MISSION

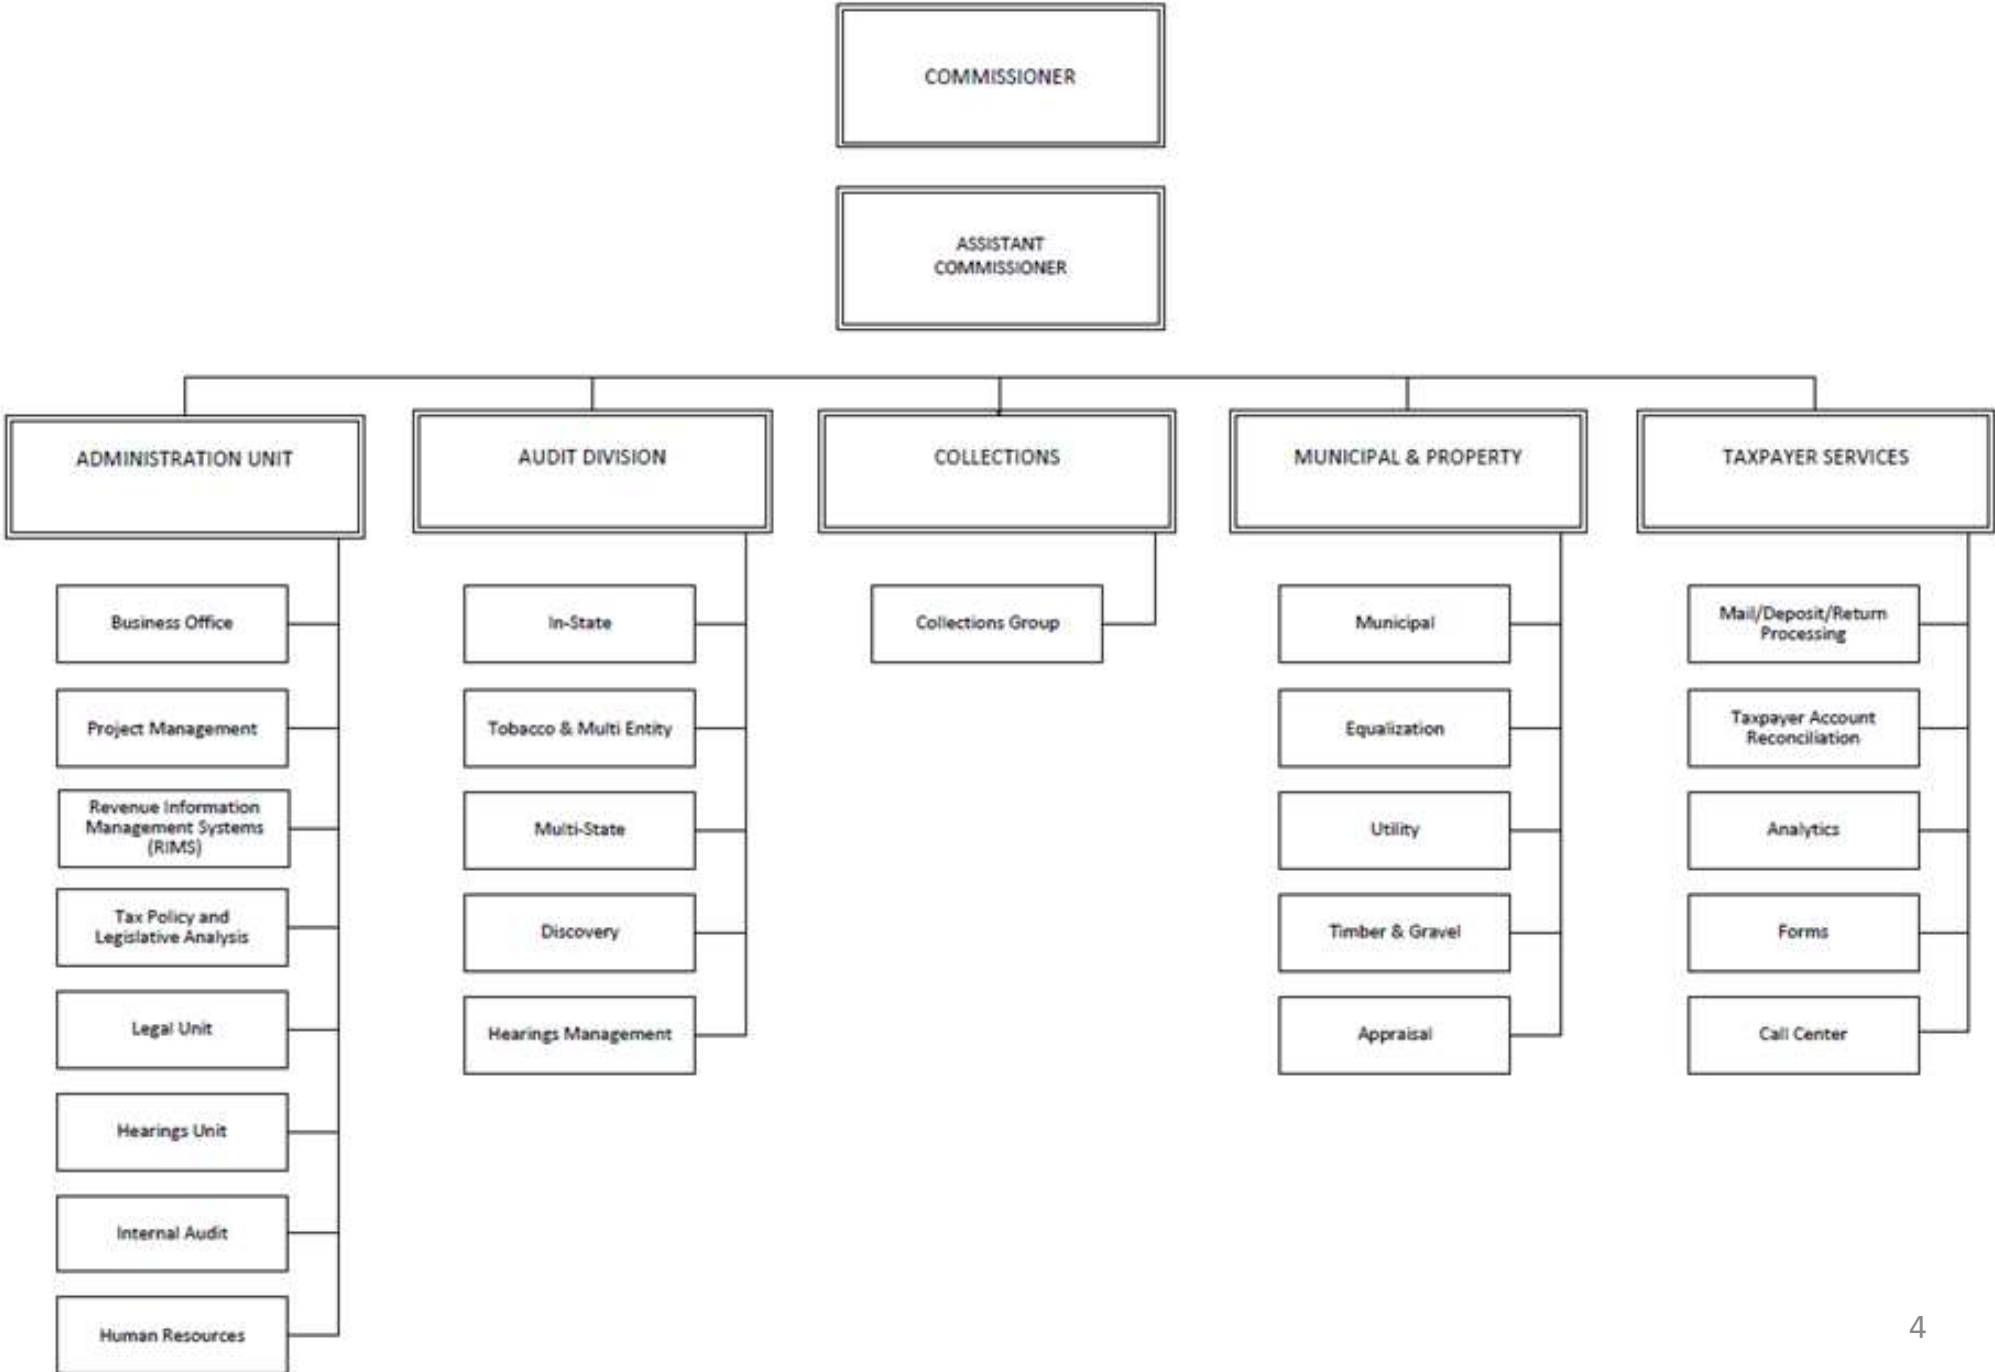

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

TAXPAYER INTERACTION

It is the policy of the Department of Revenue Administration to administer the tax laws of the State in a manner that demonstrates efficiency, fairness, and courtesy towards every taxpayer.

The data in this chart represents the revenue collected by County based on the address from which each Meals & Rentals Operator reports M&R tax. The reporting location is often different than the location where the taxable transaction occurred and where M&R Tax was collected. Many M&R Operators file their returns on a consolidated basis, meaning, the Operator reports the M&R Tax collected from several business locations on a single return.

Revenue Information Management System (RIMS)

- ▶ The DRA received a \$30,160,000 capital appropriation through general funds and other funds to replace the DRA's Tax Information Management System (TIMS).
- ▶ TIMS, which was implemented in 1990, was obsolete and limited in its functionality, impacting the reliability, usefulness, and security of taxpayer data.
