MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Clerk Wadsworth be printed in the Permanent Journal.
Adopted.

REMARKS

Clerk Wadsworth: Thank you all very much. This I did not expect. For those of you that are hanging around Concord, my term is officially up on the first Wednesday of December so stop in the office. I'm still here. I'm still working. As one of you told me last night, why do I answer email at night or early in the morning, it's because this is a 24/7 job and I try to be available to you. I have worked with Democratic administrations and Republican administrations. Some were liberal, some were conservative. I have worked, I believe, with seven Speakers. I think it's seven and I can't even begin to think of how many of you. My greatest regret is that not enough of you learned a true parliamentary inquiry, but the forms are still upstairs. There's hope. Thank you very, very much.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

My friends, this completes my seventh year of service as Chaplain to the House of Representatives. Hard to believe. It has been an extraordinary privilege serving God among you during that time and to work with Speaker Norelli and Speaker Scamman before her. Many of you have participated in our South Church Homeless Shelter Banquet years ago, and for the support so many of you have shown over the years, I am grateful. God is calling me to use my gifts in new ways, and so as of this morning, I will be respectfully stepping down from my role to pursue some new things. Among those things will be advocacy for some of the issues that are important to me and would require me to be anything but neutral. I have strived to pray in a way which honors all of you, regardless of party affiliation or faith tradition. I hope that even if my words did not speak for you, they spoke to you. I hope that the moment of silence and the passing of the peace may become traditions that you will carry on and have given you some measure of peace in your lives and in your busy work. I have the easy job. I get to pray and run. You have to pray and stay and slog through the hard stuff. I understand that at times exchanges here can be difficult and challenging, so I urge you in the years to come to strive to be a model of civility going forward. I also hope that many of you will take a moment when you are wandering by Pleasant Street to stop by South Congregational Church and say hello. We will give you a very warm welcome. I want to thank you, thank you, for this privilege.

God of grace and God of glory. You are a God who loves all Your peoples, peoples of all colors, all faiths, all parties, all ages, all income levels, all sexual orientations, those in power and those without. We have come to the end of this legislative session grateful for the privilege we have had of serving the people of New Hampshire. We give You thanks for the years of leadership that Speaker Norelli has given to us and for the twenty years of service Karen Wadsworth has given to us and we offer up our prayers for them, and for all in this chamber who find themselves in any kind of transition in leadership, health or life. O God, You accompany us in our beginnings, in our endings, and in every time in between. May Your accompaniment lead us all to be ever more faithful in charting ways to peace, to justice, to fairness and to mercy in all the things we do, and may it be said of us that we faithfully accompanied those in this beloved state of ours who are less privileged than we. In Your Holy name we pray. Amen.

Representative Gary Richardson, member from Hopkinton, led the Pledge of Allegiance.

The National Anthem was sung by Dawson McGuire Ellis, a freshman student at Gilford High School.

COMMUNICATION

May 28, 2014

Dear Speaker Norelli and House Colleagues:

It is with true sadness that I must submit my letter of resignation to you for my Belknap District 8 seat in the New Hampshire House of Representatives. My family and I have had to make some difficult decisions as of late with regard to our private business in Manchester. Making the commute from Alton to Manchester is no longer in our future as my family and I will be moving to the Hooksett community. Will I miss working on behalf of my friends and neighbors in Alton, Barnstead and Gilmanton? The answer is "More than you can imagine." Serving the fine citizens of New Hampshire has been a real joy. My time here in the NH House has also allowed me to experience some life long friendships as well. And I have learned so very much about how government works. I am very grateful to have had this opportunity. It is my hope to stay active in some capacity in the New Hampshire political realm. I wish all in the NH House a wonderful summer and I thank you all for a fabulous opportunity and experience.

Regards,

Rep. Jane Cormier, Belknap District 8

COMMITTEE OF CONFERENCE REPORT ON SB 268

Committee of Conference Report on SB 268, an act relative to funding for certain energy efficiency programs. Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Energy Efficiency Fund and Use of Auction Proceeds. RSA 125-O:23, III is repealed and reenacted to read as follows:

III. All remaining proceeds received by the state from the sale of allowances, excluding the amount used for commission and department administration under paragraph I, shall be allocated by the commission as follows:

(a) At least 15 percent to the low-income core energy efficiency program.

(b) Beginning January 1, 2014, up to \$2,000,000 annually to utility core programs for municipal and local government energy efficiency projects, including projects by local governments that have their own municipal utilities. Funding elements shall include, but not be limited to, funding for direct technical and project management assistance to identify and encourage comprehensive projects and incentives structured to assist municipal and local governments funding energy efficiency projects. In calendar years 2014, 2015, and 2016, any unused funds allocated to municipal and local government projects under this paragraph remaining at the end of the year shall roll over and be added to the new calendar year program funds and continue to be made available exclusively for municipal and local government projects. Beginning in calendar year 2017, and all subsequent years, funds allocated to municipal and local government projects under this paragraph shall be offered first to municipal and local governments as described in this paragraph for no less than 4 full calendar months. If, at the end of this time, municipal and local governments have not submitted requests for eligible projects that will expend the funds allocated to municipal and local government projects under this paragraph within that program year, the funds shall be offered on a first-come, first-serve basis to business and municipal customers who fund the system benefits charge.

