Rep. Shurtleff spoke in favor.

Adopted by the necessary two-thirds vote.

CLERK'S NOTE

Although not in the House Calendar, the following statement was available to House members on this bill, **SB 74**, relative to an exemption for entities that furnish hot water through a district energy system.

CONSIDERATION OF SB 74

SB 74, relative to an exemption for entities that furnish hot water through a district energy system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Beatriz Pastor for Science, Technology and Energy: This bill amends RSA 362 and updates current statute by clarifying the definition of hot water companies. The committee agrees that hot water district heating can help liberate towns and cities from dependency on petroleum heating products, fostering the use of local and renewable energy sources. Hot water district energy systems can draw on a variety of energy sources, including biomass and geothermal. They can also capture waste heat from industry and surplus heat from incineration, industrial processes and sewage. Hot water district energy systems are an excellent option for providing relief to oil-dependent communities, increasing efficiency and reducing emissions. By clarifying the current definitions in RSA 362, SB 74 opens the door to new, cheaper and/or less volatile local energy sources, leveling the playing field for the development of hot water district energy systems in our state, and keeping energy dollars in New Hampshire. Vote 14-0.

Amendment (1155h)

Amend the bill by replacing section 1 with the following:

1 New Section; Hot Water Companies; When Public Utilities. Amend RSA 362 by inserting after section 4-c the following new section:

362:4-d Hot Water Companies; When Public Utilities. The term "public utility" shall not include any corporation, company, association, joint stock association, partnership, or person, their lessee, trustee, or receiver appointed by any court, or assignee, by virtue of its being engaged in the manufacture, furnishing, or sale of hot water through a district energy system. In this section, "hot water" means water that has a temperature of no more than 200 degrees Fahrenheit that circulates in a district heating system under pressure of no more than 232 pounds per square inch.

AMENDED ANALYSIS

This bill exempts any entity that manufactures, furnishes, or sells hot water through a district energy system from being a public utility.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Pastor spoke in favor.

Adopted.

RESOLUTION

Rep. Shurtleff moved that **SB 74**, relative to an exemption for entities that furnish hot water through a district energy system, be read a third time and passed.

Adopted.

Third reading and final passage

SB 74, relative to an exemption for entities that furnish hot water through a district energy system.

REGULAR CALENDAR

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2014 and June 30, 2015. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Mary Jane Wallner for the Majority of Finance: The proposed budget for 2014/2015 represents a process of re-building from the 2012/2013 budget, in which a number of the state's most important programs and services experienced significant reductions. In the health and human services area, appropriations did not meet projected need, and a waitlist for individuals with developmental disabilities began again after having been eliminated in the prior budget. Inadequate services continued in mental health services, leading to a system in chaos, with dozens of people experiencing psychiatric crisis waiting in emergency rooms across the state for a bed to open at New Hampshire Hospital. The state is facing federal litigation over its ability to provide mental health services to citizens in the community. The near-elimination of the Children in Need of Services program (CHINS) has shifted costs for at-risk minors to local budgets and left children with serious behavioral problems untreated. Funding for higher education was slashed, with appropriations to the university system decreased by half and by a third to the community colleges. Tuitions jumped, and the community colleges have seen enrollment stagnate. Building a budget for fiscal years 2014 and 2015 has not been easy. We started from a point of previous budget reductions, made more difficult by tax cuts layered upon an economy still in recovery from the worst economic recession in memory. This is a careful budget, too, increasing general funds 3% over the biennium. Our priorities include rebuilding New Hampshire's essential human services, safety net, and education infrastructure. Our budget restores full funding to eliminate the Developmental Disabilities waitlist for the more than 650 individuals currently waiting and those who will turn 21 and become eligible in the next two years. We have made major investments in the state's 10 year mental health plan, significantly improving treatment resources for our residents who suffer from serious mental illness. The CHINS program will be restored, serving hundreds of at-risk children before they wind up in the criminal justice system. New Hampshire Legal Assistance receives additional funding, to help restore the appropriation cut in the last biennium, and funding for legal representation for indigent parents in cases of abuse and neglect is restored. We have begun to restore funding to our larger hospitals to help make up for the uncompensated care they provide. This budget also adopts the expansion of Medicaid to thousands of New Hampshire residents who are newly eligible under the Affordable Care Act at a net general fund cost for the biennium of \$1.3 million. Full funding is restored to the community colleges, a top source of enrollment and thus revenue for the university system. The university system will receive an investment of more than \$150 million. This budget also repeals the education tax credit program, which will divert public resources to private and religious schools. \$25 million is appropriated to assist local and county taxpayers: \$5 million extra Meals and Rooms tax revenue to cities and towns, \$15 million to counties for long term care, and \$5 million to 60 cities and towns for drinking water, waste water, and landfill grants. We invest \$5 million in LCHIP to save important New Hampshire resources. The proposed budget for 2014/2015 makes significant investments to fund the essential services citizens expect of government. These investments will help New Hampshire continue to be the best state in which to live, work, and raise a family. Vote 14-8.

