HOUSE JOURNAL NO. 8 (Cont'd)

Thursday, March 12, 2020

Rep. Ley moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL NO. 9

Thursday, June 11, 2020

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by the member from Dover, Representative Linn Opderbecke.

Please join me in prayer. O God our help in ages past, our hope for years to come. We give You thanks for our great State of New Hampshire. Help us and empower us to serve the citizens of our state. Help and empower us to fulfill the pledge we make every session to strive for liberty and justice for all. Please guide us as we meet today in new and strange surroundings. Bless and guide our Governor and House Speaker. As we try to carry out the responsibilities of our office and do the business of our state, break down the walls that divide and separate us. Unite us so that we can lead and better legislate. Please be with all those who have been affected by COVID 19. Bring healing. Comfort those who mourn. Guide those out of work. Strengthen all healthcare workers and take away our fears. And we pray for our nation. We confess that we are all tainted with the sin of racism. Heal us, and guide us as we confront these painful issues. Amen.

Speaker Shurtleff, member from Penacook, led the Pledge of Allegiance.

Representative Jerry Stringham, member from Lincoln, led the singing of the National Anthem.

PRESENTATION

Speaker Shurtleff gave remarks and made a presentation to James W. Dean, Jr., President of the University of New Hampshire.

President James Dean addressed the House.

MOTION TO PRINT REMARKS

Without objection, Speaker Shurtleff ordered the remarks printed in the Permanent Journal.

REMARKS BY SPEAKER SHURTLEFF AND UNH PRESIDENT DEAN

Ladies and gentlemen and fellow House Members, it is a great honor for me to recognize James W. Dean, Jr., the President of the University of New Hampshire.

President Dean: Thank you so much. Thank you, everyone. As the Speaker said, I'm Jim Dean, President of the University of New Hampshire and it's my great honor and privilege to welcome the New Hampshire House of Representatives here to the home of the UNH Wildcats. This is a historic day for our state and it's a historic and wonderful day for the state's public flagship university. As I'm sure you know, this is the first time since the Civil War that the House has met outside its usual chambers, its original chambers and we could not be more proud to host you. We are here, it goes without saying, in extraordinary times and we've gone to extraordinary lengths to protect your health and to protect your safety. If you passed it on the way in, you may have seen that even our wildcat statue is wearing a mask. Thank you for everything that you've done to maintain health and safety and to protect one another. I'm especially grateful to the staff of the General Court and to our UNH staff. They've worked literally overtime these past few weeks to make

this happen. More than two dozen UNH staff are also volunteering here today and you'll see them around the arena and they are very happy to help you. So I wonder if we could just take a moment to recognize everyone who worked so hard to make this happen. Thank you. I know that many House Members have been to the Whittemore Center before and I've really enjoyed seeing you at our hockey games. Forgive me for the following inside joke, unfortunately our health and safety protocols means that we cannot throw a fish out onto the floor after the first vote is taken. I also need to say with sympathy to Mister Speaker that the penalty box is also not available today. In fact, we have not had a hockey game here since March, but thanks to our partnership with New Hampshire, as well as with federal and state local leaders, we were able to create out recreation center, which is directly adjacent to this space, into one of the state's largest healthcare surge centers for the pandemic. So far, thankfully, we've not had to activate this space, but we stand ready as one of the four centers in the state should it need to be start up. It was remarkable to see how that space and this space were converted to a new use, almost literally overnight. UNH is always proud to support New Hampshire's economy, New Hampshire's communities and New Hampshire's quality of life. It's challenging times like these, that show us how incredibly valuable this partnership actually is. We all hope that this current situation will be behind us soon, but please know that this offer to use this space stands for as long as you all need it. Just please, one request I'd make. Don't tell the students that you got free parking. Thank you, everyone. May your session be fruitful, healthy and safe and thank you again for everything you do for the great State of New Hampshire and for its flagship university. Today, we are all wildcats. Thank you.

Speaker Shurtleff: Thank you, President Dean. We have a small gift for you. It's just a token. It's a New Hampshire clock. It's for you on behalf of yourself and your entire staff at UNH. You have been so kind and so generous and have done so much to make this day a possibility. We thank you. We will back later in the summer to personally thank different members of your staff. Mister President, thank you so much with great appreciation.

COMMUNICATION

June 10, 2020

Mr. Paul Smith
Clerk of the House of Representatives
State House
Concord, NH 03301

Dear Paul:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Merrimack County District No. 24

Kathleen M. Martins, d, Hooksett (17 Stevens Dr.) 03105

Sincerely,

William M. Gardner, Secretary of State

COMMUNICATION

VIA EMAIL

May 2, 2020

Dear Mr. Speaker,

In light of the tweets that I put out on Friday morning which has been found very offensive, I am by this email offering my resignation as a member of the New Hampshire House. I also want to offer my sincere apologies to anybody whose feelings may have been hurt by the tweets. I am and will continue to be a supporter of victims of sexual and domestic assault. The tweets were very poorly worded and do not reflect who I am and what I stand for. I ask for the forgiveness of all who have been a victim of sexual or any other kind of assault. I in no way excuse my poor judgment on this matter and hope that everyone will know that I am truly sorry for my mistakes. Thank you and God bless.

Sincerely,

Representative Richard Komi

COMMUNICATION

VIA EMAIL

May 12, 2020

Dear Mr. Speaker and all of my colleagues in the New Hampshire House,

As a result of the lease on my current home ending on May 31, and circumstances not allowing me to renew it, and also not being able to find a suitable apartment within my district I must submit my resignation effective June 1, 2020.

It was a great honor for me to represent District 4 in Cheshire County even for a brief time. I also found watching and being a part of the legislative process to be educational and rewarding unlike any other experience. I regret not being able to finish my first term and I offer my sincere apologies to my constituents and my fellow representatives. I was lucky to have made many friends among my Keene and Cheshire County delegations, the Election Law Committee and the entire House. Thank you for the opportunity. If I'm lucky enough in the future you might just see me and my bowtie in Reps Hall again.

Sincerely,

Representative Dave Morrill
Cheshire District 4

COMMUNICATION

June 8, 2020

The Honorable Stephen Shurtleff
State House, Room 311
107 North Main Street
Concord, NH 03301

Dear Speaker Shurtleff,

Please accept this letter as my formal resignation from New Hampshire House of Representatives, effective immediately.

Serving Hanover, Lyme, and the people of New Hampshire has been an honor. However, unexpected circumstances have made continuing to serve at a full capacity impossible. I believe it is in the best interest of the House to focus on improving the lives of all Granite Staters, and I refuse to obstruct that mission in any way.