(c) The remainder to all-fuels, comprehensive energy efficiency programs administered by qualified parties which may include electric distribution companies as selected through a competitive bid process. The funding shall be distributed among residential, commercial, and industrial customers based upon each customer class's electricity usage to the greatest extent practicable as determined by the commission. Bids shall be evaluated based on, but not limited to, the following criteria:

(1) A benefit/cost ratio analysis including all fuels.

(2) Demonstrated ability to provide a comprehensive, fuel neutral program.

(3) Demonstrated infrastructure to effectively deliver such program.

(4) Experience of the bidder in administering energy efficiency programs.

(5) Ability to reach out to customers.

(6) The validity of the energy saving assumptions described in the bid.

2 New Paragraphs; Energy Efficiency Fund and Use of Auction Proceeds. Amend RSA 125-O:23 by inserting after paragraph III the following new paragraphs:

IV. The electric division of the commission shall conduct a competitive bid process for the selection of programs to be funded under subparagraph III(c), with such funding to begin January 1, 2015. The commission may petition the governor and council to extend existing contracts until such time as the competitive bids are approved by the governor and council, but in no event later than July 1, 2015. The competitive bid process shall be repeated every 3 years thereafter. Before extending any existing program, public comment on the proposed extension shall be accepted.

V. Each entity receiving funding under subparagraph III(c) shall file an annual report on the performance of the entity's program. The commission shall establish the format, content, and the methodologies used to provide the content of the reports. The commission shall make use of, as applicable and appropriate, the monitoring and verification requirements used in the natural gas and electric utility core programs. The annual reports shall be delivered to the governor, the president of the senate, the speaker of the house of representatives, the chairmen of the senate and house standing committees with jurisdiction over energy matters, and the chairman of the public utilities commission. The reports shall include, but not be limited to, the following:

- (a) Program expenditures, including direct customer installation costs.
- (b) Resulting actual and projected energy savings by fuel type and associated CO2 emissions reductions.
- (c) Any measurement and verification data that corroborate projected savings.
- (d) The number of customers served by the programs.
- (e) Other data as required by the commission in order to determine program effectiveness.

3 New Paragraph; Legislative Oversight Committee on Electric Restructuring; Duties. Amend RSA 374-F:6 by inserting after paragraph V the following new paragraph:

VI. Reviewing state energy efficiency programs under the administration of the public utilities commission to determine what barriers exist to providing all-fuels, comprehensive energy efficiency savings to New Hampshire consumers.

4 Effective Date. This act shall take effect 60 days after its passage.

84-A:14 Declaration of Intent. It is the declared intent of this chapter to provide for the consistent, equitable, and rational taxation of revenue received from inpatient hospital services and outpatient hospital services, which are 2 separate and distinct classes of property and are permissible classes of health care-related services which may be taxed in accordance with federal law to ensure access to Federal Financial Participation. In addition, it is the declared intent of this chapter to enact a health care-related tax, as permitted under section 1903(w) of the Social Security Act, upon the revenue derived from inpatient and outpatient hospital services, which are distinct from other classes of health care services, are subject to a different reimbursement methodology for public payors, are subject to different licensing and certification requirements, are potentially eligible for uncompensated care payments under the disproportionate share hospital program, and which provide a necessary, rational, and demonstrated public health benefit.

84-A:15 Severability. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable. This severability clause shall apply to the application of this chapter to revenue from inpatient hospital services and outpatient hospital services, such that the invalidity of either shall not affect the application of the statute to the other.

10 Substantial Understatement Penalty. Amend RSA 21-J:33-a, I to read as follows:

I. If there is a substantial understatement of tax imposed under RSA 77, RSA 77-A, RSA 77-E, RSA 78-A, RSA 78-C, RSA 82-A ~~[or]~~ RSA 83-C, ~~[or]~~ RSA 83-E, **or RSA 84-A** for any taxable period, there shall be added to the tax an amount equal to 25 percent of the amount of any underpayment attributable to such understatement.

11 Medicaid Enhancement Tax; Definition; Uncompensated Care and Medicaid Fund. Amend RSA 84-A:1, VI to read as follows:

VI. "Uncompensated care **and Medicaid** fund" means the fund established in RSA 167:64 to reimburse hospitals for costs associated with uncompensated care and shortfalls in publicly funded programs.

12 Subdivision Heading. Amend the subdivision heading preceding RSA 167:63 to read as follows:

Uncompensated Care **and Medicaid** Fund

13 Uncompensated Care and Medicaid Fund. RSA 167:64 is repealed and reenacted to read as follows:
167:64 Uncompensated Care and Medicaid Fund.

