HOUSE JOURNAL NO. 17

Thursday, May 10, 2018

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Robert Grabill, Associate Pastor of the Church of Christ at Dartmouth College.

Let us be together in the spirit of prayer. Holy One, God of many names. We come today with thanks and gratitude for Your presence, with thanks for this beautiful granite state we call home, and with thanks for Your guidance as we seek to serve our fellow citizens. We ask for Your blessings on all of those who choose to take up the difficult task of governing, not only those who are elected, but also those who serve as staffers and volunteers. We honor particularly the memory of Larry Krupnik, long-time protective security officer who left us yesterday, following 18-years of service. Strengthen all of us and help us to show forth the fruits of Your spirit of love, joy, peace, and generosity as we go about our work. Grant us the spirit of compassion and cooperation. May the peace that passes all understanding guide our hearts and minds in the days to come. Amen.

UNANIMOUS CONSENT

Rep. Rogers requested Unanimous Consent of the House regarding memorial remarks for the former member from Brookline, the Honorable Betty Hall, and addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Brookline, the Honorable Betty Hall.

PRINT REMARKS

Without objection, the Speaker moved that the remarks made by Rep. Rogers during Unanimous Consent be printed in the Permanent Journal.

REMARKS

Rep. Rogers: Supreme Court Justice Louis D. Brandeis once said, “Most of the things worth doing in the world had been declared impossible before they were done.” Former Rep. Betty Hall didn’t understand the word impossible. The Honorable Betty Hall served in this body for 28 years, serving 7 terms as a Republican and 7 terms as a Democrat. We lost Betty on April 26; she was 97. Betty was born in Germany, where her father was stationed as a special assistant to the Secretary of the Navy. She grew up in New York City and graduated from Barnard College. She married Sidney Hall and started Hall Manufacturing Company in Brookline, New Hampshire. She ran the business after her husband died and was chosen to be part of the Clinton symposium on small business, while he was President. Betty devoted much of her career to mental health issues. She served as the first President of the Milford Regional Counseling Services and was a founder and board member of Harbor Homes in Nashua, an organization that pioneered transitional housing for people with mental illness. In 2010, Harbor Homes named a home in Nashua the Betty Hall House. I first met Betty Hall as a freshman member of this body. Much to now Speaker Chandler’s chagrin, I was also a member of his Public Works Committee. I learned a great deal there. I met Betty when she brought a bill to our committee regarding the use of salt on New Hampshire highways and a bill to study the feasibility of using sand and other chemicals other than salt for the removal of snow and ice from the highways. Chairman Chandler said the bill should be ITL. I sided with Betty and decided it should be OTP. I wrote a minority report. Chairman Chandler suggested a floor fight probably wouldn’t do much good. Betty suggested that a floor fight was my duty if I believed in the cause. Rep Hall won my heart. Rep Chandler won the vote. Kind of continues that way today. This same scenario played out each year for the next 4 years. Again, every year, Rep Hall won my heart and every year, Rep. Chandler won the vote. We became known somewhat as the “salt twins.” I often got frustrated and would lose heart and I’d tell her we should not even try. She wouldn’t hear it. She refused to ever admit defeat. Betty was relentless. She never, ever, ever, ever, ever, ever, ever gave up. See

the similarity? She taught me that if something is worthwhile it doesn't matter how many attempts. It doesn't matter how many time you try, you keep trying. In 2004, at age 83, Betty Hall made headlines by getting arrested at a protest when President Bush was campaigning in New Hampshire. Three policemen picked her up and her chair-cane and carried her away. They commented on how pleasant she was. She was acquitted after she explained on the stand that she had helped write the very rules in the legislature that were now being used and applied to her case. Once again she gained notoriety when at age 87 she introduced in this body a resolution to impeach George Bush over his conduct of the Iraq war. When I think of Betty Hall I am reminded of the Journalist Jacob A. Riis. He said, "Look at a stone cutter hammering away at his rock, perhaps a hundred times without as much as a crack showing in it. Yet at the hundred-and-first blow it will split in two, and I know it was not the last blow that did it, but all that had gone before." Betty was unique, she was persistent, she was courageous, she was challenging. She was a stonecutter making those blows for all of us who would come after her. Thank you, Betty. It's time for you to rest. We will carry on.
