HOUSE RECORD

First Year of the 163rd General Court

Calendar and Journal of the 2013 Session

Web Site Address: www.gencourt.state.nh.us

Vol. 35

Concord, N.H.

Wednesday, April 24, 2013

No. 38

HOUSE JOURNAL No. 14 (Cont.)

Wednesday, April 3, 2013

Rep. Kaen moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 15

Wednesday, April 24, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Before we pray, I'd like to offer these words from the Governor from our neighboring state to the South, Deval Patrick, who spoke at last week's Memorial Service for the victims of the Boston Marathon bombings: "So, we will recover and repair. We will grieve our losses and heal. We will rise and we will endure. We will have accountability without vengeance; vigilance without fear. And we will remember, I hope and pray, long after the buzz of Boylston Street is back and the media has turned its attention elsewhere, that the grace this tragedy exposed is the best of who we are." I base this prayer today on that last phrase. I invite us to take a moment of silence to honor both the dead and the injured, but to give thanks as well for the countless living who helped bring a real gift out of this tragedy: the recognition of "the best of who we are." In the wake of the Boston Marathon bombings, O God, we find ourselves saddened but somehow grateful, concerned but somehow less afraid, for in the midst of tragedy; You helped to expose the best of who we are. We were privileged to behold the coming together of people of every walk of life imaginable in countless acts of mercy, compassion. You took strangers and turned them into companions. You took terror and turned it into trust. You took desperation and turned it into devotion. And so, like the people in Boston this past Patriot's Day, may we allow the struggles we face in our lives and in this Chamber expose the best in us: Give us justice without scapegoats; accountability without vengeance; vigilance without fear; strength without retribution; principle without pettiness; peace without violence. Grant us, like so many that fateful Monday, the love to run into harm's way in order to help a stranger. Help us as a society not miss the chance to address whatever is wrong in the lives of so many young males in our country so that they no longer need to turn to violent means of getting attention or resolving inner conflicts. And help us to learn from the life of one eight-year-old boy in particular who lost his life but who shared with us perhaps the most resonant words of the past two weeks: *No more hurting people. Peace. Amen.*

Representative Robert Haefner, member from Hudson, led the Pledge of Allegiance.

The National Anthem was sung by Max Sjostrom, a 7th grade student from Gorham.

LEAVES OF ABSENCE

Reps. Arsenault, Boisvert, Marcia Hammon, Jill Hammond, Nickolas Levasseur, McCarthy, McCloskey, Miller, Rokas and Tanner, the day, illness.

Reps. Andrews, Berube, Burns, Cushing, Dobson, Elliott, Friel, Gary Hopper, Infantine, Introne, Lerandeau, Myler, Nigrello, Michael O'Brien, O'Connor, Rideout, Jeffrey Shackett, Sherman, Timothy Smith, Tasker, Ulery and Carol Williams, the day, important business.

Reps. Grossman, Kelleigh Murphy and Scarlotto, the day, illness in the family.

INTRODUCTION OF GUESTS

Raluca Negulescu of Romania, a participant in the Department of State's Professional Fellows Program, guest of Reps. Backus and Long. Jim Tatro, Master of the New Hampshire State Grange and other Grange members, guests of those Reps. who are Grange Members. Dawn Domenico, wife of Rep. Meaney. Visitors from the Hollis Senior Citizens Association and Nicholas Gamache, guests and grandson of Rep. James Belanger. The Honorable Carolyn Brown, former member from Conway and her grandchildren Tim and Alyx Guyer, guests of Rep. Umberger. Ellen Chase and Jonathan Botkin, wife and guest of Rep. John Mann. Eamon Silvia-Chandley, and Kris, Ben and Anna Tardiff, son and guests of Rep. Chandley. William Hunt, guest of Rep. Tremblay. Kris, Linda and Sam Sjostrom, parents and brother of the singer, guests of the House.

MOTION TO VACATE

Rep. Wallner moved that the House vacate the reference of **SB 153-FN**, relative to legislative approval of collective bargaining agreements entered into by the state, to the Committee on Finance.
Adopted.

The Speaker referred **SB 153-FN** to the Committee on Labor, Industrial and Rehabilitative Services.

MOTION TO VACATE

Rep. Porter moved that the House vacate the reference of **SB 198**, relative to the authority of county correctional officers, to the Committee on Municipal and County Government.
Adopted.

The Speaker referred **SB 198** to the Committee on Criminal Justice and Public Safety.

MOTION TO SUSPEND HOUSE RULES

Reps. Shurtleff and Chandler moved that House Rules be so far suspended as to allow for late introduction of **SB 196-FN**, relative to the definition of push-polling.
Adopted by the necessary two-thirds vote.

