Rep. Kaen moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 20

Wednesday, June 26, 2013

The House assembled at 10:00 a.m.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Michael Leuchtenberger of the Universalist Unitarian Church of Concord.

Spirit of all we hold Holy. Holiness known by many names. Spirit of the life that forms us and connects us. We come together from different places and along varied paths, with values wide-ranging and diverse, and with experiences distinct and unique, yet we also come together shaped by our shared commitment to service, service of a good larger than our individual selves, larger than our self-interest, larger than the needs of this moment. As you begin your work today, may you remember the hopes that inspired you to serve, the compassion that grounded your hopes, and the humility so essential to compassion and public service. As you join your voices in deliberation and debate, may you open your hearts and minds to the voices of all people. May your hearts be open to the voices of those least able to speak for themselves, those who are easily overlooked, and those who are pushed to the margin by forces larger than themselves. In being together may we find gratitude for each other and the interdependence that makes our lives possible. All this we pray in the name of all we hold Holy, a Holiness known by many names. Amen.

Staff Sergeant Roger Shattuck, a 21-year veteran of the United States Army home on leave and the son of Representative Shattuck, led the Pledge of Allegiance.

The National Anthem was sung by Amelia Griffiths of Rye, New Hampshire.

June 16, 2013

Terie Norelli
Speaker, House of Representatives
107 North Main Street
Concord, New Hampshire 03301

This correspondence is to inform all members of the House of Representatives of my resignation. Certainly this announcement comes as a sigh of relief from leadership of both parties. However, this action is due to "Divine Providence" that has presented my family with an opportunity to leave the district in which I now reside... I hope that the elected members remember their Constitutional oaths when carrying out their duties. I wish you all success in your undertakings, whatever they may be. To those that elected me, thank you for the opportunity to represent you.

With kindest regards,
Stella Tremblay

UNANIMOUS CONSENT

Reps. Hess, Herbert Richardson and Vaillancourt addressed the House.

MOTION TO PRINT REMARKSRep. Shurtleff moved that the remarks made by Rep. Hess be printed in the Permanent Journal.
Adopted.**REMARKS**

Rep. Hess: Thank you very much, Madam Speaker. For those of you who were here last year, you know of my passion for military history and in particular, the Civil War. This month, this date, marks almost exactly the midpoint of that conflict, a conflict that resulted in more killed in action and wounded dead than every other war in the history of the United States through Vietnam. New Hampshire, as I mentioned at Memorial Day last year, contributed 21 regiments, over 32,000 men to that conflict and we suffered more than 6% casualties, among the highest rate of casualties in any state in the Union. Today is bracketed by three of probably the most decisive battles of that war and I'd like to share with you the involvement of New Hampshire men in those battles. Chancellorsville was fought on May 1 to May 3 in Northern Virginia. Gettysburg followed two months later, July 1 to July 4 in that small town in Southeastern Pennsylvania and Vicksburg surrendered on July 4, 1863. Five of our New Hampshire regiments, the First New Hampshire Light Battery and the three companies of New Hampshire sharpshooters participated in one or more of those battles. I'd like to share with you the suffering and the successes and failures of our New Hampshire predecessors in those conflicts. Chancellorsville, you may remember, was the crowning achievement of Robert E. Lee. Faced with an army twice his size, Lee and Jackson split the army in Northern Virginia in half, more than half, and Lee sent Jackson on a 22 mile forced march to the left around the rightwing and right flank of the Union. They arrived there roughly at 3:00 in the afternoon. One of the Federal units holding the right flank and the right flank was in the air, meaning that it just sort of dangled off; there were no natural barriers to protect people from outflanking it. It was the 12th New Hampshire regiment. There is a vivid first person account of what happened there. All of a sudden, about 2:00 or 2:30 in the afternoon, all of the wildlife in front of the Federal lines began to come running out; deer, rabbits, bear, anything that could move, came running into and through the Union line. The men of the 12th thought this was pretty hilarious and were shooting some of the animals as they were coming through to supplement their diets. Little did they know that behind those animals were 32,000 rebels under Stonewall Jackson. The 12th regiment broke almost immediately and fled to the rear. 75% of its effectives were lost in that battle. The regiment went into the fight with 28 officers and 549 enlisted men. 18 of those officers were killed or wounded and 254 of the enlisted men were killed or wounded in two hours of conflict. The 12th reformed and would later join in the battle of Gettysburg. Not an auspicious start for New Hampshire's men under arms. At Gettysburg we had 3 regiments of New Hampshire men involved in the battle, the 2nd, the 5th and the 12th. All of them were involved in some of the most heavily engaged aspects of that battle. If you are familiar with Gettysburg, the Union line was called the fishhook, on the right was Culp's Hill and then it spun around in a circle and ran down Cemetery Ridge to Devil's Den, Round Top and Little Round Top. On July 2nd, when the two armies were face to face, the 12th was situated on Culp's Hill and the 5th was located on the area of Round Top. Both units suffered severe casualties. Both repulsed the Confederate advances. On Culp's Hill, the 2nd went into battle with 553 men. In three hours,

