.state.nh.us at least 1 day in advance of their committee meeting. Protective Services Chief Joe Burke will program cards in advance, and we can have them available for you to pick up in the LOB lobby.

We appreciate your patience and understanding as we establish these new systems and protocols. With some flexibility and ingenuity, we will get the people's work done.

As a reminder, state offices will be closed on Monday, February 15, in observance of Presidents' Day.

Sherman A. Packard, Speaker of the House

NOTICE FROM THE CLERK

If you would like to continue receiving the printed House Calendar, you must contact the Clerk's Office and **opt-in** to request the mailed service.

Paul C. Smith, Clerk of the House

Rep. Deb Hobson

The New Hampshire Council on Developmental Disabilities will be hosting a Virtual Introduction to the NHCDD on **Monday, February 22, 2021, from 4:30 pm - 5:00 pm**.

All Representatives are invited to join NHCDD Council members to discuss the Council's legislative agenda and the Council's work to enable individuals with developmental disabilities to exercise self-determination and be fully included in civic and community life. Closed caption and ASL interpreter will be provided.

Register at: <https://www.universe.com/NHCDDintro2legislators>

Rep. Gaby Grossman

HOUSE COMMITTEE MEETING HEALTH AND SAFETY PROTOCOL

The New Hampshire House of Representatives is committed to the health and safety of its members, staff, and the public. The following health and safety protocols were developed in accordance with [Safer At Home: Universal Guidelines](#), [CDC COVID-19 Employer Information for Office Buildings](#), and reviewed by the NH Department of Health and Human Services.

Each legislator should assess their own personal health and risk tolerance before considering in-person attendance. Legislators are reminded that the State House complex is a workplace for our staff, and staff should be afforded every protection from unnecessary risk and close contact during the COVID-19 pandemic.

BUILDING ACCESS LIMITED

The State House and Legislative Office building (herein referred to as the state house complex) will not be open to the public. Only legislators with scheduled meetings and General Court staff will be permitted.

All meetings will be streamed online and over phone conference. Members of the public, press, lobbyists, and state agency representatives are able to access, and participate in meetings remotely by phone or on-line conference.

Those wishing to sign up to testify before a committee, or have their position on a bill recorded can do so by following the instructions included on the General Court website at: [House Remote Testimony Directions.pdf \(state.nh.us\)](#). There is also a link on the General Court website to the directions.

MEETING SPACE & CAPACITY RESTRICTIONS

Meeting rooms in the Legislative Office Building have been set up so that two adjacent rooms are combined to create one large room. Legislators who wish to attend an in-person meeting will be sat 6 feet or greater apart and are advised to maintain adequate social distancing at all times.

Meeting rooms will be staggered on each floor to ensure any concurrent meetings happening on each floor will be separated as much as possible.

Rooms available for committee use are as follows:

- Second Floor: 201-203 (double room), 206-208 (double room). Rooms 202 and 207 will be set up as single rooms for use by Finance Committee divisions, which have less than 10 members. Room 210-211 will be available for committees with fewer members. House Finance, when meeting as a whole, will use Representatives Hall.
- Third Floor: 301-303 (double room), 306-308 (double room).

While upgrades to the existing HVAC air circulation system are reviewed and installed, portable air purification units will be in place in each meeting room. The General Court has contracted with a HVAC contractor to install HEPA filtration units in accordance with the specifications and recommendations of the Centers for Disease Control and Prevention (CDC) for air filtration. These units will be operated in a manner that ensures air exchange rates equal to or greater than CDC requirements. The portable air circulation units will provide HEPA filtration and will treat the air with UV light, which can kill airborne contagions such as viruses, mold, and bacteria.

A quantity of 4 [Field Controls Trio Plus](#) portable air filtration units per double room will provide up to 5 air changes per hour (ACH). General Court Operations staff will establish a schedule where the machines are turned on at least 1 hour prior to room occupation by a committee.

On a regular basis, as time allows, committees are encouraged to open both sets of windows in the double rooms to provide for fresh air introduction.

Each meeting room will have a maximum capacity posted at the entrance as determined by the General Court administrative leadership. The maximum capacity shall reflect the number of people that can be in the room while maintaining social distancing.

Most double sized committee rooms are approximately 1600sq ft allowing for no more than 40 socially distanced people at a time. Given restrictions on building access and the ability for members to participate remotely, it is unlikely that committee rooms will reach capacity. Most committees have around 21 members.

The number of people in restrooms shall also be limited to prevent crowding and congregating. Floor markings will be installed to ensure those waiting to use the facilities can do so in a physically distanced manner.

Committee offices will only be accessible by committee chairs and vice chairs. Committee drawers will not be available to members. Committee files will be maintained electronically initially and hard copy will eventually be located centrally on the 4th floor

Elevator use will be limited to one person at a time.

Common areas such as entryways, foyers and hallways are not to be used for congregating, meetings or for obstructing others from walking through the areas in a manner that prevents the ability to maintain physical distancing. Persons in these areas will be directed by State House Protective Services to continue to proceed in or out of the area and to not congregate.

ATTENDANCE, SCREENING & RESTRICTIONS

Pursuant to House Rule 67(d), notwithstanding House Rules 31, 105 and 106, quorums present may include a quorum of a committee meeting virtually and committee rooms may be defined virtually. Committee chairs shall make every effort to accommodate committee members virtually.

