New Hampshire

HOUSE RECORD

Second Year of the 167th General Court

Calendar and Journal of the 2022 Session

Web Site Address: www.gencourt.state.nh.us

Vol. 44

Concord, N.H.

Friday, May 20, 2022

No. 20

Contains: Bills Laid on Table; Conference Committee Statements; Governor's Veto Message; House Bills Amended by Senate; House Deadlines; Meetings and Notices; Revised Fiscal Notes; State House Visitation Schedule; and 2021 & 2022 House Permanent Journal Request.

HOUSE CALENDAR

MEMBERS OF THE HOUSE:

As a reminder, the House will meet Thursday, May 26, 2022, at 10:00 a.m. in Representatives Hall.

Prior to the May 26th session, a photographer will be taking a "class photo" of all currently serving House Members on the State House steps. We are asking Members to gather on the State House Plaza starting at 9 a.m. Your photo will be taken promptly at 9:30 a.m., and we will not be able to accommodate late arrivals so please be prompt. (Please note that a staff photo will be taken on the State House steps prior to your class photo, so please be patient with staff as they get their photo and then make their way back to their offices.) I sincerely hope you will all be available to join your colleagues for this memorable and historical group photo. Copies of the photos will be available for purchase at a later date. Please watch your email for further details on this event.

Each House member was given the opportunity to pick up a free antigen self-test kit in your anteroom mailbox last week. Those that were not picked up will be mailed to you. Please consider using a test prior to attending our session on May 26th.

As a reminder, the shuttle to/from the Storrs Street parking garage will only be available if inclement weather is expected. Do not expect to have the shuttle available next week.

As the Summer break nears, in keeping with past practice to reduce travel costs, there will be no legislative activity or mileage reimbursement between July and August, unless special circumstances arise and pre-authorization is granted.

During your summer travel, and throughout your service in the House, please remember that your state-issued EZ-Pass devices will not work outside of New Hampshire.

State offices will be closed on Monday, May 30th, in observance of Memorial Day.

Sherman A. Packard, Speaker of the House

NOTICE

There will be a meeting of the chairs and vice chairs on **TUESDAY, MAY 24 at 10:00 a.m.** in Rooms 301-303 of the Legislative Office Building.

NOTICE

There will be a Republican Caucus on Thursday, May 26th at 8:30 a.m. in Representatives Hall.

NOTICE

ALL reports, scheduling and notices are due in the House Clerk's Office by **3:00 p.m. on WEDNESDAYS**. Reports and scheduling shall be turned in to House Committee Services for processing **no later than 1:00 p.m.** on Wednesday. Please be sure to complete that work in a timely fashion to meet the Calendar deadline.

CLOSES AT 3:00 p.m. ON:

Wednesday, May 18, 2022
Wednesday, May 25, 2022
Wednesday, June 01, 2022

AVAILABLE ON:

Friday, May 20, 2022
Friday, May 27, 2022
Friday, June 03, 2022

Paul C. Smith, Clerk of the House

GOVERNOR'S VETO MESSAGE REGARDING 319

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on February 23, 2022, I have vetoed House Bill 319, requiring students in the University and Community College System of New Hampshire to pass the United States Citizenship and Immigration Services civics naturalization test.

We all can agree that an education in civics is fundamental to our students. Last year I signed House Bill 320, which implements a similar civics competency exam for high school students. That requirement goes into effect in 2023 and will help continue the Granite State tradition of a citizenry actively engaged in self-government. As such, House Bill 319 would serve to address the lack of civics education only in out-of-state public post-secondary students.

House Bill 319 would also represent the first time the legislature has imposed a universal graduation requirement for students at our public colleges and universities. I am concerned that this would create a precedent for future legislatures to mandate extreme requirements.

There is no lesson more important than understanding our individual responsibility to uphold democracy. Nevertheless, I believe the legislature's passage of House Bill 320 already addresses the important concerns of an engaged citizenry and an understanding of the fundamentals of democracy without some of the challenges House Bill 319 may unintentionally create.

For the reasons stated above, I have vetoed House Bill 319.

Respectfully submitted,
 Christopher T. Sununu
 Governor

2022 HOUSE BILLS AMENDED BY THE SENATE

CACR 21, relating to registers of probate. Providing that eliminating the office of register of probate and all references to such office. (House Concurs 5/12/22)

HB 50, apportioning state representative districts. (House Concurs 3/10/22)

HB 1072, establishing a criminal penalty for denying an elected school district official access to any school district facilities, documents, or events. (Pending question: Majority committee amendment)

HB 1076, relative to illegal productivity quotas. (Pending question: Majority committee amendment)

HB 1077, repealing the prohibition on conversion therapy for minors. (Pending question: Majority committee amendment)

HB 1087, relative to zoning for single family housing lots. (Pending question: Inexpedient to Legislate)

HB 1090, relative to teaching on discrimination in the public schools. (Pending question: Inexpedient to Legislate)

HB 1100-FN, relative to changing the penalties for driving without a license. (Pending question: Inexpedient to Legislate)

HB 1107, establishing a committee to study the rental or lease of housing to a person who has a pet. (Pending question: Inexpedient to Legislate)

HB 1116, relative to renewable energy customer-generators accounts and credits. (Pending question: Inexpedient to Legislate)

HB 1119, relative to the regulation of single-use bags. (Pending question: Inexpedient to Legislate)

HB 1159, recognizing November 7 as Victims of Communism Memorial Day. (Pending question: Inexpedient to Legislate)

HB 1175, relative to recording interactions with public officials. (Pending question: Inexpedient to Legislate)

HB 1177, relative to permissible residential units in a residential zone. (Pending question: Ought to Pass)

HB 1180, relative to state recognition of biological sex. (Pending question: Ought to Pass)

HB 1197, relative to the definition of "party" for election purposes. (Pending question: Inexpedient to Legislate)

