Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Warm our hearts, O God, as the summer sun will soon warm the earth. Enlighten our minds, O God, as the summer sun shines light that overcomes the darkness of winter. As we bring to completion our year's work, focus our senses, enliven our thoughts, fill us with the desire to honor You in all that we do. We give You thanks for calling us to be Your feet, Your hands, Your voice, and Your heart in a world of need. DEBATE ON SB 527-FN-L

Speaker Chandler: Rep. Griffin moves that we adopt the Committee of Conference Report.
Rep. Moynihan: Point of order, Mister Speaker.

Speaker Chandler: For what purpose does the member rise?

Rep. Moynihan: I rise, Mister Speaker, to raise a point of order or a parliamentary inquiry. Some members of the body.....

Speaker Chandler: Which is it?

Rep. Moynihan: Parliamentary inquiry, I think, would be the more correct designation. Some members of the bodies have become aware of a challenge to SB 527 by a Senator who was a member of the original group of conferees on the bill. The Senator has asserted by a letter to the Senate and I believe to you and our House leadership as well as to the Governor that three provisions of the New Hampshire Constitution are violated by the process used for and the nature of a no-germane amendment to SB 527. One, the constitution prevents directly interfering with a cause presently before a court of law. Two, by creating a retrospective law and three, by overruling an order of a court in an active case. My inquiry is this. Is it in order for this House to vote on a statement from a Committee of Conference when the action of that conference committee is under an open challenge in the other body?

Speaker Chandler: The issue that you have apparently is with the Senator, not anyone here, so we will proceed. The question before the House is on the adoption of the Committee of Conference Report on SB 527. The Chair recognizes the member the member from Hillsborough, Rep. Porter to speak against the Committee of Conference Report.

Rep. Porter: Thank you, Mister Speaker. Since the House voted to amend SB 527, reports on WMUR and NHPR have brought to light new information about who requested the amendment and the reason for the request and these issues will be addressed by the next speaker. Given that new information, it is also important for us to know just what data set the plaintiffs in the SB 3 case were requesting. For background, the information on town or wards voter checklist is available to the public. Anyone is allowed to see it. It contains basic voter information, name, address, party affiliate information and so forth. Parties and candidates can and do buy a more detailed list from the Secretary of State. This list includes voting history, among other things. Then, there is the complete voter file, which includes much more sensitive information such as social security numbers. This is the list that is protected by the amendment to SB 527 and by our privacy laws. The plaintiffs in SB 3 case have not requested that last list. The privacy protected one. They have asked for the list which is sold to the parties and candidates with the addition of date of birth and place of birth and it is also important to know that the data shared would be subject to an extremely.....

Speaker Chandler: Will the member please suspend? Please refer your remarks to the Committee of Conference Report, not an ongoing lawsuit. Thank you.

Rep. Porter: With all due respect, Mister Speaker, we ask that Rep. White speak to explain why this is relevant.

Speaker Chandler: He will be recognized. I'm just asking you to not regard with any case that is presently in the court system. Thank you.

Rep. Porter: Thank you, Mister Speaker. Just let it be known that the data collected under this case is far more protected than what is sold to the parties. Thank you.

Speaker Chandler: The question before the House is the adoption of the Committee of Conference Report on SB 527. The Chair recognizes the member from Lebanon, Rep. White, who with my apologies should have been recognized first. Sorry about that.