Rep. Neal M. Kurk for the Minority of Finance: This budget is balanced on paper, but in ways that create more problems than they solve. This budget relies on rather rosy revenue estimates - some \$31 million higher than prudent estimates by those with an exceptional track record for accuracy. The same "rosy revenue estimates" approach was taken to balance the 2009/10 budget, and it required a special session of the legislature to resolve. This budget relies on \$17 million of one-time tobacco settlement money to pay for on-going appropriations. As a result, the next budget will start off \$17 million in deficit. This budget relies on \$60 million in additional revenue from a 30c tobacco tax increase - 10c more than the House position - and on \$14 million

by suspending business tax reductions scheduled to take effect this July. The result: small and large businesses hurt, fewer jobs created and a slower economy - not good public policy when 40,000 Granite Staters are looking for work. A 12c increase in the gas tax only makes matters worse. This budget intentionally underfunds at least two important state functions - a likely \$4 million shortfall in the overtime line at the state prison for men and a likely \$1.2 million shortfall in indigent parent defense funds - and authorizes the Fiscal Committee to cover the shortfalls by tapping into any surplus or increasing any deficit. This is not truth in budgeting. This budget also diverts about \$27 million more from the highway fund to the general fund than current statute authorizes. This money pays for traffic-related expenses in the Department of Safety. Were the current statute followed, the highway fund would receive an additional \$27 million, cutting over 3c per gallon off any proposed gas tax increase. This budget substantially expands the size of state government. In total funds, it's 10.2% larger than the current budget, growing state government at more than 5% per year at a time when the state's economy is growing around 2%. Part of that growth is expanded Medicaid under the Affordable Care Act ("Obamacare"). The cost: \$1.3 million in this budget, with likely tens of millions more in future years. Yet, despite all of its additional revenue, this budget fails to provide the \$7.2 million building aid for new school projects contemplated in the recent changes to the school building aid program. Indeed, for all its appropriations for health and human services, this budget does little to encourage economic growth and, in fact, sends the message to our business community that we plan to take millions more from them to grow state spending. This will hurt our state's employers' ability to invest, expand and create jobs. This is the wrong message to send.

Majority Amendment (1166h)

Rep. Baldasaro spoke against.

Rep. Rosenwald spoke in favor.

Majority committee amendment adopted.

MOTION TO LAY ON THE TABLE

Rep. Mary Jane Wallner for the Majority of Finance: This bill, referred to as the trailer bill, enables House Bill 1. The Finance Committee accepted the Ways and Means Committee's revenue estimates. In addition, we agreed to the Governor's request to restore the 10 cents cut from the tobacco tax in the previous budget and raise it by an additional 20 cents. We accepted the Governor's recommendation to suspend or delay new business tax credits. The passage of these initiatives by the prior legislature was irresponsible in that concurrent program cuts were never identified. House Bill 2 creates a new Office of Innovation and Efficiency to help ensure that state government functions are streamlined. We have fully funded the delayed drinking water, waste water and landfill projects in FY '15 so as to benefit 60 communities. There is a new provision

