GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 35

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 29, 2023, I have vetoed House Bill 35, requiring student identification cards to include the National Eating Disorders Hotline.

Since the legislature passed House Bill 35, the sponsor of the bill as well as numerous organizations, including the National Alliance on Mental Illness (NAMI), have written to me asking for me to veto it. According to NAMI and multiple public reports, the National Eating Disorders Hotline staff were terminated, the call line was later shut down.

Given the uncertainty around the National Eating Disorders Hotline moving forward, it would not be prudent to put the call line information on student ID cards at this time.

For the reasons stated above, I have vetoed House Bill 35.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 142

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on August 18, 2023, I have vetoed House Bill 142, relative to the operation of the Burgess Biopower plant.

New Hampshire ratepayers have been taken for over \$200 million in order to subsidize the Burgess Biomass Plant in Berlin, NH. Enough is enough.

New Hampshire has a strong economy and record low unemployment rate, in part because we realize that government should limit subsidies, taxes, and mandates. There are countless economic opportunities in the state that are sustainable without substantial government subsidization or bailouts. The Power Purchase Agreement with Burgess Biopower is a great example of what can go wrong when the good intentions of a sympathetic government get exploited and abused by opportunists in the private sector.

The Burgess Biopower plant has been enormously expensive for New Hampshire ratepayers. After accounting for overmarket energy costs and Renewable Energy Certificate costs, Burgess Biopower has received over \$200 million in subsidies since 2014. \$200 million to support fewer than 40 full time jobs! All of these overmarket costs are paid by approximately 530,000 Eversource customers, forcing those families and businesses to bear additional unnecessary financial burden on top of already historically high electric bills.

We have given considerable time to Burgess Biopower to find a long-term solution. In June of 2018, I signed Senate Bill 577 to provide a bridge to financial sustainability for Burgess Biopower, continuing the subsidies on the promise from their CEO that they could find a stable financial model that did not require continuous subsidies. **They failed.** Again in 2022, I signed a bill to continue that suspension for another year with the expectation a sustainable solution would be found. **Again, they failed.** It has now been 5 years since Senate Bill 577 was signed and the best idea brought forward to keep the plant going is to ask the state to forgive the approximately \$70 million that the plant owes back to ratepayers. Time and again the Burgess management and ownership team has made bad promise after bad promise to our elected officials. The only thing we have to show for it are more empty promises and false hope to the City of Berlin.

To sign this bill would continue to allow Burgess Biopower to collect millions of dollars in ratepayer subsidies every month with no hope of a solution and wipe out their debt obligation to our ratepayers. After a decade of continuous government support with nothing to show for it, such an ask is unconscionable. To sign this bill would violate my obligation to protect the consumers of New Hampshire from perpetual adverse financial investments. This company has failed the City of Berlin, the region, and the ratepayers of New Hampshire. Enough is Enough!

For the reasons stated above, I have vetoed House Bill 142.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 337

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on August 8, 2023, I have vetoed House Bill 337, relative to directing the Office of Professional Licensure and Certification to provide notice of public meetings and an opportunity for comment from the public and creating a new attorney II position.

This bill creates different standards for the boards administratively attached to the Office of Professional Licensure and Certification (OPLC) than other public bodies subject to RSA 91-A. Currently, public bodies are required to post a public notice 24 hours in advance and records become available for public inspection

after the completion of the meeting. This bill would require OPLC to notice meetings 14 days in advance and provide materials pertaining to those meetings seven days prior to the meeting. This bill would essentially require a legal review for every document this would need to be released in advance.

While I believe more transparency is important in state government, House Bill 337 would be unreasonable and burdensome for OPLC to implement, especially while the office is still working on implementing the major legislative achievements we've passed this session.

Additionally, there is no justification for singling out OPLC and holding them to a different standard than every other public entity in New Hampshire. This bill would open the door for carve-outs for other state agencies, eroding the uniformity among state and local governments that follow RSA 91-A.

For the reasons stated above, I have vetoed House Bill 337.

Respectfully submitted,
Christopher T. Sununu, Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 342

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 29, 2023, I have vetoed House Bill 342, relative to lead testing in children.

While I acknowledge the importance of blood lead level testing in children, this bill is redundant. Both RSA 130-A:-a and RSA 130-A:5-c require health care providers and parents or legal guardians to have blood lead level testing on children who are residing in New Hampshire at the ages of one and two. This bill raises the threshold for children who enroll in New Hampshire's public schools and is an unnecessary barrier to entry. This bill may also incentivize future legislatures to require additional blood testing requirements for New Hampshire's kids attending public school.

All New Hampshire children shall have access to public education and the legislature should not require New Hampshire schools to place a redundant statutory requirement on a form for entry whereby creating an unnecessary check on parents. Blood lead level testing is incredibly important for both health care providers, parents, and guardians, but has no place on entry forms for schools and day cares.

For the reasons stated above, I have vetoed House Bill 342.

Respectfully submitted,
Christopher T. Sununu, Governor