All members must sign in prior to proceeding to their meetings so the General Court can keep an accurate record of who was in attendance and/or in the building at any given time in the event contact tracing is necessary. A record of staff members physically present in each meeting will be kept by administrative staff.

In accordance with the [Safer At Home: Universal Guidelines](#), any member or staff who has been exposed to COVID-19 will not be permitted into the State House complex for any reason until the necessary quarantine time has passed. Any member or staff who exhibit any new or unexplained [symptoms](#), according to CDC guidelines, shall not attend any in-person meetings. If any member or staff develop any new or unexplained symptoms while at the state house, they will be sent home immediately.

All legislators and staff shall submit to health screening at point of entry consisting of questions relating to health/symptoms, travel, and potential exposure to COVID-19 and a touchless temperature scan. Health screening questions will be posted at each point of entry. Failure to comply with the screening procedure, or non-compliant answers to screening questions will result in denial of entry.

Knowingly entering the buildings when sick, providing untruthful answers to the screening questions, or knowingly putting others' health and safety at risk may be considered a violation of the state house complex rules of conduct and violators may be subject to penalty under RSA 644:2.

Since there will be the ability to participate remotely, members are not entitled to participate in-person, and must comply with all building policies. Please do not come to the State House if you cannot comply.

SCHEDULING, ARRIVAL, & POINTS OF ENTRY

The Speaker, in conjunction with House Committee Services, shall advise chairs on scheduling so that no more than 5 committees will meet at any given time in the Legislative Office Building.

Points of entry will be limited to the Park Street entrance to the State House, and the main floor lobby area of the Legislative Office Building, and the LOB lower level.

Due to ongoing construction of the LOB front steps, members and staff will need to enter through the rear doors of the LOB, from the upper or lower levels of the parking garage.

Members entering at the Park Street entrance will be directed to proceed directly to the LOB through the tunnel and will not have access to the State House unless by appointment.

FACILITIES

Meeting spaces and common areas in the Legislative Office Building will be treated on a regular schedule with a disinfecting regimen consisting of an airborne disinfecting fog/mist and more frequent touchpoint manual cleaning including doors, elevator buttons, and restrooms.

Hand sanitizer stations will be available upon entry to the building, in each committee room and outside each restroom area. Legislators and staff are advised to use sanitizer on their way into the building, and before entering and exiting restrooms and meeting rooms.

Legislators and staff are encouraged to use frequent and thorough hand hygiene practices.

MASK POLICY

The face covering policy adopted by the Joint Committee on Legislative Facilities will cover all areas controlled by the legislature, including LOB committee rooms. Disposable masks will be available at points of entry, but legislators and staff are asked to bring their own face covering when possible. Mask policy will be enforced by State House Protective Services personnel. Violators are subject to removal from the state house complex.

The proposed policy that the Joint Committee on Legislative Facilities will review and vote on Friday, January 22 is as follows:

General Court of New Hampshire Face Coverings Policy

In response to the COVID-19 global pandemic and in an effort to limit the spread of the disease and to protect the health and safety of staff, legislators, and those who may enter the State House Complex, following the guidelines prescribed by the Centers for Disease Control and Safer At Home: Universal Guidelines, the General Court of New Hampshire establishes the following policy:

Anyone entering and passing within the State House Complex shall wear face coverings which cover the mouth and nose. If a person does not have a proper face covering, one will be provided. All persons within the State House Complex are required to wear a face covering upon entry to and exiting from the building, and in all common areas including hallways, small group meeting rooms, committee meeting rooms, lobbies, bathrooms, and elevators.

Legislators and legislative staff are not required to wear face coverings at those times when they are not in the presence of another individual within an office or at their workstation properly distanced at a minimum of six (6) feet from others, or for reasons attributable to a diagnosed health condition where wearing of a face covering would be contrary to their health or safety. Staff may remove their face covering if alone in an office or workspace. If any person enters the staff member's office or workspace, the person and staff member shall wear his or her face covering.

Staff members who are unable to wear a face covering should discuss this with their supervisor and legislators who are unable to wear a face covering should discuss this with the Speaker of the House of Representatives or Senate President. Face shields alone are not acceptable substitutes for face coverings; however, they may be considered for use in situations where a person within the State House Complex has a valid medical condition or disability that makes it unsafe for them to wear a face covering.

This policy shall apply to all areas of the State House Complex under the use and control of the General Court, including the Legislative Office Building and the State House. This policy applies to all common areas including hallways, stairwells, restrooms, committee rooms, meeting rooms, and conference rooms.

This policy does not apply to those areas under the use and control of the Executive Branch, including: the Governor's office, the Executive Council chamber and offices, and the Secretary of State's office. General Court Protective Services shall have the authority to enforce this policy.

This policy shall be effective immediately and shall remain effective until either amended or revoked.

SOCIAL DISTANCING

To the greatest extent possible, all employees and legislators should maintain safe physical distancing, which means keeping a distance of at least 6 or more feet between one another at all times.

INTERACTION WITH STAFF

Committee assistants and researchers will be stationed on the 4th floor of the LOB or will be working remotely from home. Materials will be left for legislators who meet in-person at assigned committee room prior to meeting start time. If Chairs or Vice Chairs need their committee assistant or researcher, they will call the 4th floor offices at 603-271-3600. The 4th floor is not accessible at this time. The Cyber room is closed.

Researchers and assistants are not required to attend in-person committee meetings and may monitor remotely from their offices (or home, depending on their arrangement with their supervisors). Chairs should only request staff presence in the meeting room if absolutely necessary