Rep. White: Thank you, Mister Speaker. No apology necessary. So this bill came over to us from the Senate, came through the Election Law Committee. Out of committee received an 18-0 vote and was placed on the Consent Calendar. It was removed from the Consent Calendar and what I and many of you perceived as a friendly floor amendment was adopted on a voice vote and sent back to the other body. Since then I think we have learned a few things and I think those few things demand our attention because I believe that we, the 18 members of the Election Law Committee and the House members who passed that amendment on a voice vote, acted in a responsible way. But since then we have learned a few things. Things that concern me greatly and I want to share a few of those with you. The Committee of Conference Report specifically did one thing that is very disagreeable and should be very disagreeable to this entire House and that is amend the effective date of one and only one provision. Why does that matter? It matters because what we were told is in direct conflict with what our chief law enforcement office, that is the Office of the Attorney General has publically said. That is not a good position for us as members of the House to be in. When asked by New Hampshire Public Radio, Ann Edwards from the State Attorney General's office said regarding this bill and the amendment, "That the legislature was very concerned when the courts order came out releasing the data (that you just heard about) to the plaintiffs so they could provide it to their experts." That's a direct quote. She continues, "As a result, the legislature immediately proceeded with legislation to change the law to make sure it was clear that the information couldn't be subpoenaed or turned over as part of the discovery in the case." She goes on to talk about this pending litigation and says, "That we were asked." We, the Attorney General's office, "were asked for suggested language and we created some suggested language and that language is now being considered." Folks, that language, that change, that's what we are here to vote on today. Now, in the Committee of Conference, Senator Woodburn asked specifically and was told very specifically that the Senate desired changes were in no way a response to ongoing litigation. Now, I read my esteemed colleague from Bedford Committee of Confer-

ence blurb and it says in the last sentence, “While discussed, the impact of this effective date on any pending litigation is unknown.” Now, why does this all matter? It’s been clear that we, I, as a member of this House, when that floor amendment was introduced, I believe that it was introduced in good faith. I believe that each of us cast that voice vote in good faith. I think we all want to protect the privacy of New Hampshire’s voters and New Hampshire residents in general. That’s what we all should strive to do. This effective date change that was demanded by the other body, and acquiesced to by conferees, again many of whom were replaced or some of whom were replaced has become a dangerous, deeply flawed attempt to meddle in and influence the outcome of current litigation that runs afoul to our constitution and I cannot in good faith sit in this chamber today and vote yes on this Committee of Conference Report knowing that the attempt by the other body is very clear in its focus and its intent and that is to influence pending litigation. Mister Speaker, thank you.

Speaker Chandler: The question before the House is the adoption of the Committee of Conference Report on SB 527. The Chair recognizes the member from Goffstown, Rep. Barbara Griffin to speak in favor of the Committee of Conference Report.

Rep. Barbara Griffin: Thank you, Mister Speaker. SB 527 is before you after a Committee of Conference meeting where indeed an effective date was changed. If you go through your Committee of Conference Reports, you will find it is not the only bill that appears before you again with an effective date change. The reality is what was true on the day you voted on 527 remains true today. It was a floor amendment presented to you to codify what we all believe to be the law as it exists today and that floor amendment did not have an effective date on it. It didn’t have it so when it went over to the Senate, the Senate decided to put a current effective upon passage effective date. Again, there are other bills that do that, 169 is one of them. There are a variety of them if you look through your report. The reason the blurb I wrote you mentioned litigation was because indeed it did come up in the Committee of Conference upon which I sat and the question was asked, is this being done for the purposes of litigation and I believe I was the one that answered and I said, “I don’t know.” The reality is every bill we pass here either could or does have an effect on pending litigation, every one. That’s why they are called laws. In fact, you have already passed by voice vote a bill that specifically references its impact on pending litigation. It’s SB 71 and that judges are free to consider it as they deem proper. So, I’m a little confused as to why we are discussing whether it affects pending litigation because the answer in that case of the bill that you’ve already passed and in this case is the same as it is for every bill. You don’t know what the effect on pending litigation is on anything. I don’t know what a judge is going to do any time I walk into that courtroom with a client and to make any other representation would simply be improper. So what the Senate did was say this issue, we understand to be current law and we think it should be effective now as compared to the effective date of the underlying bill which is January 1, 2019 and I will point out that 527 itself, the bill itself, voted on unanimously by the Election Law Committee, was drafted in response to litigation that is still pending. No one is raising the objection that 527 as voted on unanimously affects pending litigation. Their arguing as to this piece which in other matters of turning over data, you’ve heard much cries of the release of what is considered to be confidential information. The conferees agreed that the effective date change made sense given the subject of the amendment and the understanding of the current state of the privacy of our voter information and I ask that you press the green button to support the Committee of Conference Report. Thank you.

Speaker Chandler: The question before the House is the adoption of the Committee of Conference Report on SB 527. Rep. White has requested a roll call. Is that sufficiently seconded? It is sufficiently seconded. All members will take their seats. All members will please take their seats. This will be a roll call vote. The question before the House is on the adoption of the Committee of Conference Report on SB 527. If you are in favor of that, you’ll be pressing the green button. If you are opposed, you’ll press the red button. The Chair recognizes Rep. White for a parliamentary inquiry.