HB 1200, relative to notice of rent increases in residential rental property. (Pending question: Inexpedient to Legislate)

HB 1208, relative to driver education. (Pending question: Inexpedient to Legislate)

HB 1227, relative to the definition of prime wetland. (Pending question: Inexpedient to Legislate)

HB 1233, Prohibiting higher education institutions receiving state funds from requiring face masks and COVID-19 vaccinations for attendance. (Pending question: Refer for Interim Study)

HB 1250, requiring the public utilities commission to consider climate change in making rate-setting decisions. (Pending question: Inexpedient to Legislate)

HB 1251, prohibiting payment of subminimum wages. (Pending question: Inexpedient to Legislate)

HB 1264, establishing ranked-choice voting for state party primary elections and municipal elections. (Pending question: Floor amendment)

HB 1283, relative to liability as taxable income of education freedom account payments. (Pending question: Inexpedient to Legislate)

HB 1284, establishing a committee to study the effects of deportation of primary earners on family members who are United States citizens. (Pending question: Inexpedient to Legislate)

HB 1291, prohibiting discrimination against tenants holding certain vouchers for purposes of renting dwellings. (Pending question: Inexpedient to Legislate)

HB 1306-FN, relative to personal possession of marijuana. (Pending question: Refer for Interim Study)

HB 1332, excepting public universities and colleges from requirements under medical freedom in immunizations. (Pending question: Inexpedient to Legislate)

HB 1347, relative to licensing requirements for health care facilities that operate on a membership-based business model. (Pending question: Majority committee amendment)

HB 1348-FN, relative to the legalization of a certain amount of cannabis. (Pending question: Refer for Interim Study)

HB 1349-FN, decriminalizing the possession and use of psilocybin mushrooms. (Pending question: Inexpedient to Legislate)

HB 1355, requiring the scholarship organization to refer suspected cases of misuse of funds or fraud in the education freedom account program to the attorney general. (Pending question: Inexpedient to Legislate)

HB 1369, relative to COVID-19 health and safety policies at New Hampshire performing arts venues. (Pending question: Majority committee amendment)

HB 1376, relative to participation in the education freedom accounts program by students with disabilities. (Pending question: Inexpedient to Legislate)

HB 1396-FN, relative to the payment of child support. (Pending question: Inexpedient to Legislate)

HB 1400, prohibiting law enforcement from using the scent of marijuana as probable cause for a search. (Pending question: Inexpedient to Legislate)

HB 1409, relative to the age at which a minor may receive mental health treatment without parental consent. (Pending question: Majority committee amendment)

HB 1419-FN, relative to establishing a New Hampshire civilian climate corps advisory commission. (Pending question: Inexpedient to Legislate)

HB 1436-FN, relative to appeals of family court decisions. (Pending question: Inexpedient to Legislate)

HB 1443, proclaiming the first Monday of March as COVID-19 Victims and Survivors Memorial Day. (Pending question: Inexpedient to Legislate)

HB 1465-FN, relative to the appointment of counsel for juveniles. (Pending question: Committee amendment)

HB 1468-FN, relative to the legalization of cannabis. (Pending question: Inexpedient to Legislate)

HB 1473-FN, authorizing a forensic audit of the November 3, 2020 election results in Merrimack county for president, governor, and United States senate races. (Pending question: Refer for Interim Study)

HB 1477-FN, prohibiting abortions after detection of fetal heartbeat. (Pending question: Inexpedient to Legislate)

HB 1481, repealing the statute relative to medical freedom in immunizations. (Pending question: Inexpedient to Legislate)

HB 1484-FN, requiring a forensic audit of the 2020 election results. (Pending question: Inexpedient to Legislate)

HB 1506-FN, establishing a revolving clean energy accelerator fund in the department of energy. (Pending question: Inexpedient to Legislate)

HB 1509-FN, relative to termination of the FRM victims' contribution recovery fund. (Pending question: Inexpedient to Legislate)

HB 1536-FN, relative to expanding Medicaid to include certain postpartum health care services. (Pending question: Refer for Interim Study)

HB 1555-FN, repealing the permit required for fires at campgrounds. (Pending question: Refer for Interim Study)

HB 1576-FN, repealing the law relative to certain discrimination in public workplaces and education. (Pending question: Inexpedient to Legislate)

HB 1578-FN, relative to including certain children and pregnant people in Medicaid and the children's health insurance program. (Pending question: Inexpedient to Legislate)

HB 1596-FN, relative to net energy metering limits for individual and business customers. (Pending question: Inexpedient to Legislate)

HB 1600, relative to the use of body cameras by law enforcement during an interview or interrogation. (Pending question: Refer for Interim Study)

HB 1601-FN, relative to funding of the NH saves program. (Pending question: Inexpedient to Legislate)

HB 1607-FN, prohibiting unlawful discrimination in public and nonpublic schools. (Pending question: Inexpedient to Legislate)

HB 1621-FN, relative to reducing the rebates distributed by the energy efficiency fund. (Pending question: Inexpedient to Legislate)

HB 1628-FN, directing the department of energy to generate a report on the microgrid project currently in progress at the university of New Hampshire in collaboration with the regional utilities. (Pending question: Inexpedient to Legislate)

HB 1632-FN, relative to civil rights education in public elementary and secondary schools. (Pending question: Refer for Interim Study)

HB 1638, relative to grievances under the right to freedom from discrimination in public workplaces and education. (Pending question: Inexpedient to Legislate)

HB 1646, relative to representation on a cooperative school district board. (Pending question: Committee amendment)

HB 1651-FN, adding sexual reassignment to the definition of child abuse. (Pending question: Inexpedient to Legislate)

HB 1654-FN, relative to termination of pregnancy statistics. (Pending question: Refer for Interim Study)