47 were killed, 136 were wounded and 46 were missing in action. Only three of their officers were either not killed or not wounded. Because of those casualties suffered, over 300 out of the 350 effectives, the regiment was removed from the line for a year and did not reappear in combat until Cold Harbor, almost a year later. The 12th which had been decimated in Chancellorsville, suffered a similar fate when it went into battle on July 2nd, they had only 224 effectives out of an original compliment of 1,000. In the battle, at that time on July 2nd around Little Round Top on the far left of the Federal unit line, 26 were killed and 73 were injured. Again, the regiment was decimated such that on July 3rd, on the day of Pickett's charge, the 12th was integrated with other Federal units right in the center of the line and participated in throwing back Pickett on July 3rd. If you go down to the bottom of the stairs behind the House Chambers, here you will see a replication of one of the dioramas of Gettysburg depicting the highpoint of Pickett's charge with Armistead leading the Confederates over the original Union lines. I don't think people knew it when they put that painting there, but that painting exactly portrays where the last 50 effectives of the 12th New Hampshire regiment fought and helped to turn back Pickett. The 5th, as I recounted last year, had an unusual and sorrowful commendation to it. The 5th New Hampshire was the most seriously damaged regiment in the Union army over four years. It suffered more casualties, more killed, more wounded than any other unit in the Union Army and the 5th also fought at both Chancellorsville and Gettysburg and like the 2nd and the 12th, had been reduced to such a small number of men that it was not an effective fighting unit until almost a year later. In addition to those two battles on the East, we had the Vicksburg conflict and the siege and surrender of Vicksburg on July 4th. I didn't know this until I went there for the third time last fall, but New Hampshire actually had two regiments involved in the siege of Vicksburg, the 6th and the 11th. They were there when the surrender occurred, they participated in the siege and they honorably showed the colors of New Hampshire. As I said, over the course of the four years, we lost 6% of the young men who went to war to save the Union. We should be proud of that as I know they were, as you can see in every monument to the Civil War in every village throughout the state. Thank you.