I. There is hereby established in the state treasury an uncompensated care and Medicaid fund which shall consist of the moneys collected pursuant to RSA 84-A. Investment earnings of the fund shall be credited to the fund. Moneys paid into the fund shall be exempt from any state budget reductions, and the commissioner is authorized to expend these funds, together with matching federal funds, as follows:

(a)(1) The commissioner shall provide reimbursement for uncompensated care costs in accordance with the approved schedule of payments through either Medicaid rate adjustments or disproportionate share

hospital payment adjustments, or a combination thereof, provided however that no hospital shall receive any such reimbursement for uncompensated care costs unless it is a qualified hospital as defined in subparagraph (b)(1). Funds available under this section shall also be used to make provider payments and to support Medicaid services and programs administered by the department in amounts directed by the budget in each year of the biennium.

(2) Expenditure of revenues deposited to the uncompensated care and Medicaid fund shall be made for the following purposes in the following order of priority in fiscal year 2015:

(A) To support medical provider payments as budgeted in each year of the biennium;

(B) To make disproportionate share hospital payments to support up to 75 percent of the uncompensated care costs of New Hampshire's hospitals with critical access designation consistent with the requirements of 42 U.S.C. section 1396r-4(g) and any relevant federal regulations promulgated thereunder as budgeted in each year of the biennium based on available funding, to be shared among such hospitals in proportion to the amount of uncompensated care provided;

(C) To make disproportionate share hospital payments to support the uncompensated care costs of New Hampshire's general hospitals without critical access designation shared among such hospitals consistent with the requirements of 42 U.S.C. section 1396r-4(g) and any relevant federal regulations promulgated thereunder in proportion to the amount of uncompensated care provided with funds available from net Medicaid enhancement tax revenue received by the state in fiscal year 2015 in excess of \$190,300,000; and

(D) To make a disproportionate share hospital payment to each hospital that meets the criteria set forth for "deemed disproportionate share hospitals" as that term is defined under 42 U.S.C. section 1396r-4 up to an amount as budgeted in each year of the biennium based on available funding.

(3) Subject to subparagraph (a)(3)(D), expenditure of revenues deposited to the uncompensated care and Medicaid fund shall be made for the following purposes in the following order of priority in fiscal years 2016, 2017, 2018, and 2019, and in addition in fiscal years 2016, 2017, 2018, and 2019, if New Hampshire hospitals' total aggregate uncompensated care costs as reported to the department in any such fiscal year is less than \$350,000,000, the state shall pay New Hampshire's hospitals not less than \$175,000,000 in disproportionate share hospital payments, shared among such hospitals in proportion to the amount of uncompensated care provided; provided that New Hampshire hospitals with a critical access hospital designation shall continue to receive reimbursements of no less than 75 percent of each hospital's uncompensated care costs and no hospital shall be paid disproportionate share hospital payments of more than 100 percent of uncompensated care costs:

(A) To make disproportionate share hospital payments to New Hampshire hospitals with and without critical access designation in the following order of priority, provided that, in fiscal years 2016 and 2017, the New Hampshire hospitals shall not be paid more than a cap of \$224,000,000 in disproportionate share hospital payments and in fiscal years 2018 and 2019 the New Hampshire hospitals shall not be paid more than a cap of \$241,900,000 in disproportionate share hospital payments:

(i) To support 75 percent of the uncompensated care costs of New Hampshire's hospitals with critical access designation consistent with the requirements of 42 U.S.C. section 1396r-4(g) and any relevant federal regulations promulgated thereunder to be shared among such hospitals in proportion to the amount of uncompensated care provided;

(ii) To make disproportionate share hospital payments to support 50 percent of the uncompensated care costs of New Hampshire's hospitals without critical access hospital designation in fiscal year 2016 and 2017 and 55 percent of uncompensated care costs of New Hampshire's hospitals without critical access hospital designation in fiscal year 2018 and fiscal year 2019 and in fiscal years thereafter consistent with the requirements of 42 U.S.C. section 1396r-4(g) and any relevant federal regulations promulgated thereunder in proportion to the amount of uncompensated care provided and up to the remaining amount of the applicable cap set forth in subparagraph (a)(3)(A), but not less than the amount guaranteed in disproportionate share hospital payments as set forth in subparagraph (a)(3); and

(B) To make a disproportionate share hospital payment to each hospital that meets the criteria set forth for "deemed disproportionate share hospitals" as that term is defined under 42 U.S.C. section 1396r-4 up to an amount as budgeted in each year of the biennium.

(C) Any remaining funds produced from the Medicaid enhancement tax shall be used to support provider payments and to support Medicaid services and programs administered by the department.

(D) Notwithstanding any provision to the contrary, in each of fiscal years 2016, 2017, 2018, and 2019, the amount of uncompensated care reimbursed to non-critical access hospitals shall be reduced in both state contribution and federal match by any shortfall in net Medicaid enhancement tax revenues received below the following thresholds: fiscal year 2016 - \$220.5 million; fiscal year 2017 - \$228.1 million; fiscal year 2018 - \$235.9 million; and fiscal year 2019 - \$243.4 million. However, to the extent the aggregate uncompensated care for all hospitals falls below \$375 million and the Medicaid enhancement tax rate is further reduced as set forth in RSA 84-A:2, V, then the threshold for fiscal year 2018 shall be \$229.4 million and for fiscal year 2019 shall be \$235.7 million. Further, the caps in subparagraph (a)(3)(A) and the reimbursements and caps in

subparagraph (a)(3)(A)(ii) shall be reduced by 85 percent of the difference between total Medicaid enhancement tax revenue calculated at 5.5 percent of net patient services revenue and Medicaid enhancement tax revenue at the current tax rate for the applicable fiscal year.

