The question being adoption of the motion of Ought to Pass.

Rep. Hoell offered floor amendment (2188h).

Floor Amendment (2188h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and repealing the license requirement for carrying a concealed pistol or revolver.

Amend the bill by replacing all after section 6 with the following:

7 Pistols and Revolvers; License to Carry. Amend RSA 159:6 to read as follows:

159:6 License to Carry.

I.(a) The selectmen of a town, the mayor or chief of police of a city or a full-time police officer designated by them respectively, the county sheriff for a resident of an unincorporated place, or the county sheriff if designated by the selectmen of a town that has no police chief, upon application of any resident of such town, city, or unincorporated place, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than 4 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose[~~and that the applicant is a suitable person to be licensed~~], ***unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm***. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued.

(b) The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The original shall be delivered to the licensee and the duplicate shall be preserved by the people issuing the same for [4] **5** years. When required, license renewal shall take place within the month of the [fourth] **fifth** anniversary of the license holder's date of birth following the date of issuance. The license shall be issued within 14 days after application, and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy kept in the office of the person to whom the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the town or city granting said licenses; the fee for licenses granted to out-of-state residents shall be \$100, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue the licenses. ***The form shall require no more information than was required on the state of New Hampshire application for pistol/revolver license, form DSSP 85, as revised in***

December 2009. No other forms shall be used by officials of cities and towns. The cost of the forms shall be paid out of the fees received from nonresident licenses.

II. No photograph or fingerprint shall be required or used as a basis to grant, deny, or renew a license to carry for a resident or nonresident, unless requested by the applicant.

III. The availability of a license to carry a loaded pistol or revolver under this section or under any other provision of law shall not be construed to impose a prohibition on the unlicensed transport or carry of a firearm in a vehicle, or on or about one's person, whether openly or concealed, loaded or unloaded, by a resident, nonresident, or alien if that individual is not otherwise prohibited by statute from possessing a firearm in the state of New Hampshire.

8 Pistols and Revolvers; Reciprocity. RSA 159:6-d is repealed and reenacted to read as follows:

159:6-d Reciprocity. The director of the division of state police shall negotiate and enter into reciprocal agreements with other jurisdictions to recognize in those jurisdictions the validity of the license issued under RSA 159:6. The director shall apply to every jurisdiction with which New Hampshire does not have a reciprocity agreement, at least once every 5 years to obtain recognition in those jurisdictions of the license issued under RSA 159:6. Any such agreement executed shall not expire unless an expiration date is required under the statutes of the reciprocal jurisdiction.

9 Repeal. RSA 159:4, relative to requiring a license to carry a concealed pistol or revolver, is repealed.

10 Effective Date.

I. Sections 3 and 5 of this act shall take effect July 1, 2017.

II. Sections 7-9 of this act shall take effect 60 days after its passage.

III. The remainder of this act shall take effect upon its passage.

2016-2188h AMENDED ANALYSIS

III. Allows a person to carry a loaded, concealed pistol or revolver without a license provided such person is not otherwise prohibited by law.

Rep. Whitehouse requested a roll call; not sufficiently seconded.

On a division vote, with 81 members having voted in the affirmative, and 231 in the negative, the motion failed.

The question being adoption of the motion of Ought to Pass.

Rep. Hoell offered floor amendment (2189h).

Floor Amendment (2189h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and relative to school attendance in towns with no public schools.

Amend the bill by replacing all after section 6 with the following:

7 School Districts; Contracts With Schools. Amend RSA 194:22 to read as follows:

194:22 Contracts With Schools.

I. Any school district may make a contract with an academy, high school, *private school*, or other literary institution located in this or, when distance or transportation facilities make it necessary, in another state, *to provide for the education of a pupil who resides in the district* and raise and appropriate money to carry the contract into effect. If the contract is approved by the state board *of education or the school board of the school district in which the pupil resides*, the school with which it is made shall be deemed a high school maintained by the district.

