Thank you, Mr. Chair and members of the committee. My name is Dana Albrecht.

I think you've heard a lot of the problems with the court from other people. I would just add to that on February 4th, [during the hearing] on [House Bill 350](#), you also heard a problem wherein the former Chief Judge of the Administrative Court – who cannot be named – committed perjury in his August 26, 2022, deposition.¹ With intent to submit falsified [transcripts] – to sign off on falsified transcripts for appeal.²

That being said, I'd sum up what I heard earlier is that our “magistrates and officers of government”³ are *not* “accountable to the people at all times.”⁴ And, rather than that, we have this family court that constitutes “the private interest or emolument of any one man, family, or class of men.”⁵ “Public liberty is manifestly endangered.”⁶ Thankfully, we have this bill as an *effectual* means of redress. Please pass this bill.

The trouble, though, is that wealthy men are sometimes difficult to convince. As we've heard for 2,000 years when the rich man was unkind to Lazarus.⁷ You've heard many Pharisees [and] teachers of the law – public officials – come before you, telling you what a good job they're doing, trying to justify themselves. I didn't hear them say they fast twice a week, but [it's the] same difference.⁸

And you've heard a grandfather here beg for mercy.⁹ You've heard [from] so many families here. And maybe we didn't do everything right in our family life, but we're begging you for mercy.

Ask yourselves: who is justified in this situation?

Please pass this bill.

Thank you.