(b)(1) The commissioner is hereby authorized and directed to develop and implement a schedule of payments for reimbursement of the uncompensated care costs consistent with the level of funding made available for such payments in each year of any biennium, incurred by those hospitals that are qualified as follows:

(A) The hospital is a "deemed disproportionate share hospital" as defined by criteria set forth under 42 U.S.C. section 1396r-4 and is not otherwise receiving a disproportionate share hospital payment, or

(B) The hospital:

(i) Meets the minimum criteria for disproportionate share eligibility under relevant federal statutory changes at 42 U.S.C. 1396r-4(d);

(ii) Is not a special hospital for rehabilitation; and

(iii) Participates in the provider network of the state Medicaid care management program.

(2) The reimbursement of uncompensated care costs paid in state fiscal year 2015 and thereafter shall be in accordance with the schedule of payments to hospitals consistent with this section and shall be structured in a manner that is consistent with all federal laws and regulations governing (i) Title XIX disproportionate share hospital payment adjustments and other rate payments, (ii) conditions for receiving federal financial participation, and (iii) permissible sources of state financial participation as provided for under 42 C.F.R. part 433 and all other applicable federal regulations. Disproportionate share hospital payments shall be made under this paragraph by May 31 in any fiscal year.

(c) For purposes of this section, uncompensated care costs shall include: any charity care cost, and any portion of Medicaid-covered patient care costs unreimbursed by Medicaid payments, that the commissioner determines would meet the criteria under 42 U.S.C. section 1396r-4(g) governing hospital-specific limits on disproportionate share hospital payments under Title XIX of the Social Security Act and the provisions of all federal regulations promulgated thereunder.

(d) One percent of the funds made available for uncompensated care payments shall be placed in a separate class line reserved for the expenses of the department in administering this subdivision.

II. Moneys in the uncompensated care and Medicaid fund shall be continually appropriated to the department for the purposes of this subdivision.

III. The department shall secure all necessary waivers pursuant to 42 C.F.R. section 433.68 and approvals of state plan amendments from the Centers for Medicare and Medicaid Services (CMS).

IV. Payment of disproportionate share hospital payments under this section is contingent upon New Hampshire receiving a sufficient federal Medicaid disproportionate share hospital allotment from CMS.

14 Uncompensated Care Fund; Definition; Hospital. Amend RSA 167:63, IV to read as follows:

IV. "Hospital" means general hospitals [~~and special hospitals for rehabilitation~~] required to be licensed under RSA 151, but not including government facilities.

15 Operating Budget; Department of Health and Human Services; Provider Payments. Amend 2013, 143.1, 05, 95, 47, 470010, 7940, estimated source of funds for provider payments, to read as follows:

DEBATE ON SB 369-FN-A

The question being adoption of the Committee of Conference Report.

Rep. Wallner: Thank you, Madam Speaker. The House and the Senate met in Committee of Conference and agreed upon this new amendment to SB 369. This legislation is based on a settlement agreement reached between the state and 25 New Hampshire hospitals' outstanding challenges to the constitutionality of the Medicaid enhancement tax. In many measures, this legislation brings the spending of Medicaid enhancement tax revenues nearly back to the situation that existed prior to FY 2012. Through the agreement, the participating hospitals agree that they will not challenge the Medicaid enhancement tax on constitutional grounds as long as the state meets the terms of the agreement. What if there had been no agreement? It is likely that hospitals would not have made their 2015 tax payment and the state would be responsible for \$190 million. I'll say that again, \$190 million in 2015 of net payments. Including the federal match dollars, the state would have been responsible for as much as \$380 million in Medicaid payments. So what is the cost to the state? The cost estimates range from \$67 to \$101 million in each of the next biennium. The Department of Health and Human Services and their Medicaid enhancement tax expert estimate the cost to be \$69 million in each of the next biennium. The agreement and legislation will strengthen the financial viability of hospitals referred to as critical access hospitals. Critical access hospitals serve some of the most rural areas of our state. Half of all New Hampshire hospitals are designated as critical access. They include such communities as Colebrook, Berlin, Woodsville, Lancaster, Claremont and Franklin. These hospitals serve some of our poorest and neediest citizens. This legislation will help stabilize these hospitals. In the legislation, the state agrees to put all money raised from the Medicaid enhancement tax in a trust fund and use those funds exclusively to support medical services. The agreement with the hospitals was negotiated by the Department of Revenue Administration and the Attorney General's office. Legislative approval of the conference report on SB 369 is necessary for the negotiated settlement agreement to take effect. Colleagues, I urge you to vote yes and pass the Committee of Conference Report on SB 369.