RESOLUTION

Rep. Kaen offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 196 shall be by this resolution read a first and second time by the therein listed title and referred to the therein designated committee.
Adopted.

INTRODUCTION OF SENATE BILL

First, second reading and referral

SB 196-FN, relative to the definition of push-polling. (Election Law)

CONSENT CALENDAR

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 35, relative to the master jury list, removed by Rep. Kurk.

SB 43, relative to the property taxation of qualifying historic buildings, removed by Rep. Warden.
Consent Calendar adopted.

Rep. St. James declared a conflict of interest on **SB 34** and did not participate in the vote on the Consent Calendar.

SB 52, relative to names of limited partnerships. **OUGHT TO PASS.**

Rep. Chris Muns for Commerce and Consumer Affairs: This bill is a request of the secretary of state. This bill is a technical correction which allows a limited partnership to use the abbreviation "L.P." in its name. Vote 18-0.

SB 127-FN, relative to registration of certain state contracts with the department of state and repealing the information practices act. **OUGHT TO PASS.**

Rep. Richard D. McNamara for Commerce and Consumer Affairs: This bill increases the dollar amount of certain state contracts registered with the secretary of state and brings them into compliance with the threshold for contract review and approval by the executive council. This bill also repeals the information practices act which was passed in the 1970s and is not relevant. Vote 17-1.

SB 140-FN, requiring a pharmacy to substitute generically equivalent drugs for any prescription paid for by state funds. **INEXPEDIENT TO LEGISLATE.**

Rep. Jill S. Hammond for Commerce and Consumer Affairs: This bill would have required a pharmacy to substitute generically equivalent drugs for any prescription paid for by state funds. The health plans used by the state already widely follow this policy, and this bill is unnecessary. Vote 18-0.

SB 161, relative to electronic funds transfers. **OUGHT TO PASS.**

Rep. Ruth S. Heden for Commerce and Consumer Affairs: This bill is a request of the banking department. It updates our laws to be consistent with the electronic transfer act and the Uniform Commercial Code. The UCC Board and NH banking association are in support. Vote 18-0.

SB 81, authorizing phlebotomists to withdraw blood for alcohol concentration tests. **OUGHT TO PASS.**

Rep. Larry G. Gagne for Criminal Justice and Public Safety: This bill will add phlebotomists to the list of medical professionals allowed to withdraw blood for alcohol concentration tests. The bill is a request from the department of safety because many times in smaller police jurisdictions it is difficult to get other professionals to withdraw blood. Vote 15-0.

SB 136, relative to the rights of the immediate family of crime victims. **INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: While sympathetic with the intentions of the senator who filed this bill at the request of a constituent, the committee does not believe it is either necessary or wise to amend the victim's rights legislation which has served the state well for decades. This bill would do four things, two of which are not needed; one of which is not possible without tremendous cost; and one of which is not wise. The bill states that a victim has the right to refuse any communication with the accused; that is already the case. The bill states that a victim's family member has a right to display a photo of the victim during sentencing. This is already being done. The bill notes that a secure and separate waiting area (rather than secure but not necessarily separate) be provided during court proceedings. This might not be possible without reconfiguring courtrooms. Finally, the bill requires police investigators to inform victims' families within 24 hours of a crime. While this might seem like a good idea, the committee is convinced law enforcement is already doing this in a timely manner and it would not be wise to stipulate 24 hours when valuable time could be better spent solving the crime. Vote 14-0.

SB 33, making technical changes to the judicial retirement plan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy M. Weber for Executive Departments and Administration: The bill amends RSA 100-C:11, II, specifying who advises the chief justice on the appointment of trustees to the judicial retirement system board. It eliminates language that referred to the administrative justices of the district and probate courts, as these positions are now included in the circuit court. The bill specifies that the chief justice would seek the advice and consent of the administrative council, a four member body created by court rule. The committee amendment specifies the four persons by specific job title: the chief justice of the superior court, the administrative judge and deputy administrative judge of the circuit court, and the director of the administrative office of the courts. Vote 17-0.

Amendment (1255h)

Amend the bill by replacing section 2 with the following:

2 Administration; Appointment. Amend RSA 100-C:11, II to read as follows:

II. The board of trustees of the judicial retirement plan shall consist of 7 members. The governor and council shall appoint 2 trustees, one of whom the governor shall designate to serve as chairman of the board of trustees, and who shall be qualified persons with business experience and not members of the judicial retirement plan, and who shall serve for a term of 3 years and until such trustee's successor is appointed and qualified, except that the original appointment of one of the trustees shall be for a term of one year. The chief justice of the state supreme court, with the advice and consent of the chief justice of the superior court, ~~[and] the administrative [justices of the district and probate courts]~~ **judge and deputy administrative judge of the circuit court, and the director of the administrative office of the courts**, shall appoint 3 trustees, at least 2 of whom shall be active members of the judicial retirement plan and one of whom may be a retired member, and who shall serve for a term of 3 years and until such trustee's successor is appointed and qualified, except that the original appointment of one of the trustees shall be for a term of one year, and the original appointment of another of the trustees shall be for a term of 2 years. One member of the state senate shall be appointed biennially by the senate president as a trustee of the board, and one member of the house of representatives shall be appointed biennially by the speaker of the house as a trustee of the board.

