HOUSE JOURNAL NO. 14

Thursday, May 18, 2023

The House assembled at 10:00 a.m., and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Denis C. Brunelle, Interim Rector of St. Paul's Episcopal Church in Concord.

O God, You have given us this good land for our heritage: We humbly ask You that we may always prove ourselves to be a people mindful of Your favor. Bless our state with honorable industry, sound learning, and respect for each other. Save us from violence, confusion, and discord, from pride and arrogance, and from every disrespectful way. Defend our liberties, and fashion into one united people the many different multitudes that have settled in this Granite State. Endue with a spirit of wisdom and generosity those whom we entrust the authority of government, especially the Legislature of New Hampshire, that they may enact such laws that may bring true justice and peace, freedom, and dignity for all the citizens of New Hampshire. In time of prosperity, fill our hearts with thankfulness, and in the day of trouble let our willingness to honor each other prevail for the welfare of all people. Amen.

Representative Tommy Hoyt, member from Campton, led the Pledge of Allegiance.

The National Anthem was sung by the member from Bristol, Representative Carroll Brown.

MOTION TO PRINT REMARKS

Rep. Sweeney moved that the remarks made by Reps. Grote and Kate Murray be printed in the Permanent Journal. Without objection, the Speaker ordered.

REMARKS

Representative Grote: Thank you, Mister Speaker. David Borden served in the New Hampshire House for four terms from 2006 through 2012. Before coming to Concord, David had many life experiences which gave him a broad perspective. He was an infantry medic, a training officer in the Peace Corps and a community development specialist. He and his family formed Victoria International Corporation giving hundreds of international corporations opportunities to improve their customer service. David had always been an environmentalist and served on the New Hampshire Rivers Council, Southeast Land Trust and Sustainable Harvest International. David and Nancy Borden became friends when I married and moved to New Castle in 1999. Their home, the little red house, with their large extended family was always a fun place to visit. Many friends and neighbors added a warm touch to many evenings on the shores of the Piscataqua while rocking on their porch. When Nancy thought it would be a good idea to have a small café, the entire family got into the act and opened Henry's, named after Nancy's brother. It soon became a central meeting place for meals in between visits to the town's post office across the street. Now called The Islander, it is still adorning New Castle's downtown district. Our friendship took on an interesting twist when he and my late husband, Otto Grote, ran for State Representatives. Many an afternoon was spent looking at maps of New Castle and Rye to organize their canvassing. They started the tradition in our town to go door to door with their literature on bicycles. It was a happy sight to see them riding through Rye and New Castle. And always relying on his background for customer service, I know David wrote hundreds of thank you notes from those visits that summer. In November 2005, they were both elected, and we have canvassed on bicycles in their honor ever since. David served on the Science Technology and Energy Committee while in the House and focused his efforts on reducing energy consumption at the municipality level. Renewable- energy was always on his mind and when Biofuels became available for heating homes, he made sure everybody was aware of its availability. Additionally, he was appointed to the New Hampshire Storm Water Commission and the Agriculture and Energy Committee of the National Conference of State legislators by then House Speaker Terie Norelli. And now to share with you the rest of the story is my friend and colleague, Kate Murray.

Representative Kate Murray: David Borden passed away on Wednesday May 3, 2023. He was born on April 14, 1936, and raised on a farm in Vermont. As you heard, his fingerprints can be found all over New Hampshire on projects that will continue to benefit Granite Staters. One of his last projects was to initiate in the town of New Castle, the SafePath, which affords a safe walking path along Route 1B all through New Castle for children going to school, walkers, runners and families with strollers. The path is nearing completion. New Castle is a small, tightly knit, community where word travels quickly. So, when David decided not to run again, word got back to me that my name was being bandied about as someone to run for his seat. I had never considered the idea before and my first reaction was that the legislature was not for me. I knew there was going to be a meeting to discuss the possibility of my running, and I figured that I had better go to protect myself from absentee volunteerism. When you leave to use the restroom and you come back and now, you're chair. After the meeting and hearing people talk, I reconsidered and here I am. David took on the role of mentor, teacher, guardian angel, debate partner. So many roles I could not list. He told me that he would go campaigning with me door to door in New Castle and in Rye. We walked and we cycled, and we drove. I was the only one who fell off the bike and I wish I knew how many miles that we traveled. Every time before we went out, I told him, you don't have to go with me. I can do this by myself and there are tons of other people that can go with me. He told me that he wasn't exactly doing this for me, even though he was. But he went on to add that he was doing this so that when my tenure was over, it would be my turn to go door to door with the person who followed me, just as he was doing with me now. I did not know that was going to be part of the job, but I can see that is exactly what I will be doing, so thanks a lot, David. This defines an important characteristic which made David so special. He did not think a lot about the present, or even the near future. He was thinking of the long, long game. He was never thinking of himself. He was thinking of others. He was the farmer who planted the trees that he would never taste but that would be enjoyed and valued by every subsequent generation. There are many of these trees in New Castle and many more across the State of New Hampshire. This is his legacy, and this creates and ensures his immortality. Thank you, David. You are loved and you sure will be missed.

Motion was adopted.

CONSENT CALENDAR

Rep. Osborne moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 58, relative to arrests without a warrant while in the care of a medical professional on the premises of a residential care or health care facility, removed by Reps. Hoell, Layon, Hynes, Tom Mannion, Read, Granger, Gerhard, Post, Horrigan and Burnham.

SB 60, relative to water quality, removed by Reps. Hynes, Tom Mannion, Read, Granger, Hoell, Phillips, Wheeler, Diane Kelley, McCarter and Cushman.

SB 160-FN, relative to the use of OHRVs on designated trails and requiring a permit to operate certain OHRVs from before sunrise to after sunset, removed by Reps. Hynes, Read, Horrigan, Granger, Santonastaso, Tom Mannion, Burnham, Gerhard, Hoell and Phillips.

SB 54-FN, relative to purchased power agreements for electric distribution utilities, removed by Reps. Cormen, Vose, Caplan, Notter, Doug Thomas, Wendy Thomas, Summers, Muns, Bernardy and McGhee.

Consent Calendar was adopted.

SB 23, establishing a study committee on meat processing. **OUGHT TO PASS.**

Rep. Barbara Comtois for Environment and Agriculture. This is a necessary study committee that will look at the slaughter/processing regulations and procedures for non-amenable species (bison, deer, elk, etc.). The committee will examine the problems encountered to transport bison, deer, or elk (etc.) to get them to a USDA facility for slaughter and the coordination necessary to get to the facility on time to meet the on-site state-approved veterinarian. With USDA facilities booking one to two years out, the coordination effort can be daunting. This committee will discuss these, and other problems encountered with non-amenable species slaughter/processing and examine solutions to streamline the process. Food sustainability should be a top priority for New Hampshire. Vote 19-0.

SB 62, relative to landowner liability under RSA 147-B, the hazardous waste cleanup fund. **OUGHT TO PASS.**

Rep. Catherine Kenny for Environment and Agriculture. This bill was requested by the Department of Environmental Services to correct and clarify language in RSA 147-B regarding limitations on liability for landowners relative to hazardous wastes and hazardous substances. Vote 19-0.

SB 159-FN-L, establishing a committee to study unlimited service area permits for landfills and out of state waste coming into New Hampshire. **OUGHT TO PASS.**

Rep. Megan Murray for Environment and Agriculture. The committee unanimously agrees that this bill, relative to the study of unlimited service area permits for landfills and out of state waste coming into New Hampshire, is timely and necessary to complement the work being done within the Solid Waste Working Group. The Solid Waste Working Group does not currently cover this topic, but this committee shall undertake the study. Recent data shows a large portion of solid waste going to New Hampshire landfills comes from out of state. This committee will examine how much solid waste is coming from out of state *and* the relationship to unlimited service area permits for landfills. Vote 19-0.

SB 162, relative to exemptions from rabies vaccinations for dogs, cats, and ferrets. **OUGHT TO PASS.**

Rep. Sherry Dutzy for Environment and Agriculture. Some animals have a severe reaction to the rabies vaccine, possibly even causing death. For those cases, this bill simplifies the process for exempting dogs, cats, and ferrets from receiving the rabies vaccination. Currently, owners of such animals must annually complete a form signed by their veterinarian, a second veterinarian who is an Internal Medicine Diplomate, and the State Veterinarian. It is a time-consuming and costly process. After the first exemption is received through the current process, this bill allows for subsequent exemptions only to be certified by a veterinarian. Vote 18-1.

SB 211-FN, relative to background investigations of solid waste and hazardous waste facility permit applicants. **OUGHT TO PASS.**

Rep. Jim Creighton for Environment and Agriculture. The Environment and Agriculture Committee unanimously endorses this bill. The testimony of the Department of Environmental Services indicated that this legislation is necessary for New Hampshire to meet federal regulatory requirements for conducting background checks. Vote 19-0.

SB 44-FN, relative to license requirements for certain alcohol and other drug use professionals. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Tony Lekas for Executive Departments and Administration. When a “master licensed alcohol and drug counselor,” (MLADC) is working with a client on their substance abuse problems they are often also helping that client with other mental health problems. If the MLADC successfully helps the client deal with their substance abuse disorder the client may still need help dealing with their other mental health problems. Currently, once the client does not need further professional help with their substance use disorder, the MLADC is not permitted to work with the client on their other problems, and the client would need to find another mental health professional to help with those problems. It is often difficult for a client to find a mental health professional that they can work well with. It is not helpful to require that they find and establish a good working relationship with another mental health professional in the middle of dealing with their problems. This bill, as amended, would permit a MLADC to continue working with a client after they no longer need professional help with their substance use disorder. Not only would such clients get better care, but the pool of available mental health professionals would, in effect, be expanded. New Hampshire currently has a serious shortage in this area. The bill, as amended by the Senate, added a criminal justice degree to the list of bachelor’s degrees that meet one of the requirements for licensure. That was added because a school in New Hampshire planned to offer such a degree that would meet the licensure requirements. However, that school chose not to offer the program so the amendment removed it. The committee heard testimony that if such a degree, or another that met the other requirements for licensure, was created it could be added by rule making. Vote 19-0.

