No. 40

STATE OF NEW HAMPSHIRE

Legislative

SENATE CALENDAR

REPORTS, HEARINGS, MEETINGS & NOTICES

THE SENATE WILL MEET IN SESSION TUESDAY, JUNE 22, 1999 AT 10:00
A.M.

LAI D ON THE TABLE

HB 64, relative to changes of registration for undeclared voters.

HB 112-FN-A, increasing the tobacco tax and imposing the tax on all types of tobacco products.

HB 294, relative to state aid to municipalities for closure of certain municipal incinerators.

HB 295, relative to alternative kindergarten programs in cooperative school districts.

HB 375, relative to substitutions for disqualified and deceased candidates.

HB 448, relative to the board of dental examiners and the regulation of dentists and dental hygienists.

HB 562, relative to the date of decision for appeals of zoning matters.

HJR 1, requesting that the federal government prohibit the U.S. Fish and Wildlife Service or other federal agency from introducing wolf populations to the northeastern United States, especially New Hampshire.

REPORTS

ENVIRONMENT

HJR 2, urging that federal air pollution programs not punish early adopters of air pollution control technology. Vote 8-0

Ought to pass with amendment, Senator Russman for the committee.

HB 263, repealing the Northern New England Low-Level Radioactive Waste Management Compact. Vote 8-0

Ought to Pass, Senator D'Allesandro for the committee.

HB 291, establishing a study committee for seed sterilization technology or "terminator" technology.

MINORITY REPORT: Ought to Pass, Senator Johnson for the committee. Vote 2-6

MINORITY REPORT: Ought to pass with amendment, Senator Cohen for the committee. Vote 6-2

HB 379, setting up a study committee to study issues pertaining to the Sullivan county regional refuse disposal district. Vote 8-0

Ought to Pass, Senator D'Allesandro for the committee.

HB 410, relative to enforcement authority of the department of environmental services. Vote 8-0

Ought to Pass, Senator Johnson for the committee.

HB 421, relative to penalty provisions for the law regarding control of marine pollution, exotic aquatic weeds and other aquatic growth. Vote 8-0

Ought to Pass, Senator Pignatelli for the committee.

HB 546, providing partial funding to support research monitoring groundwater at reclamation sites that have had sludge applied.

SPLIT REPORT: Ought to pass with amendment, Senator Russman for the committee. Vote 4-4

SPLIT REPORT: Ought to Pass, Senator Krueger for the committee. Vote 4-4

WAYS AND MEANS

HB 596, making technical corrections to certain laws administered by the department of revenue administration and extending the temporary tax rate of the communications services tax through the biennium ending June 30, 2001.

MINORITY REPORT: Ought to Pass, Senator D'Allesandro for the committee. Vote 3-5

MAJORITY REPORT: Ought to pass with amendment, Senator Below for the committee. Vote 5-3

WILDLIFE & RECREATION

HJR 7, supporting the continued management of the White Mountain National Forest for multiple uses as a part of the National Forest System. Vote 4-0

Ought to Pass, Senator Krueger for the committee.

HB 225, relative to the definitions of the terms "farm," "agriculture," and "farming." Vote 5-0

Ought to Pass, Senator Disnard for the committee.

HB 364, relative to expenditure of funds received from the United States on account of national forest lands in this state. Vote 4-0

Ought to Pass, Senator Wheeler for the committee.

HB 574-FN-A, establishing a fisheries habitat fee required for persons obtaining a fishing license and continually appropriating the funds for fisheries habitats. Vote 4-0

Ought to Pass, Senator Disnard for the committee.

AMENDMENTS

Environment

June 17, 1999

1999-1684s

08/09

Amendment to HJR 2

Amend the resolution by replacing all after the title with the following:

Whereas, the federal Clean Air Act has in the past allocated pollution allowances, which are items of commercial value, to pollution sources based on emissions existing on arbitrary baseline dates, where higher emissions equated to being granted more allowances; and

Whereas, such a policy has rewarded dirtier operators by allocating to them more allowances than their cleaner competitors, and further, has unfairly served to punish operators who have happened to install expensive air pollution controls shortly before the baseline dates; and

Whereas, these past actions have made it more difficult to encourage polluters to reduce emissions prior to regulatory deadlines; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That future federal air pollution legislation should avoid using baseline pollution as a basis for allocation of allowances or other items of commercial value, or any future reduction requirements;

That to the extent that the federal government chooses to continue to use baseline emissions to determine allowance allocation and future reduction requirements, either to individual polluters or to states, that it choose a baseline date far enough in the past in order that recently-improved sources are not placed at a competitive disadvantage against dirtier competitors that have not made such investments and have smaller capital and operating costs as a result; and

That such care with baselines be used not only for sulfur dioxide and nitrogen oxide emissions, but also for any other emissions which the federal government may subsequently choose to control with allowance-based mechanisms; and

That copies of this resolution be sent by the house clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the chairpersons of committees of the United States Congress having jurisdiction over the Clean Air Act, the Administrator of the United States Environmental Protection Agency, and each member of the New Hampshire congressional delegation.

