HOUSE JOURNAL NO. 15

Thursday, September 15, 2022

The House assembled at 10:00 a.m., and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Bob Stewart, Pastor of St. Paul's United Methodist Church in Manchester.

O Loving and Gracious God. We know that life is a gift from You O Creator God. We are grateful and thankful that we were blessed to be in service with Representative Mary Griffin who You have called home in June at the age of ninety-six. Mary has served You and this great State of New Hampshire for many years. Mary served her constituents with honesty and integrity as she was the oldest active serving state legislator in the country at the time of her death. God, we ask that You be with those that mourn Mary's passing as she will be sorely missed by many in this chamber. Be with her family and friends and I pray that You walk with them in their grief. Let us pause for a moment of silence as we remember Mary this day. Thank you, Mary, for the countless hours of your service. O Compassionate God, we ask that You also be with our colleague, Gary Hopper. We are praying for Gary in his time of physical trial and ask that You surround those closest to him with Your love and compassion. We gather together today to tend to the business of our state and ask that You be with each member represented here today. Give each member the wisdom to make sound decisions that will benefit the people they represent. Let us as the body of the New Hampshire House of Representatives, regardless of our party affiliation, treat each other with respect and dignity and that we work towards the common good of all the people of our state. O God of Love, be with all the leaders of this House as they work diligently to conduct the business before us this day. I ask that You keep Your hand upon each member and keep them faithful, fruitful and steady as they complete the work set before them. We praise and glorify Your Holy Name Most High God as we work together today in peace and harmony with each other. Amen.

Representative Laura Pantelakos, Dean of the House, led the Pledge of Allegiance.

The National Anthem was sung by Michael T. Brown, II of New London.

Dear Mr. Speaker,

With the conclusion of our final Session day before the summer break, I wish to take this time to inform you that I am resigning from the New Hampshire House of Representatives, effective immediately. It has been an honor and privilege to represent the citizens of Hudson and Pelham these past four years. Running and serving as a State Rep is one of the best decisions I've ever made. I'll treasure this opportunity to serve, and the many dear friendships with legislators, staff, and lobbyists I've gained along the way. My wife Kathy and I decided about fifteen years ago to someday retire in Florida full-time. We are relocating to The Villages, to our home we recently purchased and will no longer be residing in New Hampshire. Kathy has waited patiently these past two years to allow me to serve a second term. I hope to remain politically active in Florida via various organizations, assisting with campaigns, or perhaps running for office once again locally. This decision to resign and move out-of-state is surely bittersweet, for as much as I look forward to the next chapter in my life, I'll look back fondly on these last four years serving in Concord and living in the great state of New Hampshire the past seventeen. Thank you for your support and understanding.

Sincerely,
Bob Greene

Dear Clerk Smith:

It is with great sadness and regret that I am sending you this letter of resignation, effective June 1, 2022. I am also advising the House Democratic Office and our Leader Cote. It has been a tremendous honor and privilege, and humbling experience, to serve nearly six years in this historic and venerable body, representing Nashua and the Granite State as a whole. I have met and worked with so many wonderful people, true public servants. Working in Concord, surrounded by history and tradition, has been an experience I will never forget. As you are aware, I have had serious health issues and now find that the disease is progressing much faster than expected, making it nearly impossible for me to participate in any meaningful way in any House activities. Secondly, even if my health allowed attendance, I will be moving to Keene with my daughter in the first week of June; thereby moving out of the city of Nashua and Hillsborough County. I am sorry to leave so much work unfinished, especially when we have so many opportunities to improve lives and benefit our people. And I recognize what excellent work the House has done so far, and I feel that I have left the House

down lately in not carrying my weight due to illness. I am impressed by all the great contributions made by our hard-working colleagues. I am so sorry I can no longer be a part of it. I have enjoyed the camaraderie. Best wishes for the remainder of the Session.

