HOUSE RECORD

2013 SPECIAL SESSION

HOUSE JOURNAL NO. 2

Thursday, November 21, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

Peace be with you. O God of all things possible, we gather today in a special session to consider a very important topic and that will affect thousands across our state. It is easy in times like this to build fortresses around ourselves. To presume dead ends. O God of endless newness and possibility, may Your Holy Spirit truly surprise us this day, with openness we had not expected. As we gather in this beautiful city we pronounce Concord, bless us with a spirit of the spirit of concord for which it is named. If our minds are clenched, loosen them. If our hearts are closed, open them. If we are experiencing distrust, stretch our hearts to welcome that of You that resides in each person. If we are reticent to speak our minds for fear we will be judged by one another, give us the courage to speak for all the people we represent. But most of all, O God, give us the courage to be generous, remembering the many thousands of lives that our decision today will affect. Most of all let Your voice speak in the midst of our debate. And in so doing, may we remember the call of so many of Your prophets over the years, Amos among them to, "Let justice roll down like waters, and righteousness like an ever flowing stream." Bless our Governor, the Speaker, and each member of this body. Be with those in our company here today who are grieving or ill. And be with our loved ones in places of hardship. In Your loving name we pray. Amen.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Representative Janet Wall, member from Madbury, led the Pledge of Allegiance.

The National Anthem was sung by Amanda McCarthy of Londonderry, a student from Southern New Hampshire University.

REGULAR CALENDAR

SS HB 1-FN-A, relative to access to health insurance coverage. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Sharon Nordgren for the Majority of Finance. This legislation as amended reflects the bipartisan supported recommendations of the Commission to Study the Expansion of Medicaid Eligibility, further compromises, and technical corrections and improvements in a fully privatized system to expand healthcare access to approximately 58,000 low income New Hampshire working men, women and families. This compromise plan would provide expanded access to Medicaid services provided through our privatized Managed Care system initially with the goal of moving the entire newly eligible population to a competitive marketplace including at least one managed care option by 2017. This plan would enhance state control of our healthcare system and maximize federal dollars received while improving the health and security of our citizens and providing increased stability and predictability to our providers, private insurance carriers and the state. A key component of the significant savings achieved through this plan comes from expansion of the Health Insurance Premium Payment (HIPP) program, which allows low-income workers to utilize employer offered insurance coverage. Additional savings come from a significant reduction in uncompensated care, honoring existing Managed Care contracts, which include significant savings, and promoting increased competition in our state insurance market. Vote 15-10.

Rep. Neal M. Kurk for the Minority of Finance. The minority believes it important that low-income New Hampshire adults have health insurance but in a way that is affordable to New Hampshire taxpayers. The majority would provide this coverage by accepting expanded Medicaid under the Affordable Care Act (aka ObamaCare) but without thoughtful and reasonable financial safeguards. Its plan continues in effect regardless of whether the federal government grants the necessary waivers or not. Its plan continues in effect no matter how high its costs -- the lowest estimate is around $40-45 million in general funds for the 2022/23 budget. The majority's plan only ends if the federal government reduces its promised cost share. In essence, the majority proposes to expand an out-of-control Medicaid entitlement program. This is not the New Hampshire way. The minority would have preferred a plan that is more in keeping with New Hampshire traditions. It would be a time-limited, three-year program fully paid for with federal funds disbursed through a separate health protection trust. If the program were effective and efficient in provide health care to low-income adults, and if its future costs were affordable, it could be continued or modified. If not, it would terminate. The minority would have required income-eligible adults with employer-sponsored insurance to keep those policies, where cost effective, and pay the premiums, co-pays, deductibles and other cost-sharing provisions with federal funds. This is the so-called HIPP program. For those who do not have employer-sponsored insurance, coverage could be provided through exchange-based, private qualified health plans only. The use of private insurance would result in higher health provider re-imbursement rates, reduce provider uncompensated care costs and improve our state's insurance markets and consumer choices. The minority would not have begun coverage until the necessary federal approvals (waivers) were received. The HIPP program waiver could be received in early January 2014. The private insurance waiver would take somewhat longer, likely in January 2015. These delays in the implementation would be necessary to maximize the state's leverage in negotiations with federal authorities. The minority believes these delays would be a small price to pay for getting it right from the start. Finally, unlike the majority's proposal, the minority would have required an important personal responsibility measure: unemployed participants would be referred to the Department of Employment Security to receive help in finding work.