Rep. White: Thank you, Mister Speaker. Mister Speaker, if I know that when we adopt a floor amendment, the effective date is the same as the underlying bill. And, Mister Speaker, if I know that the effective date being moved up for only this particular part of the bill expresses the underlying intent to derail legislation or to influence the outcome and Mister Speaker, if I know that I stood in this chamber shoulder to shoulder with you and almost everyone else standing in here, and I raised my right hand and I swore to defend the Constitution of the State of New Hampshire and Mister Speaker, I know that a yes vote on this motion would fly in the face of my sacred oath, would I now do the only thing that would be acceptable to support and defend the Constitution by pressing the red button?

Speaker Chandler: The question before the House is on the adoption of the Committee of Conference Report of SB 527. If you are in favor of that, you’ll be pressing the green button. If you are opposed, you’ll press the red button. The Chair recognizes Barbara Griffin for a parliamentary inquiry.

Rep. Barbara Griffin: Thank you, Mister Speaker. If I know that the Committee of Conference Report before you made a change to a bill that this body previously voted on that is not material to the subject matter and has the exact same effect as many of the other Committee of Conferences reports that are before you and that I also know that the issue before you today with this vote is not one of flag-waving constitutionality, but the matter of putting into law issues regarding absentee ballots and voter data, would I now press the green button to support the Committee of Conference Report? Thank you.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 564-FN-A

Committee of Conference Report on SB 564-FN-A, relative to a business tax exemption and a workforce development program for regenerative manufacturing businesses.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose and Intent Statement. The general court intends that this act be liberally construed and applied to promote the following underlying purposes and policies:

I. The general court recognizes that:

(a) New and emerging technologies in the late 20th and early 21st centuries have resulted in the creation of entire new industries within the United States and that those technologies have been the primary drivers of economic development during that period.

(b) When such industries are created, they tend to grow in geographic concentrations, create additional opportunities for new businesses of all varieties, and boost the overall economy of the states in which they appear.

(c) Regenerative manufacturing, the creation of new tissue for medical purposes, is an example of an emerging technology that will change current medical practice, advance the health of the citizens of New Hampshire and the United States, and create a new industry.

(d) New technologies require substantial investments in research and development in order to become economically viable, and therefore often require support during this process that other industries do not require.

(e) The government of the United States and companies within New Hampshire have already begun investing time and resources into the advancement of regenerative manufacturing in the state, making it uniquely suited to New Hampshire and the most likely of all emerging industries to replicate here the successes seen elsewhere.

II. The general court therefore declares:

(a) It is the public policy of the state of New Hampshire to advance the study and practice of regenerative manufacturing within the state.

(b) This public policy will advance the public interests of the state and its citizens by:

(1) Providing new, high paying jobs, both in the field of regenerative manufacturing and in other fields that support that industry and those who engage in it.

(2) Attracting highly skilled professionals who will raise their families in the towns and cities of the state.

(3) Fostering the development of a new industry that will grow and advance in New Hampshire.

(4) Contributing to the sciences within the state and improving its reputation as a place that fosters science and technology.

(5) Increasing tax revenues by attracting and generating new businesses and property owners that otherwise would not have located in New Hampshire.

(c) The intent of this act is to achieve this public interest by:

(1) Making New Hampshire a more attractive place for new businesses to begin studying regenerative manufacturing.

(2) Attracting companies that are already engaged in the study of regenerative manufacturing into the state.

(3) Supporting any current New Hampshire company that wishes to enter the field of regenerative manufacturing.