Sincerely,
Representative Skip Cleaver

COMMUNICATION

From: Representative R. Hershel Nunez, Jr.
Hillsborough 37, Pelham, Hudson
To: Speaker of the House of Representatives

Mr. Speaker,
In the recent past we had a conversation about life changes and decisions in my household. As my partner continues through the process of selling his business here, we've purchased a home and will be relocating to Tennessee. While the decision was difficult, we feel it is best for us at this time. Over the next several weeks I will be away, handling the move and working on that property to secure our full arrival. For this reason, I think it only fair that because I cannot be present to perform my duties it would be proper for me to turn in my resignation. My time in the legislature, in our Republican caucus with our very talented leaders has been one of the most rewarding times of my life. I've had the opportunity to serve with and learn from the best and hopefully my contributions were thought of as positive for our great State of New Hampshire. I thank you for your trust, and to the rest of leadership, in particular our Majority Leader Jason Osborne, I thank him for his wisdom and guidance, and to my fellow legislators, I appreciated learning from each and every one of you, keep up the good work! I wish the best for all of you and continue to hope for the continuance of legislating from a Liberty and Freedom perspective, because it is in this where each individual citizen will gain the most. We are here to work for the people and should always think of how each piece of legislation that is presented for debate and discussion will affect them.

In liberty,
R. Hershel Nunez, Jr.

Dear Mr. Speaker and esteemed colleagues,

I hereby resign from the New Hampshire House of Representatives, effective September 11th, 2022, due to the fact that I am moving out of state. It has been a pleasure and an honor to serve the town of Exeter in the New Hampshire House. My parting wish for the chamber is that those who labor within it may in future find new ways to remember what we all have in common, and spend less time concentrating on what divides us.

Best regards,
Lisa Bunker

Reps. Osborne and Wallner moved that House Rules be so far suspended as to allow consideration at the present time of **HB 2023-FN-A**, making appropriations to the department of energy for a state emergency fuel assistance program and a supplemental electric benefit, and relative to the electric low-income program fund, without the required referral to committee, public hearing and report from committee, and if passed, allow for immediate third reading.

Rep. Foster declared a conflict of interest and did not participate.

RESOLUTION

Reps. Osborne and Wallner offered the following: **RESOLVED**, that suspension of rules adopted by two-thirds vote of the House and in accordance with the list in the possession of the Clerk, **HB 2023-FN-A** shall be by this resolution read a first and second time by the therein listed title.

Motion was adopted.

Osborne moved that **HB 2023-FN-A**, making appropriations to the department of energy for a state emergency fuel assistance program and a supplemental electric benefit, and relative to the electric low-income program fund, be read by title only and that it be read a third time by this resolution, and that it be the same as adopted, and that it be passed at the present time.

GOVERNOR'S VETO MESSAGE ON HB 52

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 27, 2022, I have vetoed House Bill 52 and Senate Bill 200, apportioning congressional districts. The citizens of New Hampshire will not accept Senate Bill 200, which moves both members of Congress into the same district. Also, by moving Manchester into Congressional District 2 we would be creating a single district dominated by our largest urban areas. House Bill 52 is not in the best interest of New Hampshire. Granite Staters' expect districts that hold our incumbents accountable so that no one elected official is immune from challengers or constituent services. Appropriately apportioned congressional districts are vital to a representative government. For the reasons stated above, I have vetoed House Bill 52 and Senate Bill 200.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 52**, apportioning congressional districts, become law?

Rep. Bergeron spoke against.

Rep. Abramson spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 275

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 27, 2022, I have vetoed House Bill 275, relative to the declaration of a state of emergency. Last session, I signed into law numerous reforms to the Governor's Emergency Powers codifying the transparency that was practiced in the current pandemic and giving the legislature a greater role in future States of Emergency. If signed into law, this legislation would allow inaction by the State Legislature (such as the inability or unwillingness to meet) to end critical services necessary to serve the people of our state. It is irresponsible to further bind a future Governor's ability to address and respond in a crisis, especially when the Legislature already has the power to suspend a State of Emergency at anytime. For the reasons stated above, I have vetoed House Bill 275.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 275**, relative to the declaration of a state of emergency, become law?

Rep. Grote spoke against.

Rep. Edwards spoke in favor.