SB 42, relative to applications for licensure by the real estate appraisers board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jeffrey P. Goley for Executive Departments and Administration: Real estate appraiser regulatory programs in New Hampshire are overseen by the federal appraisal subcommittee. The subcommittee monitors state regulatory programs by commissioning a biennial audit of the state's real estate appraiser programs for compliance with federal requirements. New Hampshire's next federal audit is scheduled for July 2013. This bill was a request of the board in order to be in compliance with federal standards, which include the requirement for a criminal history record check consisting of finger printing for new licensees. SB 42 also removes statutory references from RSA 310-B:12, Nonresident Licensure or Certification by Reciprocity that do not comply with the Federal Dodd-Frank Reform Act. The amendment changes the effective date to "upon passage" due to the necessity of it being enacted prior to the July 2013 audit. Vote 16-2.

Amendment (1254h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

SB 54, relative to appeals from the department of administrative services bureau of public works design and construction. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steven P. Beaudoin for Executive Departments and Administration: This bill's intent is to simplify the appeals process whenever there is a dispute concerning the plans submitted by the bureau of public works design and construction. Current statute requires a formal hearing. This bill will allow for a simple informal review by the director of the division of plant and property management. This informal review will allow minor disputes to be resolved with the least delay or expense. The bill will result in there being fewer and shorter delays in construction of public works projects. The amendment as adopted by the committee eliminates duplication by removing the requirement established in RSA 21-L:14 that the department of transportation also hear the appeal. Vote 18-0.

Amendment (1256h)

Amend the bill by replacing all after section 2 with the following:

3 Department of Transportation; Powers and Duties of the Appeals Board. Amend RSA 21-L:15, I to read as follows:

I. The board shall hear and decide appeals from decisions of the commissioner relative to contract interpretation or other decisions affecting persons not employed by the department, municipalities, or private property, except condemnations of property for public uses, and the assessment of damages therefor. Decisions of division directors shall be appealed to the commissioner. Decisions of the commissioner may be appealed to the appeals board, except decisions relative to aeronautical matters, which may be appealed to the aviation users advisory board established under RSA 21-L:8, and decisions relative to common carriers by rail, which may be appealed to the railroad appeals board established under RSA 21-L:16. ~~[The board shall also hear appeals from the department of administrative services relating to such matters involving public works design and construction as have been delegated to the department of administrative services or as were administered prior to July 1, 2005 by the division of public works, department of transportation.]~~

4 Applicability. The amendments to RSA 21-I:86 and RSA 21-L:15, I made by sections 2 and 3 of this act shall not apply to matters pending before the transportation appeals board, the division of plant and property management, or the commissioner of administrative services on the effective date of this act.

5 Effective Date. This act shall take effect 60 days after its passage.

SB 93, relative to plumbers and mechanical contractors on state boards. **OUGHT TO PASS.**

Rep. Mary S. Nelson for Executive Departments and Administration: This bill is a housekeeping measure which changes references to the New Hampshire Plumbing and Mechanical Contractors Association to conform to the current actual name of the organization: Plumbers, Fuel Gas Fitters, and HVAC Association of New Hampshire. Vote 18-0.

SB 178, establishing a committee to review and make recommendations regarding consolidating all state energy positions throughout state departments. **INEXPEDIENT TO LEGISLATE.**

Rep. Carol M. McGuire for Executive Departments and Administration: The committee felt that the charge of this study committee was inadequately defined and to a large degree redundant due to the duties of the governor's office of energy and planning. Since the public utilities commission - which has a substantial energy component - requested at the hearing that they be excluded from this study, the committee felt that this study would not produce any useful information that the office of energy and planning could not equally well provide. The committee had further concerns about a study committee composed of one Senator and five Representatives. Vote 16-0.