HB 1656-FN-A-L, establishing a road usage registration fee and making an appropriation therefor. (Pending question: Inexpedient to Legislate)

HB 1669-FN, requiring the department of education to administer the education freedom account program. (Pending question: Inexpedient to Legislate)

HB 1670-L, relative to funds of the education freedom account program after termination of a student's participation and responsibilities of the scholarship organization. (Pending question: Inexpedient to Legislate)

HB 1674, relative to reproductive rights. (Pending question: Inexpedient to Legislate)

HR 18, urging Congress to remove the exception from the 13th Amendment: "except as a punishment for crime whereof the party shall have been duly convicted." (Pending question: Inexpedient to Legislate)

SB 44, establishing the New Hampshire workforce pathway program. (Pending question: Inexpedient to Legislate)

SB 69, requiring employers to provide access to a sufficient space for nursing mothers and reasonable break time. (Pending question: Majority committee amendment)

SB 92-FN, relative to increasing the penalty for criminal mischief, the release of a defendant pending trial, and requiring law enforcement candidate background checks. (Pending question: Majority committee amendment)

SB 202-FN, prohibiting the sale of cosmetic products tested on animals. (Pending question: Majority committee amendment)

SB 245, establishing a committee to study agreements between developers and municipalities on municipal trash removal fees paid by condominium owners and renters. (Pending question: Ought to Pass)

SB 294-FN, relative to the release of a defendant pending trial. (Pending question: No pending question)

SB 388, relative to availability of information or records relating to the enhanced 911 system. (Pending question: Ought to Pass)

SB 399-FN, relative to certain provisions of the fetal life protection act requiring an ultrasound examination. (Pending question: Ought to Pass)

SB 400-FN, relative to training and procedures for zoning and planning boards and relative to financial investments and incentives for affordable housing development. (Pending question: Majority committee amendment)

SB 403-FN-A, re-establishing the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Farmers Market Nutrition Program. (Pending question: Ought to Pass)

SB 417, establishing an electric school bus pilot program. (Pending question: No pending question)

SB 447-FN, establishing the electric vehicle and infrastructure fund. (Pending question: No pending question)

SB 456-FN-A, establishing a law enforcement conduct review committee in the police standards and training council and making an appropriation therefor. (Pending question: Refer for Interim Study)

COMMITTEE OF CONFERENCE STATEMENTS

SENATE BILLS

CONSENT CALENDAR

SB 302-FN, establishing the personal privacy protection act. The Senate acceded to the House position. The underlying bill prohibits public agencies from disclosing or releasing the names of members, supporters, volunteers, or donors of tax-exempt charitable organizations. The amendment excepts disclosure when an individual or charitable entity voluntarily discloses its status to the Attorney General or to the public. The amendment also clarifies the authority of the Attorney General to request information from charitable organizations for audits, examinations and reviews as provided in RSA 7:24. The amendment defines the terms volunteer and supporter to exclude individuals who are part of the organizational governance. Finally, the amendment exempts from the prohibition from public disclosure the names of supports, volunteers, members, or donors who are the subject of criminal or civil court proceedings brought by a government agency.

Rep. Edward Gordon

SB 313, relative to the authority of the office of professional licensure and certification to establish fees. The Senate agreed with the House version of this bill. In addition, both parties agreed to restore two sections that dealt with the fees for registration of medical technicians. The House had deleted these in anticipation of HB 1330, repealing this board which was killed in the Senate.

Rep. Carol McGuire

REGULAR CALENDAR

SB 200, apportioning congressional districts. The conferees recommend that the house adopt this bill as amended by the conferees. The Senate receded from its position of nonconcurrence with the House amendment and the Senate and House both adopted the bill as amended. The committee amendment creates new lines for the congressional districts that reduce the splitting of counties. It increases compactness by keeping the southeastern part of the state in the first congressional district. This map meets all legal requirements and achieves the goal of the House to produce fair districts for the next ten years.

Rep. Barbara Griffin

SB 238, relative to special education services in chartered public schools. Conferees blended language from both the House and Senate versions. This bill requires that a MOU (memorandum of understanding) be established between a charter public school and a school district regarding how the school district proposed to provide special education services and support to students with disabilities at the charter school. The Senate proposed that the MOU be finalized 2 weeks prior to the state of the school year. Conferees agreed upon the House version that the MOU shall be reviewed and updated prior to the start of the school year to ensure compliance with state and federal law and required special education services at the charter public school. The House recedes from its position of nonconcurrence while supporting the new amendment establishing the timeframe in which the MOU must be developed.

Rep. Rick Ladd

SB 271, relative to the Burgess BioPower facility. House and Senate conferees made a further amendment to SB271 to add to the list of dockets that the public utilities commission must consider implementing the provisions of the bill. The newly added docket concerns cost recovery by Eversource. All House members signed off on this compromise.

Rep. Michael Vose

SB 353, relative to the education professional standards board. The House conferees support the Senate version, as amended in conference. The singular change provides 9 members representing higher education and education administration with at least 3 employed by a community college system of NH member institution education department, or university system of NH member institution education department. There are a total of 21 individuals on the education professional standards board. Amending language was supported by the department.

Rep. Rick Ladd

SB 366-FN, requiring an audit of ballots cast in the 2022 primary and general election. The bill provides that the SOS shall conduct, at random locations, audits of the ballot counting machines used in the 2022 primary and general elections. The House amendment sought to expand the scope of the ballots audited to include all ballots cast in a polling place rather than only those associated with a particular machine. The SOS assured the conferees that election officials would be instructed to separate ballots by machines. The amendment clarified as to the Senate position that a minimum number of devices were to be audited in the general election. In the interest of having an audit done, and given the training representations made by the SOS, the House and Senate conferees agreed to the amended Senate version of the bill.