that if transfers of real estate deeds occur, extra revenue goes to the Land and Community Heritage Investment Program (LCHIP). HB 2 returns the Liquor Commission to a single commissioner, appointed by the Governor and approved by the Executive Council. The bill includes a new scholarship for members of the National Guard. Because we have been unable to start funding new programs, HB 2 does not contain funding for additional school building aid, except in certain cases where safety is an issue, nor from additional charter schools. It also repeals the education tax credit program created in the previous budget that will otherwise divert millions of dollars in public resources to private and religious schools. HB 2 includes language to expand the Medicaid program to low income residents who are not otherwise eligible, along with a provision that the state may opt out of expansion at any time. A recent study suggests Medicaid expansion will contribute to \$2.5 billion in federal funds flowing into New Hampshire during this decade, creating more than 5,000 jobs, and leading to economic expansion. The Insurance Commissioner has stated that Medicaid expansion is expected to have a beneficial effect on the commercial insurance market. Uncompensated care will begin to decline; mitigating the cost shifting that is so harmful to businesses. The bill also contains a new distribution formula for uncompensated care. In addition, the bill establishes a commission to seek out a long term solution for this revenue stream. The bill lowers the cap on costs counties pay for long term care. It extends the nursing home bed moratorium and makes changes to the Certificate of Need process, eliminating conflict of interest on the board and repealing the sunset. HB 2 includes the increase in the gas tax (road toll) passed by the House. Finally, it includes a so-called "waterfall" provision to include specific appropriations if there is a surplus in this fiscal year and FY 2014. Vote 14-8.

Rep. Neal M. Kurk for the Minority of Finance: Too many of the statutory changes in this bill are not in the best interests of New Hampshire. Section 9 increases the so-called "cap" on the amount of money counties must pay for their residents' nursing home and other long-term care services. The higher the cap, the more it costs county property taxpayers, and the less is paid by the state's general fund. The result of the cap increase is a true downshift of at least \$7 million to county property taxpayers. Section 60 authorizes expanded Medicaid at a significant, yet-to-be-determined cost to the state budget that could be as high as \$85 million over the next six years. Section 88 limits the amount of money available to fund existing charter schools, and section 152 imposes a moratorium on new charter schools. This is not in the best interests of the state's school children. Section 91 repeals the education tax credits that fund the "opportunity scholarship" program enacted last session, potentially denying 2,500 low- and middle-income students the chance to join their wealthier peers and attend a school of their choice. Section 130 transfers to the governor part of the legislature's budgetary prerogative, allowing her unlimited authority to "raid" any amount from any and all dedicated funds to deal with the current budget deficit. The majority's surplus/deficit statement indicates the amount needed to be \$22.6 million. Despite a requirement that such transfers from dedicated funds to the general fund be approved by the Fiscal Committee, all dedicated funds, including LCHIP, Fish and Game and renewable energy funds, are at risk.

Majority Amendment (1169h)

This amendment was printed in its entirety in House Record No. 28, March 29, 2013 and is made part of this Journal by reference.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Kurk offered floor amendment (1193h).

Floor Amendment (1193h)

Amend the bill by replacing section 9 with the following:

9 Department of Health and Human Services; Bureau of Adult and Elderly Services; County Payment of Funds for Persons Eligible to Receive Nursing Home Services; Limitation on County Payments; Credit. RSA 167:18-a, II-III is repealed and reenacted to read as follows:

II.(a) The total billings to all counties made pursuant to this section shall not exceed the amounts set forth below for state fiscal years 2014-2015:

(1) State fiscal year 2014, \$109,000,000.

(2) State fiscal year 2015, \$109,000,000.

(b) The caps on total billings for fiscal years after fiscal year 2015 shall be established by the legislature at least on a biennial basis.

III.(a) The counties shall have an aggregate credit of \$5,000,000 against amounts due under this section for each fiscal year beginning July 1, 2008. The credit shall be allocated as follows:

(1) For fiscal year 2009, \$4,000,000 shall be allocated among the counties based upon the proportion each paid for such expenditures in the prior fiscal year, and \$1,000,000 shall be allocated among the counties based upon their relative proportions of residents age 65 or older who are Medicaid recipients.

