

To the House Education and Policy Administration Committee

Re: Oppose CACR 28

Greetings House Education and Policy Administration Committee,

I, Harriet Bingel, believe in my right of Freedom of Worship and **strongly oppose the legislation of CACR 28** which imposes specific Christian beliefs.

I **strongly** oppose any legislation that seeks to place one religion's rules over another religion's rules.

I request that every House Education and Policy Administration Committee member **vote against CACR 28** and **stop any infringement on my, and other New Hampshire residents, right to worship freely.**

Thanks much,

Harriet Bingel