2 New Paragraph; Business Profits Tax; Definition of Qualified Regenerative Manufacturing Company. Amend RSA 77-A:1 by inserting after paragraph XXIX the following new paragraph:

XXX.(a) "Qualified regenerative manufacturing company" means any business organization which meets each of the following requirements at all times during the entire taxable year:

(1) It files with its return for the taxable year an election to be a qualified regenerative manufacturing company in accordance with RSA 77-A:5-c or has made such election for a previous taxable year; and

Trusts or foundations treated as grantor trusts under section 671 of the United States Internal Revenue Code shall be included in the return of their owners, and such owners shall be subject to the tax thereon to the extent such owners would be considered a business organization hereunder notwithstanding the existence of the trust or foundation. The use of consolidated returns as defined in the United States Internal Revenue Code as defined in RSA 77-A:1, XX is not permitted. Notwithstanding any other provision of this paragraph, an enterprise shall not be characterized as a business organization and shall be excluded from taxation at the entity level if it elects to be treated as a qualified investment company as defined in RSA 77-A:1, XXI **or if it elects to be treated as a qualified regenerative manufacturing company as defined in RSA 77-A:1, XXX.** A partnership, limited liability company, estate, trust, or foundation except grantor trusts pursuant to section 671 of the United States Internal Revenue Code, "S" corporation, real estate investment trust, or any other such entity, other than an organization electing to be treated as a qualified investment company as defined in RSA 77-A:1, XXI whose net income is reportable by the true owners either directly or indirectly, **or an organization electing to be treated as a qualified regenerative manufacturing company as defined in RSA 77-A:1, XXX,** shall be subject to tax at the entity level, and no part of such earnings or loss shall be included in the calculation of the gross business profits of the owners of such entity.

5 Business Enterprise; Exemption for Qualified Regenerative Manufacturing Company. Amend RSA 77-E:1, III to read as follows:

III. Each business enterprise under this definition shall be subject to the tax imposed under RSA 77-E as a separate entity except that trusts and foundations treated as grantor trusts under section 671 of the United States Internal Revenue Code shall be included in the return of their owners, and such owners shall be subject to the tax thereon to the extent any such owners would be considered a business enterprise hereunder notwithstanding the existence of the trust or foundation. The use of consolidated returns as defined in the United States Internal Revenue Code or of combined reporting is not permitted. Notwithstanding any other provision of this paragraph, an enterprise shall not be characterized as a business enterprise and shall be excluded from taxation at the entity level if it is a qualified investment company as defined in RSA 77-E:1, XIV **or if it is a qualified regenerative manufacturing company as defined in RSA 77-E:1, XIV-a.**

6 New Paragraph; Business Profits Tax; Qualified Regenerative Manufacturing Company; Election and Reporting. Amend RSA 77-A by inserting after section 5-b the following new section:

77-A:5-c Election and Reporting for Qualified Regenerative Manufacturing Companies.

I. Business organizations shall file an election with the commissioner to be a qualified regenerative manufacturing company with respect to any taxable period on a form prescribed by the commissioner at any time on or before the fifteenth day of the third month immediately following the end of such taxable period. Such an election shall be effective for the taxable period of the qualified regenerative manufacturing company for which it is made and for all succeeding taxable periods until such election is terminated as provided in this section.

II. The election to be a qualified regenerative manufacturing company shall expire for taxable periods beginning after December 31, 2027. No subsequent election may be made after the expiration of an election, with respect to either the business organization or the active regenerative manufacturing business conducted by such business organization or any successor business organization.

III. Every business organization electing treatment as a qualified regenerative manufacturing company shall, with respect to each taxable period, file a report, in accordance with such rules or forms as the commissioner may prescribe, setting forth the following:

(a) The names, addresses, and federal taxpayer identification numbers of the holders of any equity interests in such qualified regenerative manufacturing company.

(b) The name, address, and federal taxpayer identification number of the manager of such qualified regenerative manufacturing company.

(c) The amount of the income received and expenses incurred by the qualified regenerative manufacturing company for the tax period.

(d) Notwithstanding any other provision of this section, a qualified regenerative manufacturing company shall be deemed to have satisfied the reporting requirements of this section if it files with the commissioner a copy of its federal income tax return, as filed with the Internal Revenue Service.

IV. Such report or copy of the federal income tax return shall be filed at any time on or before 30 days following the filing of the federal income tax return with the Internal Revenue Service. Any qualified regenerative manufacturing company which fails to timely file the report as required by this section shall pay a penalty equal to \$100 for each day such report is not filed, unless an extension has been granted by the commissioner. In no event shall the monetary fine imposed by this paragraph exceed \$5,000. A qualified regenerative manufacturing company notified by the department that such report is overdue by more than 50 days shall have 30 days from the date of such notification to file the delinquent report.