Rep. Barbara Griffin

SB 381-FN-A, establishing an office of the advocate for special education. The Senate acceded to the House version to establish an office of the Advocate for Special Education, which shall be an independent agency, administratively attached to the Department of Administrative Services, under the direction of the Advocate for Special Education (the advocate). As amended, the current advocate will continue to work with DCYF, for children institutionalized, in out of home placements, and handle adjudication and delinquency. The new office of child advocate, as recommended in the amended House version will be responsible for education, special education practices, and advocate for individual families. As amended, the new advocate will seek to ensure that school districts are in compliance with state required individualized education programs. It will further help schools honor obligations under the Individuals with Disabilities act to educate students. As recommended by the House and Senate, this legislation supports the education needs of many children and families who may not be consistently receiving special education support that they should be.

Rep. Rick Ladd

SB 401-FN, making appropriations to the department of transportation for local highway aid and to the body-worn and dashboard camera fund, permitting the department of transportation to operate dash cameras in fleet vehicles, and relative to the duration of unemployment benefits. The members of the House Committee of Conference acceded to the Senate on HB401. For the House's part, we were not willing to sacrifice \$75 million in local aid for bridge repair, dash cams for the DOT and body cams for police over the Senate's apparent inability or unwillingness to negotiate on a good bill that would save small businesses money in unemployment taxes. The position of the House remains the same and we anticipate bringing back a similar bill in the coming biennium. The House remains committed to saving taxpayer money wherever we are able and making systems more efficient whenever we can.

Rep. Terry Roy

SB 420-FN-A-L, establishing an extraordinary need grant for schools and relative to eligibility for the education tax credit. House and Senate conferees concurred with the House version of SB 420 as amended in conference. The bill establishes an extraordinary need grant based upon equalized valuation per pupil eligible to receive a free or reduced meal for qualifying schools in addition to regular adequate education grants and relief grants. Amending language developed in the conference requires receiving districts to develop and submit an accountability plan to the department outlining how the district intends to use grant award funds to improve the education achievement and growth of students. The plan must generate data using either the statewide assessment or a locally determined accountability assessment that measures student learning in reading, language arts and/or mathematics at the grade levels funds will be used. The education tax credit amendment to increase the level of eligibility from 300% (or \$83,250) to 500% (or \$138,750) was removed.

Rep. Rick Ladd

SB 445-FN, relative to the broadband matching grant initiative. The chair of the committee introduced an amendment that did two things. First it deleted selection 1 of the bill which contained specifics of ARPA funds available for the expansion of broadband to rural areas. The explanation was that more funds will be arriving for the effort and by being specific about the initial funding, subsequent funding could not be included in the efforts the bill provides for. Secondly, a new paragraph was added that requires the Commissioner of the Department of Business and Economic Affairs to report quarterly, beginning July 1, 2022, to the Fiscal Committee of the General Court concerning broadband grants, applications and result and any other federal coronavirus capital funds or any other funds authorized by the American Rescue Plan Act of 2021. The balance of the bill remained as passed by the House except for renumbering the sections.

Rep. Tracy Emerick

HOUSE BILLS CONSENT CALENDAR

HB 230-FN, relative to child day care monitoring visits and the appeals process for child day care providers. The House conferees acceded to three of the Senate changes to the bill. The Senate had also removed the section of the House bill requiring the department to accept and investigate complaints from applicants, licensees, or permittees who believe that the department's actions regarding licensure or permit status, or the findings of a monitoring visit, were retaliatory in nature. The amendment puts that section back in the bill.

Rep. Tony Lekas

HB 355-FN, relative to Keno. Keno is currently played in establishments that pour liquor that are in communities that have opted in to allowing keno. The House version of the bill expands keno by allowing licenses lottery retailers in jurisdictions that have voted to allow keno to operate keno games, with the provision that these establishments shall not display keno on active screen at the retail location. The Senate version did the same, however changed the "shall not" to "may" display keno on an active screen at the retailer. After some discussion, the Senate acceded to the House position.

Rep. Pat Abrami

HB 1011-FN, relative to criminal mischief. HB 1011 originally changed the penalty for defacing or destroying public monuments from a violation to a class A misdemeanor so that restitution would be made under threat of jail time. The Senate deleted that section of RSA 634:2, VI so that all such criminal mischief would fall under RSA 634:2, III. This meant that the section that contained the restitution was deleted as well. As this was relayed to the Senate CoC they understood the situation and crafted a new amendment that restored the class A misdemeanor and added a paragraph VI-a to add that those convicted of such criminal mischief be ordered to pay restitution. The committee agreed with the new amendment and the House members signed off on the report.

Rep. David Welch

HB 1130-FN, relative to restroom access for persons with certain medical conditions and relative to the procedure for obtaining a marriage license. The first part of the bill is to allow under very specific conditions persons with a defined medical condition the use of an otherwise employees-only toilet facility during normal business hours and with no health or safety risk to a customer or risk to an employee. The House and Senate agreed fully. The second part of the bill, brought to us from the Senate, addressed how town and city clerks accommodate an individual, unable for medical reasons, to appear in-person to sign an application for a marriage license. The original language of this raised concerns in the Secretary of State's office, but these concerns were assuaged in the version agreed to in the Committee of Conference.

Rep. Mark Pearson

HB 1439, relative to health care facility visitation policies. Two areas of disagreement in which House language was removed by the Senate were resolved by requested the Hospital Association to provide to the joint legislative oversight committee reports on what is currently being done in those matters and what might be done better, or more fully, so as to meet concerns of patients and visitors.

Rep. Mark Pearson

REGULAR CALENDAR

HB 103-FN, establishing a dental benefit under the state Medicaid program. There had been but minor differences between the House bill as amended and the Senate amendment. After the request for a Committee of Conference had been processed, House conferees acquired additional information which persuaded them that concurring with the Senate amendment was the best course of action.

