HOUSE JOURNAL No. 12

Wednesday, April 8, 2009

The House assembled at 3:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

A prayer by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord, was read by the Clerk.

O God, during this season that is so holy for so many, grant to us this day an abiding sense both of the extraordinary gift of grace You give and of the tremendous suffering that human beings have experienced throughout history and even in our own time. You have created us in Your image and we ask that You would give us eyes to see Your image in one another and in all of our brothers and sisters. Help us to speak from the heart, to listen with the soul, and in all we do today bear in mind the sacred responsibility You have entrusted to us to care for the people who call New Hampshire home. All this we pray in Your Holy name. Amen.

Representative Peter Leishman, member from Peterborough, led the Pledge of Allegiance.

The Sgt. at Arms introduced the Lord Provost of Glasgow, the Right Honorable Bob Winter accompanied by Lady Provost Winter.

REMARKS BY THE LORD PROVOST OF GLASGOW

Good Morning everyone, I'm really honored to be your guest here on such an important day. It is a special honor to address the largest state legislature in the United States and the third largest legislature in the Western World, clearly a body with very deep democratic roots and surely the most economic legislature on the planet. As a Scot, I do admire your frugality. Scots take pride, I think, in the contribution that they've made to America over the years. Over half of your President's have had Scottish decent; four percent of today's United States' population and the figure in New Hampshire, I am told is closer to six percent. I had the pleasure yesterday to meet people from the New Hampshire Scottish diaspora. I visited the wonderful site of your Highland Games and can I say I really felt I was at home. It just looked exactly like Scotland and the hospitality was probably even better. I'm here this week as part of a delegation from the Scottish government and from some of the civil leaders in Scotland. We began our tour here with a big parade in New York on Saturday down Eighth Avenue. That lasted for two hours and it's getting bigger all the time with many more Scots people coming out onto the streets. Of course, one of the things we are hoping to do as part of this trip, because we've split up and gone to areas of the United States where there are sizeable Scottish diaspora populations, is to encourage people to come and visit Scotland this year. It's our year of homecoming. It coincides with the 250th anniversary of the birth of our National Bard, Robert Burns and we have laid on some wonderful events. I'm delighted to say that I've met a lot of people who've already got that well into their diary. If you haven't, we would be delighted to see you there. I know that you really have very, very important business to conduct and this is probably your busiest two or three days of your legislative year, therefore I wouldn't want to detain you. I wish you very well in all the key deliberations that you'll have on behalf of the people of New Hampshire. I only say that I take great gratification in the way in which you've invited me here and the way in which you've organized this wonderful event celebrating Scots in America. Thank you all very much.

Rep. John Hunt introduced special guests who performed for the House in honor of New Hampshire Tartan Day: Pipe Major Gordon Webster and Mrs. Lezlie Webster, proprietors of the New Hampshire School of Scottish Arts. Pipers, Drummers and Fiddlers: Lezlie Webster, Campbell Webster, Ethan Donlon, Chris Monroe, Jack Daly, Madeline Stewart and Marielle Webster. Dancers: Samantha Allman, Katie Allman, Madeline Stewart, Marielle Webster and Abigail Crawford.

Pipers played the lament in memory of Representative Peter R. Goyette, Jr.

Rep. Tupper offered a traditional Scottish blessing and Pipers played "Amazing Grace."

As a token of friendship, Rep. Hunt presented the Lord Provost of Glasgow with a bottle of pure New Hampshire maple syrup.

The Speaker referred **SB 79** to the Committee on Local and Regulated Revenues.

MOTION TO VACATE

Rep. Reardon moved that the House vacate the reference of **SB 116**, repealing the prohibition on political contributions by insurance companies, to the Committee on Commerce and Consumer Affairs.

Adopted.

The Speaker referred **SB 116** to the Committee on Election Law.

MOTION TO VACATE

Rep. Cooney moved that the House vacate the reference of **SB 187**, relative to the administrative changes to the Nashua public works retirement system, to the Committee on Municipal and County Government.

Adopted.

The Speaker referred **SB 187** to the Committee on Executive Departments and Administration.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wallner moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Consent Calendar adopted.

Rep. Cloutier declared a conflict of interest on **HB 651** and did not participate in the vote on the Consent Calendar.

HB 70, relative to taking stones from stone walls. **OUGHT TO PASS.**

Rep. Beth Rodd for Criminal Justice and Public Safety: New Hampshire's priceless stone walls, historic markers of boundaries for property and animals are disappearing through theft because of their historic and cultural value. This bill requires that perpetrators of such theft be required to make restitution based on the cost of materials and restoration and include attorney fees and costs. The outdated requirement of a \$15 fine has been removed because it does not cover the true cost of restoration. Vote 19-0.