Majority Amendment (2418h)

Amend subparagraph II (e) as inserted by section 1 of the bill by replacing it with the following:

(3) Serve as a forum for the formal hearing and public comment on an 1115 Medicaid demonstration.

(4) Create any subcommittees it deems necessary, which may include members of the public appointed by the chairperson, to assist with the research, analysis, or other work necessary to support its recommendations for a waiver application.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Kurk offered floor amendment (2434h).

Floor Amendment (2434h)

Amend section 2 of the bill by inserting after RSA 126-A:77 the following new section:

126-A:78 Termination for Increase in Net State Costs. The New Hampshire access to health coverage program shall terminate no later than 180 days following a certification by the legislative budget assistant under RSA 14:31, VII that net state costs for the program for the most recent fiscal biennium exceeded the costs for the previous biennium by more than 12 percent. The commissioner of the department of health and human services shall notify the secretary of state, the governor, the speaker of the house of representatives, the president of the senate, and the director of legislative services of any termination of the program under this section.

Amend the bill by replacing all after section 11 with the following:

12 New Paragraph; Office of Legislative Budget Assistant; General Duties. Amend RSA 14:31 by inserting after paragraph VI the following new paragraph:

VII. Beginning July 1, 2017, the legislative budget assistant shall compare the net state costs for the New Hampshire access to health coverage program, as defined in RSA 126-A:68, XIII, for the most recent fiscal biennium with the next previous fiscal biennium. If the legislative budget assistant finds that net state costs for the most recent fiscal biennium exceeded the costs for the previous biennium by more than 12 percent, the legislative budget assistant shall certify his or her finding to the commissioner of the department of health and human services. In this section, "net state costs" means the total costs of the New Hampshire access to health coverage program minus the sum of federal funds received to pay for the program and increased state revenue attributable to the program from Medicaid premiums and the Medicaid enhancement tax.

13 Repeal. The following are repealed:

I. RSA 420-N:2, III, relative to an oversight committee.

II. RSA 420-N:3, relative to the joint health care reform oversight committee.

III. RSA 420-N:4, relative to implementation of the Act.

IV. RSA 420-N:7, I and IV, relative to prohibition on a state exchange.

V. RSA 161:11, relative to requiring the commissioner of health and human services to seek certain approval from the joint health care reform oversight committee.

VI. RSA 126-A:77, relative to the health and human services waiver advisory commission.

14 Effective Date.

I. Paragraph VI of section 13 of this act shall take effect December 31, 2014.

II. The remainder of this act shall take effect upon its passage.

Rep. Kurk spoke in favor and yielded to questions.
Rep. Nordgren spoke against.

UNANIMOUS CONSENT

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Jones be printed in the Permanent Journal.
Adopted.

REMARKS

Rep. Jones: Thank you, Madam Speaker and thank you, Honorable colleagues. Former State Representative Al Bemis passed away on October 16th of this year at the age of 65 after a multi-year battle with cancer. He was a member of the House during the 2003-2004 term. He served on the House criminal justice and public safety committee. Public safety was a top priority for Al. With a background as a police officer and many years working in sales, he understood how important it was for law enforcement to have good relations with the public. After leaving the Legislature, he ran for police commissioner and served in that capacity for six years from 2008 until his death. I met Al at a meeting of the Rochester concerned taxpayers association back in 2009. I was impressed with his confident, outgoing, friendly personality and with his knowledge regarding law enforcement and public safety. Al was well liked by everyone and thought of others before he thought of himself. As Rochester Police Chief Allen once said, "Al had a kind and generous heart." Former Representative Bemis had many accomplishments during his time as a public servant. While a State Representative, he served on a study committee looking into ways to prevent prison breaks. In Rochester, he pushed for the use of Dodge chargers as police cruisers since that vehicle combines safety and fuel efficiency. The City of Rochester had acted on Al's recommendation and had purchased three Dodge chargers at the time of his death. Al took public service very seriously. He understood that it is an honor to serve. He enjoyed responding to constituent concerns. When he was not at police commission meetings, he was listening to the police radio to keep up on what was going on. Public service is what kept him going. Even when he decided that he could not run for reelection this year because of his health, he still hoped that he would make a full recovery and planned to run again sometime in the future. May we all take to heart the outstanding example left to us by the Honorable Al Bemis, to care about others, to work hard and to understand what an honor it truly is to serve our constituents. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former Representative from Rochester, the Honorable Al Bemis.