Sincerely,

Garrett Muscatel

MEMORIAL RESOLUTION NO. 14**Memorializing James R. Whittemore of Hudson**

WHEREAS, we have learned with profound sorrow of the death of our friend and colleague James R. Whittemore, who was serving his first term as a State Representative representing the citizens of Hillsborough District 37, the towns of Hudson and Pelham; and

WHEREAS, an active member of the Resources, Recreation and Development committee, Jim Whittemore was eager to participate on committee outings and was friendly with all members of the committee, irrespective of party; and,

WHEREAS, Jim Whittemore comes from a long New Hampshire family lineage, he taught his children the value of respecting our natural resources from hiking to responsible hunting, fishing, and trapping; and

WHEREAS, a man of diverse talents, Jim Whittemore worked for an engineering casting company, prefab home builders, recently drove for Lyft and Uber; he was also a singer and was fond of performing his own composition, entitled "The Reefer Song," and,

WHEREAS, a devoted family man, James R. Whittemore leaves behind three children who adored their father, his wife Doreen, and two sisters, all of whom will keep him alive in their hearts; now, therefore, be it RESOLVED, by the House of Representatives in Regular Session convened, James R. Whittemore be granted the highest praise and accolades and our profound thanks for his service to his country, the state, and the town he called home for many years, and, be it further

RESOLVED, that expressions of our most heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

Offered by the House of Representatives

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the member from Hudson, the Honorable Representative James R. Whittemore.

MEMORIAL RESOLUTION No. 15

Memorializing Vincent Paul Migliore of Bridgewater

WHEREAS, we have learned with profound sorrow of the death of our friend and colleague Vincent Paul Migliore, who was serving his second term as a State Representative representing the citizens of Grafton County District 9, the towns of Alexandria, Ashland, Bridgewater, Bristol and Grafton; and

WHEREAS, heeding a strong call to public service, Vincent Paul Migliore served on the Newfound Area School board from 2007 until his passing, and the Bristol Economic Development Committee from 2015 until his passing; and

WHEREAS, a strong believer in constituent service, Vincent Paul Migliore attended community events in all the towns he represented, and made a point to be accessible at town meetings in each of those same communities; and

WHEREAS, with a varied history in vocation including computer sales and operating a window blinds store, Vincent Paul Migliore's outgoing and entrepreneurial spirit drove his desire to be 100% invested in his community and elective positions; and,

WHEREAS, Vincent Paul Migliore leaves behind a wife and two daughters who were his pride and joy; now, therefore, be it

RESOLVED, by the House of Representatives in Regular Session convened, Vincent Paul Migliore be granted the highest praise and accolades and our profound thanks for his service to his country, the state, and the town he called home for many years, and, be it further

RESOLVED, that expressions of our most heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the member from Bridgewater, the Honorable Vincent Paul Migliore.

MEMORIAL RESOLUTION NO. 17

Honoring Victims of Racial Violence

WHEREAS, the New Hampshire House of Representatives has witnessed with great sorrow and distress the deaths of George Floyd in Minneapolis Minnesota, and the thousands more black women, men, and children whose lives have been taken through acts of racial violence; and,

WHEREAS, all Americans are entitled to live, work, worship, be educated, and play free from danger; and

WHEREAS, the racial discriminations and biases of our American past and present are dangerous, antithetical to our American ideals and a threat to our way of life; and

WHEREAS, we acknowledge the trauma of unaddressed racially discriminatory policies and practices have brought our nation to another boiling point; and

WHEREAS, the New Hampshire House has a long-standing history of affirming its support for communities, states and nations throughout the world, especially in times of distress; now, therefore, be it

RESOLVED, that the New Hampshire House of Representatives mourns and honors the victims of racial violence, offers its condolences to the families of the victims, and grieves with our communities; and be it further

RESOLVED, that the House of Representatives in regular session convened, stands with all Americans in opposition to racial violence in all its forms; physical, verbal, educational, financial and offers its support, love, and commitment to address these issues of systemic racism with difficult and necessary reflection, conversation and policy initiatives.

Offered by the House of Representatives

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of victims of racial violence.

(Speaker Shurtleff in the Chair)**MOTION TO PRINT DEBATE**

Rep. Cushing moved that the debate on the motion to suspend House Rules for consideration of CACR 21, the continuity of government. Providing that the general court shall have the power and duty to adopt measures necessary for the continuity of government in periods of emergency, be printed in the Permanent Journal. Without objection, the Speaker ordered.

DEBATE ON MOTION TO SUSPEND RULES FOR CACR 21

Representative Steven Smith: Thank you, Madam Speaker. I rise in opposition to the motion and in support of House Rules as they stand. The procedures are there to protect us from making mistakes. With a matter of this weighting, how can we do this without having a full vetting process? Here's an example of where the House procedures saved us on a really simple matter. I had a really easy bill. It was just to allow disability placards for women in their third trimester of pregnancy. I got bipartisan sponsors. Everybody thought it was a wonderful idea and then we had the hearing. The hallway was full. What are all these people doing here? Well they are here to protest your bill. It turned out I hadn't considered something. Now, if we are going to do this and create an order of succession and allow appointment power, we cannot do this without finding out what mistakes we could make. So, Madam Speaker, what's the urgency? What calamity is going to happen between now and January that requires this to be an emergency? I don't see it. So, Madam Speaker because I believe in the house procedure, I ask everyone to please oppose this motion.

Deputy Speaker Ebel: The question before the House is on the motion to suspend the rules. The Chair recognizes Speaker Shurtleff of Penacook to speak in favor of the motion.

Representative Shurtleff: Thank you, Madam Speaker. I rise today to ask the House to vote to allow late introduction of this Constitutional Amendment Concurrent Resolution. The reason this comes in as a late bill before the House is because up until a few months ago, I never thought I'd see the day that we, Members of the New Hampshire House, would not be able to meet in our historic Chamber. And, I know that this meeting today would not have taken place without the outstanding work of our own legislative staff and without the tremendous cooperation we have seen from the University of New Hampshire. As the Clerk mentioned, the New Hampshire House has only twice in its 200 year history met at a remote location. First, during the American Civil War and now today here at the University of New Hampshire in Durham. I grew up in Concord and as a kid in Concord up until my teens, the State House dome was always painted green. That happened, as you know, the Japanese attacked Pearl Harbor on December 7, 1941. The United States the following day declared war against Japan and the axis powers. In 1942, the dome was painted green. I remember as a kid growing up in Concord my dad telling me the reason New Hampshire's dome was green is because it was done during the war. There was a tremendous fear that New Hampshire itself would be attacked by enemy planes and they didn't want the State House to be an easier target with a gold dome and secondly, he said they also didn't want enemy planes to use the dome as a navigational aid. Well something else happened in 1942. The legislature made an amendment to Part II, Article 5-a of the New Hampshire Constitution and they said if an enemy attacks New Hampshire, because of that emergency, the legislature may take whatever means are necessary in order to, for one thing, allow the meetings of this body. What this amendment to the constitution does, it maintains part II, Article 5-a of the constitution, but it strikes out those few words to say, "if attacked by an enemy." That's all it does and I want to thank the House Clerk and our House Counsel for help and assistance in preparing this amendment that I bring before you today. As I said, I can see a future Speaker in a similar circumstance saying that the New Hampshire House has done it's work, we cannot meet. As I said earlier, if not for our staff and for UNH, we would probably not be able to be here today. I want future legislatures if different events happen like we have seen in the last six months to have that flexibility to be able to bring people together without possibly putting them in harm's way. So I would ask you to please support this amendment. Thank you, Madam Speaker.