MOTION TO PRINT REMARKS

Rep. Gary Richardson moved that the remarks made by Rep. Herbert Richardson be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Herbert Richardson: Thank you, Madam Speaker. Members of the House, today we honor Leighton Pratt, a 7-term member of the New Hampshire Representatives from 1991 to 2005, who passed away on June 11th at the age of 90. Leighton was a World War II Veteran who served in the US Coast Guard from 1942 to 1946. One of his favorite sayings was in order to make weight, the night before, he and his friend, ate pounds and pounds of bananas and then the next morning were able to make the grade. As soon as he enlisted, before going through basic training, he was put onboard the USS Leonard Wood out of Boston. The ship transported troops and supplies as well as return Veterans who were wounded in action. While aboard the USS Leonard Wood, Leighton was injured in a submarine attack and after his recovery was assigned to the USS Woonsocket which led convoys through the channels North of Newfoundland through the North Atlantic to England and participated in sinking four submarines. After being discharged from the Coast Guard, he attended the University of Vermont on the GI Bill and then received his masters at the University of Rhode Island. Afterwards, he went on to work for the Vermont Department of Agriculture and the State Plant Pathologist and Nursery Inspection Supervisor. From there, he went on to teach in Vermont at Cabot High School, Newport High School and the North Country Union High School. However, Leighton's greatest accomplishments in life was assisting the agricultural community which he was able to do in the House on the Agriculture Committee as well as becoming Coos County Agricultural Agent in Lancaster in 1969 where he continued until his retirement in 1988. In 2002, he was recognized by the local farm bureau for his agricultural community commitment and as well as the State Farm Bureau at the time of his retirement in the House. What was described as his greatest accomplishment was getting this legislation passed and establishing the Integrated Pest Management Program which reduces the amount of pesticides used on food crops. Leighton Pratt was noted for his gardening, especially pumpkins, Indian corn and gourds. He was probably best known in the North Country for establishing one of the first pick-your-own blueberry farms in the Town of Lancaster and did so until two years ago when he was done doing that. Leighton and his wife Sally recently celebrated their 51st anniversary and recently his 90th birthday with his sons Randall, Bruce and his grandchildren, Alex and Tori. Leighton was a beloved husband, father, grandfather, friend and colleague who will be missed. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former Representative from Lancaster, the Honorable Leighton Pratt.

MOTION TO PRINT REMARKS

Rep. Lambert moved that the remarks made by Rep. Vaillancourt be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Vaillancourt: Thank you, Madam Speaker. While we appear here today on very important business, and while we have already acknowledged what one of the previous unanimous consents a very important time in the history of our country, many of us for the last hour or so have been following the news and if I inform you for the first time, so be it. By a vote of 5-4 with Justice Kennedy writing for the majority, the Supreme Court today struck down the Defense of Marriage Act, 5-4 decision. The court also had a mixed ruling in the California case, deciding proper standing did not exist to go into the details of the case, but reaffirming the California Court, which means that gay marriage most likely will now be legal in California. When I talked about history at the beginning of these remarks, I cannot help but think of the role New Hampshire played and the role some of us in this House played in bringing about this historic moment. It wasn't too long ago that I stood at that podium and the gay marriage decision was reached in New Hampshire and without a court telling New Hampshire to do so, we in this body, legalized gay marriage and we refused to go back on it last year. I think that all of us in New Hampshire, or certainly the ones that believe that all men are created equal and should be entitled to the same rights, can look back historically on the role we played in turning public opinion around. And, as I stand here today, I think we ought to honor Jim Splaine, the former Portsmouth Representative and Senator who did so much in leading this effort. So, I guess I'd like to just end with the words I spoke back at the time from a famous song, for everything there is a season, and I think the season of equality is one step closer today. Thank you.

HOUSE RESOLUTION #11**Relative to a request from the House of Representatives
to the Honorable Senate**

WHEREAS, Part Second, Article 2 of the Constitution of the State of New Hampshire establishes a general court with supreme legislative power in the State, composed of two co-equal bodies – a House of Representatives and a Senate; and,

WHEREAS, Part Second, Article 22 of the Constitution of the State of New Hampshire provides that the House of Representatives shall settle the rules of proceedings for its own body, and Article 23 grants that same power to the Senate to settle its rules of proceedings; and,

WHEREAS, Part Second, Article 45 of the Constitution of the State of New Hampshire prescribes that resolves be treated as bills; and

WHEREAS, House Rule 39 requires that all joint resolutions be treated in the same manner as bills, and Senate Rule 3-20 requires that all resolutions that may be required to be signed by the governor shall be treated as bills; and