Rep. Mark Pearson

HB 1066-FN, requiring the commissioner of the department of environmental services to prepare a plan relative to cyanobacterial blooms in New Hampshire. The Senate appropriated \$30,000 to fund creating the plan to combat and mitigate growth and expansion of cyanobacteria in NH and authorized the Department of Environmental Services to form an advisory committee made up of not more than 17 individuals representing diverse interests. The House submitted language providing that the House member be appointed by the Speaker, and the Senate member be appointed by the President of the Senate (instead of appointment by the commissioner). This language was agreed to by all conferees.

Rep. Robert Harb

HB 1106, establishing a commission to study recruiting members of the armed forces and the commission on demographic trends. The House conferees support the Senate amendment to re-establish the commission on demographic trends. This is a housekeeping bill, since it was removed from statute by HB 2 by accident, however the commission kept meeting.

Rep. Al Baldasaro

HB 1109, relative to the authority of a city or town to limit the use or operation of an OHRV on certain ways. The Senate amended the House bill by deleting the House changes and letting the current law stand. The Senate added a sentence relating to abutter damages and regulations relating to limitation or closure of ways and changed the title of the bill. The amendment agreed to in conference moved text of the new language and gave it a separate section in law. This language was agreed to by all conferees.

Rep. Robert Harb

HB 1221-FN, relative to the rate of the business profits tax, and relative to payment by the state to political subdivisions of an amount equal to a portion of retirement system contributions of political subdivision employers. The House version of the bill called for the reduction of the business profits tax from 7.6% to 7.5% for the tax years on or after December 31, 2023. The Senate added to the bill a onetime payment by the state of an amount equal to 7.5% of required political subdivision employer contributions made to the state retirement system for group I teachers and group II members. This payment that equals approximately \$28 million will be paid for by the revenue surplus seen in FY 2022. The House acceded to the Senate position once it was established that the \$28 million was part of the larger House plan.

Rep. Pat Abrami

HB 1256-FN, relative to positions within the department of military affairs and veterans services, making an appropriation to the state regenerative manufacturing workforce development fund, and adjusting and making an appropriation relative to the medicaid reimbursement rates for ambulance services. The House conferees agreed with the Senate amendment on raising the Medicaid rates for the first time in 16 years in order to be competitive and maintain workforce EMTs. The second portion of the bill is housekeeping; in 2018 the Army Regenerative Manufacturing Workforce Development Program passed, supporting student grants, but was never funded.

Rep. Al Baldasaro

HB 1293, relative to the design of sewage or waste disposal systems for a person's own domicile, and relative to water well and sewage or waste disposal systems. This bill addressed sewage and waste disposal. Initially the House and Senate had different solutions to change the bill to make it acceptable to both bodies. The conferees addressed needed changes along with expertise from DES. Once additional information became available, the conferees agreed to the language represented by the compromise. With so much of New Hampshire's population still relying on wells for drinking, both bodies agreed that protection of well radii was of utmost importance. This bill continues to assure that protection.

Rep. Tom Dolan

HB 1299, relative to the process for the importation of wildlife and creating an appeal process for denials of permits. This bill creates an appeal process for a permit process at the Department of Fish and Game that did not exist, and put required timelines on the department to respond to our NH Citizens. The House acceded to the Senate position that the appeal should be heard by the executive director, in alignment with all other appeals processes in the department. However we also agreed to make one minor change to align this new appeal process with other similar processes.

Rep. Tim Lang

HB 1333-FN, relative to the definition of a "way" for the purposes of driving under the influence of drugs or liquor and administrative license suspensions. Under the current law, to convict a person of a subsequent drunk driving charge, the prior conviction must have occurred within 10 years of the subsequent offense. The compromise agreed to extend the look-back period for third and fourth offenses to 15 years. Under the current law, it is unlikely that the third and fourth offenses would occur within the initial 10-year look-back period. People convicted of more than 3 offenses have not been rehabilitated and continue to engage in behavior that creates a serious risk to public safety and should not have such leniency under the law. This bill also amends the definition of a "way" for the purposes of driving under the influence of drugs or liquor and administrative license suspensions by eliminating an inconsistency in the definition of a "way" in different proceedings. The change to the definition of "way" is supported by the Department of Transportation and the Attorney General's Office.

Rep. Daryl Abbas

HB 1397, relative to the length of terms for Rockingham county officers and relative to the Gunstock area commission. Representatives from both the House and Senate met to review the positions on potential changes in HB 1397. The Senate conferees agreed to accede to the House position to remove the Senate amendment and to support the bill as approved by the House.

Rep. Tom Dolan

HB 1421-FN, relative to lead in school drinking water. The House concurs with the Senate version, with further amendment in conference. The bill as amended requires public and private schools and licensed child care facilities to install water bottle filling stations or test and remediate all water outlets at the facility. Analysis and costs for testing for lead in water are made available through federal grant funds/DES. As further amended, water from other outlets available to children including classroom and bathroom sinks and water outlets used for food preparation shall be tested and remediated if necessary per the provisions in paragraph III. The sum of \$7.76 million for the biennium ending June 30, 2023, is appropriated to match with the Supplemental Drinking Water State Revolving Fund and Clean Water State Revolving Fund authorized by the Infrastructure Investment and Jobs Act.

Rep. Rick Ladd

HB 1431-FN-L, establishing the parental bill of rights. The House conferees acceded to the Senate position on HB1431 with an additional amendment. The amendment contains language to address concerns relative to protective orders. The amendment also contains a severability clause that will allow the law to remain in the event a provision is declared invalid or unenforceable by the courts.