Amendment (1453h)

Amend the bill by replacing section 3 with the following:

3 Alcohol and Other Drug Use Professionals. Amend RSA 330-C:2, XII to read as follows:

XII. “Facility” means an alcohol and other drug use prevention, intervention, **recovery**, or treatment agency which is publicly or privately owned, for-profit or not-for-profit, and which is licensed, ~~or~~ certified, or ~~[required to be licensed or certified]~~ **otherwise overseen or approved** by the state, or is under contract to a state agency.

Amend the bill by replacing section 7 with the following:

7 Alcohol and Other Drug Use Professionals. Amend RSA 330-C:10, I to read as follows:

I. The scope of practice of the MLADC is the screening, assessment, diagnosis, treatment planning, and treatment of substance use disorders, **mental health disorders**, and co-occurring disorders ~~[only within the context of addressing substance use disorders]~~. The practice of alcohol and drug counseling and co-occurring disorder counseling includes the following performance areas which encompass the 12 core functions and practice dimensions of addiction counseling:

(a) The performance of clinical evaluations including the screening, assessment, and diagnosis of substance use disorders, ~~[and]~~ mental health disorders ~~[when they are]~~ **and** co-occurring ~~[with a substance abuse disorder]~~ **disorders**, and the performance of **diagnosis and** differential ~~[diagnoses]~~ **diagnosis. This includes severity assessment and assessment of dangerousness to self or others;**

(b) The performance of treatment planning, case management, consultation, education, documentation, and client advocacy;

(c) The performance of counseling including:

(1) Individual, group, family, and significant other counseling;

(2) Crisis prevention and intervention **to include enlisting the support of trained personnel to manage risk of harm to self or others;**

(3) Co-occurring disorder counseling with the use of integrated models of assessment, intervention, and counseling techniques ~~[within]~~ **with and without the context or treatment of a substance use disorder;**

(d) Adherence to professional and ethical standards as determined by the board.

Amend the bill by deleting section 9 and renumbering the original sections 10 and 11 to read as 9 and 10, respectively.

SB 72-FN, relative to provider credentialing procedures. **OUGHT TO PASS.**

Rep. Jaci Grote for Executive Departments and Administration. This bill requires that health carriers act upon a change of status of providers within 30 days of notification by the providers or notify the provider of a delay or inability to act. Current statute requires all participating providers to notify the health carrier of changes in status but there is no time limit for the provider to act. Testimony recounted issues with providers

who have notified the carrier, but coverage was questioned because the carrier had not noted the change in their systems. The bill is supported by the New Hampshire Hospital Association, New Hampshire Medical Association, and New Hampshire Medical Group Management Association. Vote 18-0.

SB 87-FN, relative to nurses for youth camps, organized recreation, and community-sponsored recreation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill streamlines the licensing requirements for nurses working in camps and recreational programs if certain conditions are met. First, it allows a registered nurse (RN) or licensed practical nurse (LPN) whose license is currently expired, to be licensed for the limited purpose of camp/recreational programs providing they were licensed in New Hampshire within the last 3 years, their license was in good standing, and they have met ongoing continuing education requirements. Second, it allows an RN or LPN whose license is currently expired, to be licensed for the limited purpose of camp/recreational programs providing they were licensed in another US jurisdiction within the last 3 years, their license was in good standing when it became inactive, they have met ongoing continuing education requirements, evidence of which must be provided to the Office of Professional Licensure. Third, senior nursing students, who are within 5 months of graduation may be licensed for the limited purposes of camp/recreational programs if they are employed by or providing services at the direction of a licensed health care facility or licensed health care provider. The amendment simply clarified that the required direct supervision of nursing students must be on-site direct supervision. Vote 19-0.

Amendment (1458h)

Amend RSA 326-B:47, III(b) as inserted by section 1 of the bill by replacing it with the following:

(b) The individual has direct on-site supervision while providing health care services.

SB 171, relative to the definition of youth recreational programs. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. The current licensing statute on youth recreational programs restricts certain programs to children 6 years of age or older. These programs include those which occur before or after school, vacation and summer programs, those run by schools, religious groups, the Boys and Girls Clubs of America, Girls, Inc., or the YMCA or YWCA. The bill changed this language to "school age" program, so that kindergarteners could be included. Because there was some question about what "school-age" meant, the amendment incorporated the definition of "school-age" from an existing statute, and changed the language to "4 years and 8 months," so that all children currently of school age are specifically included and may attend these programs. Vote 19-0.

Amendment (1455h)

Amend the bill by replacing section 1 with the following:

1 Child Day Care Licensing; Definitions. Amend the introductory paragraph of RSA 170-E:2, XI-a to read as follows:

XI-a. "Recreational program" means any before and/or after school, vacation, or summer ~~[youth program for children 6 years of age or older]~~ **program for children 4 years and 8 months of age or older** offered by a school or religious group, the Boys and Girls Clubs of America, Girls, Incorporated, the YMCA, or the YWCA, provided that the program:

SB 238-FN, relative to the use of telemedicine to treat mental health conditions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill is the second bill considered by our committee dealing with telehealth issues. Emergency rules which have allowed the successful expansion of treatment by telemedicine will expire this May. This bill deals only with the use of telemedicine to treat mental health issues. HB 500, which already passed 20-0 in the Health, Human Services and Elderly Affairs Committee and on the consent calendar in the full House, is a far broader bill which addresses all the aspects of telemedicine which need to be addressed before the expiration of the emergency rules in May. The committee believes that HB 500 contains the better approach to the problem, so the committee amendment simply replaces the language of SB 238 in its entirety with the language of HB 500 as passed by the House. Vote 19-0.

Amendment (1454h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to prescribing opioids via telehealth medicine.

Amend the bill by replacing all after the enacting clause with the following:

1 Telemedicine; Out of State Physicians. Amend RSA 329:1-d, III to read as follows:

III. ~~[It shall be unlawful for any person to prescribe by means of telemedicine a controlled drug classified in schedule II through IV, except substance use disorder (SUD) treatment. Methadone hydrochloride, as defined in RSA 318-B:10, VII(d)(2) shall not be included in the exemption.]~~ **A physician licensed under**

this chapter may prescribe non-opioid and opioid controlled drugs classified in schedule II through IV by means of telemedicine after establishing a physician-patient relationship with the patient. When prescribing a non-opioid or opioid controlled drug classified in schedule II through IV by means of telemedicine a subsequent in-person exam shall be conducted by a practitioner licensed to prescribe the drug at intervals appropriate for the patient, medical condition, and drug, but not less than annually. The prescription authority under this paragraph shall be limited to a physician licensed under this chapter, or a physician assistant in accordance with RSA 328-D:3-b, and all prescribing shall be in compliance with all federal and state laws and regulations.

2 Definitions; Nursing; Telehealth. Amend RSA 326-B:2, I-a to read as follows:

I-a. "Advanced practice registered nurse-patient relationship" means a medical connection between a licensed APRN and a patient that includes an in-person or **telemedicine** ~~[face-to-face 2-way real-time interactive communication]~~ exam, a history, a diagnosis, a treatment plan appropriate for the licensee's medical specialty, and documentation of all prescription drugs including name and dosage. A licensee may prescribe for a patient whom the licensee does not have an APRN-patient relationship under the following circumstances: writing admission orders for a newly hospitalized patient; for a patient of another licensee for whom the prescriber is taking call; for a patient examined by another licensed practitioner; or for medication on a short-term basis for a new patient prior to the patient's first appointment.

3 Definitions; Nursing; Telehealth. Amend RSA 326-B:2, XII(a)-(c) to read as follows:

XII(a). "Telemedicine" means ~~[the use of audio, video, or other electronic media for the purpose of diagnosis, consultation, or treatment]~~ **the use of audio, video, or other electronic media and technologies by a licensee in one location to a patient in a different location for the purpose of diagnosis, consultation, or treatment, including the use of synchronous or asynchronous interactions as defined in RSA 310-A:1.**

(b) An out-of-state APRN providing services by means of telemedicine shall be deemed to be in the practice of medicine and shall be required to be licensed under this chapter.

(c) ~~[It shall be unlawful for any person to prescribe by means of telemedicine a controlled drug classified in schedule II through IV except for use in substance use disorder treatment.]~~ **An APRN licensed under this chapter may prescribe non-opioid and opioid controlled drugs classified in schedule II through IV by means of telemedicine after establishing an advanced practice registered nurse-patient relationship with the patient. When prescribing a non-opioid or opioid controlled drug classified in schedule II through IV by means of telemedicine a subsequent in-person exam shall be conducted by a practitioner licensed to prescribe the drug at intervals appropriate for the patient, medical condition, and drug, but not less than annually. The prescription authority under this paragraph shall be limited to an APRN licensed under this chapter, and all prescribing shall be in compliance with all federal and state laws and regulations.**

4 Repeal. RSA 329:1-d, IV, relative to the prescribing of non-opioid controlled drugs, is repealed.

5 Repeal. RSA 326-B:2, XII(d), relative to the prescribing of non-opioid controlled drugs, is repealed.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill modifies the procedure for physicians, physician assistants and APRN's to prescribe certain non-opioid and opioid controlled drugs by means of telemedicine.

SB 27, relative to financial disclosure forms filed by judges. **OUGHT TO PASS.**

Rep. Kristine Perez for Judiciary. This bill provides that the filing of a financial disclosure form by a judge pursuant to the Code of Judicial Conduct satisfies the requirements of filing a statement of financial interest under RSA 15-A. The bill is intended to eliminate confusion in situations where a judge is appointed to serve on some executive or legislative board or committee that requires that members file a statement of financial interest under RSA 15-A. At the present time, it is unclear whether the judicial financial disclosure form the judge has already filed is enough to satisfy RSA 15-A or whether the judge must file a separate 15-A form. The bill makes it clear that the judicial form, which in many respects is more comprehensive than the RSA 15-A form, satisfies the 15-A requirements. Vote 19-0.

SB 59, relative to the director of charitable trusts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joe Alexander for Judiciary. This bill is a request of the Attorney General and would remove the requirement that an in-person investigation of a nonprofit in New Hampshire by the Director of the Charitable Trusts Unit be held at the State House. The amendment adds language that allows the nonprofit entity being investigated to demand that the investigation be held in person (rather than remotely) at a physical location determined by the Attorney General. Vote 20-0.