- ▶ RIMS is used by taxpayers, practitioners, and DRA staff.
- ▶ RIMS was implemented by DRA, in partnership with DoIT, and is a complete backend technology system, housing and consolidating all taxpayer data.
- ▶ FAST Enterprises LLC was selected through a request for proposal process to implement and support their commercial off-the-shelf software, GenTax for tax administration.
- ▶ Implementation consisted of three phases, each taking about a year, and the contract also included support and maintenance of the system for four years after implementation.
- ▶ Total cost for the seven-year contract is \$29,550,000.

RIMS Revenue Uplift

During the 2017 Legislative Session, the State's Capital Budget (HB 25, Chapter 228, Section 1, XIX) appropriated \$30.16 million to the Department of Revenue Administration (DRA) for the establishment of a new back-end technology system to process, house, and consolidate all taxpayer data (Revenue Information Management System or RIMS) and a new front-end taxpayer portal (Granite Tax Connect or GTC) to facilitate efficient tax administration. \$24.16 million of the total appropriation for the project was financed through the issuance of bonds, which pursuant to RSA 21-J:1-b, are to be paid from a non-lapsing revenue information management system account. The revenue information management system account shall be funded with the yearly transfer of revenue increases from existing taxes attributable to RIMS in an amount not greater than \$4 million each fiscal year, beginning the fiscal year ending June 30, 2020 and ending when total deposits equal \$40 million.

RIMS Revenue Uplift

To date DRA has transferred the following amounts to the RIMS Account:

- FY 2020 = \$0.0m
- FY 2021 = \$2.2m
- FY 2022 = \$4.0m
- FY 2023 = \$4.0m
- FY 2024 = \$4.0m

For FY 2024, revenue uplift was identified from M&R, I&D, BPT, BET, and Tobacco through reminder to pay letters, the use of Federal Tax Information and automated payment plans as follows:

Tax Type	Total Revenue Increase	% of Total	FY 2024 Revenue Increase