GOVERNOR'S VETO MESSAGE ON HB 319

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on February 23, 2022, I have vetoed House Bill 319, requiring students in the University and Community College System of New Hampshire to pass the United States Citizenship and Immigration Services civics naturalization test. We all can agree that an education in civics is fundamental to our students. Last year I signed House Bill 320, which implements a similar civics competency exam for high school students. That requirement goes into effect in 2023 and will help continue the Granite State tradition of a citizenry actively engaged in self-government. As such, House Bill 319 would serve to address the lack of civics education only in out-of-state public post-secondary students. House Bill 319 would also represent the first time the legislature has imposed a universal graduation requirement for students at our public colleges and universities. I am concerned that this would create a precedent for future legislatures to mandate extreme requirements. There is no lesson more important than understanding our individual responsibility to uphold democracy. Nevertheless, I believe the legislature's passage of House Bill 320 already addresses the important concerns of an engaged citizenry and an understanding of the fundamentals of democracy without some of the challenges House Bill 319 may unintentionally create. For the reasons stated above, I have vetoed House Bill 319.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 319**, requiring students in the university and community college systems of New Hampshire to pass the United States Citizenship and Immigration Services civics naturalization test, become law?

Reps. Moffett and Abramson spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 1022

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 24, 2022, I have vetoed House Bill 1022, permitting pharmacists to dispense the drug Ivermectin by means of a standing order and establishing a commission to study the use of Ivermectin to treat Covid-19. The State currently only has four instances in which pharmacists can dispense medication without a prescription. These medications are smoking cessation, contraception, substance use disorder, and treatment for sexual assault, all of which have gone through rigorous reviews and vetting to ensure they meet all the necessary protocols prior to a medication being dispensed via standing order. All drugs and medications should be subject to that same rigorous process if they are to be dispensed by standing order. Further, regardless of this veto, Ivermectin remains available for individuals if prescribed by their doctor. Patients should always consult their doctor before taking medications so that they are fully aware of treatment options and potential unintended consequences of taking a medication that may limit other treatment options in the future. For the reasons stated above, I have vetoed House Bill 1022.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1022**, permitting pharmacists to dispense the drug Ivermectin by means of a standing order and establishing a commission to study the use of Ivermectin to treat Covid-19, become law?

Rep. Knirk spoke against.

Rep. Abramson spoke in favor and yielded to questions.

GOVERNOR'S VETO MESSAGE ON HB 1131

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 20, 2022, I have vetoed House Bill 1131, an act relative to facial covering policies for schools. Just because we may not like a local decision, does not mean we should remove their authority. One of the State's foremost responsibilities is to know the limits of its power. As Granite Staters, we take pride in local control and our bottom-up approach to education. Similar to our fight to retain states' rights against a bloated and ever-encroaching federal government, we have a responsibility to ensure the State minimizes its infringement on local control. Big government is never the solution, and neither is a one-size-fits-all approach. The State must remain steadfast in protecting local control as decisions like this are best left to authorities closest to parents and families where they can work with their neighbors to decide what is right for their children. For the reasons stated above, I have vetoed House Bill 1131.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1131**, relative to facial covering policies for schools, become law?

Rep. Weyler spoke in favor.

GOVERNOR'S VETO MESSAGE ON HB 1454-FN

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 24, 2022, I have vetoed House Bill 1454, relative to permits for the siting of new landfills. I agree with the experts at the Department of Environmental Services (DES) that this bill would have been better suited as a study. It is extremely likely this bill would curtail landfill development in the state and lead to New Hampshire's waste to be transported out of state, creating higher costs and property taxes for our citizens. New Hampshire's landfill regulations are already rigorous and robust. According to the DES, there is no data indicating that the lined landfills currently operating and adhering to our regulations in the state are adversely affecting our state's waterways. Therefore, while the intent of this bill is good, it is ultimately a solution in search of a problem. The requirements in HB 1454 would have likely prevented construction of some of the seven lined landfills operating in the state. Acknowledging the desire to strengthen the state's requirements, I signed a reasonable bill (SB 396) earlier this year enabling the DES to require a landfill applicant to hire an independent engineer or hydrogeologist to

ensure their proposed landfill meets our permitting requirements. I am open to further changes to our landfill requirements, but these changes must be based on data. Now is not the time to raise additional fees and taxes on our citizens as a result of asking other states to manage our trash. For the reasons stated above, I have vetoed House Bill 1454.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1454-FN**, relative to permits for the siting of new landfills, become law?