V. The qualified regenerative manufacturing company shall be subject to the provisions of RSA 77-A:11 and RSA 77-E:10. The commissioner is authorized to audit and enforce such provisions with any of the powers granted under this chapter and RSA 77-E.

VI. The election provided for in paragraph I may be terminated as follows:

(a) By revoking said election by consent of the majority of the members, partners, or shareholders of the qualified regenerative manufacturing company, or by determination of the manager of the qualified regenerative manufacturing company. Such revocation must be filed with the department on or before the fifteenth day of the third month of the taxable period to be effective for such period. Any revocation filed after the fifteenth day of the third month of the taxable period shall be effective for the following tax period; or

(b) Whenever the company ceases to satisfy the requirements for qualification as a qualified regenerative manufacturing company as provided in RSA 77-A:1, XXX.

VII. Notwithstanding any provision of law to the contrary, the Advanced Regenerative Manufacturing Institute, Inc., a New Hampshire non-profit formed to advance the regenerative manufacturing industry and as of the effective date of this paragraph is operated out of Manchester, New Hampshire, is deemed a "qualified regenerative manufacturing company" as that term is defined in RSA 77-A:1, XXX, provided that it complies with the requirements of RSA 77-A:5-c, III.

7 New Chapter; Qualified Regenerative Manufacturing Company; Business Finance Authority. Amend RSA by inserting after chapter 162-R the following new chapter:

CHAPTER 162-S

REGENERATIVE MANUFACTURING WORKFORCE DEVELOPMENT PROGRAM

162-S:1 Declaration of Need and Purpose. It is declared that there is a statewide need for the preservation and development of a skilled workforce for the betterment of the economy of the state, its inhabitants, and in particular for the development and preservation of a regenerative manufacturing workforce. It is the purpose of this chapter to provide for the development, attraction, and retention of skilled, qualified, and productive workers within the state who will be capable of supporting the preservation, establishment, and redevelopment of business and industry, preserving or increasing the social welfare or economic prosperity of the state or its political subdivisions, and promoting the general welfare of the state's citizens. It is further declared that the business finance authority (hereinafter the "authority"), acting pursuant to the powers granted in this chapter shall be regarded as performing an essential governmental function in carrying out the provisions of this chapter.

162-S:2 Acquisition of Student Loans of Qualified New Hampshire Employees.

I. The business finance authority, as established and authorized under RSA 162-A (hereinafter the "authority"), may expend or loan money upon such terms and conditions as prescribed by the authority to acquire loans or other evidences of education indebtedness incurred by persons for the purpose of financing postsecondary education and to provide for deferment or forgiveness of repayment of such education indebtedness pursuant to a program or programs established by the authority and approved by the governor and council pursuant to this chapter.

II. In granting deferment to any loan or other evidence of education indebtedness incurred by persons for the purpose of financing postsecondary education, the authority shall cause no interest to accrue to the principal of the loan during any period of deferment it offers.

III. Any student indebtedness that may be subject to a program or programs established by the authority under this chapter shall meet the following minimum requirements.

(a) The person shall have achieved academic requirements such as graduate degrees or other evidence of academic achievement as has been determined by the authority;

(b) The person shall be employed to perform primarily active regenerative manufacturing business activities as that term is defined in RSA 77-A:1, XXX and the principal office at which such person is employed is located within New Hampshire;

(c) No forgiveness of such student indebtedness shall be effected unless the person shall have been employed to perform primarily active regenerative manufacturing business activities at a location within New Hampshire for a minimum period of 5 years.

IV. Prior to the expenditure or loan of any money under this section, the authority shall enter into one or more agreements with any person obligated to make payments under education indebtedness to provide for the conditions on which the expenditures, deferments, or forgiveness will be made, the terms of repayment of such expenditure or loan, the time and manner of such repayment, the form and amount of security if any, to be pledged to the authority for such repayment, and such other provisions as the authority may determine are necessary or desirable.