Speaker Norelli: Will the member yield to a question? The member yields. Representative Vaillancourt, you may inquire.

Rep. Vaillancourt: Thank you, Madam Speaker. I'll begin my question with that caveat, those famous words, "I am not a lawyer," however, just because there appears to be an agreement with several of the hospitals, were I a lawyer, I think I would say that doesn't mean that even if this passes, it makes the action constitutional. I understand that one hospital has not agreed, so I'm not sure I understand how this will make the lawsuit go away. I understand you're not a lawyer either, so maybe I should ask this to a lawyer, but just because there is an agreement by the parties involved, doesn't negate the unconstitutionality of a provision or does it?

Rep. Wallner: Well, I'm not a lawyer either, so there are at least two of us. The settlement agreement is that the hospitals will not go forward with their suit. There is one hospital that has not agreed and, in fact, in the settlement agreement, the other hospitals have agreed to accept the financial responsibility for that one if they do not pay their taxes.

Speaker Norelli: Will the member yield to a follow up? The member yields.

Rep. Vaillancourt: So there is one hospital that has not agreed. Will the lawsuit continue to go forward with that one hospital?

Rep. Wallner: I certainly can't speak for that hospital, but I assume it's possible.

Speaker Norelli: Will the member yield to another question? The member yields. Representative Kurk, you may inquire.

Rep. Kurk: Thank you, Madam Speaker and I thank the member from Concord for accepting the question. Let's assume that St. Joseph's hospital, the one hospital that did not sign this, continues with its lawsuit and loses. That is to say, the Supreme Court finds the tax to be constitutional or let's assume that the hospital wins and the tax is unconstitutional. It's now 2016. Can the legislature act by statute in a way that in effect abrogates the agreement, imposes an additional tax on hospitals, fails to make the payments as required in the agreement and if so, is it not the case that we will be protected against prior years, but still be subject to the hospital's lawsuit for future years? In other words, does the agreement, as some of the conferees were told by counsel, does the agreement allow for the legislature to retain its authority to act in the future, protect it for the years in which it followed the agreement and at risk for the years in which it did not? If that was too complicated, I'll try to restate it.

Rep. Wallner: That is pretty darn complicated, Rep. Kurk. I would not be qualified to speculate on what would happen in the future if St. Joseph's actually did win their case. I really don't feel qualified to do that, though I do think I'll be followed by a lawyer who might be able to answer that question.

Speaker Norelli: Will the member yield to a follow up? The member yields.

Rep. Kurk: Let me put the question a different way. If we pass this, are we precluded from making any legislative changes in this agreement through 2019 or can we legally make changes? In other words, are we, by adopting this legislation, bringing in the contract clause because this legislation implements a contract and thus preclude ourselves from acting in the future?

Rep. Wallner: I think that passing the piece of legislation when I vote on it today; I am agreeing to honor the legislation and to make sure we meet our obligations under this agreement.

Rep. Kurk: That wasn't the question.

Rep. Wallner: What future legislature's do, as we all know, sometimes we change our minds so I assume it might be possible, but I think today, in good faith, I hope we would be passing this knowing that the state would honor the agreement.

Speaker Norelli: The question before the House is the adoption of the Committee of Conference Report on SB 369. The Chair recognizes the member from Hooksett, whose profession I won't mention, Rep. Hess to speak to the motion.

Rep. Hess: Let me start my remarks, Madam Speaker, with a caveat. I am no longer a lawyer even though I am legally trained. I was appointed to this Committee of Conference as I had requested to be because it started out as a committee to address specifically the two lower court decisions, which ruled our current MET tax unconstitutional as it is being applied. In the 72-hours before this bill was signed off on, that charge morphed into a statutory amendment to implement and adopt a settlement agreement that had been reached by the state with 25 of the 26 challenging hospitals. In my former life, I was a participant in multi-party litigation on several occasions. I can tell you from that experience, that if you can settle with 26 out of 27 parties, you've got a good deal. If you back out of that deal, after you sign or have initialed a preliminary agreement, you are never going to get a deal again. The agreement, in principle, which will be ratified formally once this legislation is adopted, should it be adopted, binds the 25 signatory hospitals to pay \$185 million in October and to pay the MET tax as defined by DRA in its regulatory publication on September 15th of last year, without challenge for the next 4 years or as long as the state agrees and complies with the terms of the agreement. In answer to the question from the member from Weare, we can always, as a legislature, change our mind and we cannot, by definition, bind our successors. So, if our successors come in next year and decide this is a lousy deal, they can change the terms of the deal. We can amend a bill as we can amend any bill. What happens then is that the hospitals no longer have to abide by their promise not to bring forward the lawsuit and can then bring forth their constitutional challenge to the lawsuit and proceed to the Supreme Court. In answer to another question that was posed, to the best of my ability I will tell you that no statute that we pass is unconstitutional unless the five folks on the hill declare it unconstitutional. Single Superior Court judges cannot tell us a statute is unconstitutional and have it binding on us unless the state agrees to that decision and doesn't appeal it. So, the MET is still constitutional. If the litigation proceeds to the Supreme Court by the one non-agreeing hospital, St. Joseph's, and that litigation is successful, under the terms of this agreement, the other hospitals will continue to pay the MET as though it were constitutional and are committed to not challenging the constitutionality. So, we have a deal with those hospitals until 2019 as long as we comply with the terms of the agreement. I was reminded in our Republican caucus this morning of the definition of a settlement of a lawsuit. The definition of a settlement is that neither party is happy. That probably defines the settlement that we are talking about today. Our lawyers negotiated in good faith. The state representatives acted in good faith. They think they got the best deal for us that they could get. I am not going to second-guess them. I may not be completely happy with the end product, but it's better than nothing. Thank you. I urge you to vote green.