Reps. Tucker, Stapleton, Simon and Gay spoke in favor.

**SENATE MESSAGES
CONCURRENCE****HB 2023-FN-A**, making appropriations to the department of energy for a state emergency fuel assistance program and a supplemental electric benefit, and relative to the electric low-income program fund.**GOVERNOR'S VETO MESSAGE ON HB 1625**

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 27, 2022, I have vetoed House Bill 1625, repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility. In the eight years since this law was originally enacted, we know of no instance where an individual or group has been harmed by it. As a result, I am not looking to make any changes at this time. For the reasons stated above, I have vetoed House Bill 1625.

Respectfully submitted, Christopher T. Sununu, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1625**, repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility., become law?

Reps. Abramson and Wuelper spoke in favor.

Rep. Marjorie Smith spoke against.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

SENATE MESSAGE

The Senate has voted to sustain the Governor's veto on the following bills:

SB 200, apportioning congressional districts.

HB 1454-FN, relative to permits for the siting of new landfills.

UNANIMOUS CONSENT

Rep. Chase requested Unanimous Consent of the House regarding memorial remarks for her father-in-law and addressed the House.

MOTION TO PRINT REMARKS

Rep. Alexander moved that the remarks made by Rep. Chase during Unanimous Consent be printed in the Permanent Journal.

Without objection, the Speaker ordered.

REMARKS

Rep. Chase: Thank you, Mister Speaker. Thank you, my colleagues of the House, for giving me this opportunity to speak. This morning my father-in-law, Major Robert Freeman Chase, US Army Retired, was put to rest alongside of his beloved mother, father and sister. Today is also the last New Hampshire House Session and I will be attending as a Strafford County District 18 State Representative. Dad was so proud of my four years at legislative service and he loved to discuss his concerns about driving, pedestrians; he was 96, pedestrian safety and always did I see the Governor today? After each day in Concord, I would kneel by his side and tell him about my day. He loved to watch our Judiciary YouTube committee hearings, always sharing his thoughts on how I did and how many times I got up. Bob was born in Lynn, Mass on July 17, 1926 and at the age of 18, he enlisted in the Army to fight in WWII. After basic training, he served with Company L of the 405th Infantry Regiment, 102nd Infantry Division known as the Ozarks. Bob's baptism of fire came in April of 1945 during their assault at the Rhine River. His unit discovered a war crime in Gardaland Germany. When he was being interviewed by Andrew Biggio for the book, *The Rifle*, which if anybody has not read that, it's absolutely terrific - all war

stories, WWII veterans who are still with us. Dad told him one of the hardest moments for him was seeing the bodies of almost 1,000 civilians pushed into a barn and set on fire by the SS troops. It was unbearable. Each fellow took his turn to go over and see what they could do to help and he said, "I'd seen enough at this point." At the conclusion of the war, Bob spent several months in a rest camp in Germany to recover from his injuries. After the war, Bob remained in service for his country, serving as an officer in the 101st Engineer Division as a combat engineer and then as an officer in the Air Defense Command, which was responsible for protecting the US mainland from air attacks. He retired from the Army in 1969 as a Major. Bob married and raised four children in Nahant, Mass and after the death of his beloved wife, Dorothy, in 1969 he moved the family to North Hampton, New Hampshire. He had a very successful business career with several different companies and in 1980 he founded the New Hampshire Clinic for Hypnosis. Bob always enjoyed spending time with his family and friends. He loved woodworking, restoring antiques and collecting toys, especially Hess trucks. I've got a lot of them at the house. The number one question each time Dad saw me and we discussed my day in Concord was, "But do you really like what you are doing?" My reply was always yes and he would pat my hand. I miss you, Dad. I miss our conversations and it was only fitting that I complete my service to the House, my constituents and to you by honoring your life. Thank you very much for this opportunity.

UNANIMOUS CONSENT

Rep. Baldasaro requested Unanimous Consent of the House regarding a goodbye and addressed the House.

MOTION TO PRINT REMARKS

Rep. Marjorie Smith moved that the remarks made by Rep. Baldasaro during Unanimous Consent be printed in the Permanent Journal.

Without objection, the Speaker ordered.