HB 215, making technical corrections to certain OHRV and snowmobile laws. **OUGHT TO PASS.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill makes changes to statutes concerning OHRV's and snowmobiles to reflect omissions when the DWI statutes were recodified in a previous session. Vote 19-0.

HB 276-FN, relative to challenges of voters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Shannon E. Chandley for Criminal Justice and Public Safety: This bill, as amended, seeks to prevent indiscriminate and groundless challenges of voters. Since voting is recognized as a most fundamental right, the penalty for obstructing, interfering with, delaying or preventing a person from voting should be significant. Under RSA 659:40, violations of this act would be charged with a class B felony. Vote 19-1.

Amendment (1193h)

Amend the bill by deleting section 3 and renumbering the original sections 4-5 to read as 3-4, respectively.

AMENDED ANALYSIS

This bill establishes additional requirements for challenging voters, including a challenge affidavit.

HB 295, relative to mental health treatment for members of the armed forces and veterans convicted of crimes. **OUGHT TO PASS.**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill contained no penalty for the committee to consider. It only requires pre-sentence investigations for misdemeanors and felonies. Vote 19-0.

HB 432-FN, relative to penalties for telephone harassment involving a number used to facilitate transportation of voters or otherwise to support voting or registering to vote. **OUGHT TO PASS.**

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill criminalizes phone jamming and other actions that purposefully interfere with the legal right to vote. It imposes a Class A felony penalty on those who are guilty of such interference and clarifies statutes that facilitate the prosecution of such crimes. Vote 19-0.

HB 473-FN, relative to water treatment plants and penalties for safe drinking water violations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill, as presented to the committee for review of the penalties, has a section that called for a class B felony for purposely or knowingly polluting a community water supply. The committee reviewing the potential seriousness of such an act has amended the penalty to a class A felony. This is a crime against a large segment of society with potentially large scale effects. The operative words to make this a class A felony are “knowingly and purposely,” and call for severe penalties. Vote 19-0.

Amendment (1146h)

Amend RSA 485:17, II as inserted by section 5 of the bill by replacing it with the following:

II. If a person shall purposely or knowingly place, leave, or cause to be placed or left, in or near a lake, pond, reservoir, or stream tributary thereto, from which the domestic water supply of a city, town, or village is taken, in whole or in part, any material, substance, or fluid that may cause such water to become impure or unfit for such purposes such person shall be guilty of a class A felony.

HB 537-FN, relative to penalties for oil spills. **OUGHT TO PASS.**

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill defines penalties for recklessly, purposefully, or knowingly discharging oil into surface or groundwater that will eventually seep into public drinking supply. Vote 19-0.

HB 538-FN, relative to penalties for water pollution. **OUGHT TO PASS.**

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill updates language clarifying the acts and increasing the penalties for certain violations of water pollution in domestic water supplies. Vote 18-0.

HB 651-FN, relative to regulation of private investigative agencies and security services. **OUGHT TO PASS.**

Rep. Delmar D. Burrige for Criminal Justice and Public Safety: The committee believes the penalty assessed for those engaged in the business of private investigators, or bail enforcement agents, were appropriate as recommended by the Committee on Executive Departments and Administration. Vote 19-0.

HB 251, relative to the state registry of founded reports of abuse, neglect, or exploitation of adults. **OUGHT TO PASS.**

Rep. Laurie Harding for Executive Departments and Administration: This bill was reviewed by Executive Departments and Administration as a second committee bill and did not require any further work. As it came from the Health, Human Services and Elderly Affairs Committee, the bill made technical changes in the state abuse registry law. The terms

“perpetrator” and “volunteer” are defined. The bill also includes additional protections for incapacitated adults. Guardians and agents acting under powers of attorney will be added to the registry if there is a founded report of abuse, neglect or exploitation made against the guardian or agent. Current employers will be permitted to check the names of current employees against the registry. Vote 20-0.

HB 345-FN, allowing physical therapists to practice on animals. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ken Hawkins for Executive Departments and Administration: This bill came to Executive Departments and Administration as a second committee because it involves licensing. This bill will allow physical therapists, who have graduated from a singular program in animal physical therapy or animal rehabilitation, affiliated with an AVMA accredited veterinary school, with a minimum of 120 course hours, to practice physical therapy on animals. There has to be a referral from a veterinarian. Vote 19-0.