1999-1684s

AMENDED ANALYSIS

This house joint resolution urges that:

I. Future air pollution legislation not use baseline pollution as a basis for allowance allocation or any future reduction requirements.

II. Failing this, any baseline date chosen be far enough in the past so that recently-improved sources not be at a competitive disadvantage.

III. Care be used with baselines adopted for emissions besides sulfur dioxide and nitrogen dioxide that the federal government chooses to control with allowance-based mechanisms.

08/09

Amendment to HB 291

Amend the title of the bill by replacing it with the following:

AN ACT banning and establishing penalties for the sale or planting of crops that have been genetically engineered to produce sterile seeds.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Terminator Crops. Amend RSA 433 by inserting after section 36 the following new subdivision:

Terminator Crops

433:37 Definition. "Terminator crops" mean those plants or seeds that have been genetically engineered so that the seeds produced by the mature plant will be sterile, or may be rendered sterile upon application of an external stimulus.

433:38 Prohibitions. It is unlawful for any person:

I. To sell, offer for sale, expose for sale, or transport for sale within this state any terminator crop, as defined in RSA 433:37.

II. To plant or sow within this state any terminator crop, as defined in RSA 433:37.

433:39 Rulemaking. The commissioner of agriculture is hereby authorized to adopt all necessary rules under RSA 541-A, in order to carry out the provisions of this subdivision.

433:40 Penalties. Any person who violates any prohibition under RSA 433:38 shall be guilty of a violation if a natural person or guilty of a felony if any other person.

433:41 Report. The commissioner of agriculture shall complete an annual report on any recent developments in the field of genetically-engineered plant life. The commissioner may use any appropriate department personnel and resources for completing the report as the commissioner deems necessary. Such annual report shall be provided to the state library, the governor, the speaker of the house of representatives, the senate president, and the chairs of the house and senate committees relating to agriculture and the environment, on or before November 1 of each year.

2 Effective Date. This act shall take effect upon its passage.

1999-1680s

AMENDED ANALYSIS

This bill:

I. Prohibits the sale or planting of "terminator crops", meaning those plants or seeds that have been genetically engineered so that the seeds produced by the mature plant will be sterile, or may be rendered sterile upon application of an external stimulus. A violator of these prohibitions shall be guilty of a violation if a natural person or a felony if any other person.

II. Requires the commissioner of agriculture to complete an annual report on recent developments in the field of genetically-engineered plant life.

08/09

Amendment to HB 546-FN-A

Amend the title of the bill by replacing it with the following:

AN ACT providing partial funding to support research monitoring groundwater at reclamation sites that have had sludge applied, and providing funding to support a pilot program for studying the use of vegetation cover on spent gravel pits.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court recognizes there is an ongoing scientific debate about the environmental hazards associated with using sewage sludge and industrial paper mill sludge at reclamation sights. The general court recognizes that alternatives exist to creating vegetative covers

at reclamation sights that do not require the use of sludges or topsoil. The general court further recognizes that aquifers are located under gravel pits at reclamation sights, and that such aquifers are an important source of drinking water for New Hampshire communities. The general court therefore authorizes the university of New Hampshire to conduct research on the impacts to groundwater at reclamation sights from the application of sewage sludge and industrial paper mill sludge, and to conduct research on gravel pit reclamation that does not require the use of sludges.

2 Research Authorized.

I.(a) The university of New Hampshire office of sponsored research shall conduct research on groundwater at gravel pit sites that have been treated with a mixture of sand, sewage sludge, and industrial paper mill sludge. This research shall include testing for dioxins, toxic organics, heavy metals, surfacants, and nitrates leaching into groundwater. In addition to the annual reports required under section 6 of this act, the office of sponsored research shall continue to monitor soil and water for evidence of leaching of heavy metals for 10 years after the initial application of sludges at the gravel pit sites used in the study.

(b) If gravel pits that have not previously been treated with sand, sewage sludge, and industrial paper mill sludge are added to this research study, testing shall be done during the first year during the stockpiling, mixing, and spreading phase as well as during the first few months after application when vegetation is not yet established.

II. The university of New Hampshire office of sponsored research shall conduct a pilot program designed to study what vegetative cover can be successfully grown on the sandy soil in spent gravel pits for reclamation purposes as an alternative to the use of topsoil and sludges. The pilot program shall focus on using organic plants such as cranberries and high bush blueberries, pine trees, and other conifers. The pilot program shall also focus on the income-producing options that such vegetative cover would provide.

3 State Support of Research; Source of Funds. The commissioner of the department of environmental services shall provide funds, notwithstanding RSA 485-A:4, XVI-c, from the sampling and analysis of sludge or biosolids samples fund totaling \$40,000, for the fiscal year ending June 30, 1999, to the university of New Hampshire office of sponsored research for the purposes of section 2 of this act. Of such funds \$20,000 shall be used for the research specified in paragraph I of section 2 of this act, and \$20,000 of such funds shall be used for the pilot program established in paragraph II of section 2 of this act.