Amendment (1404h)

Amend the bill by replacing section 1 with the following:

1 Director of Charitable Trusts; Investigations. Amend RSA 7:24 to read as follows:

7:24 Investigation. The attorney general may investigate at any time charitable trusts, charitable solicitations, and charitable sales promotions for the purpose of determining and ascertaining whether they are administered in accordance with law and with the terms and purposes thereof. For the purposes of such investigation the attorney general may require any person, agent, trustee, fiduciary, beneficiary, institution, association, corporation, or political agency administering a trust, charitable solicitation, or charitable sales promotion or having an interest therein[,] or knowledge thereof, to appear ~~[at the state house]~~ at such time and place as the attorney general may designate then and there under oath to produce for the use of the attorney general any and all books, memoranda, papers of whatever kind, documents of title or other evidence of assets or liabilities which may be in the ownership or possession or control of such person, agent, trustee, fiduciary, beneficiary, institution, association, corporation, or political agency and to furnish such other available information relating to said trust, charitable solicitation, or charitable sales promotion as the attorney general may require. ***Any person, agent, trustee, fiduciary, beneficiary, institution, association, corporation, or political agency administering a trust, charitable solicitation, or charitable sales promotion or having an interest therein or knowledge thereof, that is subject to an appearance by the attorney general has the right to have such appearance be in a physical location as determined by the office of the attorney general.***

SB 65, relative to screening panels for medical injury claims. **OUGHT TO PASS.**

Rep. Katelyn Kuttub for Judiciary. This bill repeals RSA 519-B, the law regarding screening panels for medical injury claims. These panels are composed of three members: a retired judge who presides as chair, a medical expert, and an attorney. It takes time and effort by Judicial Branch staff to find medical experts and attorneys who can and want to serve on a panel and are without conflicts of interest, which is a particular problem in a small state like New Hampshire. It is difficult to find members willing and able to serve and ultimately the panels are mostly being waived by mutual agreement of the attorneys for the claimants and the attorneys for the doctors or other health care providers. From 2018 until now, only 2 panels have taken place. The evidence presented at the hearing showed that the panel system has not accomplished its intended purposes: it takes too long, has not been shown to reduce costs or change litigation outcomes, and has not been shown to impact malpractice insurance costs. Vote 20-0.

SB 89, relative to accommodation for medical reasons in issuing marriage licenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bob Lynn for Judiciary. This bill was requested by municipal clerks. It provides that, in cases where an applicant for a marriage license presents documented medical reasons for his or her inability to come to the town clerk's office, the clerks may accommodate the person by meeting with the person in another convenient location in the city or town. The amendment changed the word "shall" in the senate version to "may," thus giving the clerks discretion to grant or deny the request for an accommodation based on the particular circumstances. The amendment also removed a provision that would have allowed the clerk to meet with the person electronically because the committee was concerned that allowing a non-personal meeting could make it easier for someone to perpetrate fraud or be coerced into obtaining a marriage license. Vote 20-0.

Amendment (1605h)

Amend the bill by replacing all after the enacting clause with the following:

1 Marriage Registration Forms and Procedures; Marriage License Registration. Amend RSA 5-C:42, V-a to read as follows:

V-a. If either party is unable to appear in person for ***documented*** medical reasons, the city or town clerk ~~[shall]~~ ***may*** accommodate the parties by meeting in person with the parties at such other location within the city or town as may be convenient.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows a city or town clerk to accommodate parties unable to appear in person for a marriage license due to documented medical reasons.

SB 92-FN, relative to the authority of registers of probate. **INEXPEDIENT TO LEGISLATE.**

Rep. Cam Kenney for Judiciary. Pursuant to statutes enacted more than a decade ago, the duties of the elected registers of probate were taken over by the clerks of the circuit court, leaving the registers with no duties. But because the position of register of probate is created by the constitution, the position itself could not be eliminated. This bill proposes to add some duties to the register position. However, the current system of having clerks perform the duties formerly performed by the registers is working well, and the committee was very concerned that, however well-intended, assigning duties to the registers would invariably lead to conflicts between elected registers and appointed clerks and would undermine the proper functioning of the probate courts. Vote 20-0.

SB 129-FN, relative to the payment of costs for indigent persons involved in mediation services. **OUGHT TO PASS.**

Rep. Scott Wallace for Judiciary. This bill changes the way costs for mediation are funded in marital dissolution cases where children are involved. Currently the costs of mediation are paid out of the mediation and arbitration fund established by RSA 490-E:4, but the court can order repayment from the parties through the office of cost containment. The judicial branch has found that the prospect of incurring the obligation for repayment has caused many indigent parties not to fully take advantage of mediation services, which means that fewer cases are resolved amicably, and more cases result in contested trials. The fiscal impact of this change is minimal according to the judicial branch and the Judicial Council, as currently the average expenditure annually is \$68,600 for these cases and is entirely funded by the mediation and arbitration fund which sources its monies from fees, grants, and other contributions, gifts, bequests, and donations, so there is no tax impact. Vote 20-0.

SB 183, exempting certain phone calls from the right to know law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joe Alexander for Judiciary. This bill allows a person who places a 911 call access to their phone call for use in connection with an investigation in anticipation of litigation or for use in a civil proceeding. Information released by the 911 system can only be used for these purposes and cannot be further disclosed. In addition, if the call is connected to a criminal investigation, no release is permitted until the criminal investigation is over. The committee believed if you place a call, you should have access to it. The amendment also gives the subject of a 911 call access to the call for the same purposes as the caller may obtain access. Vote 20-0.

Amendment (1402h)

Amend RSA 106-H:14, II(c) as inserted by section 1 of the bill by replacing it with the following:

(c) To the caller or their legal representative, or to the subject of the call or their legal representative, with written authorization of the recipient on a form satisfactory to the department, that such information or records are being made available solely for the purposes of investigation in anticipation of litigation or for use in connection with any civil court proceeding. Records released under this section shall be marked "limited purpose release" and shall not be redisclosed by the recipient beyond the investigation or civil proceeding. Any records which are the subject of a criminal investigation will be released only after the criminal matter is concluded. Neither the state nor its agencies or employees shall be civilly liable for any improper use or release of 911 records to any person obtaining such records as provided in this section.

AMENDED ANALYSIS

This bill provides that although records compiled under RSA 106-H, relative the enhanced 911 system, are not public records under RSA 91-A, the division may release records to the caller or the subject of the call for the purpose of a legal investigation or civil proceeding.

SB 250, relative to remote participation in government meetings. **INEXPEDIENT TO LEGISLATE.**

Rep. Richard Tripp for Judiciary. This bill is an example of a solution is search of a problem. The Judiciary Committee was unanimously of the view that the current law concerning the circumstances under which a public body may allow one or more members to participate in a meeting remotely subject to the requirement (except in emergencies) that a quorum be physically present at the meeting location is working well and that there is no need for the additional restrictions this bill would impose. Passage of this bill would impact municipalities that have already dealt with a remote attendance problem in their own fashion. Vote 20-0.

SB 264-FN, relative to parentage. **OUGHT TO PASS.**

Rep. Zoe Manos for Judiciary. This is both a housekeeping and a substantive bill. The title change to the existing statute, RSA 168-B, from Surrogacy to Parentage, acknowledges that the statute is comprehensive and addresses parentage as well as surrogacy. RSA 168-B, which was originally enacted in 2014 and then amended in 2015 and 2020, needs the substantive updates contained in this bill to reflect and incorporate current medical and legal practices. Vote 20-0.

SB 56-FN, relative to payments for restoration of certain jurisdictional resource losses. **OUGHT TO PASS.**

Rep. Jessica LaMontagne for Resources, Recreation and Development. Pursuant to RSA 482-A, (Dredge and Fill in Wetlands) the Department of Environmental Services is authorized to accept payments into the Aquatic Resource Compensatory Mitigation Fund, in lieu of other forms of mitigation to offset impacts in the areas under the jurisdiction of RSA 482-A. Presently, the opportunity to use an in lieu fee payment to offset losses of areas under the jurisdiction of RSA 482-A is limited to freshwater and tidal wetlands and stream/shoreline losses, as statutory mechanisms exist for calculating the in lieu fee payment for impacts in these jurisdictional areas. Other areas under RSA 482-A jurisdiction (undeveloped tidal buffer zones, prime wetland

buffers and sand dunes) are limited to permittee-responsible mitigation projects to offset impacts - a very difficult, time consuming and expensive process. This bill authorizes the inclusion in the mitigation statute the mechanism for calculating in lieu fee payment of mitigation costs for undeveloped tidal buffer zones, prime wetland buffers, and sand dunes. This statutory mechanism for calculating in lieu payment of mitigation costs for undeveloped tidal buffer zones, prime wetland buffers, and sand dunes will immediately benefit the state as the Department of Transportation replaces the Hampton Harbor Bridge, which will impact the intertidal zone between the towns of Seabrook and Hampton Beach. Vote 19-0.

SB 229-FN, relative to administration of certain wetlands permits by the department of environmental services. **OUGHT TO PASS.**

Rep. Tanya Donnelly for Resources, Recreation and Development. The New Hampshire Department of Environmental Services (NHDES) states, "this bill fixes several small issues in the statutes for land resources permitting programs that create ambiguity or difficulty for applicants during permitting." Parts 1 and 2 regulate stormwater management for large development projects and saves money for the applicants, giving the applicants the option to have time extensions to add information. Part 3 simplifies the wetlands statute for the applicant to obtain a signature from the municipality where the actual wetland impacts occur. Part 4 pertains to permitting of septic systems by the Subsurface Systems Bureau. It will allow for the use of the original approved design if the system fails. Property owners do not need to pay for a new design or for it to be reviewed by NHDES, saving time and money. Vote 20-0.

SB 103, including the raid on Fort William and Mary in Portsmouth in the planning of the American revolution sescentennial commission. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael Moffett for State-Federal Relations and Veterans Affairs. This measure recognizes the raid on Portsmouth's Fort William and Mary by New Hampshire forces on December 14, 1774 as the first armed resistance to British rule in the prelude to the American Revolution. Vote 12-0.

Amendment (1569h)

Amend RSA 17-S:3, IX as inserted by section 2 of the bill by replacing it with the following:

IX. Plan a publicly noticed and publicized event for December 14, 2024, relating to the raid on Fort William and Mary, now named Fort Constitution.