II. *If there is no public school for the child's grade in the resident district, the district may assign the child to another public school in another school district or to a private school which has been approved for attendance by the department of education.*

III. *Notwithstanding any provision of law to the contrary, a school board may make a contract with any private school to provide for the education of a pupil who resides in the school district, and may raise and appropriate money for the purposes of the contract, if the school district does not have a public school at the pupil's grade level and the school board decides it is in the best interest of the pupil.*

8 School Districts; Tuition. Amend RSA 194:27 to read as follows:

194:27 Tuition. Any district not maintaining a high school or school of corresponding grade shall pay for the tuition of any pupil who with parents or guardian resides in said district, or who, as a resident of said district, after full investigation by the state board of education is determined to be entitled to have his or her tuition paid

by the district where the pupil resides, and who attends an approved public high school [or], **a public school of corresponding grade in another district [or], an approved public academy, or a private school which has been approved for attendance by the department of education.** Except under contract as provided in RSA 194:22, the liability of any school district hereunder for the tuition of any pupil shall be the current expenses of operation of the receiving district for its high school, as estimated by the state board of education for the preceding school year. This current expense of operation shall include all costs except costs of transportation of pupils.

9 School Money; District Taxes; Estimates. Amend RSA 198:4 to read as follows:

198:4 Estimates. The school board of each district in its annual report shall state in detail the additional sums of money, if any, which will be required during the ensuing fiscal year for the support of the public schools, for the purchase of textbooks, scholars' supplies, flags and appurtenances, for the payment of the tuition of the pupils in the district in high schools [and], academies, **or private schools** in accordance with law, and for the payment of all other statutory obligations of the district.

IV. Notwithstanding any provision of law to the contrary, a school board may make a contract with any private school to provide for the education of a pupil who resides in the school district, and may raise and appropriate money for the purposes of the contract, if the school district does not have a public school at the pupil's grade level and the school board decides it is in the best interest of the pupil.

11 Effective Date.

I. Sections 3 and 5 of this act shall take effect July 1, 2017.

II. Sections 7-10 of this act shall take effect 60 days after its passage.

III. The remainder of this act shall take effect upon its passage.

V.(a) Nothing in this section or RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4 shall apply to any act committed by the woman pregnant with the fetus, to any medical procedure, including abortion, performed by a physician or other licensed medical professional at the request of the pregnant woman or her legal guardian, or to the lawful dispensation or administration of lawfully prescribed medication. For the purposes of this section and RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4, "abortion" means the act of using or prescribing any instrument, medicine, drug, or any other substance, device, or means with the intent to terminate the clinically diagnosable pregnancy of a woman with knowledge that the termination by those means will, with reasonable likelihood, cause the death of the fetus. RESOLUTION

Reps. Hinch and Shurtleff offered the following: **RESOLVED**, that House Bill 1000-FN-A be read by title only and that it be read a third time by this resolution, and that its title be the same as adopted, and that it be passed at the present time.

Motion adopted.

Third Reading and Final Passage

HB 1000-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

GOVERNOR'S VETO MESSAGE ON HB 512

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 9, 2016, I have vetoed House Bill 512, prohibiting the confiscation of firearms, ammunition, or firearms accessories during a state of emergency. "Current New Hampshire law, RSA 4:46, already makes clear that the state cannot confiscate firearms and ammunition as a result of a state of emergency. This bill had two main components. The first added 'firearms accessories' to the items that could not be confiscated – a change that I would have signed into law. The second provision would subject members of law enforcement, members of the National Guard and even private security officers to personal civil penalties and lawsuits. This provision has raised serious concerns with the New Hampshire Association of Chiefs of Police and the New Hampshire Police Association, and it is because of those concerns that I am vetoing House Bill 512. "In a letter, the New Hampshire Association of Chiefs of Police wrote: 'This legislation endangers the safety of New Hampshire citizens and broadly overextends the State's influence on local control. This bill restricts the taking of firearms, firearm accessories, ammunition, or ammunition components during a declared state of emergency. It does not offer an exception for seizure of firearms or ammunition if they are used in the commission of a crime or part of a protective order. Furthermore, this legislation infringes on local control by legislating specific corrective and disciplinary actions historically held by the local government.' "In a state of emergency, there may still be reasons – violation of a domestic violence restraining order or criminal activity, for instance – that demand the lawful seizure of a weapon. Police officers should not fear that if they follow lawful orders during a state of emergency that they will be subject to personal lawsuits and personal fines, which could be thousands of dollars. Even if, and when, a civil court ultimately finds that they were acting in accordance with the law in a particular case, the police officer may still incur significant personal costs in defending themselves. "Current law already provides remedies, including compensation to individuals, for property taken during a state of emergency. There is no compelling reason to subject individual members of law enforcement to civil penalties, including fear of losing their lifetimes or home for doing their job appropriately and exercising their lawful duty to maintain public safety. Therefore, I have vetoed House Bill 512."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 512**, prohibiting confiscation of firearms, ammunition, or firearms accessories during a state of emergency, become law?