(2) For fiscal year 2010, \$2,000,000 shall be allocated among the counties based upon the proportion each paid for such expenditures in the prior fiscal year, and \$3,000,000 shall be allocated among the counties based upon their relative proportions of residents age 65 or older who are Medicaid recipients.

(3) For fiscal year 2011 and for each fiscal year thereafter, \$5,000,000 shall be allocated among the counties based upon their relative proportions of residents age 65 or older who are Medicaid recipients.

(b) The credit shall be made available as soon as possible after the start of the fiscal year. The department shall adopt county credit criteria in consultation with the county-state finance commission and in accordance with the provisions of RSA 541-A. The total aggregate obligation of the counties shall be reduced by the amount of the credit in each fiscal year.

(c) For the biennium ending June 30, 2015, the counties shall have an additional credit against the amounts due for long term care expenditures under RSA 167:18-a. The credit in the amount of \$2,500,000 for the fiscal year ending June 30, 2014 and \$2,500,000 for the fiscal year ending June 30, 2015 shall be in addition to the \$5,000,000 annual credit set forth in subparagraph (a). The percentage of the credit that each county receives shall be the same as its percentage of the total Medicaid bed days in county nursing homes in the preceding year, and shall be made available to the county as soon as possible after the start of the fiscal year. The total aggregate obligation of the counties shall be reduced by the amount of the credit in each fiscal year.

Amend section 8 of the bill by inserting after paragraph III the following new paragraph:

IV. In addition to any other sums appropriated to the department of health and human services for the biennium ending June 30, 2015, the following appropriations and charges are hereby authorized for the department of health and human services. Said appropriations shall be a charge against the funds as specified in the individual appropriation:

<u>Accounting Unit</u>	<u>Class</u>	<u>Dept/Agency</u>	<u>Fund Source</u>	<u>FY 2014</u>	<u>FY 2015</u>
05-95-48		HHS: Elderly and Adult Services			
05-95-48-4815-5942		Nursing Services- County Participation			
05-95-48-4815-5942	005	Nursing Services- County Participation	Private Local Funds(Counties)	(\$900,000)	(\$6,050,000)
05-95-48-4815-5942		Nursing Services- County Participation	General Funds	\$900,000	\$6,050,000

Amend the bill by inserting the following new section:

170 Uncompensated Care Fund; Transfer to General Fund. The sums of \$900,000 for the fiscal year ending June 30, 2014 and \$6,050,000 for the fiscal year ending June 30, 2015 are hereby transferred from the uncompensated care fund to the general fund as unrestricted revenue. These amounts shall be in addition to amounts listed as unrestricted revenue from the Medicaid enhancement tax in the operating budget.

AMENDED ANALYSIS

110. Makes transfers from the uncompensated care fund to the general fund.

Rep. Kurk spoke in favor.

Rep. Spratt spoke against and yielded to questions.

Rep. Gary Richardson requested a roll call; sufficiently seconded.

and floor amendment (1193h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Lynne Ober offered floor amendment (1196h).

Floor Amendment (1196h)

Amend the bill by replacing section 3 with the following:

3 School Building Aid; Alternative School Building Aid.

I. Notwithstanding RSA 198:15-a through RSA 198:15-hh and RSA 198:15-u through RSA 198:15-w, the commissioner of the department of education shall issue no school building aid or alternative school building aid for any project approved on or after July 1, 2013 through June 30, 2014.

II.(a) The commissioner of the department of education, upon recommendation of the state fire marshal, may grant a waiver to the suspension of school building aid under paragraph I if the state fire marshal or designee determines, based on reasonable information and belief, that:

(1) The condition of such school building or portion thereof constitutes a clear and imminent danger to the life or safety of occupants or other persons, and requires remediation prior to July 1, 2015; or

(2) A structural deficiency in the function or operation of a school building or portion thereof presents a substantial risk to the life or safety of the occupants or other persons, and is more than a technical violation of the fire code, and requires remediation prior to July 1, 2015.