Deputy Speaker Ebel: Representative Baldasaro has requested that this be a roll call vote. Is that sufficiently seconded. This is a roll call vote. Members will take their seats. The vote is open. I didn't think so. Sorry for the confusion. All members in their seats? This will be a roll call vote. If you are in favor, you'll press the A button. If you are opposed, press the E button. Voting stations are open. The Chair recognizes Rep. Rice to speak in opposition to the motion. Parliamentary inquiry. Could I get anything else wrong?

Representative Rice: Thank you, Madam Speaker. If I know that we have public hearings so that legislation can be thoroughly vetted. And, if I know that CACR 21 has not had the thorough process it needs. And, if I further know that CACR 21 is complex and could have serious unintended consequences, would I now press the red button and vote against this rules suspension? Thank you.

Deputy Speaker Ebel: The motion before the House is on the rules suspension. The Chair recognizes Speaker Shurtleff for a parliament inquiry to speak in favor of the motion.

Representative Shurtleff: Thank you, Madam Speaker. Madam Speaker, if I know that this constitutional amendment only strikes out 5 or 6 words in Part II, Article 5-a of the constitution, those words being “periods of emergency resulting from disasters caused by enemy attack.” And, if I know that this constitutional amendment will give future legislators the opportunity to take whatever action is necessary to bring representatives together for a chance to vote without putting them in unnecessary risk, would I now push the green button and support this amendment? Thank you, Madam Speaker.

Deputy Speaker Ebel: This will be a roll call vote. If you are in favor, press the green A button. If you are opposed, press the red E button. Voting will now be open for 30 seconds. Have all members had an opportunity to vote? With 197 voting in favor and 143 voting against, the motion fails.

CLERK’S NOTE

During the proofing of this journal, the House Legal Counsel informed the Clerk that through research he conducted, the Article 5-a language that was amended into the NH Constitution was actually added in 1960 after the 1959 Constitutional Convention recommended its passage. It is important to note, the Secretary of State’s office maintains the official publishing of the NH Constitution and has incorrectly reported “November 30, 1942” on its webpage, which is why most of the references in the debate discussed the events of December 1941 as the contributing factor for the amendment’s adoption.

MOTION TO SUSPEND HOUSE RULES

Late drafting and introduction having been approved by the Rules Committee, Rep. Prout moved that House Rules be so far suspended as to consider at the present time **HB 1717-FN**, relative to the sale of beer in refillable containers, without the referral to committee, public hearing and report from committee, and if passed, allow for immediate third reading.

Rep. Prout spoke in favor.

Rep. Williams spoke in favor and yielded to questions.

Rep. Huot spoke against.

Rep. Baldasaro requested a roll call; sufficiently seconded.

MOTION TO PRINT DEBATE

Rep. Baldasaro moved that the debate on the motion by Rep. Hinch to suspend House Rules, be printed in the Permanent Journal.

Without objection, the Speaker ordered.

DEBATE ON MOTION TO SUSPEND HOUSE RULES

Representative Ley: Thank you, Mister Speaker. Thank you, colleagues. Business tax triggers were placed into the budgetary agreement at the express insistence of the Governor back in September. Both the Governor and the legislative negotiators were keenly aware of the circumstances which might trigger a change in business tax rates. The triggers were discussed extensively and ultimately included in the final budgetary agreement approved by the members of this body, the New Hampshire House. Now we are asked to suspend the rules in order to set aside one of those triggers. Unfortunately to act now is to act with undue haste. To act without the care and consideration that a major policy decision demands and deserves. First, we have not yet even reached the end of the current fiscal year so the data is not only incomplete at this time, but

subject to significant fluctuation. Second, we will only get our first real indication of the states' revenue situation in September, some three months from now. Even so, whether the so called trigger comes into play will only be known in December when the final certified audited financial report on the completed fiscal year is released. It is only at that point that we will have the requisite data and information to make an informed decision as opposed to taking up what some might characterize as a politically opportunistic proposal. If it is determined in December and January that actions should be taken, the requisite legislation can be devised, examined, debated and acted upon in a timely and if need be, expedited manner. Of course that assumes that in January there would not yet have been any rejection of deadlines in the subsequent requests for suspension of rules. Finally, payments under the tax rates possibly under discussion today would only be due in March 2022, 2022, nearly two years from today. Again, I repeat, there is more than enough time to make an informed decision and to act. Therefore, considering all of the above, I prefer to make policy decisions rooted in data and informed by sound and rational discussion and debate. The proposal prompting this request for the suspension of the rules meets none of those standards, none of those standards. Instead this proposal is akin to making tax policy on the back of a napkin or the back of an envelope. For that reason, I ask the House to reject this request for a suspension of the rules. Thank you.

Speaker Shurtleff: Who made the motion? Please state your point of order.

Representative Edwards: Thank you, Mister Speaker. I rise to ask a point of order relative to the previous speaker in the well who seemed to state very clearly that any opposition to this bill would be an example of political opportunism. I understand that to be a type of denigration that is not permitted under the House Rules or our decorum.

Speaker Shurtleff: The House will be in order. If I understand your question, Rep. Edwards, the comment was political opportunism denigrated those who would possibly vote for the motion?

Representative Edwards: Yes, sir. Thank you for rephrasing the question.

Speaker Shurtleff: I want to be clear what your motion is.

Representative Edwards: I'm looking for clarity. When the speaker said the opposition is guilty of political opportunism, was that the kind of speech that is permitted by House decorum?

Speaker Shurtleff: I thank the member for getting up and raising this point. Today, especially of all days, we want to be extremely careful of what we say on the floor of the House. We do not want to cast aspersions or malign any member for their vote no matter which way they vote and I would remind the member to keep that in mind as we go forward. Do you have a comment or a question for the Chair?

Representative Ley: May I simply repeat what I stated?

Speaker Shurtleff: Please do.

Representative Ley: What I stated, if I can find it here, was that. What I stated that to make an informed decision as opposed to taking up what some might characterize as a politically opportunistic proposal. I did not charge any individual with making a politically opportunistic decision, I simply stated how some might characterize it.

Speaker Shurtleff: The House will be in order. Rep. Edwards.

Representative Edwards: I don't know the process here. I think some people would think that was a very thin veil to hide behind.