Rep. Jason Osborne

HB 1466, relative to the off-label use of prescription drugs and relative to pharmacy prescriptions. The off-label use of medicine generally falls into three categories: use so common that it is unquestioned routine practice; use in accordance with published peer reviewed data and medical society guidelines; and use that needs more discussion and documentation of informed consent. As amended, the first two need no additional documentation, while the third will require a form – which can be created by the practitioner or anyone else – that addresses the core tenets of informed consent which are the burdens, risks and expected benefits of all options, including forgoing treatment. A separate form in the medical record can be transmitted to the filling pharmacist.

Rep. Erica Layon

HB 1476-FN, relative to release of a defendant pending trial. The bill creates a framework for circumstances where people commit certain violent crimes against a person such a sexual assault and domestic violence or sex crimes involving children, the person shall be detained and brought before a judge for an arraignment and bail hearing as opposed to a bail commissioner. In addition, it aims to address cases where the same person is arrested repeatedly while on bail. Specifically, the bill requires someone who is arrested for a class A misdemeanor or felony, while already out on bail for two separate offenses, shall also be to be detained and brought before a judge for an arraignment and a bail hearing as opposed to a bail commissioner.

Rep. Daryl Abbas

HB 1487, relative to the procedure for withdrawal from the vaccine registry. This bill recognizes that vaccination information is the property of the patient, or the patient's parent or guardian, and that the vaccine registry provided a benefit by maintaining the records for convenience. Any patient withdrawing from the registry will sign a form which includes information and consequences of withdrawing from the registry. The form can either be signed by any healthcare provider or have the signature of the patient or the patient's parent or guardian notarized.

Rep. Erica Layon

HB 1503-FN, adopting the Uniform Commercial Code relative to controllable electronic records, relative to exempting the developer, seller, or facilitator of the exchange of an open blockchain token from certain securities laws and establishing state procurement policies intended to promote the use of American materials. The amendment changes the steel fabrication statute "Made in America" from a "shall contain a provision ... be fabricated in the United States" to "strong consideration shall be given for iron or steel fabricated in the United States. If the competitive bidding process results in all qualifying factors being equal, the contract shall be awarded to the contractor offering steel fabricated in the United States. In instances where qualifying factors are equal, absent of low price, and using domesticated structural steel, the state may reserve the option to purchase steel fabricated in the United States." The other change is the UCC part of the bill will be effective January 1, 2023.

Rep. John Hunt

HB 1547-FN, relative to per fluorinated chemical remediation in soil and procedures for certain hazardous waste generators. The Senate added three new sections to the bill relating to remediation loan fund grants, drinking water protection, and a general fund appropriation of \$25 million to the remediation loan fund. House Finance reviewed the new appropriation and has determined the funds are available, so the House conferees acceded to the Senate position.

Rep. Howard Pearl

HB 1567-FN, relative to consequences resulting from election official misconduct. The conferees recommend that the House adopt this bill as amended by the House and adopted by the conferees. The House receded from its position of non-concurrence with the Senate amendment and the Senate receded from its position in adopting an amendment on the bill. The bill as passed by the House provided for a process whereby there could be civil penalty assessments against a political subdivision for negligent performance by officials in the conduct of elections. The Senate version deleted the creation of civil penalties and provided for the loss of the right to vote upon a criminal conviction of election law violations by officials. The conferees agreed that both positions were desirable, and the amendment merged the house and senate versions of the bill with a provision added for clarification. That provision provides clear direction as to how the political subdivision could contest the assessment of penalties and the process to appeal any finding of negligence by the attorney general.

Rep. Barbara Griffin

HB 1627-FN-A, establishing an education freedom account program administrator in the department of education and making an appropriation therefor. The Senate agreed to concur with the House version of 1627, amended further in conference. The amendment establishes a new department position, Education Freedom Accounts Administrator. The classified employee shall coordinate and provide technical assistance to guide students, parents, and the scholarships organizations responsible for dispensing the education freedom accounts (EFAs). The position shall further implement policies and procedures as the department related to the education freedom account program, and serve as a resource for administrators, educators, families, scholarship organizations, and policymakers across the state. The act shall take effect July 1, 2022.

Rep. Rick Ladd

HB 1661-FN-L, relative to regional career technical education agreements, an appropriation for preliminary work for a new legislative parking garage, health and human services, establishing an extraordinary need grant for schools, the release of a defendant pending trial, training and procedures for zoning and planning boards, and financial investments and incentives for affordable housing development. The House accedes to the Senate version of HB 1661 as amended further by committee conferees. The bill: 1. requires sending district schools and career and technical education (CTE) centers to enter into an agreement to include scheduling,

access, transportation, and credits earned at the CTE center that count toward graduation at the sending high school as approved in the regional career technical education agreement; 2. that the sum of \$9,350,000 for fiscal year ending June 30, 2022 is appropriated for the purpose of preliminary design, engineering, and site work for a new legislative parking garage on the site of the department of justice building; 3. addresses and supports department and statewide health and human service needs as previously approved by the house and human service elderly affairs committee, and; 4. includes amending language reference land use boards that is permissive in nature. If a municipality allows an increased density, reduced lot size, expedited approval, or other dimensional or procedural incentive under land use planning or regulatory zoning powers, for the development of housing for older persons, it may allow the same incentive for the development of workforce housing. Workforce housing is intended to meet the needs of families and individuals that represent New Hampshire's diverse workforce and is needed in many locations throughout the state in order to accommodate economic growth.

Rep. Rick Ladd

HB 2022, relative to the 10-year transportation plan. The Senate version of HB 2022 made four changes to the House version. First, it eliminated the proposed transfer of a section of Continental Boulevard to the Town of Merrimack. Second, it assigned to the Department of Transportation some of the functions of the defunct Scenic and Cultural Byways Council. Third, it amended the membership and meeting structure on the NH Transportation Council. Finally, it added a section on electric vehicle infrastructure funding. The House conferees readily agreed to the language concerning the two councils. The House argued that the EV funding section was overly broad and that the House had recently tabled an almost identical bill. At the request of the House, the Senate agreed to drop the section on EV funding. Initially the conferees were at an impasse over the status of Continental Boulevard. After an extended recess the House, rather than have the entire \$4.65 billion ten-year plan die, agreed to the Senate version on Continental Boulevard.