Amendment (1188h)

Amend the introductory paragraph of RSA 328-A:15-b, IV as inserted by section 2 of the bill by replacing it with the following:

IV. Before treating an animal, an animal physical therapist shall receive a referral from a veterinarian licensed under RSA 332-B. Such referral shall be oral or written and an oral referral shall be followed by a written referral filed within 7 days of the first treatment by the animal physical therapist. The written referral shall contain the following:

HB 637-FN, relative to bail agents and recovery agents. **INEXPEDIENT TO LEGISLATE.**

Rep. Carol M. McGuire for Executive Departments and Administration: While supporting the concept of this bill, the committee felt that the licensing elements would better be incorporated in HB 651, which is a comprehensive rewrite of the regulatory requirements for private investigators, security services and bail agents. The committee, with assistance from Criminal Justice and Public Safety (the original committee), is crafting an amendment to HB 651 to be considered by the Senate with the critical elements of HB 637. Vote 18-1.

HB 174-FN, establishing a performance measurement system for state agencies. **OUGHT TO PASS.**

Rep. Bernard L. Benn for Finance: The bill establishes a pilot program for the development of a performance measurement system in the department of health and human services. The program will include both process and end outcome indicators that will serve as a model for program level performance measurement in all agencies. DHHS is already engaged in the development of such performance measures and anticipates that the responsibilities added by this bill can be absorbed by existing staff. A final report by DHHS is due on July 1, 2010. In 2011, every agency will be required to adopt a data based evaluation system of all their programs based on this pilot program. To accomplish this, the department of administrative services states that in the future, large agencies may require funding of a full-time position. There are no appropriations contained in this bill. Vote 22-0.

HB 310-FN, relative to reimbursement of mileage for judges and marital masters. **OUGHT TO PASS.**

Rep. Benjamin C. Baroody for Finance: This bill will allow mileage reimbursement for judges and marital masters to their assigned court that is in excess of 50 miles away. This is changed from 25 miles. It was estimated that 90% of all commuting falls under 50 miles. This was with support of the judicial branch and will save \$28,700 in FY 2010 and each year thereafter. Vote 23-0.

HB 40, requiring sanctions against hospitals for failing to report infection rates. **OUGHT TO PASS.**

Rep. David J. Bettencourt for Ways and Means: This bill allows the commissioner of health and human services to impose an administrative fine upon any hospital for failure to report infection rates. The fine would be up to \$1,000 per day of non-compliance. All hospitals in New Hampshire are required to report infection rates to the department of health and human services under RSA 151:32-35. Data required under these RSAs excludes any identification of individual patients. This program was established effective July 1, 2007 but is not yet in operation. Hospitals are not yet reporting this information. The NH hospital association has stated that the hospitals are prepared to provide this information, but have not yet received needed guidance from the department as to reporting this information. The sponsors feel and the committee agrees that the possible imposition of fines would encourage the hospitals to report this important information on a timely basis. Vote 19-0.

HB 97, relative to the lottery commission's ability to make rules concerning the Multi-State Lottery Association. **OUGHT TO PASS.**

Rep. Susan G. Price for Ways and Means: This bill was requested by the lottery commission. By allowing the lottery commission to engage in rulemaking with regard to the multi-state lottery association (MLSA), the New Hampshire lottery commission will be able to maintain flexibility and responsiveness to changes and improvements to the multi-state lottery system that the MSLA jointly proposes. Vote 19-0.

HB 225, relative to room and board scholarships for children of firefighters and police officers. **OUGHT TO PASS.**

Rep. John D. Kelley for Ways and Means: The bill revises the statute on tuition waivers for children of firefighters and police officers who died while in performance of their duties. The bill permits such children to apply for a scholarship to cover room and board costs to the extent of available funds. The fund shall be continually appropriated to the postsecondary education commission and established in the office of the state treasurer. The postsecondary education commissioner will actively seek gifts, grants and donations for the fund. Vote 18-1.

HB 281-FN, increasing the maximum amount of debt or damages for small claims actions and requiring mediation for small claims actions exceeding \$5,000 and establishing a fee for the cost of such mediation. **OUGHT TO PASS.**

Rep. Dennis P. Vachon for Ways and Means: This bill increases the maximum amount of debt or damages for small claims actions from \$5,000 to \$7,500, requires mediation for small claims actions exceeding \$5,000, and establishes a fee of \$60 for such mediation. The small claims mediator would be paid \$60 for each case mediated. Although this new fee would be in addition to the normal filing fee, the total filing fee for small claims action would still be only \$115 which is less than the normal filing fee for a civil writ in district court (\$125) or superior court (\$175). The committee believes that the benefits to the public from being afforded the opportunity to resolve these types of cases without the necessity of having to hire an attorney far outweighs any financial burden which litigators might experience as a result of the additional fee. Vote 20-0.

