I **oppose** this bill. Please vote ITL or NO.

Funds for my local school should not be taken away for students to be home schooled or sent to another institution. This takes money away from my children's school, reduces the quality of my child's education and gives the funds to those who are wealthy enough to be able to stay at home to teach their children, or send their child to a private or charter school.

This bill is another purposeful step in making public education less effective.

PLEASE VOTE ITL.
