Dear Chair Weyler and committee members,

My name is Greg Williams, Director of Organics for Agri-Cycle, a New England-wide organics hauling and anaerobic digestion solution with multiple partners in the commercial, municipal, and institutional sectors throughout the State of New Hampshire. I am writing in support of HB 619 as it would bolster our company's efforts to build more partnerships of this kind and encourage the implementation of diversion programs around the state. We ask that your committee support this bill.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Williams".