Speaker Shurtleff: I thank the member from Auburn for bringing up this point of order and it is tough sometimes on the floor. We sometimes don't hear exactly what we say or is meant to be said, but I do remind everybody to very cautious and judicious in your remarks on the floor so it can't be misinterpreted. I thank the member for his clarification. The question before the House is on the motion to suspend the rules. Rep. Baldasaro has requested a roll call. I apologize. I was trying to get us out by ten. Rep. Hinch, the member from Merrimack, is recognized to speak to his motion.

Representative Hinch: Thank you, Mister Speaker and Members of the House. I'm asking you today to suspend House Rules to allow for the late drafting and introduction of a proposal that is a simple but incredibly meaningful step to address our economic recovery. New Hampshire businesses of all sizes are facing unprecedented losses as a result of the current public health crisis. We have the ability to ease the future burden on our state's job creators by addressing the business tax rate triggers in current law. According to the reports from the Department of Revenue and Administration over 40,000 business entities in New Hampshire pay one or both of our states business taxes. Between 30 and 40,000 businesses pay the business enterprise tax which comes even if they are not profitable. If we do nothing and the trigger is activated the BET rate will rise by 12.5% on January 1st as a tax on business payrolls and if our goal is to get people back to work, it is critical that we alleviate this future burden. Now I've read the news and I've heard it direct from the Speaker and just now from the majority leader that they believe this is not urgent and can wait until 2021. That was evident in the comments in the Rules Committee last week. My message is that this cannot wait. Our businesses cannot wait. I reject the fact that this is a on top of a napkin approach. I believe if we do nothing, it will be on the backs of the businesses. The rate is scheduled to change on January 1st, well before legislation could be fast tracked through the House and the Senate. Businesses are making decisions now and will be

through the rest of this year based on the prospect of that rate change. This affects their hiring decisions this year. This affects their ability to purchase capital equipment this year. To ask businesses to wait and see if the legislature does something in seven months doesn't make sense. The January 1st tax rate is already affecting their business decisions now. Seven months of uncertainty is not what we were elected to deliver. Now you just heard comments that this is not urgent and compelling according to the rules established in the Rules Committee. What could be more urgent and compelling than giving our businesses some certainty during this horrific pandemic? Not allowing the simple modification to have an up or down vote by the House is the same thing as saying you are okay with increasing taxes on our struggling small businesses during a global pandemic and economic recovery. This is not a dramatic change in policy. This would simply keep the rates where they are now and into the new year. This is not rocket science. It is our way to demonstrate that the legislature is focused on jobs and the economy as we want to help our small businesses rise out of this pandemic. The time to act is now on this urgent need for our businesses to know their taxes will not go up and they can get our citizens back to work. Piling tax increases on top of a difficult recovery will drag that recovery out even longer and put more of our small businesses in jeopardy of closing permanently. You heard the previous speaker just say we don't know where our revenues are right now, but I would remind the House that coming up shortly in the House will be revenue estimates that were reached by a unanimous, unanimous bipartisan fashion and will be introduced by the Chair of Ways and Means. So, we will know from the very best of the best in Ways and Means who have put months into this where we stand and what the likely affect will be of this possible trigger. I'm asking you now to press the green button to allow this proposal in order to provide our business community a little bit of certainty in uncertain times. Thank you.

Speaker Shurtleff: I thank the member from Merrimack. Will the member yield to questions? Rep. Hinch, will you yield to question? The member does not yield. Rep. Baldasaro has requested a roll call vote. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Members will kindly take their seats. The question before the House is the motion to suspend House Rules. The Chair recognizes Rep. Ley for a parliamentary inquiry.

Representative Ley: Thank you, Mister Speaker. Mister Speaker, if I know that the Governor and this legislature very explicitly and deliberately linked the triggers to the CAFR because they wanted full information and data and did not link it to revenue estimates prior to the end of the fiscal year. **CLERKS NOTE: CAFR – Comprehensive Annual Financial Reports.** And, Mister Speaker, if I know that the requisite data does not yet exist for making fully rational and informed decisions on these business tax triggers and that there will be ample time to make sensible decisions once this data is known later this year. And, finally Mister Speaker, if I know that fiscal and financial policy should be subject most certainly to rigorous examination, discussion and debate and not simply made up on the fly or done on the back of the proverbial napkin or scrap of paper, would I now press the E button and vote no, thereby rejecting the request for a suspension of the rules? Thank you.

Speaker Shurtleff: The question before the House is on the motion to suspend House Rules. The Chair recognizes Rep. Osborne for a parliamentary inquiry. They are bringing the mic down to you now.

Representative Osborne: Thank you, Mister Speaker. If I know that these budgetary tax triggers were not intended to compensate for the mass closure of businesses due to executive order. And, if I know that for three long months now due to these lockdowns, New Hampshire businesses have been beaten and brutalized, beaten to death in some cases and within an inch of their life for others. And, if I know that even those who are able to survive, the recovery could take years for them. And, if I know that some might say that allowing the further burden of a 12.5% tax increase to be heaped upon them as they struggle to survive is an unconscionable cruelty, would I now press the green button?

Speaker Shurtleff: This will be a roll call vote. The question before the House is on the motion to suspend the rules. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations will be open for 30 seconds. Have all members present had an opportunity to vote? The House will be attentive to the state of the vote. With 154 members voting Yea and 174 voting Nay, the motion fails for a lack of two-thirds vote.

MOTION TO SUSPEND HOUSE RULES

Rep. Abramson moved that all necessary House Rules be so far suspended as to allow introduction and consideration at the present time of a bill relative to over sentencing and racial profiling, without the required printing, referral to committee, public hearing and report from committee.

Rep. Abramson spoke in favor.

Rep. Rung requested a roll call; sufficiently seconded.

and the motion failed lacking the necessary two-thirds vote.

Rep. Seaworth did not vote and notified the Clerk that he wished to be recorded in favor.

MOTION TO PRINT DEBATE

Rep. Wallace moved that the debate on the motion by Rep. Prout to suspend House Rules, be printed in the Permanent Journal.

Without objection, the Speaker ordered.