Rep. Steven Smith

COMMITTEE OF CONFERENCE REPORTS NOT SIGNED OFF SENATE BILLS

SB 301-FN-L, establishing the office of the right to know ombudsman and making an appropriation therefor. The conferees could not reach agreement. The content of the House version is already in HB 481 which has been adopted by both bodies. The House did not believe that the content of the Senate version was needed at this time.

Rep. Edward Gordon

SB 358, relative to the joint legislative committee on administrative rules. The conference committee was unable to reach agreement. Senate conferees refused to accept any variant of the House position, despite the House's agreement to accept the original Senate position of this bill.

Rep. Carol McGuire

SB 458-FN, relative to the Sununu youth services center and operation of a replacement secure facility. The House was willing to come up from its position of 6 to 12 beds, but the Senate would not come down to 12 beds from 18, and the conferees could not come to a solution.

Rep. Kim Rice

HOUSE BILLS

HB 292, relative to the absentee ballot application process. Neither the House nor the Senate committee members could agree to either version, despite extensive discussion and efforts to reach a compromise, it was simply not possible, thus the committee adjourned.

Rep. Wayne MacDonald

HB 307, relative to the state preemption of the regulation of firearms and ammunition. The House refused to accede to Senate on HB307. The Senate insisted on allowing municipalities to regulate the use of firearms on public property thus possibly placing the ability to hunt, target shoot and any other lawful use of firearms at risk. The House believes that the state's current preemption law is stronger than what would have come out agreeing to the Senate version of this bill.

Rep. Daryl Abbas

HB 490, relative to the definitions of "game camera" and "hunting day," relative to the use of game cameras, relative to the use of temporary tree stands or observation blinds, and relative to the definition of "firearm."

During the committee of conference the House and the Senate came to an agreement on an amendment, regarding the definition of firearm, not a single objection was voiced by anyone during the committee of conference on any aspect of the bill including the amendment, however a single member of the Committee of Conference has refused to sign off on the bill, thus it will not progress this year.

Rep. Tim Lang

HB 624-FN, relative to site evaluation committee monitoring and enforcement responsibilities, and relative to net energy metering by hydroelectric generators. This bill passed the House twice after vetting by both Science, Technology and Energy and Ways and Means. It made changes to the Site Evaluation Committee (SEC) statute. The Senate fixed a few technical problems via an amendment. Their amendment also added a new section unrelated to the SEC. This unrelated section expanded net metering to accommodate some hydro-power facilities. The House conferees were concerned that many questions about this new section had never been asked nor answered and expressed concern that it might not be ready for passage. The Senate argued that the bill simply fixed problems with policy passed last year in SB 91. That argument convinced House conferees that the policy was indeed not yet fully developed and should be brought forward in a standalone bill next year. The Senate refused to retreat from this amendment section and the House conferees could not accept that position.

Rep. Michael Vose

HB 1099-FN, relative to medical freedom in immunizations, re-establishing the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Farmers Market Nutrition Program, establishing an association health plan pilot program, and relative to expanding Medicaid to include certain postpartum health care services and making an appropriation therefor. This bill does four things: 1, it clarifies that no person shall be required to receive a Covid-19 vaccination in order to receive benefits or services from DHHS; 2, provides initial seed money for a nutrition program for women, infants and children purchased at farmers markets (the bill's request for \$300,000 was reduced to \$30,000 startup money with the remainder to be dealt with through the budget process); 3, changes the mandate for a pilot program for associated health plans to a request for information (RFI) to see if there is sufficient interest; and 4, directs DHHS to submit a state plan amendment to temporarily expand postpartum care under Medicaid. We were unable to achieve unanimity at the conclusion of the process.

Rep. Mark Pearson

HB 1586-FN-A, relative to a likeness of Wentworth Cheswill at the state house. The Senate conferees could not agree on the importance of whether a finished portrait represented an exact likeness or simply a likeness of Wentworth Cheswill. The Senate refused all attempts for schoolchildren to experience identifying visual characteristics and instead chose mere words to convey accomplishments. The compromise offered to the House was that the plaque would include appropriate images and descriptions of Cheswill, our first African American elected official in the United States, and bonified Revolutionary War hero. The House conferees believe that a portrait of the man is important and will someday be painted and hung in the State House, for people of all walks of life to see.

Rep. Gregory Hill

HB 1639, relative to the youth risk behavior survey in schools. Neither the House nor Senate committee members could agree to either version. House members took the position that the Youth Risk Behavior Survey administered biannually to high school students should require a parent or legal guardian to opt in to participation in the survey. The House also offered an amendment stating that the local school district board shall approve the survey, developed by the Centers for Disease Control and Prevention, prior to administering the survey to students. These positions were not accepted, and the committee adjourned.

Rep. Rick Ladd

HB 1662-FN, relative to the privacy obligations of the department of health and human services, an appropriation for housing expenses for homeless people and parameters thereof, electronic wage payments, and requiring online marketplaces to disclose certain information to consumers. The House and Senate agreed with each other on the underlying bill, but the House conferees did not agree with the three bills the Senate added providing an appropriation of \$5 million for the homeless, requiring businesses add another means of paying direct deposit wages to employees, and regulating online transactions to mitigate sales of stolen or counterfeit merchandise.

