

#14572 (eff 5-15-26)

**Readopt with amendment Env-Wq 1603.10 and Env-Wq 1603.12, effective 2-27-25 (Document #14205, EXRF) to read as follows:**

Env-Wq 1603.10 Permit Transfer.

(a) A septage hauler permit or septage holding tank(s) permit shall be issued to the applicant for each tank identified in the application and shall not be sold, assigned, or otherwise transferred by the applicant to any other person or tank unless prior approval is obtained from the department in accordance with (c) and (d) below.

(b) A site, facility, or septage holding tank permit, certification, or any associated waivers shall be issued to the applicant and shall not be sold, assigned, or otherwise transferred by the holder of the permit, certification, or waiver to any other person unless prior approval is obtained from the department in accordance with (c) and (d) below.

(c) The person wishing to transfer a permit, certification, or any associated waivers shall complete and submit to the department:

- (1) An "Application for Transfer, Modification, or Renewal of a Septage Permit" form, NHDES-W-09-039, May 2026, available at <https://onlineforms.nh.gov/nform?formtag=NHDES-W-09-039>;
- (2) A copy of the original application;
- (3) A copy of the permit, certification, or waiver;
- (4) A written explanation of any changes that are proposed to the permit, certification, waiver, the site plan, the facility plan, or the management plan, as applicable;
- (5) A list of all changes that will require notification pursuant to Env-Wq 1603.12(e); and
- (6) A list of all outstanding violations for the site or facility, if any.

(d) The person to whom the permit, certification, or any associated waivers is proposed to be transferred shall submit a signed certification declaring whether or not the person has been convicted of a misdemeanor under any statute administered by the department within the 5 years prior to the date of application, or of a felony in any state or federal court during the 10 years prior to the date of application.

(e) The department shall approve such transfer if:

- (1) The holder of the permit, certification, or any associated waivers is in compliance with these rules and all applicable conditions of the permit, certification, or waiver;
- (2) Any outstanding violations will be corrected by the current permit or certification holder prior to or as a result of the transfer;
- (3) Any proposed changes are in compliance with these rules and all applicable conditions of the permit, certification, or waiver;

#14572 (eff 5-15-26)

(4) Good cause as defined by Env-Wq 1603.09(g) to suspend, revoke, or refuse to renew the permit, certification, or any associated waivers does not exist, unless the reason that good cause exists can be corrected prior to or as a result of the transfer of the permit, certification, or waiver; and

(5) The person to whom the permit, certification, or any associated waivers is proposed to be transferred has not been convicted of a misdemeanor under any statute administered by the department within the 5 years prior to the date of application, or of a felony in any state or federal court during the 10 years prior to the date of application.

Env-Wq 1603.12 Modification and Renewal of a Permit.

(a) If the department determines, based on all available scientific and valid information, that the permitted activity creates an imminent danger to public health or safety or the environment, the department shall modify or suspend the conditions of a permit without request by the permit holder pursuant to RSA 541-A:30, III and the provisions of Env-C 200 applicable to adjudicative proceedings.

(b) The permit holder shall apply to the department for approval to:

(1) Renew a site, facility, or septage holding tank(s) permit, or

(2) Modify a site, or facility, or septage holding tank(s) permit, or any permitted management activity prior to implementing any changes.

(c) To apply for permit renewal or modification, the permit holder shall complete and submit an "Application for Transfer, Modification, or Renewal of a Septage Permit" form, NHDES-W-09-039, May 2026, available at <https://onlineforms.nh.gov/nform?formtag=NHDES-W-09-039> to the department and to the governing body of the municipality in which the site or facility is located and the following information:

(1) A detailed description of all proposed modifications, if any;

(2) Revised site, facility management, or groundwater monitoring plans, highlighting the proposed changes, if any;

(3) If applicable, revised facility plans and specifications for construction and closure stamped by a New Hampshire registered professional engineer;

(4) An explanation of why each proposed change is necessary or desirable;

(5) The effect of the permit renewal or modification on the capacity or life expectancy of the site or septage holding area;

(6) The identification and status of all other federal or state permits or approvals necessary to affect the proposed modifications(s);

(7) The permit holder's proposed schedule for implementing such changes;

#14572 (eff 5-15-26)