(b) Any school building aid provided under a waiver granted pursuant to this paragraph shall be limited to the costs associated with the remediation of the conditions or structural deficiencies set forth in this paragraph.

Amend the bill by replacing paragraph III of section 160 with the following:

III.(a) Any surplus determined under paragraphs I and II shall be used to fund the programs listed in the following order of priority:

	<u>FY 2014</u>	<u>FY 2015</u>
(1) Uncompensated Care	\$6,400,000	\$26,500,000
(2) University System of New Hampshire	\$6,000,000	\$6,000,000
(3) Chartered Public Schools	\$1,012,550	\$1,446,500

(b) The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

(c) Funding authorized for chartered public schools in subparagraph III(a)(3) shall be in addition to any other funding authorized and in excess of any limitations on funding established for the biennium in this act. If surplus general funds determined in paragraphs I and II are sufficient to fund chartered public schools in subparagraph III(a)(3), the provisions of section 152 of this act shall be null and void.

Amend the bill by inserting the following new sections:

170 Appropriation; School Building Aid. The sum of \$7,200,000 for the fiscal year ending June 30, 2015 is hereby appropriated to the department of education for the school building aid program established in RSA 198. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

171 Uncompensated Care Fund; Transfer to General Fund. The sum of \$7,200,000 for the fiscal year ending June 30, 2015 is hereby transferred from the uncompensated care fund to the general fund as unrestricted revenue. This amount shall be in addition to amounts listed as unrestricted revenue from the Medicaid enhancement tax in the operating budget.

AMENDED ANALYSIS

3. Provides that no school or building aid or alternative school building aid grants shall be made to school districts for projects approved on or after July 1, 2013 through June 30, 2014, and provides for a waiver of the suspension of school building aid.

110. Appropriates funds for the school building aid program for the fiscal year ending June 30, 2015.

111. Makes transfers from the uncompensated care fund to the general fund.

II. In the event of a general fund operating budget surplus, the comptroller shall notify the fiscal committee of the general court and the governor by January 30 requesting that such surplus, to the extent available, be appropriated to the programs listed in paragraph III in priority order in fiscal year 2014 and 2015, respectively.

(Speaker Norelli in the Chair)

REGULAR CALENDAR - HB 2-FN-A-L CONT'D

The question being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Kurk offered floor amendment (1195h).

Floor Amendment (1195h)

Amend the bill by replacing sections 98-99 with the following:

98 Tobacco Tax Rate Increased. Amend RSA 78:7 to read as follows:

78:7 Tax Imposed. A tax upon the retail consumer is hereby imposed at the rate of [~~\$1.68~~] **\$1.88** for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all cigarettes sold at retail in this state. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the cigarettes in which such products usually are sold at retail. The word "package" as used in this section shall not include individual cigarettes. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States.

99 Tobacco Tax Rate. Amend RSA 78:7-c to read as follows:

78:7-c Tax Imposed on Tobacco Products Other Than Cigarettes. A tax upon the retail consumer is hereby imposed on tobacco products other than cigarettes at a rate of [48] **53.7** percent of the wholesale sales price. The tax under this section may be rounded to the nearest cent if the commissioner determines that the amount of tax would not thereby be made materially disproportionate. No such tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States. No such tax shall be imposed on premium cigars.

Amend the bill by inserting the following new section:

170 Uncompensated Care Fund; Transfer to General Fund. and the majority committee report was adopted and ordered to third reading.

HB 25-FN-A, making appropriations for capital improvements. OUGHT TO PASS WITH AMENDMENT.