SB 19-FN, relative to bingo dates. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Fred Plett for Ways and Means. This bill, as amended, changes the allowable dates for bingo and lucky 7 for a charity from 10 to 16 days. This also allows charities to pay its volunteers \$50 for expenses, up from \$25. Vote 19-0.

Amendment (1739h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the operation of bingo games and the sale of lucky 7 tickets.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 5:

2 Operation of Bingo Games. Amend RSA 287-E:7, II(a) to read as follows:

II.(a) No compensation shall be paid to bona fide members of a charitable organization or others, except as provided in subparagraph (b), who operate or assist in the operation of a bingo game. Compensation shall include, but is not necessarily limited to, money or any other thing of value. Bona fide members of a charitable organization who operate or assist in the operation of bingo games may be reimbursed for their ~~[out-of-pocket]~~ expenses in an amount not to exceed ~~[\$25]~~ **\$50** per game date, provided that such expenses are ~~[itemized and]~~ submitted in writing to the charitable organization.

3 New Subparagraph; Sale of Lucky 7 Tickets. Amend RSA 287-E:21, II by inserting after subparagraph (c) the following new subparagraph:

(d) Lucky 7 tickets may be sold in conjunction with bingo games for no more than 16 game dates in one calendar month, and no more than 192 game dates in one calendar year.

4 Sale of Lucky 7 Tickets. Amend RSA 287-E:21, III-a to read as follows:

III-a. Lucky 7 tickets may be sold by dispenser devices approved by the commission and located at the regular meeting place of, or at a facility owned, leased, or utilized by, the licensee for its activities, including facilities licensed under RSA 287-D, provided that such device dispenses a paper or cardboard ticket and specifications for such dispenser device are contained in the rules of the commission. Any permitted lucky 7 device shall not be in the nature of a slot machine and the outcome of any wager involving a permitted lucky 7 device shall be determined by the cardboard or paper ticket, or the video monitor when so equipped. Devices capable of displaying the outcome on a video monitor shall provide the player with the option of printing a paper ticket. No charitable organization shall be licensed to sell lucky 7 tickets for more than ~~[10]~~ **16** days per month when selling tickets at a facility licensed under RSA 287-D. Lucky 7 tickets sold at said facilities may be sold during all hours for which the facility is licensed to operate.

AMENDED ANALYSIS

This bill increases the permitted number of game dates of bingo and lucky 7 ticket sales allowed for licensees each month and within each calendar year, changes the reimbursement amounts that may be paid to bona fide members of charitable organizations, and allows Lucky 7 tickets to be sold in conjunction with bingo games.

SB 20-FN, relative to keno license applications and fees. **OUGHT TO PASS.**

Rep. Cyril Aures for Ways and Means. This bill was requested by the Lottery Commission to eliminate the application fee because Keno operators are small business owners, and the \$500 fee was prohibitive. Vote 18-1.

SB 189-FN, relative to the definition of gross business profits in determining taxable business profits. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Janigian for Ways and Means. This bill, as amended, decouples the New Hampshire business tax interest deduction from Internal Revenue Code (IRC) section 163(j). Prior to the 2020 tax year, New Hampshire allowed the full interest deduction in one year. For tax years 2020, 2021, and 2022, New Hampshire disallowed the full deduction and was in line with IRC section 163(j). This bill brings us back to handling the deduction as New Hampshire did prior to the 2020 tax year. The amendment ensures that previously disallowed deductions that have been carried forward will be deducted in equal amounts over three years. This helps ensure a smooth transition in Department of Revenue Administration revenue collections. The committee believes this bill will encourage investment by New Hampshire companies and thus help the New Hampshire economy grow. Vote 19-0.

Amendment (1628h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Business Profits Tax; Additions and Deductions. Amend RSA 77-A:4 by inserting after paragraph XIX the following new paragraph:

XX. For tax years commencing on or after January 1, 2024, a deduction equal to the amount disallowed as a deduction under section 163(j) of the Internal Revenue Code. For tax years commencing on or after January 1, 2024, an addition equal to the amount deducted by reason of a carry forward of disallowed business interest under section 163(j) of the Internal Revenue Code generated in tax years commencing after January 1, 2024. The amount of the carry forward of disallowed business interest under section 163(j) of the Internal Revenue Code as of the tax year ending before January 1, 2024 shall be allowed as a deduction in 3 equal parts over 3 consecutive years, beginning with the first tax year commencing on or after January 1, 2024.

SB 128-FN, relative to payment for legal services for persons involuntarily admitted for mental health services. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Bob Lynn for the Majority of Judiciary. The primary purpose of this bill, as it came to the House from the Senate, was to change the source of funding for legal counsel provided to indigent persons who are sought to be involuntarily admitted to the New Hampshire mental health system. At the present time, the Department of Health and Human Services pays for legal counsel for such persons. This bill changes the payment responsibility to the Judicial Council, which pays for counsel and ancillary services expenses for indigent persons charged with crimes and in other circumstances. However, the bill also was worded so that it would have provided counsel at state expense even for persons who are not indigent. The amendment changes this so that counsel is provided at state expense only if the person is indigent or if the court is unable to determine the question of indigency in a timely fashion. In the latter situation, the court can refer the issue of indigency to the Office of Cost Containment for an investigation of the matter and recommendation of whether the person is indigent and has the ability to repay. Vote 17-3.

Rep. Timothy Horrigan for the Minority of Judiciary. The minority of the committee favored the original bill sent to us by the Senate over the majority amendment. We were troubled by the notion that the state would both charge people with mental illness for the cost of defending themselves against petitions for involuntary emergency admission (IEA), and also subject them to debt-recovery processes. Unlike defendants in criminal matters, the people against whom IEA petitions are filed are not suspected of committing any crime. Rather, they are experiencing a severe mental health crisis that is causing them to pose a danger to themselves (most frequently) or someone else. The attorney fees in question are relatively small, and the cost of recovering the fees would usually exceed the amount recovered.

Majority Amendment (1676h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Mental Health Services; Involuntary Admissions; General; Legal Services; Payment; Appointment RSA 135-C:23 is repealed and reenacted to read as follows:

135-C:23 Legal Services; Payment; Appointment. The client or person sought to be admitted shall pay the costs of the legal services and investigative, expert, or other services in connection with hearings held under

this chapter. If the client or person sought to be admitted is unable to pay for counsel, the court shall appoint an attorney who shall be compensated at a rate as determined by the supreme court. If the court is unable to determine whether a person is indigent within the time period within which the person should be involuntarily admitted, the court shall appoint counsel for the person and refer the matter of the person's indigency to the office of cost containment for a report and recommendation as to whether the person is indigent and whether the court should require the person to repay the state for the costs of counsel and ancillary services. Upon receiving such report and recommendation, the court shall promptly determine, with or without further hearing as the court deems necessary, whether the person shall be required to repay said costs. The cost of such court-appointed attorneys, including counsel and investigative, expert, or other services and expenses approved by the circuit court that are necessary to provide adequate representation, shall be paid from funds appropriated for indigent defense pursuant to RSA 604-A. Repayment to the state by the client or person sought to be admitted for the cost of court-appointed attorneys and other expenses approved by the court under this chapter shall be made through the office of cost containment. The department of administrative services and the circuit court shall adopt rules for the assessment, waiver, and collection of such costs that are consistent, insofar as practicable, with the provisions of RSA 604-A:9 and RSA 604-A:10, IV.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the payment of legal services for indigent and non-indigent individuals involuntarily committed for mental health services, as well as the process to determine such indigency and repayment of such services.

The question being adoption of the majority committee amendment.

Rep. Mark Paige spoke against.

Rep. Lynn spoke in favor and yielded to questions.

On a division vote, with 182 members having voted in the affirmative, and 201 in the negative, the majority committee amendment failed.

The question now being adoption of the minority committee report of Ought to Pass.

Rep. Kuttub requested a roll call; sufficiently seconded.

SB 258, relative to the disposal of highway or turnpike funded real estate. **INEXPEDIENT TO LEGISLATE.** Rep. David Milz for Public Works and Highways. The bill, as written, appeared to be specific to one piece of Department of Transportation (DOT) property that was to be disposed of. It was originally offered to the Town of Newington and the town declined to accept the property. The Newington Historical Society expressed an interest in the property, but only at less than fair market value. This bill attempted to change the current process for DOT excess property disposal and raised many concerns regarding the myriad of other regulations and statutes that would be affected by this bill. Vote 13-5.

The question being adoption of the committee report of Inexpedient to Legislate. Committee report was adopted.

SB 164-FN-L, relative to consideration of biodiversity in the land and community heritage investment program. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Andrew Renzullo for the Majority of Resources, Recreation and Development. LCHIP is an independent state authority charged by statute with preserving and conserving New Hampshire's most important natural, cultural and historic resources. It does this by providing matching grants to New Hampshire municipalities and non-profits to preserve and conserve the state's heritage. The bill looks to insert the concept of biodiversity into the enacting LCHIP statute. During the hearings, the complexity of the biodiversity concept became apparent. Biodiversity meant different things to different people. A single definition of biodiversity, as presented in the bill, might not be appropriate for all situations. That is to say that biodiversity needed to be viewed in the context of the specific project. Since 2000, LCHIP has been an outstandingly successful organization focused on preserving and enhancing New Hampshire's culture, environment, beauty, and history. What it has accomplished with the resources available is a model for other states. Thus, proposing changes or additions to LCHIP statutes and procedures should be viewed in the light of LCHIP's success. To paraphrase the Hippocratic Oath, "first, do no harm." While supporting the concept of biodiversity's inclusion in the LCHIP process, the LCHIP Director related instances where the language of this bill could cause confusion or misin-

terpretation of the intent. The director stated, "Defining biodiversity within the LCHIP statute is appropriate, but only if the term is used elsewhere within the statute. However, establishing a statutory definition for a concept as complex as biodiversity requires careful consideration, and LCHIP has not had sufficient time to fully consider the wording proposed." Thus, further consultation between the sponsor and LCHIP might result in language for future legislation, amenable to all parties. That being said, the overwhelming bipartisan majority of the committee recommends this, in its present form, is Inexpedient to Legislate. Vote 16-4. Rep. Jessica LaMontagne for the Minority of Resources, Recreation and Development. Given the escalating loss of global populations of mammals, fish, birds, reptiles, amphibians, and plants, biodiversity across the planet is under threat. This bill seeks to include biodiversity, and biodiverse areas, among the resources to be valued and protected by the Land and Community Heritage Investment Program. Biodiversity must be considered along with natural, cultural, and historic resources, and in tandem with protections for unique resources such as water and individual endangered species. While the development of policies and easement interests may be complicated and need updating in subsequent legislation, the minority of the committee felt strongly that biodiversity should be recognized in statute as a resource worth protecting.