DEBATE ON MOTION TO SUSPEND HOUSE RULES

Representative Prout: Thank you, Mister Speaker. This rules suspension motion will allow me to bring forth a House Joint Resolution that makes some temporary changes to the current COVID 19 state of emergency. It terminates the emergency orders that have severe restrictions on the liberty of New Hampshire residents, allows to continue other emergency orders that made reasonable modifications to the operation of government during these extraordinary times. It prohibits any new emergency orders unless authorized by the legislature

via a joint resolution. It also terminates the governor's authority to use the state of emergency powers to bypass any statutory approval required by the RSA's such as the Fiscal Committee or the Joint Legislative Committee on Administrative Rules and authorizes the Fiscal Committee to initiate legal action in the courts on behalf of the legislature if they feel it necessary to enforce the powers and perform their statutory duties of the committee. In short, now that we are meeting once again here in this alternate location, it restores the legislature as the primary policy making body for the state. Even under a state of emergency, this is our constitutional role as emphasized by Part First, Article 29 of our constitution. We did not submit a Concurrent Resolution pursuant to RSA 4:45 to terminate the state of emergency as it would immediately terminate all emergency orders and yes that includes the emergency order that allows be paid accurate mileage for today's Session. A more nuanced approach was called for. As a Joint Resolution it is treated in most respects like a bill except that its effects are temporary and not codified into the RSA's. While I and many others think that the state of emergency RSA's need some revision, I feel it is better to wait on that until next term when a bill to do so can benefit from the full committee process. A temporary action specific to the present situation seems better for now. Joint Resolutions do have the weight of law and are sent to our governor for his signature or veto and if necessary, back to this body for a potential veto override vote. I do expect that the governor may have a negative view of this resolution and I may be back before you speaking about a veto override, but that's okay. That's what checks and balances are about. Several parts of our constitution say that the different components of government are to have a negative on each other. Sometimes that means a negative view of the other as well. I ask you to press the A button, labeled with the green Yea sticker to suspend the rules necessary for introduction and immediate action on this resolution so that the checks and balances envisioned by our constitution can be restored and I'd also like to mention that the resolution in possession of the Clerk changed in one respect from the first I emailed to everyone last night. The word statue was corrected to statute and I thank the member from Bedford for this correction and also to clarify, Mister Clerk, I want to make sure I heard you correctly. The motion that I'm speaking on and making now would allow for action and third reading on this Joint Resolution today.

Speaker Shurtleff: No, what we are voting on today. Hang on one second and I apologize to the member. To answer the members question, we would go to a vote today. What it would entail, since there would be no time to get a copy of this to the members on the floor, the Clerk would have to, if your motion succeeds, the Clerk would have to read the item to the body, the resolution and then there would be a vote. So we would go to a vote after the Clerk read your resolution to the members.

Representative Prout: Thank you, Mister Speaker.

Speaker Shurtleff: Thank you. The Chair recognizes the member from Hudson, Rep. Tony Lekas to speak in support of the motion.

Representative Tony Lekas: Thank you, Mister Speaker. We in the New Hampshire House of Representatives are the most representative body in this nation. We should take on the responsibilities that we accepted when we decided to run for office and were granted to us by our constituents to decide how the government of this state operates. The recent actions of the New Hampshire State Government has had a greater impact on the lives of the people of this state than any that have occurred in modern times. The decisions on these actions should be made by the representatives of the people. If there is need for immediate action, the legislature of New Hampshire is able to act very quickly if there is a consensus to do so. We have done so in the past. Even if you are in complete agreement on how the response to COVID 19 has been handled, I ask you to vote to support this suspension of the rules to permit the representatives of the people to control how this state affects their lives in profound ways. This should not be seen as a vote on the details of the response, but as not setting a precedent that in a long term difficult situation, the representatives of the people abdicate their responsibilities to other branches of government. A vote on this issue may have an impact on who has control over the lives of the people of New Hampshire long into the future. Thank you, Mister Speaker.

Speaker Shurtleff: Thank you. The question before the House is the motion to suspend the House Rules. The Chair recognizes the member from Deerfield, Rep. Verville to speak in support of the motion.

Representative Verville: Thank you, Mister Speaker. Honorable colleagues, we heard earlier today our businesses, our private industry, our employers are struggling. In fact, many businesses unfortunately have been driven out of business. People's dreams have been dissolved because they can't operate their business under these conditions. New Hampshire is a free and open society and we need to allow our citizens and our businesses to operate in a free and open manner. The executive orders were to flatten the curve, to prevent overcrowding of our health care system. The curve is flat. In fact, we've laid off more health care workers than we have identified cases of COVID 19 in this state. The time has come. The people are aware of the recommended safety precautions. We need to trust people to make their own decisions, to make their own assessment of risks and be able to live their lives as a free and open society should be allowed to do. So for that reason, I stand in support of the suspension of the rules so that we can consider this measure. Thank you, Mister Speaker.

Speaker Shurtleff: Thank you. The Chair recognizes our last speaker, the member from Hudson, Rep. Alicia Lekas to speak in support of the motion.

Representative Alicia Lekas: I am immune compromised. I have at least four risk factors for this disease. My grandchildren, some of them, have the same thing and for that reason we haven't seen each other for three months, but I consider it totally immoral for me to ask or expect a person to lose their business in order for me to be safe. I know how to socially distance therefore I think we should talk about this. We should have a conversation about suspending these rules, a conversation about how to keep those at risk safe while helping and allowing our businesses to become robust once again and for those people who have health issues that are not related to COVID to allow them to go back to taking care of themselves to being able to do the things they need to do to be able to take care of themselves and be healthy. So let's have a conversation and please vote yes for the rules suspension. Thank you.

Speaker Shurtleff: Will the member yield to a question? The member does yield. Please bring the microphone down for Rep. Almy for a question.

Representative Almy: I was asking to speak. I would be willing to try to put it in a question format.

Speaker Shurtleff: I don't have your name on the signup sheet.

Representative Almy: No, you don't. Didn't someone else speak who didn't have his name on the signup sheet.

Speaker Shurtleff: We were unclear on what he wanted to speak on when we signed him up. There was some question. We had his name but we weren't sure where it was.

Representative Almy: As a legislator.

Speaker Shurtleff: The member will suspend. I want everybody to know what we are doing here. You didn't sign up but the member can speak to the issue before us and is recognized to speak against the motion to suspend the rules. The member may proceed.

Representative Almy: Thank you. I regard this as a profound disregard of the practice and rules of this legislature. According to my phone, we got a text of this thing at 10:00 p.m. last night. Most of us came from far enough away or had zooms or otherwise we didn't even see that arrive on our phones. We are now supposed to absorb this orally if this motion passes and vote on something we haven't had a chance to debate, will not have a chance to discuss, will not have a chance to amend. As far as I am concerned, it's an abrogation of my responsibilities as a legislator.

Speaker Shurtleff: I thank the member from Lebanon. The question before the House is on the motion to suspend the rules. Rep. Baldasaro has requested a roll call vote. Is that sufficiently seconded? It is sufficiently seconded. Members will kindly take their seats. Why does the member rise?

Representative Abramson: Mister Speaker, I did have a question for the previous speaker.

Speaker Shurtleff: We have had intervening business and I have called the question. I apologize to the member from Seabrook but we are now in the voting mode.

Representative Abramson: Could I ask a parliamentary inquiry of the Speaker?

Speaker Shurtleff: Absolutely.

Representative Abramson: Mister Speaker, if the rules are suspended and this measure passes and businesses are reopened do people who want to stay at home have to go out or can they stay at home?

Speaker Shurtleff: Well that's not really a parliamentary question. I think that anybody, if they want to become a hermit and stay home forever, they are free to do so, but what a person does, when they come and go is up to the individual.