SB 28, relative to the department of transportation inventory fund and relative to the effective date of the transfer of the electricians' board to the joint board for licensure and certification. **OUGHT TO PASS.**

Rep. Lynne M. Ober for Finance: This bill amends RSA 228:24, which established a transportation fund, by increasing the cap to \$2,000,000 and changing the name from public works and highway inventory fund to department of transportation inventory fund. The existing cap is currently being exceeded because prices have gone up significantly since the establishment of this fund and the department said that in an effort to meet the cap, they were unable to keep adequate inventory of parts and supplies needed to complete repairs on equipment, resulting in repair delay. The inventory fund is a revolving fund that does not require a draw upon the highway fund. There is no budgetary impact with raising the cap. This bill also moves the already approved transfer of the electricians' board to the joint board upon passage of the bill. The move is scheduled for July 1, 2013. Performing the transfer slightly earlier than anticipated will help facilitate a federal audit that will cover one section of the joint board. Completing the transfer prior to July 1, 2013 will allow the transfer to receive full attention and allow all details to be covered and completed prior to the beginning of the audit. Vote 18-0.

SB 34, relative to the appointment of bail commissioners. **OUGHT TO PASS.**

Rep. Joseph M. Hagan for Judiciary: The liberty interests of even citizens accused of crime are of paramount importance to New Hampshire. Therefore, bail proceedings must be free from bias or conflict of interest. This bill mandates that the circuit court shall not appoint any bail commissioner with bias or conflict of interest. Vote 19-0.

SB 44, relative to the disposal of controlled drugs by law enforcement officers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gary S. Hopper for Judiciary: This is a housekeeping measure that changes the authority for the disposal of controlled substances from the district court to the circuit court (last term we changed the scope of the authority for the district court) and clarifies the process for the disposal of controlled substances. Vote 19-0.

Amendment (1250h)

Amend the bill by replacing section 2 with the following:

2 Pharmaceutical Drug Take-Back Program Authorized. Amend RSA 318-E:1, III to read as follows:

III. The department of justice, *with the consent of the* pharmacy board, *the* department of safety, and *the* department of environmental services shall ~~jointly~~ establish ~~guidelines by rule~~ *rules* pursuant to RSA 541-A[:] for the collection, storage, and disposal of collected drugs in accordance with applicable state and federal statutes and regulations.

Referred to the Committee on Executive Departments and Administration.

SB 68, relative to the escrow fund for court facility improvements. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick H. Watrous for Judiciary: This bill was requested by the supreme court and makes technical corrections regarding the escrow fund for court facility improvements, including changing the name of the fund to the escrow fund for judicial branch facility improvements. The bill also decreases the percentage of court filing fees to be deposited in such escrow fund. Vote 19-0.

Amendment (1278h)

Amend the bill by replacing section 1 with the following:

1 Court Facilities Escrow Fund. Amend RSA 490:26-c, I to read as follows:

I. ~~[Seven]~~ *Six* percent of each entry fee collected in the ~~[judicial branch family division and in the]~~ supreme, ~~[district,]~~ superior, and ~~[probate]~~ *circuit* courts shall be deposited in escrow for ~~[court]~~ *judicial branch* facility improvements. Moneys in the escrow fund shall be used for improvements to ~~[existing]~~ *judicial branch* facilities by the department of administrative services as recommended and approved by the supreme court.

Amend the bill by replacing all after section 2 with the following:

3 Contingency. If section 1 of this act takes effect, section 7 of HB 652-FN of the 2013 regular legislative session shall not take effect.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bills makes technical corrections regarding the escrow fund for court facility improvements, including changing the name of the fund to the escrow fund for judicial branch facility improvements. The bill also decreases the percentage of court filing fees to be deposited in such escrow fund.

SB 69, relative to superior court jurisdiction over domestic violence petitions. **OUGHT TO PASS.**

Rep. David Woodbury for Judiciary: This bill transfers jurisdiction over domestic violence petitions from the superior court to the family division of the circuit court. This is in keeping with the assumption by the family division of responsibility for family law related issues generally. The issue of protection from domestic violence is related to family law and belongs with the family division. There was no opposition to this change in committee. Vote 19-0.

SB 105, relative to disclosure of expert testimony in civil cases and relative to the recording of depositions. **OUGHT TO PASS.**

Rep. Paul S. Berch for Judiciary: There are two purposes for this bill. First, this bill would regulate discovery in civil cases into the bases of an expert's opinion. This bill would bring New Hampshire in conformity with federal practice and limit gamesmanship in civil litigation. It would reduce the costs and length of pre-trial litigation. In fact, many litigants already follow the federal rules. The second provision allows a party in a civil case to record a deposition by video, with proper notice and payment of costs. This provision would eliminate unnecessary applications to courts. Vote 19-0.

SB 107, relative to probate administration. **OUGHT TO PASS.**

Rep. David Woodbury for Judiciary: This bill originated in a committee charged with simplifying probate administration. It eases the burden of proving a will in common form when witnesses may be unavailable. It dispenses with the requirement of an inventory, a bond or an accounting in some cases and the disposition of assets is essentially uncontested. Inventories, when filed, no longer in most cases, require an appraiser. Vote 19-0.