MOTION TO LAY ON THE TABLE

Rep. Vail moved that **SB 164-FN-L**, relative to consideration of biodiversity in the land and community heritage investment program, be laid on the table.

Motion was adopted.

REGULAR CALENDAR CONT'D

SB 120-FN, relative to charitable gaming license applications, wages, stakes, and bonds. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Walter Spilsbury for the Majority of Ways and Means. This bill makes numerous changes to definitions relating to games of chance, the license application process for operators and charities, the regulation of games of chance, wager amounts, reporting requirements, and what constitutes theft by deception. This bill is similar to HB 607, which passed the House by voice vote on March 23rd and now lies in Senate Ways and Means. Beyond the many housekeeping changes that both bills have in common, the major differences are that this bill allows a higher maximum single wager of \$50 rather than \$25 and does not include the historic horse racing moratorium extension (which is included also in SB 51). Like HB 607, this bill increases a license from one year to three years, without increasing fees for the three-year license, thereby alleviating unnecessary burden on the Lottery Commission, gaming operators, and employees. It also increases maximum wagers from \$10 to \$50, increases buy-in caps from \$150 to \$250, and increases tournament top end to \$2,500. These increases reflect the passage of time since they were set in 2006 as well as enable gaming operators to raise wages for their employees and may further increase the net raised for charities and the state education trust fund. Bonding requirements on gaming operators are raised correspondingly. The majority believes that the increased cap on wagers will allow gaming operators to extend their appeal to a narrow niche of higher stakes participants, especially along border towns, but that it will not tend to increase the amount that the typical participant wages, most of which are expected to remain in the \$1-5 range. The majority does not see any harm in accepting the higher \$50 figure set in this bill. As this difference merely relates to a ceiling, and is not mandatory, the bipartisan majority concluded that the higher cap would not tend to prompt any dramatic change in the typical game stakes for charitable gaming activities conducted across the state, but would help keep more revenue in our state. The committee amendment, adopted by vote of 19-0, merely strikes from the bill all of section 14, which would have unnecessarily amended the penalties section of current law by removing specifically enumerated instances of violations classified as "minor," "moderate," or "major." The committee's view is that current law provides clear guidance to the Lottery Commission as to the relative severity of various violations and their appropriate fine levels, while giving the commission ample rule-making authority to further delineate or find other instances that are commensurate and that removing these provisions would have raised problematic questions of legislative intent. Vote 11-8.

Rep. Richard Ames for the Minority of Ways and Means. Current law provides that single wagers by a player on any game of chance may not exceed the amount of \$10. This bill would allow single wagers up to \$50, increasing the risk of loss to players that would be five-fold greater than is enabled by current law. The minority notes that the House has passed earlier in this session HB 607 that enables an increase of the betting limit from \$10 to \$25. The minority supports that increase but believes that going to the higher limit enabled by this bill goes too far.

Majority Amendment (1577h)

SB 272-FN, establishing a parents' bill of rights in education. **WITHOUT RECOMMENDATION**

Statement in support of Ought to Pass: This bill, which acknowledges that “parents have a fundamental right and responsibility to direct the upbringing, education, and care of their minor children,” upholds the fundamental values of truth and parental authority that have always characterized free societies. Ensuring that parents are adequately informed about their children and that secrets are not kept from them, this bill encourages open communication with those legally responsible for their children’s welfare. Upholding a century of Supreme Court precedent, it provides a comprehensive list of parental rights pertaining to education, many of which are already codified in New Hampshire law. It also includes additional rights to address current concerns related to gender identity that have only recently emerged as relevant issues for legislation. This bill simply requires school personnel to give truthful answers to parents’ questions regarding their children’s gender identity. Parents who ask such questions likely already suspect that their children are having problematic issues in this area, so this bill is not an effort to “out” such students. It is, rather, an effort to empower a partnership between parents and teachers to most effectively help vulnerable children navigate complicated situations that may involve life-altering decisions. Parents must be involved in making any critical health and treatment decisions for their children and this bill ensures that this right is upheld. Potential parental abuse should not be of concern because this bill does provide school personnel with the ability to withhold information if there is convincing evidence to believe that a child might be harmed by a parent who receives such information. Passage of this bill would assure parents that their rights are well respected and would prevent a likely mass exodus of students whose parents would seek alternative educational options that would respect their rights. A failure to value truth and parental authority, as this bill does, will inevitably lead to dysfunctional governments. Passage of this bill would bolster public education and society itself by strengthening the metaphorical “three-legged stool,” an image often used by educators to highlight the fundamental parent-teacher-child relationship. It would facilitate a partnership between parents and teachers to most effectively help children—a partnership that must be based, not on secrets and lies, but on truth and respect.

Rep. Arlene Quaratiello

Statement in support of Inexpedient to Legislate: At first glance, this “parental bill of rights” is benign. Some sections detail the existing rights of parents to direct the rearing of their children. Other sections detail the existing rights of parents to be informed of disciplinary and medical events involving their children at school. No problem. In fact, a technical advisory document from New Hampshire Department of Education outlines the roughly 20-30 rights parents currently have concerning privacy and school transparency. Further, parents are protected by federal and state laws and have many educational options available to them. However, reiterating existing parental rights is not the intent of the bill. This bill targets transgender and gender nonconforming students under the guise of “parental rights.” It singles out those students for special surveillance and reporting upon parental inquiry. The right of inquiry forces schools to monitor and keep records about student identity, but exclusively gender identity. If a child expresses their gender in a nonconforming way at school, this bill requires teachers and other school personnel to provide details to parents when asked. In most cases, there would be no harm. The child is either expressing themselves similarly at home already, or the parents will be supportive of their exploration of identity. Sadly, not every child comes from a supportive family. More than one in three adults report that they would be uncomfortable if their child came out as transgender or nonbinary. Many teens who are exploring their gender identity experience stress over the prospect of informing unsupportive parents. In fact, some parents deny that an individual can be transgender. Schools have historically been a safe haven for all students. It’s a place to explore who you are, to feel comfortable, and gain confidence expressing yourself your own way. Changes in how students express themselves may be observed by teachers and other school staff before parents, simply because the student is not yet comfortable coming out at home. Trust between students and their teachers has been celebrated. This bill forces schools that could be that “safe place” for vulnerable kids into a potentially perilous place, by requiring schools to notify parents of their child’s participation in any clubs, activities, or organizations. This rush to inform will deny adolescents the time needed for thoughtfulness and care that is sometimes needed for a teen and their family to approach this sensitive issue. Earlier this year, the NH Department of Education invested in the “One Trusted Adult” program, citing research that shows youth who can name a trusted adult outside their home are less likely to bully or be bullied, suffer from depression, abuse substances, be suspended or expelled, or drop out of school. Requiring teachers to notify parents of gender nonconformity would disrupt and undermine that all-important trust that schools have worked so hard to build. Schools and teachers accept their responsibility to educate students, to help them grow and learn, to keep them as safe as possible, to nourish self-esteem, to challenge all students to be better than they think they can be,

and to assist them in developing into good citizens. There is no valid reason to subject gender nonconforming youth to a singling out not experienced by their peers. Singling out some students is a deeply concerning and unconstitutional requirement that violates the principle that all students come before the law as equals. Nearly every student will explore their identity in some shape or form that may not meet the approval of their parents. Teens do have rights of privacy. The Education Committee heard from the frontlines of child protection and from LGBTQ advocates that this bill does more harm than good. The New Hampshire Office of the Child Advocate opposes this bill, noting they receive reports of abuse linked to a child's gender and sexual identity every day. Many Granite Staters have shared personal stories about the fear and lack of acceptance they've experienced at home after being outed. Schools work best when teachers, parents, and students are all engaged working towards what is best for the children of New Hampshire. The government inserting itself into family relationships is not in the best interest of children and is bad for everyone. We should not become part of this attempt to marginalize students who are already struggling. Finally, this bill is the same bill as HB 10 which was rejected by this House in February. We need to, again, find the concepts present in this bill Inexpedient to Legislate.

and the motion failed.

The question now being adoption of the motion of Ought to Pass with Amendment.
 Rep. Hynes offered floor amendment (1886h).

Floor Amendment (1886h)

Amend RSA 189-B:2, III as inserted by section 2 of the bill by replacing it with the following:

III. "Compelling state interest" shall include a circumstance in which the school or school personnel have an actual and objectively reasonable belief, supported by clear and convincing evidence, that any action or inaction that infringes upon any of the rights identified in RSA 189-B:3 is likely to cause a child to be abused or neglected as defined in RSA 169-C:3, or likely to infringe on the fundamental rights of a child including the rights to privacy, freedom of religion, freedom of association, freedom of speech, and due process. A compelling state interest shall not be found to exist solely because the school or school personnel believe that the child's best interest is served by impinging upon a parent's rights.

Amend RSA 189-B:3 as inserted by section 2 of the bill by inserting after paragraph I the following new paragraph:

I-a. Children, themselves, also enjoy fundamental rights in this state as protected by the state and federal constitutions that shall be without obstruction or interference from any school or school personnel, including the rights to freedom of religion, freedom of association, freedom of speech, privacy, and due process.

Amend RSA 189-B:3, III as inserted by section 2 of the bill by inserting after subparagraph (b) the following new subparagraph:

(c) Violate any child's fundamental rights, including those of privacy, freedom of religion, freedom of association, and freedom of speech.

The question being adoption of floor amendment (1886h).

Rep. Hynes spoke in favor.

Rep. Sweeney requested a roll call; sufficiently seconded.

RECESS

The House reconvened at 1:25 p.m.