V. The authority, to further its education indebtedness loan programs pursuant to this chapter, shall have the power to:

(a) Determine the nature of education indebtedness programs for eligible persons, including how such loans may be acquired, the mechanisms for deferral of payment or forgiveness with respect to such education indebtedness;

(b) Enter into contracts with employers of persons who are subject to the programs established under this chapter to assist in the administration of such programs;

(c) Enter into contracts for the administration or servicing of education indebtedness acquired pursuant to the programs established under this chapter;

(d) Receive and accept from any public agency or any other source loans, grants, guarantees, or insurance with respect to education indebtedness and the programs established under this chapter;

(e) Establish guidelines governing the actions of the authority with respect to the programs established under this chapter; and

(f) Exercise all powers incidental and necessary for the performance of the powers listed in this paragraph.

162-S:3 State Regenerative Manufacturing Workforce Development Fund Established.

I. There is established within the authority a state regenerative manufacturing workforce development fund, which shall be held by the authority apart from all of its other funds. Annual state appropriations and other funds from state or federal sources, and any gifts, grants, or donations, shall be credited to the fund. The state regenerative manufacturing workforce development fund shall be administered by the authority and shall be used for the sole purposes of carrying out the purposes of RSA 162-S:2. The authority shall invest the fund in accordance with RSA 6:8. Any earnings on fund moneys shall be added to the fund. All moneys in the fund shall be nonlapsing and shall be continually appropriated to the fund for the purpose of providing regenerative manufacturing worker educational debt relief as provided in this section.

II. The authority may create subfunds or trusts of the state regenerative manufacturing workforce development fund, which shall be held by the authority apart from all of its other funds, which may be deemed irrevocably pledged to secure the repayment of state workforce development bonds issued under RSA 162-S:4. If such a pledged amount or amounts are called upon to be honored, the authority shall draw upon such fund for the purpose of honoring such pledge.

162-S:4 Issuance of Bonds.

I. The authority may issue bonds pursuant to this section which shall be obligations of the authority and not general obligations of the state, except as provided in RSA 162-A:17. Such bonds may be issued from time to time consistent with the purposes and provisions of this chapter to make expenditures under RSA 162-S:2, to pay or refund any bonds issued pursuant to this section or interest thereon, or to pay the costs and expenses of the authority. The principal of, and premium, if any, and interest on all bonds shall be payable solely by the authority in accordance with the provisions of this chapter. The bonds shall be issued by the authority in such amounts as the board shall determine, not exceeding in the aggregate at any time \$5,000,000. Bonds of each issue shall be dated, shall bear interest at such rate or rates, including rates variable from time to time as determined by such index, banker's loan rate or other method as may be determined by the authority, and shall mature at such time or times as may be determined by the authority, except that no bonds shall mature more than 30 years from their date of issue. Bonds may be made redeemable before maturity either at the option of the authority or at the option of the holder, or upon the occurrence of specified events, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form and details of the bond. The bonds may be sold in such manner, either at public or private sale, for such price, at such rate or rates of interest, or at such discount in lieu of interest as the authority may determine.

II. Every bond shall be signed on behalf of the authority by 2 persons designated by the authority. One person shall be a member of the board who is also the chairperson of the board, or the vice chairperson of the board, or the treasurer of the authority, or an assistant treasurer of the authority. The other person shall be any member of the board or the executive director of the authority. The signatures may be manual or facsimile but at least one signature on every bond shall be manual, unless the bond bears a manual authentication or certification by a bank, trust company or other financial institution, in which case both signatures on behalf of the authority may be facsimile. Interest coupons, if any, shall bear the facsimile signature of one of the persons signing the bond on behalf of the authority. Bonds shall also bear the seal of the authority or a facsimile of the seal. Bonds executed as provided in this paragraph shall be valid notwithstanding that any or all of the persons whose signatures appear on the bond shall have ceased to hold office before delivery of and payment for the bond.