SB 2, relative to the calculation of the local tax cap. **OUGHT TO PASS.**

Rep. James E. Coffey for Municipal and County Government: This bill is an amendment to RSA 32:5-b that corrects an error of omission in which the existing statute fails to account for the use of fund balance to reduce property taxes. Should a school district or municipality that has adopted a local tax cap desire to use its fund balance to reduce the tax rate, the reduced rate would become the base from which the local tax cap for the ensuing year would be calculated. Without this bill, local officials would be discouraged from using fund balance to reduce taxes. This bill resolves that problem to reduce taxes by adding the fund balance used into the following year's tax rate calculation. Vote 16-0.

SB 12, relative to protection and preservation of significant archeological deposits. **OUGHT TO PASS.**

Rep. Kris E. Roberts for Municipal and County Government: This bill would require as a condition of subdivision approval for any subdivision requiring an alteration of terrain permit under RSA 485-A:17 that the applicant (s) protect or document archeological resources in areas of archeological sensitivity that have been noted in the community's master plan. SB 12 is a well-thought out compromise by all stake-holders. SB 12 insures that archeological deposits are either protected, documented or a combination of both, thus preserving New Hampshire history. SB 12 allows communities, if they choose, to document potential areas of archeological interest in their master plans, thus ensuring that developers are well aware of possible areas of archeological sensitivity. Under current law small groups of individuals have had the ability to hold-up or even prevent the construction of not only sub-divisions, but schools, fire stations, and other facilities based on the possibility of archeological deposits. While all archeological deposits have value and should be documented, not all archeological deposits have such a value that requires their preservation. As display with the construction of the new Keene Middle School where a possible 11,000 year old community site was uncovered, the community, the state, the construction manager and other stake holders were able to work together to protect and document the valuable findings. Vote 16-0.

SB 62, authorizing the placement of a certain sign in the town of Danbury. **OUGHT TO PASS.**

Rep. David A. Bickford for Municipal and County Government: This bill allows Ragged Mountain Ski Area to replace its directional sign at the junction of Route 104 and Ragged Mountain Road. This bill is needed because Route 104 in this area is restricted by RSA 236:73. Vote 16-0.

SB 80, relative to expanding the community revitalization tax relief program to provide incentives for rehabilitating historic structures. **OUGHT TO PASS.**

Rep. Priscilla P. Lockwood for Municipal and County Government: This bill will expand the community revitalization tax relief program to provide incentive for rehabilitating historic structures rather than tearing them down. The community has the option of accepting this program. Vote 16-0.

SB 139-FN-L, relative to mileage fees for sheriffs and deputy sheriffs. **OUGHT TO PASS.**

Rep. David A Bickford for Municipal and County Government: This bill changes the calculation of mileage fees for sheriffs and deputies for serving process to the "sheriff's office or substation" from "residence of sheriff." Vote 16-0.

REGULAR CALENDAR

SB 132-FN, establishing a committee to study police special details. **INEXPEDIENT TO LEGISLATE.**

Rep. Dianne E. Schuett for Executive Departments and Administration: The bill proposed to study the efficacy of police special details, particularly at traffic construction sites. The committee was presented with a recent department of transportation study delineating use of police details versus flag persons at state construction sites. The committee also believed that decisions on whether to employ police or flag persons on municipal construction sites should be left to local control. Therefore, the committee could see no need for this study. Vote 14-3.

Committee report adopted.

SB 157-FN, establishing a New Hampshire disaster relief fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Susan M. Ford for Finance: SB 157-FN combines two existing funds that were created as a means to collect and distribute private donations to help people in need recover from storms, particularly those persons whose disaster-related needs may not be adequately met by federal assistance. There shall be established in the office of the state treasurer a nonlapsing fund that is to be kept separate from all other funds and which shall be designated as the New Hampshire disaster relief fund. Currently there is \$154,287 between the two funds. Vote 16-2.

Amendment (1318h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that:

I. New Hampshire has been severely impacted by several storms over the past few years resulting in the declaration of states of emergency throughout the state;

II. Homes, businesses, and personal property were damaged or destroyed in many areas across the state; and

III. It is in the interest of the citizens of the state to provide a means to collect and distribute private donations to help people in need recover from the storms, particularly those persons whose disaster-related needs may not be adequately met by federal assistance.

2 New Subparagraph; Special Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (310) the following new subparagraph:

(311) Moneys designated for the New Hampshire disaster relief fund, established in RSA 21-P:46-a.

3 New Section; New Hampshire Disaster Relief Fund. Amend RSA 21-P by inserting after section 46 the following new section:

21-P:46-a New Hampshire Disaster Relief Fund.