Speaker Norelli: Will the member yield to a question? The member yields. Representative Infantine, you may inquire.

Rep. Infantine: Thank you, Madam Speaker. Thank you, Representative. About five minutes before we started this debate, I received an email from my legislative email address, which has in it the nine-page settlement agreement, and I'm trying to read through this as we go. It would have been really nice if we had received this, as representatives, before five minutes before we started the debate, but nonetheless, in it, it states the following: non-critical access hospitals will pay any judgment against the state from litigation in paragraphs H3 and 4, up to a cap of \$4.5 million. Can you explain that to me, because I don't get it?

Rep. Hess: I'm glad you brought that up because it wasn't in the blurb and I didn't mention it. One of the parts of this settlement is that the 25 hospitals that are joining in the settlement have agreed to reimburse the state, hold the state harmless for any judgment that St. Joe's might obtain against the state up to a maximum of \$4.5 million. The \$4.5 million was reached because that's the maximum possible liability DRA thinks the state is exposed to. So, basically, the settling hospitals have given us a hold harmless agreement on the St. Joe's litigation.

Speaker Norelli: Will the member yield to another question? The member yields. Rep. Vaillancourt, you may inquire.

Rep. Vaillancourt: Thank you, Madam Speaker. You mentioned you were on the Committee of Conference. I'm looking for the Committee of Conference signatures.

Rep. Hess: You don't have to look. I did not sign off on it. I refused to sign off on it.

Speaker Norelli: Will the member yield to a follow up? The member yields.

Rep. Vaillancourt: That wasn't the question. The question was going to be, so you didn't sign off so you must have been removed from the Committee of Conference. Why did you not sign off?

Rep. Hess: I did not sign off, Representative, because at the time we were facing the 4:00 deadline on Friday. The terms of this settlement, if you will, were presented to us less than 48-hours before then and as I mentioned previously, the bill had morphed from a Ways and Means revenue bill into a Finance expenditure bill. I did not feel confident that I knew what was in the settlement and what was in the amendment at the time I was required to sign off. If I couldn't explain my vote, I was not going to vote to approve it. That's why I asked to be removed. I notified the Speaker that I would not sign off on it and she obviously removed me because we need that unanimity. Since then, there have been a number of spreadsheets that have been disseminated. I've had an opportunity to review the terms of agreement more thoroughly and to understand it more thoroughly and to consult with other people who had involvement in the Committee of Conference and I am now much more confident that I understand what the bill does and what protections that includes. I hope,.....that's a long-winded answer.

Speaker Norelli: Will the member yield to a follow up? The member yields.

Rep. Vaillancourt: No, it's actually a question for the Chair.

Speaker Norelli: The member is recognized for a question.

Rep. Vaillancourt: I have now located the people that signed off. They all seem to be Democrats. Did the Speaker make any attempt to get a member of the other party to sign off so we could have bipartisan sign off?

Speaker Norelli: That is not a parliamentary inquiry, however, I will say that, also given the timeline, there was a member of leadership available to sign off and that's why she signed off. The question before the House is the Committee of Conference Report of SB 369. Representative Shurtleff requests a roll call. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Will members please take their seats? Members should be in their seats. Members should be in their seats. The question before the House is the Committee of Conference Report on SB 369. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. The Chair recognizes Representative Shurtleff for a parliamentary inquiry.

Rep. Shurtleff: Thank you, Madam Speaker. Madam Speaker, if I know that the legislation contained in this Committee of Conference Report is based on a settlement agreement reached between the state and 25 New Hampshire hospitals to settle two lawsuits and if I know that the legislation both strengthens the state's constitutionality argument and makes statutory changes to implement the financial aspects of the settlement. And, if I further know that the argument negotiated by the Department of Revenue Administration, the Attorney General's office is contingent on legislative approval, would I now press the green button and support the Committee of Conference Report. Thank you, Madam Speaker.

Speaker Norelli: The question before the House is the Committee of Conference Report on SB 369. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members voted who were here when the question was put? The House will be attentive to the state of the vote. With 278 having voted in the affirmative, 72 in the negative, the Committee of Conference Report is adopted.