- (8) A list and status of any outstanding violations, accompanied by a statement from the permit holder indicating how full compliance shall be attained prior to approval of the renewal or modification;
  - (9) For renewals or modifications in accordance with (e) below, certification that the notification requirements outlined in Env-Wq 1604.01(a), (b), (c), (d)(1) through (6), and (e) have been met, including a copy of the notice sent to abutters notifying them of the activity; and
  - (10) Soil samples collected in accordance with Env-Wq 1608.12(e), from each field upon which domestic septage has been applied.
- (d) The department shall approve the modification or renewal if it determines that:
- (1) All applicable requirements of these rules have been met;
  - (2) If the applicant is other than the owner, the owner has given permission to the applicant for the modification or renewal;
  - (3) All other state permits which are necessary for the proposed modification have been applied for;
  - (4) Management of the septage at the site, facility, or septage holding area is in accordance with the proposed modification and will not violate any statutes or rules administered by the department;
  - (5) The department can differentiate any groundwater impact resulting from the proposed modification from impacts resulting from the existing or previously permitted activity; and
  - (6) The permit holder has paid all fees and administrative fines owed to the department and all civil or criminal penalties owed to the state as a result of a violation of a law administered by department.

(e) If the proposed permit modification or renewal increases the volume of septage being managed at the site, facility, or septage holding area by more than 25 percent from the volume specified in the original permit, the renewal or modification shall be processed in accordance with Env-Wq 1604 and Env-Wq 1603.06 unless the applicant can demonstrate that the increase will not impact the environment or abutters.

(f) If the department does not approve a permit renewal and any associated waiver(s) before the expiration date of the permit, then the permit and any associated waiver conditions of the existing permit shall be administratively continued until such time the renewal is issued by the department.

**Readopt with amendment Env-Wq 1605.01, effective 2-27-25 (Document #14205, EXRF) to read as follows:**

Env-Wq 1605.01 Septage Hauler Permit Application Requirements.

- (a) To apply for a septage hauler permit, the person seeking the permit shall:

#14572 (eff 5-15-26)

- (1) Complete and submit the "Application for a Septage Hauler Permit" form, NHDES-W-09-036, May 2026, available at: <https://onlineforms.nh.gov/nform?formtag=NHDES-W-09-036>; and
- (2) Submit the fee and certifications specified in (b) through (f), below.
- (b) Each application shall be accompanied by the fee specified in Env-Wq 1605.04.
- (c) Each application shall include a certification signed by the owner or authorized agent of each permitted site, facility, or wastewater treatment plant to which the applicant proposes to transport septage, which:
- (1) Acknowledges the applicant's intent to beneficially use or dispose of septage at the permitted site, facility, or wastewater treatment plant; and
- (2) Authorizes the applicant to use the permitted site, facility, or wastewater treatment plant for such activity.
- (d) Each application shall include a certification signed by the applicant that upon issuance of the septage hauler permit, the applicant shall assume complete responsibility for ensuring that all persons who will be transporting septage with the applicant's vehicle(s) and tank(s) are familiar with the requirements of these rules.
- (e) Each application shall include a certification signed by the applicant stating that all vehicles and tank(s) proposed to be used to transport septage will meet all applicable federal and state motor vehicle requirements when in use.
- (f) Each application shall include a certification signed by the applicant that the applicant has not been convicted of:
- (1) A misdemeanor under any statute administered by the department within the 5 years prior to the date of application; or
- (2) A felony in any state or federal court during the 10 years prior to the date of application.
- (g) The applicant shall respond to the department's written request for information within 60 calendar days after the date of the request.

**Readopt with amendment Env-Wq 1608.02, effective 2-27-25 (Document #14205, EXRF) to read as follows:**

Env-Wq 1608.02 Application Form. The applicant shall complete and submit the "Application for a Septage Land Application (Site) Permit" form, NHDES-W-09-040, May 2026, available at: <https://onlineforms.nh.gov/?formtag=NHDES-W-09-040>.

**Attach additional sheets as necessary.**

**5. Required attachments:** Check all that apply.

- I have included **Attachment A** and all supporting materials.
- The applicant is not the owner of the proposed site. I have included **Attachment B**.
- There is more than one operator for the proposed site. I have listed additional operators on **Attachment C**.

