MEMBERS OF THE HOUSE:

The next House Session will be on Thursday, October 10th at 10:00 AM in Representatives Hall. We'll be meeting to take up veto messages. In accordance with Part II, Article 15 of the NH Constitution, there will be no mileage paid for attending this House session.

Please note that pursuant to Part II, Article 44 of the New Hampshire State Constitution, veto messages of House bills will be taken up by the House first. A two-thirds majority of Members present and voting is required to override a veto. Only if the Senate overrides a veto of a Senate bill would it come to the House for a vote.

As a reminder, Friday, September 13, is the last day prior to the General Election for incumbents running for re-election to file LSRs with complete information.

Please take time to review the notice within this calendar regarding updated LSR filing and management procedures in place at the Office of Legislative Services (OLS) for the upcoming filing period(s). This information has also been sent via email to members.

With several national conferences and other events taking place throughout the Summer and Fall, members should be aware of their obligations under the Legislative Ethics Guidelines.

Members are permitted to accept expense reimbursement for the reasonable expenses for attendance, registration, travel, meals, and lodging related to a bona fide conference, meeting, seminar, or educational, cultural, or informational program related to the legislator's office (for example, reimbursement or stipends received from an organization such as NCSL or CSG) so long as disclosure of any such reimbursement is made no later than the last day of the month following the month during which the expense reimbursement was received. This disclosure shall be filed in the Office of the Secretary of State and shall be in the form prescribed in RSA 14-C. This provision does not require the reporting of an expense reimbursement made by the General Court to a legislator.

If you have any questions on expense reimbursements or ethics filings, please feel free to contact Rich Lambert, Executive Administrator of the Legislative Ethics Committee, at either richard.lambert@leg.state.nh.us or (603) 271-3435.

NOTICE

NEW LSR FILING AND MANAGEMENT PROCEDURES

Last session, the Office of Legislative Services (OLS) received a record number of drafting requests. To meet the increasing volume of legislative service requests with our limited staff, we are restructuring our office operations to be more member accessible, enhancing our drafting and administrative operations, and improving the quality of service for legislative members and staff.

For the 2025-2026 Legislative Session, instead of emailing, members will be able to sign into their General Court House Portal (GC House Portal) to submit and manage their LSRs. As always, members may visit OLS in Room 109 of the State House or call OLS at (603) 271-3435 for intakes, sign-offs, withdrawals, or redraft requests.

OLS will no longer accept intakes, sign-offs, withdrawals, or redraft requests through the AskOLS email. The office will be discontinuing the AskOLS email inbox on August 26, 2024.

New! GC House Portal Features: We have expanded the features available to House members on the General Court House Portal (GC House Portal) for member requests.

- **New! LSR Intake Form:** LSR Filings shall now be submitted through the GC House Portal using the LSR Intake Form link. **OLS will no longer accept LSR filings via email.**
- **New! Sponsor Management:** All House members shall now sign off on LSRs by logging into their GC House Portal (both prime and co-sponsors). Prime sponsors shall now also *add* or *edit* their co-sponsor lists on the Portal. **OLS will no longer accept sponsor sign-offs or change requests via email.**
- **New! Support Resources:** To assist with this transition, the OLS Legal Division will provide written and video tutorials through the GC House Portal, as well as office in-person assistance during business hours. Click these links to access the LSR intake form tutorial video and companion PDF:
 - [LSR intake form tutorial presentation video](#)

Additionally, our AskOLS inbox will be replaced with a new OLSLegal@leg.state.nh.us address, which will be a limited channel for non LSR-management communications.

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 194-FN

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on August 2, 2024, I have vetoed House Bill 194-FN, requiring the Director of the Division of Historical Resources to compile and maintain a list of public monuments and requiring legislative approval of the amendment or permanent removal of historical markers.

New Hampshire state government is based the essential constitutional philosophy of separation of powers, in fact, Article 37 of the New Hampshire constitution says, "In the government of this State, the three essential powers thereof, to wit, the Legislative, Executive, and Judicial, ought to be kept as separate from, and independent of, each other, as the nature of free government will admit, or as is consistent with that chain of connection that binds the whole fabric of the Constitution in one indissoluble bond of union and amity."

Requiring approval by the Joint Legislative Fiscal committee before “amending or permanently removing any marker” crosses the line of separation between the branches and wrongly places the fiscal committee in charge of an Executive Branch decision that has no fiscal impact. As such, this legislation sets a problematic precedent.