REMARKS

Rep. Baldasaro: Thank you, Mister Speaker. Mister Speaker, for me it's been a long ride. This is one of the most honorable things I've ever done in my life, next to my time as a Marine. I thank the Clerk, Paul Smith, for the great job he's done and support I've had for many years from you and I hope you will be up there for the next 16, 20 years for others, making a difference. But anyways, I won't say too much about the Speaker because I've known the Speaker for a long, long time and I mess with him about riding up here back in the day on a horse, tied up out front. But anyways, when I first came up here, I got elected in November. I came up here and one of the best Chairmen I have ever had and you all know him, was Kris Roberts. Kris Roberts is no longer here. He's in Keene. I've learned a lot from that guy, but what a lot of people didn't know and got mad at me at the beginning, called me names, was Kris Roberts and I served in the Marines together. We were in the same unit. We went to Desert Storm together. There was a brotherhood between Kris and I. So those that were on that committee back then when Kris kept coming to me for the answers on veteran's issues, it was because of the brotherhood that we had serving hand in hand together in war and in the garrison. But anyways, my time up here, working with Democrats and Republicans, I made some great friends. When I got married, I had five or six Democrat Representatives at my wedding. Many complained for many years about me and wanted me to resign and I can tell you a quick story. One time, when somebody wanted me to resign for something I said, I went in to Speaker Bill O'Brien's office. There were people sitting at the table. I took my gun off my side and set it on the table and I said I'm here to resign. He said, "No you're not, get back to work." But that is another story. When I first came here, we worked hand in hand together, Republicans and Democrats. We were friends. I still got a lot of good friends here. Over the last few years, this had changed drastically. I say good morning. I'm a nice guy. I'm a happy guy. I'm a how you doing and everything else. I say Hi to some there and they just walk by. It wasn't like that years ago. Years ago, we went to Tandy's, which was the Capital Grille. We had a great time over there together. My good friend Mike O'Brien and I are from Cambridge there. A lot don't know why we get along, okay? But he's the Irish side and I'm the Italian side. My good friend Peter Leishman and Marjorie Smith, we went to Turkey together. Everyone thought I was going to get them killed, okay? "Oh, you're going with Al Baldasaro?" But in anything, we had a great time and if anything I saved them on what to do and we were being gassed. We were right in the middle of a riot, being gassed and who was the only man that many of you had gas in your eyes, tears, snots coming out, right? Because they listened to me. This had been one hell of a ride. Every bill, what you don't know, that I filed as a veteran, as a veteran activist, I had Democrats on my bill. I made them nonpartisan. I had great, as a chairman twice, I had a great committee. I have to thank my ranking member, Linda Massimilla, who we became very good friends for a long time, okay? We worked hand in hand. Everyone in my committee, I've given them opportunity and I told them just like I did. The Democrat Party and the Republican Party did not send us here. Your constituents did. You vote by your heart and if you believe in something, you stand by it. And I told them all of both parties that in my committee. That's why we had such a great time working hand in hand together. I hope and I've been in this business for many years so you don't know I was a Democrat for many years, okay? My grandfather was a four term Mayor. I grew up sitting at the table with the Kennedys and grew up with Tip O'Neill, okay? My grandfather was Al Vellucci, 50 years politics. But what I'm trying to say is back