I. There shall be established in the office of the state treasurer a nonlapsing fund that is to be kept separate from all other funds and which shall be designated as the New Hampshire disaster relief fund, into which private donations for disaster relief assistance shall be deposited and continually appropriated to the director for disaster relief. Two existing funds, one in the legislative branch known as the disaster fund, and one in the office of the state treasurer, known as the New Hampshire disaster relief fund 2011, shall be made part of the New Hampshire disaster relief fund.

II. Funds deposited in the New Hampshire disaster relief fund shall be made available to individuals who suffer damage and loss as a result of a declared disaster. All disbursements from the fund shall be approved by the director of homeland security and emergency management, in consultation with the individual assistance committee appointed under paragraph III.

III. The director shall appoint an individual assistance committee to review, evaluate, and make recommendations on requests for individual assistance. The committee shall be comprised of representatives from the nonprofit community, human service organizations, disaster response organizations, the Community Action Programs, and volunteer organizations, who shall serve at the pleasure of the director. The director shall designate a committee chair.

IV. The director shall maintain complete records of all funds received into and disbursed from, the New Hampshire disaster relief fund and shall report all such disbursements to the individual assistance committee and the state treasurer every 6 months following the effective date of this section.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 71, establishing a committee to study the use and misuse of prescription drugs in workers' compensation cases. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Donald L. LeBrun for the Majority of Health, Human Services and Elderly Affairs: This bill establishes a committee to study the extent of misuse and abuse of opiates and other commonly abused prescription medications by injured workers and the direct and/or indirect social and economic costs of such misuse. The amendment requires that one of the House Committee members be from the Labor, Industrial and Rehabilitative Services and one member from the Health, Human Services and Elderly Affairs. Vote 13-4.

Rep. Richard E. Meaney for the Minority of Health, Human Services and Elderly Affairs: New Hampshire already has a statewide task force addressing the issue of prescription drug abuse, so this bill is unnecessary. Further, this bill singles out injured people on the workers compensation program and does not address other users or potential users of prescribed medications. The bill does not guarantee privacy or confidentiality of patient information, either individually or in aggregate. Privacy laws may even prevent the proposed study committee from having access to data and records needed to address this issue.

Majority Amendment (1228h)

Amend subparagraph I(b) of section 2 of the bill by replacing it with the following:

(b) Three members of the house of representatives, one of whom shall be a member of the health, human services and elderly affairs committee and one of whom shall be a member of the labor, industrial and rehabilitative services committee, appointed by the speaker of the house of representatives.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Meaney spoke against and yielded to questions.

Rep. LeBrun spoke in favor.

On a division vote, 193 members having voted in the affirmative and 145 in the negative, the majority committee report was adopted and ordered to third reading.

SB 83, relative to the controlled drug prescription health and safety program. **OUGHT TO PASS.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill moves New Hampshire closer to the implementation of a prescription monitoring program. The legislature finally passed a bill in 2012 that would make NH the 49th state to authorize such a program. The program will be a small step towards

managing a rampant prescription drug abuse problem more effectively. SB 83 removes the sunset provision from the law that was passed last year which will increase the likelihood that New Hampshire will get a federal grant to jump start the program. In addition, the audit of the program to be done by the office of the Legislative Budget Assistant is moved out from 2014 to 2017. Lastly, a representative from the New Hampshire Hospital Association is added to the advisory committee. Vote 17-0.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

SB 146-FN-L, relative to aid to the permanently and totally disabled and old age assistance. **OUGHT TO PASS.**

Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs: Under current law, persons receiving benefits via old age assistance (OAA) or aid to the permanently and totally disabled (ATPD) are prohibited from any other relief from the state or local governments. This prohibition is unique to this population and functions as a "Catch 22" for participants in these programs whose needs outstrip their program stipend. This enabling legislation lifts this prohibition, allowing but not requiring the state and municipalities to provide assistance as needed beyond that provided through OAA or ATPD grants. Vote 16-1.

On a division vote, 297 members having voted in the affirmative and 46 in the negative, the committee report was adopted.

Referred to the Committee on Municipal and County Government.

SB 60, relative to assisted living facilities and landlord tenant law. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Sylvia E. Gale for the Majority of Judiciary: This bill would exclude assisted living facilities and community residences for the developmentally disabled and chronically ill from the definition of tenants for purposes of landlord/tenant law. The committee heard testimony from a number of providers as well as consumers of assisted living facilities and all testimony was in favor of the bill's passage. The committee was advised that efforts are near completion to revamp and revise RSA 151 specific to the licensing and regulation of all "residential care" facilities and "supported-residential care" facilities, which will provide clarification and further assign licensing responsibilities over "assisted living" and other care facilities. The majority of the committee agreed that removing these residents from the jurisdiction of laws pertaining to landlords and tenants is an important step toward affording these residents optimal care and protection in their current supported living environments. Vote 13-6.