Rep. Cushing spoke against.

Rep. Hoell spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 533

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 9, 2016, I have vetoed House Bill 533, relative to installation requirements for arc-fault circuit interrupters. "Arc-fault protection is a significant advancement in electrical system technology that helps prevent fires from overheated and arcing wires, potentially saving lives and preventing property loss. House Bill 533 would allow an exemption to the use of arc-fault circuit interrupters after repeated tripping and after determination that the branch circuit is the not cause. However, this bill does not take into consideration what the actual cause of the nuisance tripping is, potentially reducing the level of fire protection in homes and threatening public safety. "Arc-fault protection can reduce the chance of an electrical fire occurring. Simply switching the arc-fault protection to another device without this protection against fires – without understanding the root cause of the electrical system issues – takes away from New Hampshire families an important protection of the electrical code that works and helps save lives. "Additionally, New Hampshire has established a State Building Code Review Board to ensure the technical expertise of professionals is an important part of our process when considering changes to the building code. That process was not followed in this case, and in fact, the Building Code Review Board opposes this legislation. "The State Fire Marshal, the New Hampshire State Building Code Review Board, the New Hampshire Building Officials Association, the International Brotherhood of Electrical Workers Local 490, the Electrical Safety Foundation International, the National Electrical Manufacturers Association, the National Fire Protection Association and dozens of advocates who have been victims of severe and debilitating burns have expressed opposition to this bill, rejecting the need to scale back successful technology that help save lives. "Because this measure could jeopardize the safety of our families, I have vetoed House Bill 533."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 533**, relative to installation requirements for arc-fault circuit interrupters, become law?

Rep. Goley spoke against.

Reps. Gordon and Proulx spoke in favor and yielded to questions.

Rep. Groen spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

HB 1000-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

HOUSE DECLARATION

Let it be known that the New Hampshire House of Representatives, on this very special occasion, publicly does grant its hearty and sincere congratulations to Garry Rayno in recognition of his many years of journalistic excellence in covering the NH State House.

Whereas, Garry Rayno has provided the people of New Hampshire with a fair and accurate accounting of the business of the New Hampshire legislature; and

Whereas, he has covered Granite State politics as a reporter for the Argus Champion, Foster's Democrat and, most recently as the Senior State House correspondent for the Manchester Union Leader; and

Whereas, Garry Rayno is widely respected throughout New England for his coverage of both state and federal politics; and

Whereas, Garry Rayno has been a valuable State House presence having covered every New Hampshire governor since John King; and

Whereas, Garry Rayno's skills as a reporter and writer, as well as his ability to build trust with all legislators will be sorely missed in the State House pressroom; so be it

Declared, that the New Hampshire House of Representatives, by virtue of the Speaker's signature inscribed below, extends its highest accolades and plaudits to Garry Rayno for his outstanding coverage of the State House and New Hampshire politics, and offers its very best wishes for a happy, healthy, and well-deserved retirement.

Offered on behalf of the New Hampshire House of Representatives on this 16th Day of June, 2016.

