

I oppose HB748. With our town taxes going up, it's a struggle every year to get the town to support a school budget. Until we figure out how to fairly fund all public education, we should not be putting more money into vouchers. The current EFA program has little to no accountability, no proof that it is working. I want my tax dollars supporting the public schools. Vote ITL on HB748.

Thank you.

Nancy Brennan, Weare