Representative Abramson: Thank you, Mister Speaker.

Speaker Shurtleff: I thank the member for his parliamentary inquiry. This will be a roll call vote. The Chair recognizes Rep. Packard for a parliamentary inquiry.

Representative Packard: Thank you, Mister Speaker. Mister Speaker, if I understand where my colleagues sponsoring this resolution are coming from and I want to see our state running ahead at full steam, but as carefully as we can without jeopardizing our progress and the safety of our citizens. If I know that this afternoon the governor will make several announcements that may satisfy a lot of concerns that my colleagues have including allowing more businesses to operate, allowing more businesses to flex open and opening more opportunities in getting rid of the stay at home order. If I believe we will make it through this stronger than ever, that this resolution is not the right time and not the right mechanism, especially in light of positive proactive announcements that are forthcoming as soon as today, would I now press the red button and put this on hold and let the governor move forward on the remainder of the reopening and recovery plan? Thank you, Mister Speaker.

Speaker Shurtleff: I thank the member. The question before the House is on the motion so suspend the rules. The Chair recognizes Rep. Prout for a parliamentary inquiry.

Representative Torosian: Mister Speaker, a point of information.

Speaker Shurtleff: Well I never heard of that point before, but is there a question for the Chair?

Representative Torosian: Yes.

Speaker Shurtleff: That's what I thought you said.

Representative Torosian: If this rules suspension passes, this doesn't prevent the governor from making his announcements and making any changes, is that correct?

Speaker Shurtleff: That is correct.

Representative Torosian: Thank you.

Speaker Shurtleff: Rep. Prout is recognized for a parliamentary inquiry.

Representative Prout: Mister Speaker, if I know the design of our state's government laid out in the constitution separate branches of government with the legislative body as a primary policy making one. And, if I know that businesses, families, people have been hurt and continue to be hurt by some of the emergency orders and should be able to bring their concerns to the representatives here to craft better solutions with wider input. And, if I believe it is the duty of this body and the body on the other side of some wall somewhere to step up and begin to perform its constitutional role, then would I now press the A button with the green Yea label next to it and suspend the rules to allow this resolution to move forward?

Speaker Shurtleff: This will be a roll call vote. The question before the House is on the motion to suspend House Rules. If you are in favor of the motion, you'll press the green button. If you are opposed, you will press the red button. Voting stations will be open for 30 seconds. Have all members present had an opportunity to vote? The House will be attentive to the state of the vote. With 57 members voting Yea and 280 members voting Nay the motion lacks the two-thirds vote necessary.

The House recessed at 12:10 p.m.

RECESS

The House reconvened at 1:00 p.m.

(Speaker Shurtleff in the Chair)

MOTION TO SUSPEND HOUSE RULES

Rep. Adjutant moved that all necessary House Rules be so far suspended as to allow introduction and consideration at the present time of a bill relative to residential loans during an emergency, without the required printing, referral to committee, public hearing and report from committee.

Rep. Adjutant spoke in favor.

Rep. Rung requested a roll call; sufficiently seconded.

and the motion failed lacking the necessary two-thirds vote.

MOTION TO PRINT DEBATE

Rep. Schultz moved that the debate on the motion by Rep. adjutant to suspend House Rules, be printed in the Permanent Journal.

Without objection, the Speaker ordered.

DEBATE ON MOTION TO SUSPEND HOUSE RULES

Representative Adjutant: Thank you, Mister Speaker. Mister Speaker I make this motion today in part because Isaiah 32:18. The Lord says, "My people will live in peaceful dwelling places, in secure homes, in undisturbed places of rest." A place to live is the foundation of a person's life. It's their security, their refuge from the outside world, a place to raise a family, it's home. It's so engrained in our society that homeownership is considered the core tenant of the American dream. Beginning in March as the United States began to grapple with the reality that we could not ignore COVID 19, we made some decisions. The governor issued a state of emergency, House Democrats asked him to implement a stay at home order. He did and almost overnight many New Hampshire residents found themselves applying for unemployment in such unprecedented numbers that during the first month the unemployment website was nearly unresponsive and effectively offline. I know. Since then that agency has been working hard to get every claim paid and we thank them for that hard work, but with benefits rolling out slowly, many Americans still missing their stimulus checks and the cost of housing still rising in New Hampshire one thing became clear. We have to help. The thing that differentiates the economic depression that we currently face from other depressions is how top down it is. The market was ready to go along, even if a lot of people got sick and a lot of people died. We said no. We said no. We decided in early March that we would prioritize human life over materialism and while I believe that was the correct call to make, it requires us to pick up the pieces of this catastrophe. Our citizens listened. They stayed home. They fought with a decade old unemployment website and pushed on. They stayed cooped up inside losing their minds and expecting us to be there for them. They followed our rules. Soon landlords and mortgage companies who have been legally required to be patient with tenants who lost their jobs through no fault of their own, will not be bound by those rules anymore. Evictions will start. There is no greater materialization of the travesty of punishing people for following the rules than allowing them to be evicted for missed rent based on rules that we set. We did not create COVID, but we made decisions to keep people secure and our responsibility has not expired. I remember 2009 and the anger and frustration in this country when people got kicked out of their houses while the big banks got off. We can avoid that situation this time. I am seeking legislation to allow for people who can prove they have been financially impacted by our response to be given a six month window to repay regularly scheduled rent and mortgage payments which is the very least we can do. I do not expect this will help millions of even thousands of people, but a wise lawmaker once said that in this body, we do not always make the laws for the many but for the few. This plan would not let people off the hook for those payments. It simply gives them the security of a little extra time to pay after a catastrophe. This will probably not be the last long state of emergency in New Hampshire and think of the perception of state government by the 20 something who's only experience with us so far has been we shut down their jobs and we left them out to dry. People need this help. This is not some liberal conspiracy. This is about protecting the foundations of people's lives based on the decisions that we made. Please join me in this motion. I would like to end my remarks by quoting a viral video from a few months

Speaker Shurtleff: The question before the House is on the motion to suspend House Rules. Rep. Rung has requested a roll call vote. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Members will kindly take their seats. The question before the House is the motion to suspend the rules. This will be a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations will be open for 30 seconds. Have all members present had an opportunity to vote? The House will be attentive to the state of the vote. With 189 members voting Yea, 151 Nay, the motion fails for a lack of the two-thirds vote.

Rep. Cushing moved that all necessary House Rules be so far suspended as to allow introduction and consideration at the present time of a bill relative to comprehensive programs on racial profiling, without the required printing, referral to committee, public hearing and report from committee.

Rep. Cushing spoke in favor and yielded to questions.

The question now being the motion by Rep. Cushing to suspend House Rules. Rep. Ley requested a roll call; sufficiently seconded.

