Speaker Packard thanks both legislative bodies for passage of Budget

Speaker Sherman Packard (R-Londonderry) delivered the following statement thanking both legislative bodies for their hard work following the passage of HB 1 and HB 2:

“I want to thank every Member of the House for coming together to pass a thoughtful, balanced budget - the result of good-faith compromise that benefits all Granite Staters. This plan protects what matters most: essential services, school funding, and the financial stability our state needs to carry us confidently through the biennium.”

He continued, “This wasn’t about partisanship — it was about partnership. The hard work and collaboration of both legislative bodies did not go unnoticed. Now, it’s time for the Governor to finish the job and sign a budget that keeps New Hampshire running strong.”