(Speaker Packard in the Chair)

REGULAR CALENDAR CONT'D

SB 267-FN, requiring the commissioner of the department of environmental services to consider “cumulative impacts analysis” in rules and statutes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter Bixby for Environment and Agriculture. Under current rules, environmental contaminants are regulated as individual substances. The regulations apply to individual entities generating the emissions or effluents. This approach does not take into account the health or environmental effects of multiple contaminants emitted into the same area, or the effects of multiple entities emitting contaminants into a small geographic area. The term “cumulative impacts” refers to these combined health and environmental effects of multiple contaminants and multiple emitters. The Department of Environmental Services (DES) currently does not have expertise in this area and is not able to provide necessary guidance on developing rules and legislation regarding cumulative impacts. This bill will create a position in DES to study cumulative impacts and report back to the legislature on necessary rules and legislation related to cumulative impacts. The amendment adds the House Environment and Agriculture Committee to the reporting list, moves the report date up two months to Sept 1, 2025, and strengthens the reporting requirement. Vote 19-0.

Amendment (1685h)

Amend the bill by replacing section 1 with the following:

1 Department of Environmental Services; Cumulative Impacts. The commissioner of the department of environmental services shall review existing air, water, and waste statutes and rules to determine what rules or legislation, including a schedule and cost estimates, relative to “cumulative impacts analysis” should be proposed. “Cumulative impacts analysis” means the combined impacts on public health and the environment caused by a proposed facility in combination with pollution from other, existing sources within a geographic area. The commissioner shall report the findings and any potential legislation or rulemaking to the senate energy and natural resources committee, the house resources, recreation, and development committee, the house environment and agriculture committee, and the house science, technology and energy committee by September 1, 2025.

The question being adoption of the committee amendment.

Committee amendment was adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

On a division vote, with 302 members having voted in the affirmative, and 77 in the negative, the committee report was adopted, and the Speaker referred the bill to the Committee on Finance.

SPECIAL ORDER

SB 195-FN, relative to the purchase of steel products with the Buy America certification. **OUGHT TO PASS.**

Rep. Jaci Grote for Executive Departments and Administration. This bill clarifies the steel Buy America certification passed by the legislature under HB 1503 (2022) and signed by the governor. This bill confirms that the miscellaneous steel subcomponents and hardware are not subject to the United States manufacturing requirements under this definition. Vote 16-0.

The question being adoption of the committee report of Ought to Pass.

Rep. Grote offered floor amendment (1727h).

Floor Amendment (1727h)

Amend RSA 21-I:11, III(c) as inserted by section 2 of the bill by replacing it with the following:

(c) Departments and agencies of this state affected by subparagraph (a) may request a waiver from the department of administrative services, which shall provide an opportunity for public hearing and comment at least 30 days before finalizing a waiver, in the same manner as described in RSA 541-A:11. The department of administrative services may grant a waiver upon finding that:

- (1) Application of the project would be inconsistent with the public interest;
- (2) The product is not produced or fabricated in the United States and that it would be in the public interest to provide a waiver; or
- (3) The item for which a waiver is being requested is not produced and fabricated in the United States in sufficient and reasonably available quantities and of satisfactory quality.

SB 32-FN, relative to the opioid abatement trust fund. MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. David Nagel for the Majority of Health, Human Services and Elderly Affairs. The Opioid Abatement Advisory Commission (Abatement Commission) was created in 2020 (RSA 126-A:85, 86) to manage the settlement funds received by the State of New Hampshire from opioid litigation maintained in the Opioid Abatement Trust Fund (RSA 126-A:83). These funds may only be used for the purpose of opioid abatement. It is recognized by the majority that the amendments to these statutes outlined by SB 32 are necessary to: 1) improve the efficiency in distributing to these funds to qualifying organizations; 2) ensure coordination of the abatement commission's activities with the Governor's Commission on Alcohol and Other Drugs to improve the statewide plan on drug treatment; 3) correct the statute to reflect the best practices within the field; 4) add new positions to more efficiently manage the fund; and 5) prevent opioid abuse by including harm reduction as a qualifying criterion for distribution of funds (see Sections 1 and 2 "Strengthening Our Response Together: Action Plan Update, Governor's Commission on Alcohol and Other Drugs, July 1, 2022 – June 30, 2025). Vote 16-3.

Rep. Erica Layon for the Minority of Health, Human Services and Elderly Affairs. The minority believes that the term "harm reduction" is insufficiently defined in statute and therefore enables excessively broad authority in this bill. Harm reduction is generally accepted as efforts to reduce adverse consequences of drug use, and can be broad reaching, as testimony in committee stated that sunscreen is harm reduction for skin cancer. Unamended, this bill opens the opioid settlement funds to use for essentially any purpose not specifically excluded in the settlement agreement despite a real need for discrete steps to battle the risk of contaminated street drugs. The minority amendment would specifically authorize support for drug checking services which have been requested by supporters of this bill, and would have the benefit of detecting unwanted contaminants in street drugs early to inform public health and safety measures and to allow users of street drugs to avoid product laced with fentanyl or "Tranq" (xylazine) before getting hooked on those extra deadly highs.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Layon offered floor amendment (1833h).

Floor Amendment (1833h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the opioid abatement trust fund and removing testing equipment from the definition of drug paraphernalia in the controlled drug act.

Amend RSA 126-A:86, I(b)(17) as inserted by section 2 of the bill by replacing it with the following:

(17) Support drug checking services to identify trends in illicit drug adulteration and prevent associated harm from unwanted contamination with fentanyl, xylazine (street name Tranq), or other substances.

Amend the bill by replacing all after section 2 the following:

3 Controlled Drug Act; Definition of Drug Paraphernalia. Amend the introductory paragraph in RSA 318-B:1, X-a to read as follows:

X-a. "Drug paraphernalia" means all equipment, products and materials of any kind which are used or intended for use or customarily intended for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, ~~testing, analyzing,~~ packaging, repackaging, storing, containing, concealing, ingesting, inhaling, or otherwise introducing into the human body a controlled substance in violation of this chapter. It includes, but is not limited to:

4 Repeal. RSA 318-B:1, X-a(d), relative to testing equipment in the definition of drug paraphernalia, is repealed.

5 Effective Date.

I. Sections 3 and 4 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill sets the amount of money needed in the opioid abatement trust fund balance to solicit applications and revises the duties of the opioid abatement advisory commission. The bill also amends the definition of drug paraphernalia in the controlled drug act and repeals testing equipment from the definition of drug paraphernalia.

REGULAR CALENDAR CONT'D

SB 85-FN-A, relative to emergency behavioral health services and behavioral health crisis programs. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Erica Layon for the Majority of Health, Human Services and Elderly Affairs. The majority of the committee believes that this bill creates more problems than it would solve, as it mandates coverage for a broad and undefined set of services. Without a more clear set of requirements, there is a significant likelihood that this will increase the cost of health insurance in both the public and private markets. During testimony, the definitions provided were broad and wide-reaching. The majority would like to see a more tightly defined program to address this problem, and therefore does not support this bill. Vote 10-9.

Rep. Joe Schapiro for the Minority of Health, Human Services and Elderly Affairs. The New Hampshire 10 Year Mental Plan and the passage of SB 14 in 2019 resulted in the implementation of state-wide mobile crisis teams, considered to be a major step forward in combating the ER boarding room crisis. This bill, as written, is an attempt to strengthen and secure these services now and into the future. First, it creates a commission which is tasked with studying and recommending models for future sustainable funding. Second, it limits pre-authorization requirements for mental health and substance use disorder under RSA 417-F, allowing mobile crisis teams to treat patients in crisis without time-consuming calls and paperwork to secure prior permission from insurance companies.

SB 127-FN, relative to certain programs administered by the department of health and human services. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Wayne MacDonald for the Majority of Health, Human Services and Elderly Affairs. This bill updates certain state statutes to come into compliance with federal statutes, such as the disqualification period for Food Stamp violations. It also addresses and slightly modifies numerous other matters handled by the Department of Health and Human Services (DHHS), such as where fees paid for by methadone providers go and what the definition of a personal care provider is. It also alters the reporting requirements of the State Office of Rural Health. All of these are appropriate changes. DHHS did an excellent job presenting information and explaining the purpose of each segment of the bill during its testimony, with several Department officials appearing before the committee. Vote 15-5.

Rep. Jim Kofalt for the Minority of Health, Human Services and Elderly Affairs. The minority of the committee believes that bills should not contain unrelated topics, and therefore opposes SB 127. Had six stand-alone bills come before the committee, the minority would not have opposed any one of them. This legislation should have been six different bills: one with sections 1, 2 and 16 on narcotics; one with sections 3 and 4 on personal care services; one with sections 5 through 7 on residential care; one very different bill on beverages with sections 8 and 9; one to clean up Medicaid and SNAP details in sections 10 through 12; and one dealing with department reports with sections 13-15.

Majority Amendment (1457h)

Amend the bill by replacing section 1 with the following:

1 Controlled Drug Act; Professional Use of Narcotic Drugs. Amend RSA 318-B:10, VII(f) to read as follows:

(f) The department shall assess a fee to be paid by providers of methadone detoxification and maintenance programs for certification and administration by the department. ~~[The fee shall be \$8 per client based on the annual client census of the previous calendar year. If the provider had no clients in the previous calendar year, then the fee shall be \$1,000.]~~ ***The initial fee shall be \$1,000. Annually thereafter, the fee shall be \$8 per client based on the annual client census of the previous calendar year.*** All moneys collected by the department from fees authorized under this subparagraph shall be deposited into the ~~[general fund]~~ ***special fund for administration of opioid treatment programs established in RSA 172:8-c.***

AMENDED ANALYSIS

This bill:

I. Clarifies and re-routes fees paid by methadone providers to the special fund for administration of opioid treatment programs.

II. Alters the definition of personal care services provider for the purposes of reimbursement by the department.

III. Alters the payment structure to residential care facilities for features outside of room and board.

IV. Eliminates the long term care facility reporting requirement to the department of health and human services regarding the Nursing Facility Quality Assessment (NFQA).

V. Removes the requirement for a beverage license if the facility is only offering bottled beverage direct to consumer and already holds a retail food license from the state health department or self-inspecting jurisdiction.

VI. Removes payment of premiums from the MEAD program.

VII. Aligns public assistance benefits within this state with federal regulations.

VIII. Alters the reporting requirements of the state office of rural health.

IX. Extends the commission to study the delivery of public health services through regional public health networks report date and prospective repeal to 2024.

SB 200, relative to optometrists. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Gary Merchant for the Majority of Health, Human Services and Elderly Affairs. The committee finds that optometrists who are appropriately trained may safely administer three vaccines to adults: influenza (flu), Covid 19, and shingles vaccines. The bill requires an optometrist to complete an immunization training program that includes hands-on injection techniques used to identify contraindications of vaccines and to recognize and to treat emergency reactions. The optometrist shall maintain the training and demonstrate to the Board of Optometry ongoing evidence of compliance to training and certification in basic cardiopulmonary resuscitation (BLS). A serious complication of shingles in patients, especially those over age 60, is when the disease involves the eye. Adults over age 60 routinely seek routine eyecare, mainly from optometrists, who are in an ideal position to administer the shingles vaccine during an office visit. Allowing optometrists to administer a shingles vaccine provides patients with greater choice and convenience. The committee finds it appropriate for optometrists to use orally administered analgesic agents to alleviate pain caused by disease or abnormal conditions of the human eye or eyelid, structures posterior to the iris, and lacrimal gland so support the removal of a restriction related to the lacrimal gland. Vote 14-6.

Rep. Yury Polozov for the Minority of Health, Human Services and Elderly Affairs. This bill considers allowing optometrists to administer influenza, COVID-19, and shingles vaccines. Optometrists will be under enormous pressure as they typically do not listen to the patient's heart, do not take the patient's blood pressure, and do not have a handle on the patient's full medical history. The minority cannot support this bill unless their additional amendment is adopted. The minority feels strongly that side-effects associated with the COVID-19 vaccine are under-reported. The minority believes it will be appropriate to limit or delay optometrists from the introduction of these newer vaccine technologies with a high rate of side effects that, on rare occasions include blindness and even death.

Majority Amendment (1568h)

Amend the bill by replacing section 4 with the following:

4 Authorization for Pharmaceutical Agents RSA 327:6-a, V is repealed and reenacted to read as follows:

V. Notwithstanding any other provision of law, an optometrist who is certified to use pharmaceutical agents in the practice of optometry shall be permitted to administer:

(a) Diphenhydramine, epinephrine, or an equivalent medication administered by injection to counter anaphylaxis or anaphylactic reaction.

(b) Vaccines by injection to individuals 18 years of age or older. In order to administer vaccines an optometrist shall:

(1) Hold a current license to practice optometry in the state of New Hampshire.

(2) Complete and remain current with an immunization training program endorsed by the CDC, a course approved by the National Board of Examiners in Optometry, or an equivalent course approved by the board of optometry, that at a minimum includes hands-on injection techniques, clinical evaluation of indications and contraindications of vaccines, and the recognition and treatment of emergency reactions to vaccines.

(3) Have at least \$1,000,000 of professional liability insurance coverage.

(4) Hold active certification in basic cardiopulmonary resuscitation.

(5) Provide to the board of optometry evidence of compliance under RSA 327:6-a, paragraph I through IV.

(6) Review the vaccine registry or other vaccination records before administering the vaccination.

(7) Record the vaccination in the state vaccine registry in accordance with RSA 141-C:20-f and when required by state or federal law and maintain a record of the vaccination as required by state and federal law.

(8) When designated by the patient, provide notice to the primary care provider of the administration of any vaccine.

(9) Submit reports of any adverse reactions following vaccination to the Centers for Disease Control (CDC) Vaccine Adverse Event Reporting System (VAERS).

SB 239-FN, relative to the use of harm reduction services to treat alcohol and other substance misuse. WITHOUT RECOMMENDATION

Statement in support of Ought to Pass with Amendment: This bill includes harm reduction services in all aspects of the existing drug and alcohol abuse prevention programs under RSA 12-J. In addition, the bill codifies into statute the existing Doorways program which provides integrated drug and alcohol misuse information, referral, and treatment services. It also amends the syringe service programs under RSA 318-B:43 with a specific list of eligible activities with respect to the syringe service program and defines the terms “drug checking” and “drug checking equipment” so that drug content can be verified to reduce the harm of ingestion of unintended substances such as fentanyl. There are three parts to the amendment. First, the amendment defines the terms “harm reduction” and “misuse” to align state law with the federal Substance Abuse and Mental Health Services Administration (SAMSA) definition for ease of obtaining federal grants and funding. Second, the amendment changes the continuing medical education requirements for physician and surgeon licensees required to register with the Controlled Drug Prescription Health and Safety Program to include three credit hours of approved online continuing education or to pass an online exam in the area of pain management or addiction disorders. Finally, the amendment focuses the bill on addiction-related disorders and makes it clear that the bill is not intended to impact or limit care for patients with chronic pain or patients in hospice or palliative care.

Rep. Lucy Weber

Statement in support of Inexpedient to Legislate: This bill has the noble intent of adding “harm reduction” to the scope of the Governor’s Taskforce on Alcohol and Other Drug Abuse Prevention, Treatment, and Recovery. The bill opens the door for funding from federal and state grants, as well as moneys from the Opioid Abatement Trust Fund, about \$310 million, to be used for “harm reduction.” However, the question of what harm reduction is, and what it is not, remains. The definition in the bill, even as amended, is too broad as it includes anything that can help a person’s “mental and social wellbeing.” There was interest among committee members to retain the bill in order to craft a more clear definition of harm reduction, but when the motion to retain failed, the members could not support the bill going forward in its present form and thus recommend it be voted Inexpedient to Legislate.

Rep. Leah Cushman

Rep. Weber moved Ought to Pass and offered amendment (1754h).

Amendment (1754h)

Amend the introductory paragraph of RSA 12-J:3, I as inserted by section 5 of the bill by replacing it with the following:

I. Develop and revise, as necessary, a statewide plan for the effective prevention of alcohol and *other* drug [abuse] ***misuse, including harm reduction***, particularly among youth, and a comprehensive system of treatment and recovery services for individuals and families affected by alcohol and *other* drug [abuse] ***misuse. Nothing in RSA 12-J should be construed to limit care of chronic pain and hospice and palliative care patients, including use of the term “misuse” which shall be utilized, as intended, to broaden the scope of work across the substance use continuum of care.*** The statewide plan shall:

Amend the bill by replacing all after section 15 with the following:

16 Physicians and Surgeons; Continuing Medical Education Requirement. Amend RSA 329:16-g to read as follows:

329:16-g Continuing Medical Education Requirement. As a condition of renewal of license, the board shall require each licensee to show proof at least at every biennial license renewal that the licensee has completed 100 hours of approved continuing medical education program within the preceding 2 years. For the purposes of this section, an approved continuing medical education program is a program designed to continue the education of the licensee in current developments, skills, procedures, or treatment in the licensee’s field of practice, which has been certified by a national, state, or county medical society or college or university. ***All licensees required to register with the controlled drug prescription health and safety program shall complete 3 credit hours of approved online continuing education or pass an online examination in the area of pain management or addiction disorders.*** There shall be a complete audit of all continuing education credits annually by the New Hampshire Medical Society. Each licensee shall submit a continuing medical education report with copies of continuing medical education course certificates earned by the licensee and other documents which establish that continuing medical education course requirements have been met, using a form approved by the board. The complete audit shall include the collection, review, verification, and preservation of the continuing medical education documentation of each licensed physician and a report which records the credits awarded to each licensee during the 2-year period applicable to each licensee. The fee charged to licensees for continuing medical education verification shall not exceed 125 percent of the actual cost of providing the service. The New Hampshire Medical Society is prohibited from using any information from this program for promotional purposes or any other purpose not necessary for continuing education verification.

17 New Paragraph; Definition of Drug Misuse Added. Amend RSA 318-B:1 by inserting after paragraph XV the following new paragraph:

XV-a. “Drug misuse” refers to the use of a substance for a purpose that is not consistent with legal or medical guidelines.

18 New Paragraph; Governor’s Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery; Definition of Harm Reduction. Amend RSA 12-J:2 by inserting after paragraph IV the following new paragraph:

V. For the purposes of this chapter, RSA 126:A, RSA 318-B:93, RSA 328-D:3, and RSA 329:16-g, “harm reduction” is an approach that emphasizes engaging directly with people who use alcohol and other drugs to prevent overdose and infectious disease transmission, improve the physical, mental, and social wellbeing of those served, and offer low-threshold options for accessing substance use disorder treatment and other health care services.

(Speaker Packard in the Chair)**REGULAR CALENDAR CONT'D**

SB 263-FN, extending the New Hampshire granite advantage health care program and reestablishing the commission to evaluate the effectiveness and future of the New Hampshire granite advantage health care program. **WITHOUT RECOMMENDATION**

Statement in support of Ought to Pass with Amendment: Medicaid Expansion is a product of the Affordable Care Act, which expands Medicaid to childless adults making up to 138% of the Federal Poverty Level (FPL) and to those who otherwise qualify for Medicaid and make between 101% and 138% of the FPL. People with disabilities, pregnant women, children and the needy elderly receive coverage through traditional Medicaid or other programs and are not directly impacted by Medicaid Expansion. As amended, this bill restates the same language passed in HB2 on a strong bipartisan vote to extend the sunset on Medicaid Expansion from December 31, 2023 to December 31, 2025. In both the underlying bill and the amended version, the bill also reestablishes the Commission to Evaluate the Effectiveness and Future of the New Hampshire Granite Advantage Health Care Program and makes a number of changes to how certain taxes and fees are allocated. As amended, this bill represents the entire Medicaid Expansion package passed in the budget. By extending the program for a short period, there will be time to address needed updates to the underlying statute (RSA 126-AA) in the near future rather than addressing these challenges now.