Rep. Michael J. Sylvia for the Minority of Judiciary: This bill cobbles together a solution to a problem which the minority feels would be better addressed at the root cause. If passed, this issue of "assisted living" lacking a proper definition and being handled under the proper statute will still need to be addressed. This bill may do as intended but it may also introduce unexpected problems.

Majority committee report adopted and ordered to third reading.

SB 96, relative to vexatious litigants. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Robert H. Rowe for the Majority of Judiciary: This bill was promoted into legislation by a citizen who had been subjected to vicious, repetitive and non-meritorious law suits in both state and federal courts. The suits were instituted by one individual. The purpose of this bill was to stop such frivolous law suits, although they are rare. The majority of the committee was sympathetic to the goal of the bill, but voted inexpedient to legislate for a number of reasons. First, the courts and judges in both federal and state courts currently have extensive power to discourage and penalize such law suits through financial penalties and the contempt process. Second, it might lessen the power judges currently have. Third, portions of the bill were considered to be in violation of Part I, Article 14 of the New Hampshire constitution. Vote 11-8.

Rep. Frank H. Heffron for the Minority of Judiciary: This bill would address the problem of frivolous lawsuits initiated for the primary purpose of harassment. It would require that a person found by a judge to have filed such a suit three or more times may be required to retain an attorney or other person of good character, in subsequent actions, or post a bond to cover attorney's fees and anticipated damages. The minority acknowledges that this bill is far from perfect, but nevertheless considers that its passage would be a step in the right direction toward correcting a problem that inflicts serious damage to those who are sued without good reason.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Berch moved Recommit.

Rep. Rowe spoke against.

Reps. Berch and Vaillancourt spoke in favor.

On a division vote, 280 members having voted in the affirmative and 67 in the negative, the motion was adopted.

Recommitted to the Committee on Judiciary.

SB 106, relative to confidentiality in adult guardianship cases. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Paul L. Hackel for the Majority of Judiciary: RSA 464-A:8, VI specifies that all court records should be confidential only to the extent as they directly relate to alleged specific functional limitations of the proposed ward. This bill eliminates the limitation of the confidentiality because the committee felt that it would be extremely difficult to eliminate sections of the records. The supreme court requested this change. The committee supported this change by strong bi-partisan support. Vote 18-1.

Rep. Michael J. Sylvia for the Minority of Judiciary: This bill commands the court shall make records, reports and evidence confidential. In the opinion of the minority the command ought to be the more permissive “may” in place of “shall.”

Majority committee report was adopted and ordered to third reading.

SB 108, relative to the liability of landowners who permit use of their land for recreational activities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph M. Hagan for Judiciary: This bill would extend that no cause of action for injury be allowed to persons building or maintaining recreational activity sites on private lands allowed by the owner for public use. The present law only covers the owners of such property for injuries to recreational users. Vote 15-4.

Amendment (1289h)

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Landowner Liability; Duty of Care. Amend RSA 212:34 by inserting after paragraph II the following new paragraph:

II-a. Except as provided in paragraph V, a landowner who permits the use of his or her land for outdoor recreational activity pursuant to this section and who does not charge a fee or seek any other consideration in exchange for allowing such use, owes no duty of care to persons on the premises who are engaged in the construction, maintenance, or expansion of trails or ancillary facilities for outdoor recreational activity.

3 Landowner Liability; Duty of Care. Amend RSA 212:34, VI to read as follows:

VI. Except as provided in paragraph V, no cause of action shall exist for a person injured using the premises as provided in paragraph II, ***engaged in the construction, maintenance, or expansion of trails or ancillary facilities as provided in paragraph II-a***, or given permission as provided in paragraph III.

4 Effective Date. This act shall take effect January 1, 2014.

AMENDED ANALYSIS

This bill provides that, with limited exceptions, landowners who permit the use of their land for outdoor recreational activity owe no duty of care to individuals engaged in the construction, maintenance, or expansion of trails or ancillary facilities for such activity.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 187, posthumously emancipating enslaved Africans in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter M. Sullivan for Judiciary: In 1779, twenty African slaves from Portsmouth petitioned the New Hampshire General Court for their freedom. Sadly, our predecessors chose not to honor their request. The committee believes that the time to honor the rights of these courageous men has come. As they stated in their petition, “freedom is an inherent right of the human species, not to be surrendered.” We agree, and unanimously support the tragically late emancipation of these New Hampshire heroes. Vote 18-0.

Amendment (1275h)

Amend the bill by replacing section 2 with the following:

2 Emancipation. The following men are hereby declared emancipated freed men in gratitude for their service to the colonial foundations of New Hampshire:

Samuel Wentworth	Winsor Moffatt
Cato Warner	Garrett Colton
Kittindge Tuckerman	Peter Frost
Seneca Hall	Nero Brewster
Pharoah Rogers	Quam Sherburne
Cato Newmarch	Will Clarkson
Zebulon Gardner	Cipio Hubbard

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Reps. Groen, Pantelakos, Cali-Pitts, Levesque, Peter Sullivan and Jeudy spoke in favor.