**6. Fee information:** The applicant shall submit a non-refundable fee with each application, made payable by check or money order to: "Treasurer State of NH."

- \$300 fee is enclosed for a septage site permit **greater than 10 acres**.
- \$150 fee is enclosed for a septage site permit **greater than 5 acres or less than or equal to 10 acres**.
- \$100 fee is enclosed for a septage site permit **less than or equal to 5 acres**.
- No fee is required because only quality certified septage from New Hampshire political subdivisions will be land applied, or because the site also has Facility Permit Number: \_\_\_\_\_.

**7. Applicant certification:**

**Please read and check all boxes, then sign below:**

**AS THE APPLICANT, I HEREBY CERTIFY THAT:**

- I have complied with the notification provisions of Env-Wq 1604.01.
- All operators of the site will be informed and trained on the requirements Env-Wq 1600 prior to working at the septage site.
- Copy of the application was given to the governing body of the municipality in which the activity is proposed to occur.
- I have read and understand and shall comply with all applicable requirements for the siting, design, construction, and operation of the septage site as identified in Env-Wq 1608.
- I am the property owner or, if not, the property owner is aware that this application is being filed and has given permission for me to file the application and to enter upon the land for purposes of site investigation and operation of the land application Site (see **Attachment B**).
- I have not been convicted of a misdemeanor under any statute administered by the department within the 5 years prior to the date of application or of a felony in any state or federal court during the 10 years prior to the date of application.
- I certify that this application is submitted in a complete and accurate form as provided by New Hampshire Department of Environmental Services without alteration of the text, and that the information submitted is true, complete, and not misleading.

# SEPTAGE HAULER APPLICATION

Wastewater Engineering Bureau  
Residuals Management Section

**RSA and Rule:** RSA 485-A:4, XVI-a and Env-Wq 1605

Use this form to apply for a septage hauler permit.

*Items in italics are optional.*

<b>1. Applicant information:</b>				
Individual or business name:			Contact:	
Mailing address:		City/town:		State: ZIP:
Day phone:	Cell:	Fax:	Email:	
<b>2. Company trade name or municipality:</b> This is the name that will appear on both sides of the vehicle.				
Business or municipality name:				
Town/city:		Phone:		
<b>3. 24-hour emergency contact information:</b>				
Contact name:				
Daytime phone:		Hours:	to	Evening phone:
				Hours:
				to
<b>4. Required attachments:</b>				
<input type="checkbox"/> I have included <b>Attachment A</b> with all requested information submitted for <b>each</b> vehicle that I am seeking to permit.				
<input type="checkbox"/> I have included a signed copy of <b>Attachment B</b> for <b>each</b> wastewater treatment facility, septage facility, and/or septage site at which the permitted vehicle proposes to dispose of septage.				
<b>5. Fee calculation:</b> The application shall be accompanied by a check or money order payable to: "Treasurer State of NH."				
Use the table below to indicate the number of requested vehicle permits and/or replacement plates; then calculate the fee subtotal for each line by multiplying the requested number by the applicable fee as listed. Determine the grand total by adding together the subtotals. Enclose a check or money order for the <b>total</b> amount. New Hampshire political subdivisions who transport their own septage are fee exempt.				
<b>Fee category</b>	<b>Requested Number</b>	<b>x</b>	<b>Fee</b>	<b>Subtotal</b>
New septage vehicle permit.		x	\$105	\$
Renewal of existing sludge or septage permit.		x	\$100	\$
Replacement of hauler plate.		x	\$5	\$
Transfer of existing permit to different vehicle.		x	\$0	\$ 0
NH municipality transporting self-generated septage.		x	\$0	\$ 0
			<b>Total</b>	<b>\$</b>

**Attach additional sheets as necessary to provide information for EACH vehicle for which a permit is being sought.**

## ATTACHMENT B: SEPTAGE DISPOSAL CERTIFICATION

Disposal of septage is only allowed at approved locations as listed on this application. Please complete all information and have an authorized agent of the receiving location certify the form. This page must be filled out for **each** disposal location, and signatures must be affixed, before a permit will be issued. Attach additional copies of this form as necessary.

<b>Hauler information:</b>			
Hauler business name:			
Hauler contact name:		Phone:	Email:
<b>Septage receiving facility information:</b>			
Disposal facility name:
