

I Oppose HB392

Honorable Representatives:

I am glad that this bill is not facing the rigors of House Rule 44.

This bill is just plain mean. New Hampshire has a history of looking out for the other person.

This bill is removing, as is the national consensus, a culture of concern and consideration for the other person.

This state was built on the backs of people who did not fit a white norm, and this bill's only object is to continue and defend a privilege that should not exist.

Please reject this bill for the sake of the respect for the dignity of all people in New Hampshire and respect for the NH Constitution. "all government of right originates from the people, is founded in consent, and instituted for the general good."