III. Any bonds issued under this chapter may be issued pursuant to and entitled to the benefits of a security document between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state, or by a security document directly between the authority and the purchasers of the bonds. Such security document shall be in such form and executed in such manner as may be determined by the board. Such security document may include the mortgage, pledge, or grant of a security interest in any property of the authority and may pledge or assign, in whole or in part, the revenues held or to be received by the authority, any contract or other rights to receive the revenues, whether then existing or thereafter coming into existence and whether then held or thereafter acquired by the authority, and any proceeds thereof. Such security documents may contain provisions for protecting and enforcing the rights, security, and remedies of the bondholders as may, in the discretion of the board, be reasonable and proper and not in violation of law. Such security documents may include provisions defining defaults and providing for remedies in the event of defaults, which may include the acceleration of maturities and the enforcement of any mortgage, pledge or security interest, and covenants setting forth the duties of, and limitations on, the authority in relation to the custody, safeguarding, investment, and application of moneys, the issue of additional or refunding bonds, the fixing, revision and collection of fees and other revenues, the use of bond proceeds, the establishment of reserves, the acquisition of any property or interest therein or undertaking of any project, any contracts relating thereto and subsequent amendments of such provisions and contracts. It shall be lawful for any bank or trust company to act as a depository or trustee of the proceeds of bonds, revenues, or other moneys under a security document and to furnish such indemnification or to pledge such securities and issue such letters or lines of credit or credit facilities as may be required by the authority acting under the paragraph. Any such security document may set forth the rights and remedies of bondholders and of the trustee and may restrict the individual right of action by bondholders.

IV. Any bonds issued under authority of this chapter may be issued pursuant to lines of credit or other banking arrangements under such terms and conditions not inconsistent with this chapter, and under such agreements with the purchasers or makers thereof, as the board may determine to be in the best interests of the authority. In addition to other security provided herein or otherwise by law, bonds issued by the authority under this section may be secured, in whole or in part, by insurance or by letters or lines of credit or other credit facilities issued to the authority by any bank, trust company or other financial institution, within or without the state, and the authority may make any pledge, mortgage, assignment or security interest in respect of its property and revenues as security for the reimbursement by the authority to the issuers of such letters or lines of credit, insurance or credit facilities, or any payments made thereunder.

V. Any mortgage, pledge or security interest made by the authority under this chapter shall be valid and binding and shall be deemed continuously perfected for the purposes of RSA 382-A and all other laws from the time when the mortgage, pledge, or security interest is made. The property or revenues so mortgaged, pledged, or subjected to a security interest then held or thereafter acquired or received by the authority shall immediately be subject to the lien of such mortgage, pledge, or security interest without any physical delivery or segregation thereof or further act. The lien of such mortgage, pledge, or security interest shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. No such property or revenues may be used in a manner inconsistent with the terms governing such mortgage, pledge, or security interest. Any agreement by which a pledge or security interest in personal property is created under this chapter shall be filed or recorded in the records of the secretary of state. Any mortgage or other agreement by which a security interest in real property is created under this chapter shall be filed with the register of deeds for the county in which such property is located.

VI. Any owner of a bond issued under the provisions of this section and any trustee under a security document securing the same, except to the extent the rights given in this paragraph may be restricted by such security document, may bring suit upon the bonds and may, either at law or in equity, by suit, action, mandamus, or other proceeding for legal or equitable relief, protect and enforce any and all rights under the laws of the state granted hereunder or under such security document, and may enforce and compel performance of all duties required by this chapter or by such security document to be performed by the authority or by any director or officer of the authority.

VII. The authority may issue refunding bonds for the purpose of paying any bonds issued under the provisions of this section at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at such times prior to the maturity or redemption of the bonds being refunded as the board may determine. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded, and such reserves for debt service or other expenses from the proceeds of such refunding bonds as may be required by a security document securing the bonds. The authorization and issue of refunding bonds, the maturities and other details thereof, the security therefor, the rights of the holders thereof, and the rights, duties and, obligations of the authority in respect to the same shall be governed by the provisions of this chapter relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

VIII. Any debt service fund or debt service reserve fund established in connection with the issuance of bonds under this chapter shall be kept separate from other moneys of the authority. All proceeds of any bonds issued under this chapter, together with the income derived therefrom, shall be expended without further authorization or appropriation as provided for in the security document with respect to such bonds.

IX. Moneys in any fund or account created under the provisions of this chapter, subject to the terms and provisions of any security document applicable thereto, may be invested. Except as otherwise provided by any such security document, obligations so purchased as an investment of money in said fund or account shall be deemed at all times to be part of said fund or account, and the interest thereon and any profit arising from the sale thereof shall be credited to said fund or account, and any loss resulting on their sale shall be charged to said fund or account, respectively.