HB 330, relative to life, accident, and health insurance. **OUGHT TO PASS.**

Rep. William G. Johnson for Ways and Means: This bill was recommended by the insurance department to make technical and definitional changes to our insurance laws. While there is no change in the amount of individual fines, it does increase the total amount (or cap) on annual fines paid by one insurer for continued overdue payments. The department said that the increase in the cap will deter such late payers. Vote 18-2.

HB 441-FN, relative to CART providers and sign language interpreters. **OUGHT TO PASS.**

Rep. William G. Johnson for Ways and Means: The sponsor demonstrated the need for sign language interpreters. The fund will be a depository for federal grants for educational cost and reimbursement for individuals who have completed their CART education and received their certification. The sponsor indicated that these funds are readily available from federal grants. No state funds will be used. Vote 20-0.

HB 476-FN, relative to modifying the quorum requirement and filing fees for the board of tax and land appeals. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Susan G. Price for Ways and Means: The board of tax and land appeals requested a reduction in a quorum requirement from four members to three members. This will reduce operating costs for the board without compromising operating efficiency of the board. The bill also repeals a requirement that the board's filing fees under the eminent domain procedure act be deposited in the highway fund. Fees will be deposited in the general fund. The committee declined to increase fees with the amendment. Vote 19-0.

Amendment (0880h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to modifying the quorum requirement and relative to filing fees for eminent domain proceedings before the board of tax and land appeals.

Amend the bill by deleting sections 2-13 and renumbering the original sections 14 and 15 to read as 2 and 3, respectively.

AMENDED ANALYSIS

This bill modifies the quorum requirement for the board of tax and land appeals.

The bill also repeals a requirement that 90 percent of the board's filing fees under the eminent domain procedure act be deposited in the highway fund.

HB 598-FN, relative to the regulation of auctioneers by the state board of auctioneers. **OUGHT TO PASS.**

Rep. Robert M. Walsh for Ways and Means: This bill makes changes to the regulations of auctioneers licensed by the board of auctioneers. Changes included increasing the bond required by each licensee to \$25,000 from the present \$10,000 and providing to the board of auctioneers powers to request the courts to sanction noncompliant auctioneers and impose penalties up to \$10,000 or imprisonment or both. Vote 18-0.

HB 608-FN, establishing a committee to oversee the design and construction of a public works employee memorial for public works employees who died in the course of performing public duties. **OUGHT TO PASS.**

Rep. John D. Kelley for Ways and Means: The bill establishes a committee to oversee the location, design, and construction of a public works employee memorial and to privately raise and expend all the funds necessary for its construction and maintenance. The memorial shall be for public works employees who were killed while performing public works duties on behalf of a municipality, a county, or the state. The gifts of money shall be placed in a special non-lapsing account in the state treasury. Any money remaining in the special account after the construction of the memorial is completed shall be used for the care, maintenance, repair and additions to the memorial. Vote 17-1.

HB 610-FN, relative to consumer protection from certain practices of mortgage bankers, mortgage brokers, and mortgage loan originators and implementing the S.A.F.E. mortgage licensing act. **OUGHT TO PASS.**

Rep. William A. Hatch for Ways and Means: This bill modifies certain rules to strengthen the ability of the banking commission to provide consumer protection in regards to mortgage

bankers, brokers and mortgage loan originators. It also addresses implementing the S.A.F.E. (the Secure and Fair Enforcement) for mortgage licensing act. Mortgage originators will now be required to register and meet certain character as well as professional prerequisites, such as criminal records check, educational checks and testing. Each application has a license fee of \$100. This license may be transferred from one mortgage lender to another with a fee of \$50 provided it is done 15 days prior to the expiration. The requirements will be applied to all originators that do business in New Hampshire whether their company is based in or out of state. It also puts into practice some other provisions of the S.A.F.E. Act that will help the banking commission protect our citizens from the many unfair and costly practices of some of those who sell and have sold mortgages in this state. In addition, if we do not enact this type of legislation the federal government will use the S.A.F.E. Act to oversee this activity for the state without state input. The commissioner may assess fines and penalties not to exceed \$25,000 if it is found the originator has violated or failed to comply with any requirements of the S.A.F.E. Act. The majority agreed with the provisions of this bill and voted ought to pass. Vote 17-1.

HB 654-FN, relative to the dam maintenance revolving fund. **OUGHT TO PASS.**

Rep. David J. Bettencourt for Ways and Means: This bill is enabling legislation that creates a mechanism to allow the dam maintenance revolving fund, which was created last session without such a mechanism, to accept private donations and other sources of funding. This legislation only pertains to the maintenance, repair, and construction of privately owned (and municipal) dams and does not appropriate any state funds, nor will it affect state revenues. The dam bureau believes there will soon be a federal grant program to which the fund can apply. In the end this bill boils down to a "housekeeping" measure. Vote 18-0.

