Concord, NH – Speaker Sherman Packard (R-Londonderry) released the following statement relative to S&P Global’s upgrade of New Hampshire’s General Obligation ratings from “AA” to “AA+” :

“The recent upgrade to our rating is a testament to smart fiscal management by Republican leadership across state government. We crafted a responsible state budget that fueled economic growth and increased the rainy-day fund to record levels in recent years. Our limited government approach has positioned NH as not only a great place to live but also an attractive place in which to do business.”