Rep. Erica Layon

Statement in support of Ought to Pass: Medicaid Expansion has provided ready access to medical care for low-income Granite Staters for the past eight years. SB 263 seeks to permanently reauthorize Granite Advantage, New Hampshire's current expansion program, when it expires at the end of the year. This was the clear and emphatic recommendation of the commission created to evaluate the effectiveness of the program when Granite Advantage was enacted five years ago. Granite Advantage provides coverage for adults aged 19 to 64 with incomes up to 138% of the federal poverty guidelines. This means that tens of thousands of

New Hampshire residents have primary care, preventive services, and specialty care when necessary. It has resulted in significant reductions in uninsured residents and in uncompensated care costs, while reducing insurance rates in the individual market. Additionally, Granite Advantage has contributed to a healthier and more resilient workforce, individuals who have been able to maintain their health while pursuing employment and/or advancement in their work life. In fact, 70% of New Hampshire Medicaid recipients work full or part time, with many recipients accessing the program in times of transition. The availability of coverage through Granite Advantage has also proven to be an essential lifeline for those suffering with substance use disorders and mental illness. Currently, the federal government funds 90% of Medicaid expansion. Understandably, there is a concern that should federal funding decrease New Hampshire would have great difficulty sustaining Granite Advantage. In order to protect taxpayers and ensure the viability of the state budget, there is a provision in place which would trigger a discontinuation of the program should the federal match decline. Originating in the Senate, SB 263 arrived in the House with a unanimous bipartisan Ought to Pass vote from that body. It has broad and enthusiastic support from the business community, medical providers large and small, advocates for public health and those who provide treatment for those with substance use disorders and mental illness, as well as advocates for low-income residents. Permanent reauthorization of Granite Advantage will provide security for low-income residents and for health care providers generally. It will enhance public health while ensuring the viability of a health care system under considerable stress.

Floor Amendment (1910h)

Amend the bill by replacing section 6 with the following:

6 Extension of the Prospective Repeal of the Granite Health Care Advantage Program. Amend 2018, 342:25, II to read as follows:

8 Department of Health and Human Services; New Hampshire Granite Advantage Health Care Program; The New Hampshire Granite Advantage Health Care Trust Fund. Amend the introductory paragraph of RSA 126-AA:3, I to read as follows:

I. There is hereby established the New Hampshire granite advantage health care trust fund which shall be accounted for distinctly and separately from all other funds and shall be non-interest bearing. ***The department shall include the cost of the program in its biennial budget request under RSA 9:4.*** The fund shall be administered by the commissioner and shall be used solely to provide coverage for the newly eligible Medicaid population as provided for under RSA 126-AA:2, to pay for the administrative costs for the program, and reimburse the federal government for any over payments of federal funds. All moneys in the fund shall be nonlapsing and shall be continually appropriated to the commissioner for the purposes of the fund. The fund shall be authorized to pay and/or reimburse the cost of medical services and cost-effective related services, including without limitation, capitation payments to MCOs. No state general funds shall be deposited into the fund. Deposits into the fund shall be limited exclusively to the following:

9 Liquor Commission Fund; Transfers. For the fiscal year ending June 30, 2024, transfers to the alcohol abuse prevention and treatment fund pursuant to RSA 176:16, III shall be reduced by the actual amount of the final agreed contribution from the Foundation for Healthy Communities, anticipated to take place by December 31, 2023.

10 Effective Date.

I. Sections 2, 3, 4, 6 and 7 of this act shall take effect December 31, 2023.

II. Section 5 of this act shall take effect November 1, 2027.

III. The remainder of this act shall take effect upon its passage.

I. Reestablishes and revises the membership and duties of the commission to evaluate the effectiveness and future of the New Hampshire granite advantage health care program. The commission is repealed November 1, 2027.

II. Extends the prospective repeal of the New Hampshire granite advantage health care program to December 31, 2029.

This subparagraph shall not apply to any person who is actively participating in a substance abuse program approved by the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, established under RSA 12-J.

(b) The commissioner shall be responsible for ensuring the confidentiality of any and all drug test results administered as part of the program. Drug test results shall only be used for the purpose of determining continued program participation. At no time shall drug test results be released to any public or private person or entity.

(c) The commissioner shall adopt rules, under RSA 541-A, relative to the implementation and administration of the drug testing program.

and floor amendment (1922h) failed.

The question being adoption of the motion of Ought to Pass.

Rep. Potenza offered floor amendment (1923h).

Floor Amendment (1923h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the New Hampshire granite advantage health care program and the commission to evaluate the effectiveness and future of the New Hampshire granite advantage health care program; and relative to the declaration of a state of emergency.

Amend the bill by inserting after section 7 the following and renumbering the original section 8 to read as 9: 8 Emergency Powers; Notice; Declaration and Termination of State of Emergency. Amend RSA 4:45, I and II to read as follows:

I. The governor shall have the power to declare a state of emergency, as defined in RSA 21- P:35, VIII, by executive order if the governor finds that a natural, technological, or man-made disaster of major proportions is imminent or has occurred within this state, and that the safety and welfare of the inhabitants of this state require an invocation of the provisions of this section. As soon as practicable, the governor shall notify the speaker of the house of representatives and the senate president of the impending issuance of emergency orders under this section and provide a description of such orders. The general court shall have the same power to declare a state of emergency by concurrent resolution of the house and senate. An executive order or concurrent resolution declaring a state of emergency shall specify the:

- (a) Nature of the emergency;
- (b) Political subdivisions or geographic areas subject to the declaration;
- (c) Conditions that have brought about the emergency; and
- (d) Duration of the state of emergency, if **declared by the governor and** less than 21 days, **or if declared by the general court and less than 90 days.**

II.(a) A state of emergency shall terminate automatically 21 days after its declaration **if declared by the governor, or 90 days after its declaration if declared by the general court**, unless it is renewed under the same procedures set forth in paragraph I of this section. The governor may, by executive order, renew a declaration of a state of emergency [~~as many times as~~] **no more than 3 times if** the governor finds **it** is necessary to protect the safety and welfare of the inhabitants of this state. **The general court may, by concurrent resolution, renew a declaration of a state of emergency as many times as it finds is necessary to protect the safety and welfare of the inhabitants of this state.**

(b) If the governor finds that maintaining the state of emergency is no longer justified, the governor shall issue an executive order terminating the state of emergency.

(c) The legislature may terminate a state of emergency or any emergency order issued thereunder by a ~~majority vote of both the senate and the house of representatives~~ **concurrent resolution adopted by a majority vote of each chamber**. A majority for this vote shall consist of a majority of members present and voting in each chamber acting separately. A state of emergency shall terminate upon a ~~majority vote of both chambers~~ **concurrent resolution adopted by a majority vote of each chamber**, under this subparagraph; provided, however, that such vote shall not preclude the governor from declaring a new emergency for different circumstances under paragraph I of this section.

~~(d) Ninety days from the date of declaration of a state of emergency, and every 90 days thereafter, the governor shall call, pursuant to Part II, Article 50 of the New Hampshire constitution, and address a joint session of the general court, and shall provide a written copy of the address to all members of both chambers within 5 business days. At such joint session, the legislature shall vote on whether to terminate the state of emergency by concurrent resolution adopted by a simple majority of both chambers acting separately on the following question: "Shall the current state of emergency be terminated?" For purposes of this section, "simple majority" means a majority of members present and voting "yea" in both chambers.]~~

AMENDED ANALYSIS

This bill:

I. Reestablishes and revises the membership and duties of the commission to evaluate the effectiveness and future of the New Hampshire granite advantage health care program. The commission is repealed November 1, 2028.

II. Permanently extends the New Hampshire granite advantage health care program by removing the prospective repeal of the program that was to take effect on December 31, 2023.

III. Removes the transfer of funds from the alcohol abuse prevention and treatment fund to the granite advantage health care trust fund.

IV. Revises the authority of the governor and general court to declare, renew, or terminate a state of emergency.

The question being adoption of floor amendment (1923h).

Rep. Sweeney requested a roll call; sufficiently seconded.

and floor amendment (1929h) failed.

The question being adoption of the motion of Ought to Pass.
 Rep. Prout offered floor amendment (1789h).

Floor Amendment (1989h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the New Hampshire granite advantage health care program and the commission to evaluate the effectiveness and future of the New Hampshire granite advantage health care program; and relative to the legalization and regulation of cannabis and making appropriations therefor.

Amend the bill by inserting after section 7 the following and renumbering the effective date to be the last numbered section:

8 Purpose and Findings. The general court hereby finds that:

I. In the interest of allowing law enforcement to focus on violent and property crimes, generating revenue for education, prevention, treatment, and recovery related to the use of both legal and illegal drugs and for other public purposes, and advancing individual freedom, the people of the state of New Hampshire find and declare that the use of cannabis by a person 21 years of age or older should be legal and subject to reasonable regulation and taxation.

II. In the interest of the health and public safety of our citizenry, the people of the state of New Hampshire further find and declare that cannabis should be regulated in a manner similar to alcohol so that:

(a) Individuals will have to show proof of age before purchasing cannabis.

(b) Selling, distributing, or transferring cannabis to minors and other individuals under the age of 21 shall remain illegal.

(c) Driving under the influence of cannabis shall remain illegal.

(d) Moving cannabis production and sales from the underground, sometimes dangerous, illicit market to legal, taxpaying businesses allows for appropriate regulations and control.

(e) Cannabis sold in this state will be tested, labeled, and subject to additional regulations to ensure that consumers are informed and protected and to protect the environment.

(f) Some of the tax revenue generated from legal cannabis sales will be used to support programs for education, prevention, treatment, and recovery related to the use of both legal and illegal drugs.

9 New Subparagraphs; Application of Receipts; Cannabis Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (387) the following new subparagraphs:

(388) Moneys deposited in the cannabis fund established in RSA 318-F:21.

(389) Moneys in the substance abuse prevention and recovery fund established by RSA 318-F:22.

10 New Subdivision; Substance Abuse Prevention and Recovery Funds. Amend RSA 126-A by inserting after section 97 the following new subdivision:

Substance Abuse Prevention and Recovery Funds

126-A:98 Substance Abuse Prevention and Recovery Funds; Management and Distribution of Funds.

I. The commissioner of the department of health and human services, in coordination with the governor's commission on alcohol and other drugs under RSA 12-J shall administer the substance abuse prevention and recovery fund established in RSA 318-F:22.

II. Funds shall be deposited into the substance abuse prevention and recovery fund as established by 318-F:25 to be distributed by the commissioner of the department of health and human services in coordination with the governor's commission on alcohol and other drugs under RSA 12-J. Funds may be awarded to a qualifying governmental entity or program for an approved use. All funds shall be nonlapsing and continually appropriated for the purposes of this section.

III. The commissioner of the department of health and human services, in coordination with the governor's commission on alcohol and other drugs per RSA 12-J, shall continue to make distributions from the trust fund.

IV. The department of health and human services shall adopt rules pursuant to RSA 541-A necessary to implement this section. Such rules shall include funding qualifications, application procedures, time-lines for receiving, reviewing, and acting upon application requests, and reporting requirements.