WHEREAS, for over two centuries it has been the tradition that legislation passed by one body of the New Hampshire legislature and sent to the other body is accepted for introduction, unless substantially similar legislation had been Indefinitely Postponed or found Inexpedient to Legislate in that second body during the current session; and

WHEREAS, on February 14, 2013, after the deadline had passed for filing and introduction of legislation originating in the House, the Senate changed its Rules to restrict the introduction of certain types of resolutions; and

WHEREAS, the House of Representatives accepted and acted upon a Senate Concurrent Resolution, despite the fact that the Senate refused to accept two House Concurrent Resolutions and one House Joint Resolution; and

WHEREAS, comity and respect for the internal process of each chamber is crucial to our democracy; now, therefore, be it

RESOLVED, that the House of Representatives respectfully requests of the Senate that it return to the policy that was in place prior to February 14, 2013, to accept and act upon concurrent and joint resolutions sent up from the House; and be it further

RESOLVED, that the Clerk of the House deliver a copy of this resolution to the President of the Senate and to the Clerk of the Senate.

Offered by Representatives Shurtleff, Chandler, Baldasaro and Cushing

Reps. Cushing and Baldasaro spoke in favor.

Rep. Lambert requested a roll call; sufficiently seconded.

and **SCR 1** was removed from the table.**MOTION TO SUSPEND HOUSE RULES**

Rep. Cushing moved that all necessary House Rules be suspended as to allow action at the present time, after the deadline, on **SCR 1**, relative to special use permits in the White Mountain National Forest.

On a division vote, 256 members having voted in the affirmative and 78 in the negative, the motion was adopted by the necessary two-thirds vote.

The question being adoption of floor amendment (1554h).

Floor Amendment (1554h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION relative to special use permits in the White Mountain National Forest, urging Congress to fund the development and implementation of a comprehensive health care delivery system to enhance the level of specialty care for New Hampshire's veterans, and requesting **Congress to begin the process for a constitutional amendment establishing that human beings, not corporations, are entitled to constitutional rights.**

Amend the resolution by replacing all after the title with the following:

Whereas, the New Hampshire general court has adopted numerous resolutions relative to the White Mountain National Forest over the last two decades, including HR 25 in the 1993 session, HJR 7 in the 1999 session, HR 9 in the 1999 session, HCR 25 in the 2000 session, SJR 1 in the 2000 session, and SCR 2 in 2012; and

Whereas, each of these resolutions has affirmed and communicated the strong support of the people of New Hampshire, through their elected representatives, for multiple use management in the White Mountain National Forest, including sustainable forest and wildlife habitat management, and traditional recreational uses such as hiking, fishing, hunting, downhill and cross-country skiing, and snowmobiling; and

Whereas, the White Mountain National Forest, established by the Weeks Act almost a century ago, through the efforts of New Hampshire citizens, represents the successful application of the principles of natural resource protection combined with multiple use; and

Whereas, conservation and preservation of the 800,000-acre Forest's lands, watersheds, wildlife habitats, natural scenic beauty, and resource use and recreation was the intent of the 1911 Weeks Act; and

Whereas, this approach has become a tradition and the ethic for the forest throughout its 100 plus years of successful service to the citizens of the north country, the state, and the country; and

Whereas, any diversion from this tradition and ethic will have an adverse effect on the forest's ability to continue to meet the needs of the communities of the north country and its 5,000,000 users per year, the American public; and

Whereas, New Hampshire is a proud and patriotic state with approximately 131,000 veterans with the majority over the age of 65 who have served their country bravely and risked their lives to preserve our country's freedom and democracy, and their sacrifices on our behalf are deserving of an upgraded medical delivery system to meet their health care needs; and

Whereas, New Hampshire is largely a rural state with limited access to the interstate highway system requiring veterans residing in many rural communities who may be ill and elderly to travel many miles to appointments for even minor procedures often placing undue and unnecessary stress on sick or injured veterans and their families; and

Whereas, many New Hampshire veterans residing in rural communities frequently miss essential checkups and therapies due to inclement weather and lack of proper transportation; and