Shawn N Jasper, Speaker of the House

GOVERNOR'S VETO MESSAGE ON HB 582-FN

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 27, 2016, I have vetoed House Bill 582, repealing the license requirement for carrying a concealed pistol or revolver. "As I said when I vetoed nearly identical legislation last year, New Hampshire's current concealed carry permitting law has worked well for nearly a century – safeguarding the Second Amendment rights of our citizens while helping to keep the Granite State one of the safest states in the nation. It is a permitting system that gives an important oversight role to local law enforcement while ensuring that an appeal process is in place if a permit is denied, a law that Republican Governor Mel Thomson said was 'a sensible handgun law.' Not only has the current law worked well, I also continue to share the public safety concerns of law enforcement and citizens across New Hampshire about removing the protections that the licensing process offers. "I also continue to support the Second Amendment and the right of Americans to responsibly own guns for personal safety, hunting, and recreation, but as the late Justice Antonin Scalia reaffirmed in the 2008 Supreme Court case of District of Columbia v. Heller, states also have the ability to responsibly and appropriately regulate the concealed carry of firearms. "Nothing has changed since last year's attempt to repeal the license requirement for carrying a concealed firearm – our current law continues to work well, public safety officials have the same concerns and the elimination of this responsible, common-sense law would still compromise the safety of our citizens. Therefore, I have vetoed House Bill 582."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 582-FN**, repealing the license requirement for carrying a concealed pistol or revolver, become law?

Rep. DiSesa spoke against.

(Rep. Packard in the Chair)

Rep. Hoell spoke in favor.

(Speaker Jasper in the Chair)

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 1208-FN

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 6, 2016, I have vetoed House Bill 1208, relative to administration of the tobacco tax. "This bill makes technical changes to the tobacco tax laws, as administered by the Department of Revenue, including changing and adding certain definitions and removing references to metering machines. It also clarifies activities that constitute unauthorized sales of tobacco products and makes records of tobacco stamps sold and tobacco products distributed required taxpayer records. "The primary purpose of this bill was to make technical changes at the request of the Department of Revenue Administration, changes that are important for the Department's administration of tax law. But the negatives of one provision outweigh the benefits of these technical changes. House Bill 1208 would also expand the definition of 'premium cigar' to include those that wholesale for less than two dollars, thereby exempting low-priced cigars from State tobacco taxes. As a matter of public health and fairness, I have proposed requiring parity for tobacco products during the last two budget cycles, but this bill would move in the opposite direction by expanding the exemption for premium cigars. Because cutting tobacco taxes is detrimental to public health, the American Cancer Society Cancer Action Network opposes measures such as this. "While this bill makes important clarifying changes to tobacco tax laws for the Department of Revenue Administration, those changes are outweighed by its negative health and fiscal impacts. In the interest of public health and fiscal responsibility for the State's budget, I have vetoed House Bill 1208."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1208-FN**, relative to administration of the tobacco tax, become law?

Rep. Ames spoke against.

Rep. Abrami spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 1266

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 31, 2016, I have vetoed House Bill 1266, relative to legalizing firecrackers. "Ensuring the health and safety of citizens is the first responsibility of state government. In New Hampshire we have a long tradition of a balanced regulatory approach when it comes to our fireworks industry, an approach that focuses on minimizing risk to public safety and protecting all citizens' quality of life. Our current approach prohibits the sale and use of firecrackers, and none of the proponents of this bill made a compelling argument for changing current law. House Bill 1266 repeals the prohibition on the sale and use of firecrackers in the State of New Hampshire, and in doing so, threatens our tradition of carefully balancing public safety with public access to this industry. "The New Hampshire Association of Fire Chiefs and the New Hampshire Fire Marshal's Office oppose House Bill 1266, and I share their public safety concerns. According to estimates by the U.S. Consumer Product Safety Commission, firecrackers have previously accounted for up to 20 percent of all fireworks-related injuries nationwide. Additionally, because of their small size, firecrackers can also be used to create panic in a crowd, potentially resulting in disastrous consequences. "It is unnecessary to change current law – which already provides public access to fireworks while aiming to minimize public safety risks – by repealing a prohibition on some of the most dangerous types of fireworks. Because of the threat it poses to public safety, high risk of injury and the potential disruption to other citizens, I have vetoed House Bill 1266."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1266**, legalizing firecrackers, become law?