MOTION TO PRINT REMARKS

Rep. Almy moved that the remarks made by Rep. Bailey be printed in the Permanent Journal.
Adopted.

REMARKS

Rep. Bailey: Thank you, Madam Speaker. Last week the State of New Hampshire and specifically the North Country lost an incredible public servant. Raymond S. Burton was raised on the family homestead in Bath. His ancestors reached back centuries in Northern New Hampshire. Ray knew early on that he wanted to help others, first as a teacher having graduated from Plymouth State College and then through political office. The first time Ray ran for the Executive Council was 1976. He won and served with Governor Thomson. He ran for reelection in 1978 and lost, but since regaining his seat in 1980, he won every election handily through last year. He worked with Governors Thomson, Gallen, Sununu, Gregg, Merrill, Shaheen, Benson, Lynch and our current Governor Hassan. He was fond of saying that the hardest job he had on the Executive Council was teaching the new Governor how to count to three. He was a grand public servant. His district stretched from the headwaters of the Connecticut River in Pittsburg down to the Lakes Region in Tilton. Ray would attend select board meetings, planning board meetings, economic development meetings, chamber dinners, senior center lunches, 4-H events, business grand openings, college functions, church suppers, graduations, baptisms, weddings, funerals and parades. No one loved parades more than Ray and no one loved the 4th of

July more than Ray Burton. At the parades in Woodsville and Franconia, he relished walking down the street alongside one of his antique cars while waving to his constituents. They loved Ray. Shouting his name as he walked by, he would acknowledge them by tipping his "Burton for Certain" cap. What made Ray unique was his legendary constituent service. If you approached him with a problem, he would whip out one of his blank index cards and pen asking for more information. He said that he would get back to you and he did. If there was a snag somewhere in state government, he was the go-to guy for the North Country. He could cut through the red tape with a phone call. He could get answers when others could not. He never, ever let his constituents down. While Ray Burton was an old time Yankee Republican, he felt he represented all his constituents regardless of party. He believed that state government works best when we work together to solve our problems. He never had to raise his voice to make a point. He was not into settling scores or getting even. Tomorrow was always a new day to work on behalf of the people. It came to us as a shock that Ray was ill. We could not imagine him not being our councilor. We all held out hope that Ray would recover and continue as he had in the past. Ray kept his schedule right up to the end. About two weeks before Ray passed away, I called him to touch base on a constituent issue we were working on. He did not sound well. I asked him how he was feeling. He said that he had just received news that he could no longer fight his illness. There was nothing more the doctors could do. When I expressed concern for him, he remarked, "Hey, no regrets." He enjoyed his life and relished being a public servant in the state he loved. To him, it was just that simple. The impact of Ray's death is tremendous. It has hit us all very hard, but why? Because Ray was like a family member. He celebrated with us when we celebrated. He mourned with us when we mourned. Always present, always there. A rock the North Country could lean on. We've heard it said that the road to hell is paved with good intentions. Something tells me that up North in heaven, Ray Burton has already helped secure funding to fill in some potholes, put down some new asphalt and repair a few bridges. Decades from now, people will still be telling stories to friends and family of how Ray helped them while being an Executive Councilor and Grafton County Commissioner. This is a testament to a true public servant of New Hampshire and today we mourn his passing. May Raymond S. Burton rest in peace. Thank you, Madam Speaker.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the Executive Councilor from Bath, the Honorable Raymond S. Burton.