For the reason stated above, I have vetoed House Bill 194-FN

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR’S VETO MESSAGE REGARDING HOUSE BILL 274

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 19, 2024, I have vetoed House Bill 274 relative to the administrative rulemaking process.

This bill proposes several changes that increase bureaucracy with broad strokes and will be onerous to implement. The requirement to send a notice “to past participants in similar rulemaking proceedings” would require substantial increases of staff time for the creation and continual maintenance of a registry of anyone who has participated in the rulemaking process. Additionally, the bill does not define a “past participant.” There is no provision for any participant to opt out of this notice and would require the maintenance of a past participant list well beyond any record retention policy. Notices of rules are already required to be publicly posted and interested parties can easily access them. This provision would create undue burden with no clear need or beneficial outcome.

Furthermore, this legislation would also introduce a new uncertain liability for the state with an unknown fiscal impact. It is not clear what is included in “plaintiff’s legal expenses,” which would apply to every agency that promulgates rules under RSA 541-A. There is no fiscal note attached to the bill, thus the cost of implementation is unknown. Any introduction of new fiscal liabilities requires thorough review and feedback to protect New Hampshire taxpayers.

For the reasons stated above, I have vetoed House Bill 274.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR’S VETO MESSAGE REGARDING HOUSE BILL 396

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 19, 2024, I have vetoed House Bill 396, relative to permitting classification of individuals based on biological sex under certain, limited, circumstances.

In 2018, Republicans and Democrats passed legislation to prevent discrimination because as I said at the time, it is unacceptable and runs contrary to New Hampshire’s Live Free or Die Spirit. That still rings true today. The challenge with HB 396 is that in some cases it seeks to solve problems that have not presented themselves in New Hampshire, and in doing so invites unnecessary discord.

For the reasons stated above, I have vetoed House Bill 396

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR’S VETO MESSAGE REGARDING HOUSE BILL 1093

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 2, 2024 I have vetoed House Bill 1093, an act prohibiting mandatory mask policies in schools.

When vetoing a nearly identical bill in 2022, I stated that just because we may not like a local decision, does not mean we should remove their authority. One of the State’s foremost responsibilities is to know the limits of its power. This is as true now as it was then.

As Granite Staters, we take pride in local control and our bottom-up approach to education. Similar to our fight to retain states’ rights against a bloated and ever-encroaching federal government, we have a responsibility to ensure the State minimizes its infringement on local control. Big government is never the solution, and neither is a one-size-fits-all approach.

The State must remain steadfast in protecting local control as decisions like this are best left to authorities closest to parents and families where they can work with their neighbors to decide what is right for their children.

For the reasons stated above, I have vetoed House Bill 1093.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1187

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 26, 2024, I have vetoed House Bill 1187 relative to prohibiting lease agreements of equipment for building or facility improvements.

This bill would effectively prohibit the use of municipal leases to acquire fixtures, a practice that is both common and beneficial to municipalities and businesses alike. While the proponents of this bill have raised examples of certain scenarios in which such agreements have been purportedly misused, the offered legislation would, without exception, undercut municipalities' opportunity to explore such agreements in the search of advantageous timing and financing terms.

Municipalities have ever evolving needs, from school boilers to energy efficiency projects, that must be secured more frequently than bonding opportunities permit. These decisions must still go through multiple layers of approval offering the opportunity for public input and as such, this bill would unnecessarily tie the hands of our local communities.

For the reasons stated above, I have vetoed House Bill 1187.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1233

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 29, 2024, I have vetoed House Bill 1233, relative to animal chiropractors.

This bill seeks to exempt select individuals from licensure requirements in the context of providing chiropractic care to animals. While the notion of reducing rigidity in licensing requirements for purposes of promoting access is laudable, such initiatives must be done with prudence to avoid unintended consequences. The exemption set forth in this bill is vague and stakeholders from the chiropractic and veterinary communities have been uniform in expressing concern over potential unintended consequences, inclusive of allowing individuals to treat animals who lack certain fundamental and foundational training and knowledge concerning animal care.

In addition to concerns over the direct care of animals, the proposed language appears to entirely exempt these prospective practitioners from licensure requirements as opposed to offer the grant of licensure through recognized review and reciprocity. Intended or not, this presents the possibility that these individuals would operate in the absence of the oversight or accountability generally attendant to provision of such services.

While I understand the intent of this bill and am an advocate for reducing unnecessary obstacles to individuals engaging in a trade, upon advice of professionals currently engaged in the field, further adjustments to this bill are needed.