Rep. Groen arose for a privilege of the House.

The Speaker asked the member to suspend until the vetoes concluded.

GOVERNOR'S VETO MESSAGE ON HB 1637-FN

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 9, 2016, I have vetoed House Bill 1637, relative to school attendance in towns with no public schools. "House Bill 1637 diverts taxpayer money to private and religious schools with no accountability or oversight, a clear violation of the New Hampshire Constitution, which states, '... no money raised by taxation shall ever be granted or applied for the use of the schools of institutions of any religious sect or denomination.' Not only is the bill unconstitutional, it also has no mechanism to ensure a student's constitutional right to the opportunity to receive an adequate education and would undermine the state's efforts to ensure a strong and robust public education system for all New Hampshire students. "Under current New Hampshire law, public schools are required to provide the opportunity for an adequate education, as defined by the Legislature, and are held accountable through laws and rules that require monitoring and review by the Department of Education. Additionally, as required by statute and as a result of Supreme Court decisions requiring a statewide education accountability system, New Hampshire schools are required to participate in the Statewide Educational Improvement and Assessment Program. If House Bill 1637 is enacted, public funds would be used to send students to private schools – which are only approved by the Department of Education for attendance and not curriculum, without the same accountability standards as the public schools – violating the requirements of state law and the state Constitution. "In addition, House Bill 1637 interferes with tuition agreements between school districts throughout the state and potentially removes voters from the approval process for those agreements. It allows school districts that do not have public schools for every grade level to assign a student to or enter into a contract with a private school, but this is not necessary, because under current New Hampshire law, school districts that do not have their own public school are able to enter into tuition agreements with other school districts – many of which are multi-year contracts. It is common practice for these tuition agreements to go before the town voters to approve the terms of the contract – a provision not provided for in this proposed law. "The National Education Association, the New Hampshire School Administrators Association and the New Hampshire School Boards Association all opposed this legislation. The National Education Association wrote, 'The bill creates an unlimited and unregulated local voucher program with enormous opportunities for discrimination and inequality,' and the school administrators wrote, 'This proposed law is substantially flawed and would expose the school districts and their citizens to likely costly litigation.' "House Bill 1637 clearly violates the explicit language of New Hampshire's Constitution. It also would undercut every New Hampshire public school student's constitutional right for the opportunity for an adequate education, with strong accountability from the school. Because it is unconstitutional, undermines our efforts to ensure a strong and robust public education system for all New Hampshire students and interferes with tuition agreements between school districts throughout the state, I have vetoed House Bill 1637."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1637-FN**, relative to school attendance in towns with no public schools, become law?

Rep. Heath spoke against.

Rep. Boehm spoke in favor and yielded to questions.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

COMMUNICATION

June 23, 2016

Dear Speaker Jasper and House Colleagues:

It is with mixed feelings that I submit my letter of resignation to you for my Rockingham County District 17 seat in the New Hampshire House of Representatives. It has been an honor to serve the great people of Newmarket, Newfields, and New Hampshire for the past biennium, and, on the whole, the past three terms. My wife and I are ever grateful to all who were there for us at the loss of our identical twin sons, Logan & Archer, and to those smiling at this year's session-day visit of their younger sisters, Arabella & Ainsley, as our family evolves. All of our children are extending hugs and high fives in appreciation. I wish the members and staff a very safe and wonderful summer.

Thank you,

Adam Robert Schroadter
NH House of Representatives
Rockingham County District 17

Dear Paul,

As previously discussed, my wife and I are moving to Portsmouth and I will, regrettably have to resign my seat, representing Hillsborough 30 - Nashua Ward 3.

It has been a wonderful experience representing my neighbors, the community and the state and I am grateful for the opportunity to serve.

We are moving on June 30 and the resignation will take effect on that date.

Regards,

Alan Cohen

Representative, Hillsborough 30 - Nashua Ward 3