then we might disagree, but we worked hand in hand together. 80% of the legislation in this House, we all come together. But yet some attack each other personally or they want to throw stones at you and call you everything in the book and that's me. I've been called everything in the book, okay? I've been attacked over and over and over and for no reason because you really didn't know me, because you looked at me and said wow, he's an ass, okay? But really, I'm an old Marine and the Marine Corps mentality take the hill, but make sure you teach the team, everyone else, so they survive. That's what we did up here. We came together at many, many issues and I'm hoping that in the future, we come back together the way it was, okay? I've got to admit, you know, my good friend over here, the former Speaker and yes, we are friends and we are also brethren together. We are also fellow veterans. He did a great job. We worked hand in hand. If you notice, many times when I was the floor leader, I got up because I recognized his voice being weak. He was in the Army, so I understand. I got up and I brought him Halls to help him out with his voice. Am I right? All right. The Speaker here, the same thing. We've been together a long time. The Speaker has done a great job. He's treated Republicans and Democrats. He did everything he can to bring us together, but because of Covid, it caused us all problems. We were separated. We weren't doing like we used to do over the years there. So we really didn't get to know each other, okay? We have some representatives here who are always on attack mode. Always on attack mode and if a Republican looked the wrong way, he was an idiot. He was attacked. If a Democrat looked the wrong way, she was attacked or he was attacked. There was people sitting in this House who was twittering on every word we said, twittering out. It's a shame and it's got to stop. That's got to stop. We got to work hand in hand. We all have families. We are all volunteers. My family, my kids used to say, "Dad, why do you do this? They attack you all the time. Why?" And I told them I do it for love of country, love of state, love of elderly people that I worked hand in hand with. My good friend Katherine Rogers. God bless her. Her and I worked hand in hand on an elderly protection bill. My good friend Renny Cushing. We worked hand in hand on another bill. This is the way it should be, you know? But for many years, I was called names and this and that, but you really didn't know it. It was just stupidity or ignorance that did that. That's all it was. But I'm asking you to please, once and for all, bring this House back together the way it was and that way there, we will prosper. I'm going to be watching from afar, okay? As I work on my tan there and as you know, and I'm hoping my good friend John Burt don't make any remarks because what you all don't know is you attack John Burt, but I have 5% African blood in me. Did you know that? Okay, so when you called me a racist over the years, half my family is African American, okay? But I'm a racist. See what I'm saying? So think before you attack somebody because you are wrong, okay? We are all a family trying to do the right thing. We are just coming from different directions. Thank you.

Rep. Cali-Pitts: Thank you to those who have endured. I don't say much all the time and if I do, I'll cry. All I can say is thank you to everyone who has been kind and brought me along over 26 years. I was going to stay one term. To the Clerks, to the maintenance people, to the security people, to everybody else behind us, to the committee assistants who really had the knowledge and you could run to and say help me. To my family. To Burt, I'm going to miss the odd ducks. Thank you. Thank you so much. We are family. We are sometimes dysfunctional and like a family. We argue. I can't remember when I first came in here. I'm brash because I was a Marine wife, not Al's. I come from New York City and if you are quiet in New York City, you'll get lost under a subway. So, thank you again. That's all I want to say and it has been a great ride over 26 years. Thank you all.

REMARKS

Rep. Burt: Thank you, Mister Speaker. Mister Speaker, there is a couple of Reps who are no longer with us that I just want to say their names. Rep. Shaw and Rep. Vaillancourt. They taught me a lot up here. Rep. Vaillancourt said, "Be friends with everybody because who you are beating up today, you're going to be best friends tomorrow on a different bill." And I agree with that. Right there is an example. You know we have had differences, but then there has been bills that we have joined and that's the way it should be. The other people that have really helped me is Reps. Notter, Baldasaro, Cali-Pitts and Eaton. They have all showed me that we can get along and that we must get along in order to make good legislation happen for the people. I want to thank Clerk Paul Smith for everything he does for us. His staff and the Clerk, they work extremely hard, especially the late nights we are here and you never see them complain. Mister Speaker, I am very honored to be here. I promised the voters that I would be here for every vote. I've been here 12 years and I've never missed a vote yet. Mister Speaker, there was times I was nervous about you not hearing me holler roll call.

Speaker Packard: I always heard you, John.

Rep. Burt: You always did. Mister Speaker, I want to thank the voters of Goffstown, Weare and Deering who allowed me to sit in their seat. It's not my seat. It's their seat. They allowed me to be here for 12 years. I want to thank them for that. I really do thank them for that. Mister Speaker, my wife said I couldn't get up here and speak because she says I'm emotional most of the time, but I do want to thank my wife. My wife, Phyllis Burt. I am so blessed to have her for a wife. I know there is a God because she is a gift from him to me. Mister Speaker, if it wasn't for my wife, we would not have raised \$43,000 for Hot Dog Day for 10 different dog groups. It's pretty incredible how we can all come together and go outside for a hot dog. So, Mister Speaker, I am not returning and it's sad for me because it is a lot of emotions. It's hard for me to say goodbye, but Mister Speaker, I want to thank all of my friends here and I want to say God Bless you and I will miss being here. Thank you, Mister Speaker.