Rep. Mark Pearson

OFFICIAL NOTICES

The Executive Committee of the **Merrimack County** Delegation will hold an in-person/Zoom meeting on **Monday, May 23rd, 2022 at 10:00 a.m.** Due to recent resurgent virus infections it is recommended that anyone attending wear a mask and practices social distancing. The purpose of the meeting is as follows: 1. 1st Quarter Financial Review and Approval. 2. Hear a report from the Salary Study Committee Chairman. 3. Any other business. For more information, including how to attend via Zoom, please visit the County web-site at www.merrimackcounty.net or contact Office Manager, Melinda Harrison at 796-6872.

Rep. James MacKay, Chairman

Pursuant to RSA 23:7 the **Merrimack County** Delegation will meet immediately following the Executive Committee Meeting on **Monday, May 23rd, 2022 at 10:00a.m.** by way of an in-person/ Zoom meeting. Due to the lifting of the emergency executive orders we must have an 'in person' quorum at the Courthouse. As with the budget vote, it is hoped that those members who have substantial reasons to not attend an in person meeting would be granted permission to attend via zoom. We must have a quorum present at the Court-house to proceed. The purpose of the meeting is: 1. Act on the proposed Elected Officials Salaries. 2. To consider any other business that may appropriately come before them. Due to recent resurgent virus infections it is recommended that anyone attending wear a mask and practices social distancing. For more information, including how to attend via Zoom, please visit the County website at www.merrimackcounty.net or contact Office Manager, Melinda Harrison at 796-6872.

Rep. Dianne Schuett, Chairman

The **Rockingham County** Executive Committee will meet on **Monday, May 23, 2022 at 5:30 pm** in the Hilton Auditorium at the Rockingham County Nursing Home in Brentwood, NH. The purpose of the meeting is to consider approval of a revised line item transfer request from the Board of Commissioners.

Rep. David A. Welch, Chairman

The **Rockingham County** Convention Meeting, **Monday, May 23, 2022, 6:00 p.m.**, Hilton Auditorium, Rockingham County Nursing Home, Brentwood, NH. MEMBERS' NOTICES

The following notices are published in the House Record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or legislative social activities and political meetings or events. Publication should not be construed as support for either the events listed or the views espoused by the individual or organization sponsoring the event.

In recognition of your support, the New Hampshire Law Enforcement Officers Memorial Association cordially invites you to attend the 30th Annual New Hampshire Fallen Law Enforcement Officers Memorial Ceremony, to honor the Law Enforcement Officers throughout the state of New Hampshire who have made the ultimate sacrifice and died in the line of duty while protecting the citizens of the state. The ceremony will be held on **Friday, May 20, 2022**, beginning promptly at **10:00 a.m.**, at the Memorial site in front of the Legislative Office Building. The ceremony will proceed rain or shine. Please do not hesitate to contact Colonel Kevin Jordan at the New Hampshire Fish and Game Department at 603-271-3128 should you have any questions.

Speaker Packard

All House Representatives and Senators are welcome to play in the Legislator's Charity Softball game on **Sunday May 22 at 2 p.m.**, at the Anheuser Busch Softball Field located at 221 Daniel Webster Hwy., Merrimack, NH. Family and friends are welcome for a fun game of softball with all proceeds benefitting local charities. Donations will benefit the Liberty House in Manchester (supporting veterans), Haven (supporting victims of domestic violence), and The Nashua Center (for children and adults with disabilities). To sign up as a player contact Rep. Tim Lang at (603) 566-9802, tim@thelangs.us or Rep. Jim Maggiore at (603) 556-0073, mjmaggiore@comcast.net. To make donations, pledges, or sponsorship contact Rep. Michael Moffett at 603-491-0553, mofmichael@aim.com or Rep. Peter Somssich at (603) 436-5382, staterep27nh@gmail.com. Joint practices for representatives and senators will be held at Reed Field, 105 Hall Street in Concord, Thursday May 12 from 5pm - 8pm and Sunday, May 15 from 2pm - 5pm.

Rep. Jim Maggiore

The Department of NH Marine Corps League invites all Legislators and their families to attend a Memorial Day Ceremony to honor fallen service members and their families on **Monday, May 30, 2022 at 11:00 a.m.** at the NH State Veterans Cemetery. RSVPs are not required. Contact the cemetery director, Shawn Buck, at 603-796-2026 if you have questions.

Rep. Terry Roy

Paul C. Smith, Clerk of the House

STATE HOUSE VISITATION SCHEDULE

As a convenience to the members of the NH General Court, the Visitor Center offers the following schedule of schools and other groups visiting the State House. These listings are to ensure all members be notified in a timely manner of visitors from their district. Our schedule books for the school year and subject to changes.

Please contact the Visitor Center concerning school tour booking information. Legislators planning to meet with students should notify the Visitor Center. Thank you for your continued participation with your School Visitation Program.

Virginia J. Drew, Director
Margaret Waterhouse, Public Information Administrator

NOTICE

The House Clerk's Office is accepting orders for the **2021 and 2022** hardcover **Permanent House Journals**.

Anyone who was a **New Hampshire Legislator for the 167th General Court** and all state agencies are entitled to one House Journal at no charge, **upon request**. All others interested in obtaining a House Journal, as well as any legislator or state agency requesting additional copies, will be charged for that copy. We estimate the cost for paid volumes to be approximately \$65 each. In addition, if the volume is to be mailed, there will be a \$5.00 shipping & handling charge. Those who order paid copies will be notified ***and billed*** when the House Journals are ready for distribution. **DO NOT** send any money now.

In an effort to contain costs, the number of House Journals printed will be determined by the number of advance orders received. **Extra copies will not be ordered.**

Please note that by placing an order for a House Permanent Journal for the 167th General Court biennium, it will be for two House Journals, one for the year 2021 and one for the year 2022.

To place an order, please send information via email to: teresa.preston@leg.state.nh.us

or mail to: Teresa Preston, Journal Clerk
 NH House of Representatives
 Room 317, State House
 107 North Main Street
 Concord, NH 03301
