

I Oppose HB686

Honorable Representatives:

I am glad that this bill is not facing the rigors of House Rule 44.

Voting is the essence of a democracy. It does not need more complications or obstructions!

This bill is complicating a process already in place requiring a step that is very difficult and especially in the rural areas of the state.

This state is stronger when everyone votes, and this bill's only object is to try to make absentee voting more difficult.

Please reject this bill for the sake of the respect for the dignity of all people in New Hampshire and respect for the NH Constitution. "all government of right originates from the people, is founded in consent, and instituted for the general good."