SENATE MESSAGES**REQUESTS CONCURRENCE WITH AMENDMENTS CONT'D**

HB 496, relative to the definition of antique snowmobiles, relative to water quality rules, and relative to the disposition of administrative fines for asbestos management violations. (Amendment printed SJ 1/8/20)
Rep. Backus moved that the House concur and spoke in favor.

On a division vote, with 206 members having voted in the affirmative, and 128 in the negative, the motion was adopted.

HB 715-FN, relative to electrical energy storage. (Amendment printed SJ 1/8/20)

Rep. Backus moved that the House concur and spoke in favor.

On a division vote, with 207 members having voted in the affirmative, and 127 in the negative, the motion was adopted.

MOTION TO SUSPEND HOUSE RULES

Reps. Almy and Major moved that House Rules be so far suspended as to permit introduction of **HR 16**, affirming revenue estimates for fiscal years 2020 and 2021 and to permit consideration at the present time without the required referral to committee, printing, public hearing or report from committee.

Reps. Almy and Major spoke in favor.

On a division vote, with 308 members having voted in the affirmative, and 13 in the negative, the motion was adopted by the necessary two-thirds vote.

RESOLUTION

Reps. Almy and Major offered the following: **RESOLVED**, that late drafting and introduction having been approved by a 2/3rd vote of the House, House Resolution numbered 16 shall be by this resolution read a first and second time by the therein listed title.

Motion adopted.

INTRODUCTION OF HOUSE RESOLUTION**First and second reading**

HR 16, affirming revenue estimates for fiscal years 2020 and 2021. (Almy, Graf. 13; Major, Rock. 14)

Rep. Almy moved Ought to Pass.

On a division vote, with 316 members having voted in the affirmative, and 10 in the negative, the motion was adopted.

MOTION TO LAY ON THE TABLE

Rep. Almy moved that **HR 16**, affirming revenue estimates for fiscal years 2020 and 2021, be laid on the table.
Motion adopted.

MOTION TO PRINT DEBATE

Rep. Horrigan moved that the debate on the motion to act on the Consent Calendar, be printed in the Permanent Journal.

Without objection, the Speaker ordered.

DEBATE ON MOTION TO SUSPEND HOUSE RULES

Representative Read: I would like to make a motion to suspend the rules to allow for the adoption of the Consent Calendar.

Speaker Shurtleff: Your motion is in order.

Representative Read: May I speak to my motion briefly?

Speaker Shurtleff: You may speak briefly to your motion.

Representative Read: After a very contentious day, we can all agree that the Consent Calendar is something that consists of bills that have had broad bipartisan support and I would really like to leave today knowing that we've accomplished something. Since all of these bills were widely agreed upon by both parties, I would really appreciate if everybody would support it.

Speaker Shurtleff: The question before the House is a motion to suspend the rules to allow for the passage of the Consent Calendar. This will be a division vote. Rep. Prout is requesting a roll call. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Members will kindly take their seats. The question before the House is on the motion to suspend the rules to allow the passage of the Consent Calendar. This will be a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. What is your point of order please? **CLERKS NOTE: Point of order was on a battery failure on voting device.** Are you all set? Okay. Let me restate the question. The question before the House is on the motion to suspend the rules to allow for the passage of the Consent Calendar. This will be a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations will be open for 30 seconds. Have all members present had an opportunity to vote? The House will be attentive to the state of the vote. With 212 voting Yea, 121 voting Nay, the motion fails for a lack of two-thirds vote.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Vann moved that the House reconsider its action whereby, on a Division vote of 243-92, the House adopted the motion of Ought to Pass on **HB 1717-FN**, relative to the sale of beer in refillable containers.

The Speaker ruled the motion out of order.

RESOLUTION

Rep. Ley offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the Call of the Chair.

Motion adopted.

PERSONAL PRIVILEGE

Rep. Horn requested Personal Privilege and addressed the House.

UNANIMOUS CONSENT

Rep. Nunez requested Unanimous Consent of the House regarding the passing of the Honorable member from Hudson, Representative James R. Whittemore and addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the Honorable member from Hudson, Representative James R. Whittemore.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks made by Rep. Nunez printed in the Permanent Journal.

REMARKS BY REPRESENTATIVE NUNEZ

Representative Nunez: Thank you, Mister Speaker and thank you colleagues. Before I get started, I would like to ask that the members of the delegation from the Hillsborough County 37 District, towns of Pelham and Hudson just stand up briefly. Thank you. They have asked me to say a few words about our brother in liberty, Representative Jim Whittemore. Jim passed away in February. He had been in the hospital for around a month, mostly in the intensive care unit. He had an infection in his bloodstream which led to a series of medical incidents that proved to be too much of a challenge for him and we lost him. He passed away in the hospital with members of his family present, but there was no obituary or service, however a memorial is still being planned and once the full reopen to the state happens, that event will be made available to everyone who wants to participate. I know I will. A few things about Jim. He was a private man, but he knew how to have fun. He enjoyed many things such as ice fishing. He loved science fiction movies and his favorite TV show was Game of Thrones. He loved music. He loved the Beatles. He loved 60's folk rock music and he was also a writer of music. You could find him performing at local open mic nights. He could also roll out a quirky Scottish tune and have

you laughing so hard you'd have tears rolling down your face. Many days Jim visited my home. We'd have coffee or a homemade hard cider and every now and then a glass of scotch and I'd give him some assistance and we would work on his business finances because he wasn't too savvy with technology. Jim did have a bachelor's degree in psychology from this institution and he worked for most of his life as a homebuilder and a machinist and for many years he was a member of the GMP portion of the USW union. Later in life he became a Lyft and Uber driver and he really enjoyed that job because he was able to interact with so many different people. I actually used his car service many times for rides to the airport or concerts. Jim was also a man that believed in a person's right to medical choice. He had many long discussions with me about this. Those discussions included vaccine choice and all health freedom matters. He believed in individual freedom and personal responsibility. He served in this body on the Resources Committee which turned out to be very rewarding for him. I thought I'd never hear the end of the fluoride bill hearings. Jim served as the Secretary of the Gun Owners Association, New Hampshire Chapter. He was a staunch 2A supporter and he could handle a firearm. We carpooled together so I got to know him a little bit. We met on the candidate trail in 2018 and he was thrilled with being able to obtain a seat in this prestigious body. He had no intention of running. He was asked and approached and he agreed to run and he won. I find it fitting that as we return to legislate for the first time since March, that we reconvened to talk about Jim Whittemore in the Whittemore Center. Now I have no information if he is actually related to this Whittemore. I haven't received any word from his family since his passing. I reached out to get some fact life's from his daughter but unfortunately illness has struck their household once more and Jim's wife is now hospitalized and is going through some serious challenges. His family is dealing with that issue so they were not able to assist with this writing, but we are certainly praying for a quick healing and recovery for his wife. In the scheme of things, Jim and I were pretty good friends. We enjoyed hanging out together, being legislators together and always having coffee. Jim, even though we were new friends, you were a great friend and a great compadre in liberty and I miss you very much.