Whereas, timely medical treatment would improve the overall health and quality of life of veterans by preventing numerous strokes, by-passes, amputations, and other costly but preventable conditions; and

Whereas, many New Hampshire veterans over the age of 65 do not have access to a primary care provider; and

Whereas, veterans residing in rural communities deserve the same level of care as veterans residing in other areas of the state; and

Whereas, New Hampshire is one of only 2 states in the nation without a full-service hospital, requiring veterans to travel to Vermont, Massachusetts, Maine, and Rhode Island for medical treatment; and

Whereas, adequate care of our veterans should be the concern of all Americans; and

Whereas, government was established to provide a social contract between naturally born persons; and

Whereas, the founders of the United States Constitution and Republic clearly and emphatically intended freedom of speech to mean freedom to communicate with and by natural born persons either directly or through the free press; and

Whereas, the United States Supreme Court ruled on January 21, 2010 in *Citizens United v. Federal Election Commission* that corporations have the same First Amendment rights as people, and that they can spend unlimited amounts of money on elections; and

Whereas, the Supreme Court is misguided in principle, and wrong on the law, because in a democracy, the people rule; now, therefore, be it

Resolved by the Senate, the House of Representatives concurring:

That the general court reaffirms its commitment to the principles underlying the Weeks Act, and supports continued management of the White Mountain National Forest for multiple uses as a part of the National Forest System; and

That consideration by the United States Department of Agriculture (USDA) Forest Service of any special use permit in the White Mountain National Forest should recognize the Forest's economic and social importance, its character and presence within the New England region, and its unique environmental and natural characteristics; and

That the New Hampshire general court respectfully urges the Congress of the United States and the Department of Veterans Affairs to fulfill the Department's goal of providing excellence in patient care by increasing the types of and access to specialty care at a full service VA Manchester Medical Center, or by developing a pilot program to utilize a veteran's medical card for use in New Hampshire's medical facilities in order to provide better care to veterans residing in rural areas, or by the establishment of additional community based outpatient clinics, outpatient clinics, or vet centers as justified by veterans' medical and mental health needs along with greater use of mobile clinics, and where cost effective, enter into contract services with the goal of increasing services and reducing travel time to ensure access to health care is available when it is needed; and

That the general court urges the New Hampshire congressional delegation to encourage and expedite a constitutional amendment to firmly establish:

I. That human beings, not corporations, are endowed with Constitutional rights protected by the First Amendment; and

II. That money is not speech, and therefore regulating political contributions and spending is not equivalent to limited political speech; and

III. That the freedoms of speech and the press, and the right to assemble peaceably and to petition the government for the redress of grievances, as protected by this Constitution, shall not encompass the speech, association, or other activities of any corporation or other artificial entity created for business purposes, except for a corporation or entity whose business is the publication or broadcasting of information, when such

corporation or entity is engaged in that business. A corporation or other artificial entity created for business purposes includes a corporation or entity that, although not itself engaged in business pursuits, receives the majority of its funding from other corporations or artificial entities created for business purposes; and constitutional rights; and

That the house clerk forward official copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the majority and minority leadership of the Senate, the Secretary of Veterans Affairs, to Thomas Tidwell, the chief of the USDA Forest Service, and to all the members of the New Hampshire congressional delegation with the request that this resolution be officially entered in the Congressional Record as a high priority for the Congress of the United States of America.

AMENDED ANALYSIS

This concurrent resolution:

I. Declares that the United States Department of Agriculture Forest Service shall consider certain unique characteristics of the White Mountain National Forest when reviewing and deliberating on any special use permit for property located in the White Mountain National Forest.

II. Urges Congress to fund the development and implementation of a comprehensive health care delivery system to enhance the level of specialty care for New Hampshire's veterans.

III. Urges the congressional delegation to begin the process for a constitutional amendment establishing that human beings, not corporations, are entitled to constitutional rights.