MOTION TO PRINT REMARKS

Rep. Gary Richardson moved that the remarks made by Rep. Perry be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Perry: Thank you, Madam Speaker. Colleagues, time does not permit me to give this presentation the full measure of historical significance it deserves, but I hope it suffices. John F. Kennedy, the 35th President of the United States, was assassinated 50 years ago tomorrow, November 22, 1963. One bullet entered his back and exited his throat. Another entered his skull. We watched on television in real time his 34-year-old wife crawl across the trunk of the limousine in which they were riding, with the hope of retrieving a portion of his skull. I was a 13-year-old paperboy during the presidential election of 1960, delivering to 70 customers before getting ready for school. Caught up in the election, I was aware of his critics. He was said to be too young to be President. What could he know about the office? He was a Catholic, sure to be influenced by the Pope. He was a liberal, a communist. The Kennedy/Nixon debate of 1960 was the first time television was used for a presidential debate. Ironically, it was the first time a nation witnessed the assassination of a president on television, as it happened, in real time, being the same former Kennedy candidate. We witnessed America's most trusted news anchor, and many considered the most trusted man in America, Walter Cronkite, remove his glasses, look up at the newsroom clock, and with palpable emotion, voice quivering, announce to a horrified nation: "From Dallas, Texas, the flash apparently official, President Kennedy died at 1:00 p.m. Central Standard Time, 2:00 Eastern Standard Time, some 38 minutes ago." Shortly thereafter, the nation witnessed the murder of President Kennedy's assassin on television, as it happened, in real time. Many of us in this Hall were teenagers then, and despite the intervening 50 years, none of us can forget what we witnessed, nor what we were to endure later in the decade … in Birmingham, high-pressure fire hoses and attack dogs used against a non-violent assembly of black men, women and children, whose only transgression was a simple demand for equal rights. Later in the decade, the assassinations of Robert F. Kennedy and Martin Luther King. In April of 1943, having sought combat duty as a member of the United States Navy, Kennedy was given command of the Motor Torpedo boat PT 109. On August 1, 1943, his and other similar vessels were ordered to patrol and intercept Japanese warships in the Pacific near the Ferguson and Blackett Straits. In the dark of night, a Japanese destroyer traveling at 40 knots, slammed into PT 109, cutting it in half. The crew of the destroyer was unaware of the collision. It took Kennedy three hours to locate a badly burned member of the crew, Patrick Henry McMahon, and return him to a floating remnant of the vessel. Ten hours after the collision, Kennedy and ten survivors swam to an island barely visible three miles away. Kennedy had given

McMahon a life jacket, and with the strap of the jacket clenched in his teeth, towed McMahon for five hours to the safety of the island, although survivors would not be rescued for more than a month. Kennedy was awarded the Navy and Marine Corps Medal of Honor for his heroics in the rescue of the crew of PT 109, as well as the Purple Heart for the injuries he sustained. In the fall of 1962, it became known to the Kennedy administration through clear photographic evidence that the Soviets had secretly placed on the Island of Cuba multiple missiles capable of being armed with nuclear warheads within days, a direct threat to the security of the United States. Despite receiving erroneous and inconsistent advice, and repeated calls by hawks to bomb the Island of Cuba during those harrowing 13 days in October, the President instead gambled on finding an alternative to nuclear conflagration with the Russians, and found it in a secret deal made with Khrushchev, allowing the Premier to retreat from his bluster and averting mutual assured destruction. What came to be known as the Cuban Missile Crisis is acknowledged to be the closest the world has ever come to nuclear war. Following the tragic events in Birmingham, Alabama in May of 1963, President Kennedy took the bold step of transforming civil rights from a legal issue to a moral issue in his address to the nation on June 11, 1963, which I quote in part: "We are confronted primarily with a moral issue. It is as old as the scriptures and is as clear as the American Constitution. The heart of the question is whether all Americans are to be afforded equal rights and equal opportunities, whether we are going to treat our fellow Americans as we want to be treated. If an American, because his skin is dark, cannot eat lunch in a restaurant open to the public, if he cannot send his children to the best public school available, if he cannot vote for the public officials who represent him, if, in short, he cannot enjoy the full and free life which all of us want, then who among us would be content to have the color of his skin changed and stand in his place? Who among us would then be content with the counsels of patience and delay? One hundred years of delay have passed since President Lincoln freed the slaves, yet their heirs, their grandsons, are not fully free. They are not yet freed from the bonds of injustice. They are not yet freed from social and economic oppression. And this Nation, for all its hopes and all its boasts, will not be fully free until all its citizens are free." Eight days following his Civil Rights speech, President Kennedy asked Congress to enact what would become the most far-reaching civil rights law in our history. His life cut short 8 months earlier; the Civil Rights Act of 1964 was signed into law on July 2, by his successor, President Lyndon B. Johnson. Lesser-known facts about President John F. Kennedy: He authorized the "Green Beret" as the official headgear of the US Army Special Forces. The United States Navy's Sea, Air, and Land Teams, commonly known as Navy SEALs, were established by President Kennedy in 1962 as a small, elite maritime military force to conduct unconventional warfare. He established the Peace Corps in March 1961, whose volunteers 52 years later continue to help countless individuals around the world. He remains the youngest person elected president, at the age of 43 years, seven months when he took office in 1961. To John F. Kennedy, I say rest in peace, Mr. President and thank you for your service to our country on this, the 50th year following your untimely death. To those in this Honorable Hall, I thank you for listening and for your patience. Thank you.