MOTION TO PRINT REMARKS

Rep. Spillane moved that the remarks made by Rep. Horn during Unanimous Consent be printed in the Permanent Journal.
Motion failed.

UNANIMOUS CONSENT

Rep. Gordon requested Unanimous Consent of the House regarding the passing of the Honorable member from Bridgewater, Representative Vincent Paul Migliore and addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the Honorable member from Bridgewater, Representative Vincent Paul Migliore.

MOTION TO PRINT REMARKS

Rep. Adjutant moved that the remarks made by Rep. Gordon during Unanimous Consent be printed in the Permanent Journal.
Without objection, the Speaker ordered.

REMARKS BY REPRESENTATIVE GORDON

Representative Gordon: Thank you, Mister Speaker. My purpose in rising today is to recognize one our colleagues who is unable to join us today as we all heard earlier, Representative Vincent Paul Migliore passed away on May 24 of this year. Vinny was a resident of Bridgewater. He grew up in Massachusetts, graduated from Melrose High School. He received a bachelor's science degree from the University of Rhode Island. He worked for Digital Equipment and for other high tech firms in the Boston area until he saw the light and like so many others, moved to New Hampshire. Here, he and his wife Louise started a window blinds business, which he operated for several years before fully retiring. Vinny first became involved in the community when he was elected to serve on the Newfound Area School Board. He chaired the board for two years having served a total of four terms. He was most recently elected to serve on the school district budget committee and he served on the Bristol Economic Development Committee. When a seat became available in the legislature because of a resignation, Vinny decided to step forward. Because he wasn't well known across the towns and district and his name was frequently mispronounced, Vinny blanketed the five towns of our district with yard signs. The signs all read, "What's the story? Vote for Migliore." Vinny was an outstanding representative for our five communities. He was not one to be halfhearted. When he took on a project, he was all in. He attended community events in all five towns. He would even sit through Bristol's six-hour town meetings. He made himself available to constituents and was responsive to their requests. He would always show up in his truck with signs on the side saying, "What's the story? Vote for Migliore." Vinny did all of this in a time when he was suffering ill health. He was actively treating for cancer all during the time he served here in the legislature, but he didn't look for sympathy. He continued to attend sessions, do his committee work and serve his constituents. Very few people knew how sick he was because he did his work and he kept positive despite his circumstances. I will always remember having a conversation with him

at 3:00 in the morning on March 13, the last time this legislature met. He told me that night that his most recent treatment regimen was not working and that he expected to be in hospice in his near future. I was astounded that he still had the stamina and the will to be there that night at 3:00 in the morning. Despite knowing that his life may soon end, Vinny was still there, still committed and still serving his state and communities. Vinny leaves behind his wife Louise of nearly 42 years, 2 children, 2 grandchildren. Their loss is shared by all of us in the communities he served. His seat is empty here today, but Vinny is still present in our hearts and our minds. What's the story? We will miss Vinny Migliore. Thank you, Mister Speaker.

UNANIMOUS CONSENT

Reps. Harriott-Gathright and DiLorenzo requested Unanimous Consent of the House regarding the death of George Floyd and addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of George Perry Floyd.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks by Representatives Harriott-Gathright and DiLorenzo printed in the Permanent Journal.

REMARKS BY REPRESENTATIVE HARRIOTT-GATHRIGHT

Representative Harriott-Gathright: Thank you, Mister Speaker and thank you, colleagues for hearing us today. George Perry Floyd was a 46-year-old Minnesota man who was a son, brother, father, uncle, nephew and a friend to his neighbors and church family. George, sometimes referred to as Perry, is lovingly remembered by his family as Georgie Podgy or Big Floyd. Born in North Carolina, George's family moved to Houston, Texas where he was a star player for the Yates High School football and basketball teams. George at 6' 4" inches tall was recalled by his friends and family as a gentle giant with an easy smile and a deep, bass voice. In school he loved to joke with his classmates, and despite his size was known to be a pretty mellow person. Awarded a sports scholarship, George was the first person in his family to attend college. After 2 years at South Florida Community College, George transferred to Texas A&M. After dropping out of college, George returned to Houston and worked as an automobile customizer and was a hip-hop music artist. Mr. Floyd fell on hard times and spent time in prison. One time he spent 10 months in jail after being found guilty of a \$10 drug offense. After fulfilling his sentence and debt to society, George moved to Minneapolis, Minnesota to start a new life. He found work as a truck driver and a restaurant/night club bouncer and he became a church member and a volunteer. George went on to work as a security guard at a Salvation Army homeless shelter and transitional housing facility. In his new life, Mr. Floyd made an anti-violence video and served as a mentor for the young men of his church. When the COVID 19 shutdown closed many businesses, George was laid off from his job. In April 2020 George contracted and survived the virus. The COVID 19 virus shutdown changed the financial circumstances and impacted the lives of many Americans including Mr. Floyd's. On a scale deeper than that of the great recession, Americans were locked out of their livelihoods, locked in their homes by a stealth pandemic that claimed more than 100,000 American lives. Memorial Day, May 25, 2020, a day Americans pay honor to our military veterans was strangely somber. There were no parades or public ceremonies honoring our military heroes. On that fateful Memorial Day, George, under suspicion for allegedly trying to pass a \$20 counterfeit bill at a neighborhood store, lost his life during an arrest when a uniformed Minneapolis police officer pinned him down and knelt on his neck. Handcuffed and physically suffering, Mr. Floyd called out for mercy, "I can't breathe."

REMARKS BY REPRESENTATIVE DILORENZO

Representative DiLorenzo: "I can't breathe," he said. Those Minneapolis policemen did not hear George. They did not let him breathe. George called out for his mother and he still could not breathe. Were it not for a brave, young woman who recorded the incident with her cell phone, we might not have known the true story of how George Floyd lost his life. Now the entire world knows that George Floyd's life was snuffed out by the weight of a man whose duty it was to serve and protect, a man who decided he was judge and executioner, while three other policemen, George Floyd's de-facto jury, looked on. Those four men broke their pledge of allegiance to liberty and justice for all. The whole world is watching America. America, the land of the free, a land where the lives of black men, women and children have suffered and been killed by racist violence for over 400 years. Today we say, "enough is enough." It's time America for you to fulfill your promise of life, liberty and the pursuit of happiness for not just some of the people but for all people regardless of race, ethnicity, creed, national origin, sexual identity, age, disability or income level. This is America's promise. George Perry Floyd did not die in vain. His last gasp for precious breath sent a shock wave around the globe. People rose up and protested, colleges have launched scholarship funds in Mr. Floyd's name and local, state, and federal government officials are crafting much needed reforms in our criminal justice system. People all over this country are crying out Black Lives Matter. We will not rest. We will not retreat until justice is served for George Perry Floyd and the many other George Floyds of our country. Thank you.