Rep. Marjorie Smith spoke in favor and yielded to questions.

Rep. Levesque requested a roll call; sufficiently seconded.

BILLS REMOVED FROM THE CONSENT CALENDAR

SB 35, relative to the master jury list. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter M. Sullivan for Judiciary: This bill revises New Hampshire's law regarding the list used by the court system to develop jury pools. As the court system implements an electronic jury management system, changes were needed to protect the private information of New Hampshire residents. This bill is the product of a collaborative effort between the judicial branch, the secretary of state, and privacy advocates, and properly balances privacy and effective court management. Vote 19-0.

Amendment (1263h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Jurors; Definitions; Master Jury List. RSA 500-A:1, IV is repealed and reenacted to read as follows:

IV. "Master jury list" means the list blended and compiled from the voter lists, which shall be provided by the secretary of state pursuant to RSA 654:45, VI on encrypted removable media, and from the official record of persons 18 years of age or older who hold a current New Hampshire driver's license or a department of safety identification card, which shall be provided by the department. Information contained in the master jury list shall be private and confidential and shall not be subject to RSA 91-A.

2 Preparation of Master Juror List. Amend RSA 500-A:2 to read as follows:

500-A:2 Preparation of Master Jury List. The office shall annually ~~[prepare and deliver]~~ **provide** to the clerk of court a master jury list for each county or judicial district thereof. A duplicate list shall be retained by the office. Voter lists and department of safety lists, as well as the master jury list, are confidential documents to be used by the office and the respective trial courts only for purposes of jury selection, **and shall contain only the names and addresses of persons listed; additional information, such as date of birth, shall be available to the office only for the purpose of resolving discrepancies in the information provided.** Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Kurk offered floor amendment (1341h).

Floor Amendment (1341h)

Amend the bill by replacing section 2 with the following:

2 Preparation of Master Juror List. Amend RSA 500-A:2 to read as follows:

500-A:2 Preparation of Master Jury List. The office shall annually ~~[prepare and deliver]~~ **provide** to the clerk of court a master jury list for each county or judicial district thereof. A duplicate list shall be retained by the office. Voter lists and department of safety lists, as well as the master jury list, are confidential documents to be used by the office and the respective trial courts only for purposes of jury selection. **Voter lists shall contain only the names and addresses of persons listed; additional information, such as date of birth, shall be available to the office only for the purpose of resolving discrepancies in the master jury list.**

Reps. Kurk, Marjorie Smith and Rowe spoke in favor.

Floor amendment (1341h) adopted.

Committee report adopted and ordered to third reading.

SB 43, relative to the property taxation of qualifying historic buildings. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bruce L. Tatro for Municipal and County Government: This bill enables towns and cities to appraise qualifying historic buildings at a reduced rate and tax the property at that reduced rate. This would encourage preservation of these historic buildings. Vote 16-0.

Amendment (1230h)

Amend RSA 79-G:2 as inserted by section 1 of the bill by replacing it with the following:

79-G:2 Adoption of this Chapter. A town or city may adopt the provisions of this chapter by vote of its legislative body using the following procedures:

I. In a town, other than a town that has adopted a charter pursuant to RSA 49-D, the question shall be placed on the warrant of the annual town meeting, by the governing body or by petition under RSA 39:3.

II. In a city or town that has adopted a charter under RSA 49-C or RSA 49-D, the legislative body may consider and act upon the question in accordance with its normal procedures for passage of resolutions, ordinances, and other legislation.

III. If a majority of those voting on the question vote "yes," the provisions of this chapter shall take effect within the town or city on the date set by the legislative body, or in the tax year beginning April 1 following its adoption, whichever shall occur first.

IV. A town or city may rescind the provisions of this chapter in the manner described in paragraphs I-III. Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Warden spoke against.

Reps. Porter and Frederick Rice spoke in favor and yielded to questions.

Rep. Burt requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Peter Sullivan moved that the House reconsider its action whereby, on a roll call vote of 344-2, it adopted the committee report of Ought to Pass with Amendment on **SB 187**, posthumously emancipating enslaved Africans in New Hampshire.

Rep. Peter Sullivan spoke in favor.

Rep. Burke requested a roll call; not sufficiently seconded.

On a division vote, 255 members having voted in the affirmative and 79 in the negative, the motion was adopted.

CONSIDERATION OF SB 187

The question being adoption of the committee report of Ought to Pass with Amendment.
Rep. Porter requested a roll call; sufficiently seconded.