For the reasons stated above, I have vetoed House Bill 1233.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1293

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 19, 2024, I have vetoed House Bill 1293 relative to the use of certain fertilizers on turf.

Despite this bill's well-sought intention to reduce fertilizer contamination, it contains several unworkable and impractical provisions. Rather than focusing on areas close to bodies of water, this bill would restrict any citizen or business in the state from applying fertilizer to a lawn within 25 feet of a storm drain. This would put countless well-meaning families unintentionally in violation of the law when maintaining privately owned lawns. Additionally, restricting fertilizer application before a predicted heavy rain is too vague and makes families beholden to ever-changing summer weather. Not only are these and a number of other restrictions in this bill highly unreasonable, the Department of Agriculture reports that enforcement of this law would be entirely reliant on neighbors telling on neighbors rather than direct action by the agency.

If the intent of the Legislature was to reduce the impact of these fertilizers in New Hampshire water bodies, then I encourage future legislation to be more targeted toward lakes, streams, and other environmentally sensitive areas as well as include a practical mechanism for enforcement.

For the reasons stated above, I have vetoed House Bill 1293.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1415

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on August 2, 2024, I have vetoed House Bill 1415, relative to PFAS facility liability.

It is concerning that the broad definition of perfluoroalkyls (PFAS) facility in HB 1415 would encompass any facility that previously used PFAS at their location, such as fire stations and other municipal facilities. The requirements under this bill would be inappropriate and unnecessarily burdensome to those entities.

In a letter from the New Hampshire Business & Industry Association, they noted that the concentrations triggering regulatory action in HB 1649 conflict and are set at two different standards – 100 parts per trillion in HB 1415 and 10,000 parts per trillion in HB 1649. This contrary language makes it impossible to administer both and enforce them appropriately. Therefore, I have signed HB 1649 and vetoed HB 1415.

It is extremely important to hold appropriate parties accountable for their actions, but this legislation misses the mark.

For the reasons stated above, I have vetoed House Bill 1415.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR'S VETO MESSAGE REGARDING HB 1581

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 10, 2024, I have vetoed House Bill 1581 relative to cultivation locations for alternative treatment centers.

This bill seeks to allow alternative treatment centers to operate additional cultivation centers inclusive of greenhouses. The legislation provides scant detail regarding safety, security and location requirements. These details are necessary to ensure appropriate controls on a regulated substance.

For the reasons stated above, I have vetoed House Bill 1581.

Respectfully submitted,
Christopher T. Sununu
Governor

GOVERNOR'S VETO MESSAGE REGARDING HOUSE BILL 1622

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on August 2, 2024, I have vetoed House Bill 1622 relative to administrative rulemaking and license renewals by the office of professional licensure and certification.

The majority of provisions in this bill would apply to every state agency that engages in rulemaking under RSA 541-A and as such multiple agencies have expressed operational and financial concerns with this bill.

If enacted, this legislation would substantially increase the burden on executive agencies when promulgating rules without providing the financial support to do so. These mandates will dramatically increase the amount of staff time required to simply draft a rule, which could increase the number of staff needed, or pull staff away from other essential functions within our agencies. Public input is essential to good public policy, however the burdens created by this legislation are overly taxing for a minimal amount of public benefit.

Additionally, while I do not support enforcement of expired rules, ordering an agency to pay a fine or attorney's fees as required means that fees from other, unrelated, licensees, assessment fees, or taxpayer dollars must be used. The potential fiscal impact of this is entirely unknown. This policy decision requires more attention to balance the accountability of rule enforcement with the financial interests of taxpayers and those who pay fees to fund regulatory agencies.

For the reasons stated above, I have vetoed House Bill 1622.

Respectfully submitted,
Christopher T. Sununu
Governor

MEMBERS' NOTICES

The following notices are published in the House Record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or legislative social activities and political meetings or events. Publication should not be construed as support for either the events listed or the views espoused by the individual or organization sponsoring the event.

Most occupational licensing boards have members of the public serving on them. Those board members are intended to represent the public, the customers of the professions being licensed. The Office of Professional Licensure and Certification (OPLC) has difficulty filling those positions because most people don't even know they exist and OPLC does not have a good way to advertise. As representatives we know many people in our districts, so Representatives are asked to let citizens who might be interested in serving on a board to contact (OPLC). Alternatively, they may apply online at <https://www.oplc.nh.gov/interested-becoming-oplc-board-member>.