X. The state does hereby pledge to and agree with the holders of bonds issued under this chapter that the state shall not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with the holders of such bonds or in any way impair the rights and remedies of such holders until such bonds, together with the interest on them, with the interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds.

XI. Bonds issued under this section and their transfer and income, including any profit made on their sale or transfer, shall at all times be exempt from all taxation by or within the state.

XII. Notwithstanding any of the provisions of this chapter or any recitals in any bonds issued under this section, all such bonds shall be deemed to be investment securities under RSA 382-A.

XIII. No bonds or other obligations shall be issued except after the governor and council, or their designee, after hearing, shall have found that:

(a) The proposed issuance will serve a public use and provide a public benefit.

(b) The proposed issuance is within the policy of, and the authority conferred by, this chapter.

(c) The proposed issuance will preserve or increase the social welfare or economic prosperity of the state and one or more of its political subdivisions, and will promote the general welfare of the state's citizens.

(d) The proposed issuance will promote the orderly development of business activities, create or preserve employment opportunities, or protect the physical environment.

(e) Adequate provision has been or will be made for the payment of the principal of, or interest on, any obligations issued by the authority to finance such loan programs.

(f) Adequate provision has been made for the payment of the reasonable expenses of administration of the loan programs as are necessitated by the programs.

162-S:5 Reporting and Approval Regarding Workforce Development Program. The business finance authority shall undertake to design the terms, conditions, and provisions of the regenerative manufacturing workforce development program authorized by this chapter. The authority shall deliver to the fiscal committee of the general court a report on the progress of its efforts to develop such terms, conditions, and provisions every 6-month period following the effective date of this chapter. Prior to taking any action to implement a final workforce program pursuant to this chapter, the authority shall first present the program to the fiscal committee of the general court and receive the approval of such committee.

UNANIMOUS CONSENT

Rep. John Graham requested Unanimous Consent of the House regarding Memorial Day and addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in memory of those honored on Memorial Day.

MOTION TO PRINT REMARKS

Without objection, the Speaker moved that the remarks made by Rep. John Graham during Unanimous Consent be printed in the Permanent Journal.

REMARKS

Rep. John Graham: Thank you Mr. Speaker. Members, for a century the 30th day of May was set aside, first as Decoration Day and later as Memorial Day, as a day of remembrance. And whether you will commemorate this continuing tradition on Monday the 28th or May 30th at the NH Veterans Cemetery in Boscawen you remember. And I too remember. Growing up in Lexington Massachusetts I remember almost daily walking past the memorial and common grave of those first ones to die that fateful April morning as they stood their ground and started a revolution that would lead to a new nation. I remember a much smaller memorial on that same town common – one dedicated to the memory of the crew of the aircraft carrier Lexington, and its loss at the Battle of the Coral Sea. I remember annual summer trips with my father to reunions of the unit he served with in WWII. Where I would listen virtually unnoticed as my father and those who fought with him from Normandy and into Germany spoke of their service – sometimes in humor but always with a sense of sadness for those who did not make it home. Those who lay in graves scattered across Europe. I remember my high school and college classmates who did not return from the war of my youth. I remember presenting folded flags on behalf of a grateful nation to grieving family members. I recall the anguish, continuing shock, and numbness, of families as we worked together to arrange for survivor's benefits for those left behind. On this national day of remembrance, each of us remembers some one – family member, friend, neighbor who has made that ultimate sacrifice for all us. This is the time for us to set aside our differences, our acrimony, in order that we might remember them. All of them, the nearly 1 million men and women who have perished in the 243 years since those first embattled farmers stood and defied an empire in order that we might be free. Finally, I remember that for the past 17 years our young men and women have once again been called upon by our nation to take up arms on our behalf. And like the preceding generations, many of them will not

be returning to the loving arms of their families. In the last year alone 53 young men and women perished overseas, that none of them were from NH should not diminish our gratitude to them and their dedication to our 'one nation indivisible.' So, Mister Speaker, I request a moment of silence for us to remember all who answered our nation's call and in so doing lost their life that our nation might live. Thank you Mister Speaker.