Rep. David B. Campbell for Public Works and Highways: The Capital Budget addresses the non-highway capital improvements, needs, repairs and investments in state-owned buildings, facilities, parks, Career Technical Centers, post-secondary public institutions, etc. As capital expenditures, these costs are bonded typically over 20 years, and less for equipment and information technology. Critical and deferred maintenance makes up a large part of this budget. The Capital Budget as amended reduces the General Fund portion as proposed by the Governor by over \$5.2 million, and provides for various matching funds, which bring in over \$51 million in new federal monies. The State's capital needs far exceed what it can afford, but importantly this budget is less than the State Treasurer's recommended maximum of \$125 million in General Fund bonds based on the State's debt ratio and affordability. The committee also reduced the amount of Highway Funds to be bonded by almost \$7 million (34%) from the bill as proposed. The biggest and most controversial item in this budget was the expenditure of \$38 million in this biennial budget for a new Women's State Prison. The committee tried to spread these costs out over two biennia, but ultimately, concluded this was impractical based on input from Administrative Services (regarding contractual issues) and the Attorney General's office (regarding a current law suit over the Women's Prison). The Committee established the site for the prison as adjacent to the existing Men's Prison in Concord. This will result in savings by utilizing existing infrastructure, programs and staffing efficiencies. This bill also requires a great deal of legislative accountability by the Capital Budget Overview Committee. Administrative Services received additional funding under this bill for a number of prioritized deferred maintenance projects (mostly new roofs) in Executive, Legislative and Judicial buildings. This budget also completes the funding of the repair and refurbishment of the State House dome and adds a new voting system for Representatives Hall. As in the last several biennia, the committee has recommended that the House provide funds for renovation and upgrading of equipment for two regional Career and Technical Centers (CTE's). The two funded in HB25 are located in Whitefield and Salem and serve a total of 29 communities and their respective high schools' technical education programs. Environmental Services receives about 80% in matching federal funds for municipal waste water and drinking water programs. Additionally, money is appropriated for dam repair and replacement. Health and Human Services also receives a great deal of federal funds under this budget. This bill includes \$2.1 million for the construction of ten new Psychiatric Crisis Beds at the State Hospital. This bill funds the Bureau of Information Technology and continues to make computer, network and security upgrades, including additional funds for the Business One Stop Center. The Business One Stop Center is designed to make it easier for new and existing businesses to interact with the State, and help NH compete for businesses with other states by becoming a model for business access and efficiency. However, the committee reduced the funding of this project by \$2.6 million based on its' view of

what could be completed in two years. The capital bonding for the Judicial Branch includes completing the funding of the E-Court initiative, saving time and travel expenses for State, County and Local officials. HB 25 funds important equipment upgrades at the Veteran's Home by receiving a 2/3 federal match of over \$1 million. In an effort to continue to maximize liquor revenues to the state this Capital Budget includes funding for three new liquor stores (in Salem, Epping and Warner) from the Liquor Enterprise Fund. The recent stores recommended by the Liquor Commission have paid themselves back well ahead of the estimates. For example, the Nashua store paid itself back in one year, and without decreasing sales in nearby stores, which still showed positive growth. The committee increased the Department of Resources and Economic Development bonds by almost \$1.5 million for state-wide State Park system critical repairs and renovations such as roof replacements, fire tower repairs, new toilets and parking lot repairs and expansions. As in prior Capital Budgets this bill continues to fund another \$1 million in Hampton Beach seawall repairs. The committee also phased and funded 40% (\$2 million) of the Department of Safety's request for radio tower and infrastructure upgrades and funded the renovations of the Marine Patrol Headquarters (the source of funds is the Navigation Safety Fund) at \$9.38 million, which is \$1.7 million less than the Governor's recommendation. Committee members felt strongly that bonding Kindergarten construction was not appropriate for the capital budget and removed it, with assurances from the Senate Finance Committee that it will be addressed in the operating budget. The Committee accepted the Governor's recommendation of \$7.5 million for the University System of New Hampshire, down from the \$35 million it received in each of the past six capital budgets. This bill also funds \$8 million (an increase of \$500,000 over the Governor's budget) for the Community College System of New Hampshire, which will in addition to their critical capital needs, allow for substantial completion of a new Auto Collision, Marine and Culinary facility in Laconia. After deferred maintenance and critical capital needs, the committee's priorities were to fund projects which have a positive payback, thereby saving taxpayer dollars, and projects which attract and promote tourism. This bill provides for hundreds of construction jobs throughout the state in all ten counties. Vote 19-0.