MOTION TO SPECIAL ORDER

Rep. Packard moved that ***HB 1-A***, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2010 and June 30, 2011 and ***HB 2-FN-A-L***, relative to state fees, funds, revenues, and expenditures be made Special Orders as the first order of business on Thursday, April 9, 2009.

Rep. Packard spoke in favor.

Rep. Marjorie Smith spoke against.

On a division vote, 186 members having voted in the affirmative and 191 in the negative, the motion failed.

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2010 and June 30, 2011. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Marjorie K. Smith for the Majority of Finance: The proposed budget is largely the same as it came to us from the governor. There are, however, some key differences. Some of the differences are based on additional information not available to the governor at the time of his budget message. In the same way, we expect that the Senate will have access to additional information and will change HB 1 accordingly. The budget is a work in progress. This budget fully funds education adequacy according to the formula signed into law last year and adds some funds to the university system and the community college system of New Hampshire. It also returns \$117 million to cities and towns from rooms and meals revenue which the governor had been forced to eliminate in his budget. The budget adds \$16 million to reduce the waiting list for services for developmentally disabled citizens. It restores a catastrophic illness program that gives payments of up to \$2,500 to 1,000 residents with cancer and other chronic diseases, a counseling program to prevent suicides, \$1 million for groups that help HIV/AIDS sufferers; supports family resource centers which assist at-risk families in the counties, and restores \$2 million to the cancer plan. The budget increases spending for programs that treat alcohol and substance abuse in the community, enlists senior grandparents and volunteers in providing support to the community, increases funds for diversion programs to keep troubled juveniles from becoming criminally delinquent, and partially funds family planning services. Tobey School was funded for an additional year, during which time the school must develop a plan for the future. The committee reduced overtime in Corrections in order to fund 20 positions eliminated in the governor's proposal. The committee concluded that corrections officers could do a better job under difficult circumstances if they are not working so many overtime hours. Consistent with House action in support of the road toll increase (gas tax), we were able to provide additional funds to DRED and to Fish and Game via additional unrefunded road toll dollars in 2011. The committee made significant and painful cuts in the operating budgets of every agency. In the area of information technology, largely because of difficulty in substantiating the reasons for significant increases in certain lines, the committee cut funding but, at the same time, gave agency heads authority to move funding around in order to compensate for these cuts. The committee increased, only for the next two years, the employee and local employer contribution to the retirement fund. The committee, in full agreement with the governor, maintained the balance in the revenue stabilization (rainy day) fund. The Finance Committee relied on the Ways and Means Committee's revenue estimates which were about \$137.9 million below the governor's. The committee utilized \$200.7 million of federal funds to be used specifically for state fiscal stabilization purposes. These funds are an acknowledgement that at the very time our citizens require more assistance from the state our traditional revenue sources are generating fewer dollars than anticipated. Vote 14-9.

Rep. Neal M. Kurk for the Minority of Finance: The minority has proposed a biennial budget that is realistic and provides essential services to the people of New Hampshire, such as health, justice, corrections and safety, while maintaining fiscal discipline. Every New Hampshire household has had to tighten its belt during these tough economic times. The state must do no less. Because our revenues have dropped significantly, the minority has reduced general fund spending in their budget for FY 2010/11 by 2.6%, compared with the current FY 2008/09 budget (which increased 17.5% over the previous budget). With great reluctance, the minority proposes significant reductions in the appropriations of every branch and department of state government. This will allow the state to live within existing revenues during the next two years and avoid the budget increase proposed by the majority. The minority's budget is balanced without any new or increased taxes and without using \$60 million in "one-time" monies, which gets us off to a bad start for the next budget. The minority's budget also avoids downshifting the state's budget problems onto the local

property taxpayers. It fully funds \$50 million in municipal revenue sharing and \$83 million in building aid within current revenues, something the majority budget fails to accomplish. Under the majority's budget, New Hampshire property taxpayers will have to pay \$133 million more in their local property taxes to balance the state's budget. Finally, the minority's budget maintains over \$50 million in the so-called "rainy-day" fund to preserve the state's advantageous bond rating.

Majority Amendment (1201h)

This amendment was printed in its entirety in House Record No. 26B, April 3, 2009 and is made part of this Journal by reference.

Rep. Kurk spoke against.

Rep. Marjorie Smith spoke in favor and yielded to questions.

Rep. Eaton requested a roll call; sufficiently seconded.