MOTION TO PRINT REMARKS

Rep. Vaillancourt moved that the remarks made by Rep. Marjorie Smith be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Marjorie Smith: Madam Speaker, in order to thrive, a pure democracy requires an educated and informed citizenry. In a representative democracy, an educated and informed citizenry is even more important. That is why, in addition to the three branches of government – legislative, executive and judicial, this nation has depended upon, what we refer to as a fourth branch – the fourth estate. Without knowing who, what, when, where and how, and sometimes why, a citizen of this state, and this nation, could not make informed decisions about who should be chosen to represent us when decisions essential to our future are made. Madam Speaker, when you and I were elected in 1996, we found a crowded pressroom. Much has changed since then. Foster's Daily Democrat, The Portsmouth Herald, The Valley News, The Keene Sentinel do not send reporters to Concord. We have WMUR present, and New Hampshire Public Radio, but not NH Public Television. Newspapers that once had more than one full time reporter have cut back. In-depth coverage, where a reporter is able to write as long a story as necessary to explain complicated issues is fast disappearing. Current thinking is that if you can't say it in 250 words or less, no one will read it. It is true that there are many other means of communication than existed in 1996. That seems like the dark ages. We have live feeds of our proceedings on the floor, and let's not forget social media like Twitter, and fifteen second sound bites; just the thing to explain a state budget, or health care delivery systems, or the economy, or education, or the environment. Is it any wonder that fewer and fewer people have any real idea of what we do here in Concord, and why we do it? Madam Speaker, that brings me to why, for the first time in my legislative career, I have asked for Unanimous Consent to speak to our colleagues about a reason to celebrate the past and to express concern about the future. At the end of the month, there will be one more empty chair in the New Hampshire state house pressroom. For more than 3 decades, that chair has been filled by Norma Love. Norma's title was AP reporter, and that she was, but she has been much more than that. As new reporters arrived, Norma has helped them find their way around the state house. She has consistently and generously

shared information with her professional colleagues, bid them adieu, welcomed their successors, and repeated the process. Norma possesses an institutional memory, and has the files to support that memory. As Chair of the Finance Committee, I watched Norma show up in the committee room to cover the most technical and number-filled hearings. She would go through the proposed budget and understand the policy changes before almost anyone else. No matter how complex the issue, she wrote about it in terms that the public could understand. Norma covered the Claremont education lawsuits, all of them from the beginning, and the bankruptcy of Public Service, the impeachment of Supreme Court Chief Justice David Brock, and Medicaid funding. She covered the efforts to put the NH retirement system on a more solid base. She covered civil unions and same sex marriage. Through all this, she was constant in her fierce desire to demand openness in government. Governors, seven of them if I am counting correctly, senate presidents, speakers, committee chairs, and legislators, regardless of their political perspective, trusted her. She never violated a confidence nor compromised her independence. Her long-term colleagues in the pressroom violate their antipathy to superlatives when they speak of Norma Love, her professional skill, her commitment to help other journalists develop their skills, her generosity, and her integrity. Madam Speaker, we are losing one of the most important ties we legislators have to the public, and that New Hampshire citizens have to the state house. I hope that the AP continues to provide full time coverage to NH state government, a service to the legislature and the public, and indirectly through all the newspapers small and large, daily or not, that carry AP stories. Madam Speaker, I know you join me in wishing that the next chapter in Norma Love's life will bring her all that she wishes for, but for many of us, there will be a hole that will be very hard to fill.

Speaker Norelli: We also have a declaration in honor of Norma. And you know there are only four, maybe, legislators that are currently serving that have been around longer than Norma Love.

NEW HAMPSHIRE HOUSE OF REPRESENTATIVES A DECLARATION

Let it be known that the New Hampshire House of Representatives, on this very special occasion, publicly does grant its hearty and sincere congratulations to Norma Love on her upcoming retirement as a newswoman for the Associated Press after 31 years,

And be it further known that the New Hampshire House of Representatives, by virtue of the Speaker's signature inscribed below, extends its best wishes and deep appreciation to Norma Love, who has worked in the State House Press Room for 29 of those 31 years consistently providing accurate and unbiased news to the citizens of New Hampshire.

Terie Norelli, Speaker of the House.

Given on behalf of the New Hampshire House of Representatives on this 4th day of June, 2014.

Norma Love: Now, when I tried to say something in the Senate, I got all emotional so I'll try here without being so, but I am afraid that being emotional is part of this day. Thank all of you. I couldn't do my job without your trust. You know, I said it in the Senate and I'll say it here, it's all about respect. I respect you and I think I tried to earn your respect and trust so that I could do what you needed, tell the people what you are doing, help you explain what you are doing so that they'll know and they'll give you their feedback that you need so you can do your job. I am really grateful for the 31 years, especially the 29 here. This is really special so thank you very much, from my heart.

Speaker Norelli: The Chair recognizes Representative Vaillancourt for a motion.

Rep. Vaillancourt: Thank you, Madam Speaker. As someone who has always loved the line, "Love that Norma," I would ask that we put the remarks of Representative Smith, the Speaker and Norma in the Permanent Journal and hopefully, unanimously.

