

I Oppose CACR28

Honorable Representatives:

NH just celebrated its 250<sup>th</sup> first-in-the-nation State Constitution. It enshrined many of the values and morals that have made the United States pluralistic society strong

This amendment is about making a peculiar faith tradition more dominant in NH.

NH does not need to be the place where intolerance of others and the identity and cultural conservatism of one group is privileged by not only its aims, but enshrined in its constitution.

Please oppose this amendment so the NH Constitution continues to be where “all government of right originates from the people, is founded in consent, and instituted for the general good.”