MOTION TO PRINT REMARKS

Rep. Jasper moved that the remarks made by Rep. Gary Richardson be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Gary Richardson: Thank you, Madam Speaker. I rise to say thank you and to say goodbye to many of my friends here. Several months ago,...sorry, this is supposed to be funny. Several months ago, my wife made it clear that I could stay in the New Hampshire Legislature, but she said next January, she and the dog would be in Florida. Well, I thought about it for a long time. I guess some of you own pets. I want to thank you, Madam Speaker, for your leadership. I want to thank you, Madam Clerk, for all of the help and courtesy that you have shown to me, particularly over the last several years and, of course, I would like to thank my Democratic colleagues for all of their support and friendship. I would also like to thank my friends on the other side of the aisle, Representative Chandler, for your wry sense of humor and for your respect and dedication to this institution. I would like to thank Representative Hess, but I think he must be at Tandy's already, for occasionally voting the right way. I would like to thank my friends on the far right, who are

often wrong, but never in doubt, for their commitment. I would like to thank them for their commitment to serving in the minority. As you all know, the heart of our system is our committee work and I have loved solving problems and finding solutions and I'd like to especially thank my fellow members of the committee, Mary Ann Knowles, Shawn Jasper and Kathleen Hoelzel on Election Law and, in particular, our great Chair, David Cote who has tremendous dedication and commitment to this House. I would like to leave you with this thought. We do our best work when we set aside labels and ideology and work together to find common sense solutions to our problems. Solving problems is what we were sent here to do. This term, we have solved many problems that pundits said were insoluble. We've done so by rolling up our sleeves and going beyond national rhetoric and finding New Hampshire solutions to New Hampshire problems. In passing legislation, humanity and our ability to compromise for the common good should always trump ideology. It's been an honor to serve this great institution. I regret leaving it, but I sure would have missed the dog.

MOTION TO PRINT REMARKS

Rep. William O'Brien moved that the remarks made by Speaker Norelli be printed in the Permanent Journal. Adopted.

REMARKS

Speaker Norelli: I want to thank you all for being here these last two years and for all the work that you have done on behalf of the people of New Hampshire. Through your hard work, your advocacy and sometimes even your patience, we have worked together to solve problems facing our state. I hope that each of you can look back with pride on the public policy that we had a hand in crafting, hopeful that our state is indeed a better place to live because we all served here. It has been a tremendous privilege for me to be part of some major moments in our state's history and I thank all of you for your trust and honor that you have given to me to serve as your Speaker. In 1996, I arrived a wide-eyed freshman and the first act of the newly elected legislature was to elect New Hampshire's first female Speaker. Yes, that was the first of those historic moments. As an aside, 1996 also happened to be the year that New Hampshire first elected a female Governor, Jeanne Shaheen. For the next 18 years, the State House became my second home and the Legislature, my second family. This House truly is a unique institution, by far the most representative legislative body of any in the country and I'm always so proud of that when I represent you across the country. The wealth of personal and professional experience and the diversity of the talent that sits before me is truly inspiring. Together, we have an opportunity and an obligation to work together to address the needs of the people we came here to represent. To send a clear message that yes, we can cooperate for the common good. Hopefully, the mixed seating, although I do realize that it wasn't universally popular in the beginning, has provided an environment not only for the necessary dialogue, but also for new friendships, regardless of your affiliation. The relationships we build in this Chamber change our lives. They alter our perspective and open our eyes to new ideas. I have served, as many of you, in both the majority and the minority. They brought different challenges, but they also brought different rewards. As Speaker, I have served with two Governors, three Senate Presidents and four Republican leaders and I am grateful for each of these relationships. This journey for me first began when, then Representative Martha Fuller Clark, convinced me somehow to run for the House and now I thank her for that encouragement. In the early years, I had mentors to help show me the way. Democratic leader, Peter Burling, the Chair and ranking member of my first committee, Jeb Bradley and Cliff Below and my first Speaker, Speaker Sytek. Years later as Speaker, the support I have enjoyed from my leadership team and from the Chairs and Vice Chairs has certainly helped me through some challenging periods. I cannot begin to adequately express my gratitude to all of you and I appreciate the good working relationship with Gene Chandler and other members of the Republican leadership. The Speaker's office staff, Sandy, Kerry, Paul, Mario and Ryan made the office hum with efficiency, humor and grace and made me look good in the process. I also want to acknowledge the Democratic office staff, Eileen, Dan and Susan and thanks to Karen, Paul, Nancy and Teresa as well as Walter, Joe, J.D., Robert and John for their help in keeping Session days running smoothly, even those days when it sort of seemed to me that maybe a few of you had other ideas. Indeed, we are fortunate throughout the State House and Legislative Office Building to have wonderfully dedicated staff to assist us. We could not do our work without them and I want to thank them all. Lastly, but to me most importantly, I want to thank my family for their patience, their support and their sacrifice over the years. I know that all of you know what that means and how important that is. To each and everyone of you, with whom I have agreed or disagreed, argued or not, I want to thank you for the confidence that you placed in me, for the kind words you have given to me, and the good wishes for my future. I will always cherish the experience of working with you in our wonderful democracy. Thank you.