4 Transfer of Appropriation. The sum of \$40,000, from available funds appropriated for state aid grants by 1997, 350:1, PAU 03-04-02-01-04, for fiscal year 1999, shall be transferred to the sampling and analysis of sludge or biosolids samples fund established by RSA 485-A:4, XVI-c, provided all eligible municipalities have received such state aid grants.

5 Application of Receipts; Sampling and Analysis of Sludge or Biosolids Samples Fund; Reference Corrected. Amend RSA 6:12, I(ttt) to read as follows:

(ttt) Money received under RSA [~~485-A:4, XVI-b~~] **485-A:4, XVI-c**, which shall be deposited in the sampling and analysis of sludge or biosolids samples fund.

6 Annual Reports. The university of New Hampshire office of sponsored research shall submit annual reports on the research for the years ending June 30, 2000 and 2001 to the speaker of the house, the president of the senate, the governor, the chair of the house committee on environment and agriculture, the chair of the house resources, recreation and development

committee, the commissioner of agriculture, markets, and food, and the commissioner of environmental services.

7 Effective Date. This act shall take effect upon its passage.

1999-1683s

AMENDED ANALYSIS

This bill provides funding to support research monitoring groundwater at reclamation sites that have had sludge applied.

This bill also provides funding to support a pilot program, established by this bill, for studying the use of vegetation cover on reclamation sites that does not require the use of topsoil or sludge.

Ways and Means

June 15, 1999

1999-1618s

09/10

Amendment to HB 596

Amend the title of the bill by replacing it with the following:

AN ACT making technical corrections to certain laws administered by the department of revenue administration, making the temporary rate of the meals and rooms tax permanent, and extending the temporary tax rate of the communications services tax through the biennium ending June 30, 2001.

Amend the bill by replacing section 7 with the following:

7 Temporary Rate of Meals and Rooms Tax Made Permanent. RSA 78-A:6, I and II are repealed and reenacted to read as follows:

I. A tax of 8 percent of the rent is imposed upon each occupancy.

II. A tax is imposed on taxable meals based upon the charge therefor as follows:

(a) Three cents for a charge between \$.36 and \$.37 inclusive;

- (b) Four cents for a charge between \$.38 and \$.50 inclusive;
- (c) Five cents for a charge between \$.51 and \$.62 inclusive;
- (d) Six cents for a charge between \$.63 and \$.75 inclusive;
- (e) Seven cents for a charge between \$.76 and \$.87 inclusive;
- (f) Eight cents for a charge between \$.88 and \$1.00 inclusive;

(g) Eight percent of the charge for taxable meals over \$1.00, provided that fractions of cents shall be rounded up to the next whole cent.

1999-1618s

AMENDED ANALYSIS

This bill makes technical corrections to certain laws administered by the department of revenue administration. This bill extends the temporary tax rate of the communications services tax through the biennium ending June 30, 2001. The bill makes permanent the current temporary rate of the meals and rooms tax.

COMMITTEE OF CONFERENCE

HB 67, relative to termination of parental rights upon a finding of either child abuse or the commission of certain criminal offenses.

MEETING: Wednesday, May 26, 1999, Room 206, LOB, 1:00 p.m.

Senate Conferees: Senators Pignatelli, Fernald, Squires

House Conferees: Representatives R. Lyman, I. Pratt, D. Bickford, E. Moran

SB 30, relative to the cruelty to animals law.

Senate Conferees: Senators Wheeler, Trombly, Disnard

House Conferees: Representatives E. Weare, R. Fesh, W. Mikowski, Welch

SB 101, relative to landlord-tenant obligations.

Senate Conferees: Senators Trombly, Disnard, Russman

House Conferees: Representatives P. Bergin, J. Craig, J. Wall, P. Woods

SB 124, establishing a committee to study the integration of technology at the state and municipal level.

Senate Conferees: Senators D'Allesandro, McCarley, Klemm

House Conferees: Representatives H. Lynde, L. Bergeron, L. Guay, R. Maxfield

SB 204, establishing the New Hampshire excellence in higher education endowment trust fund.

Senate Conferees: Senators Larsen, Gordon, Cohen

House Conferees: Representatives E. Hoadley, J. Alger, P. Davis, C. Snyder

HEARINGS

FRIDAY, JUNE 18, 1999

- **PLEASE NOTE THE FINANCE HEARINGS ORIGINALLY SCHEDULED FOR THIS DATE HAVE BEEN RESCHEDULED TO JUNE 25TH.**

FINANCE, Room 103, SH

9:00 a.m. Proposed Amendment (Senate Budget)

JOINT COMMITTEE ON ADDRESS, Room 208, LOB

11:00 a.m. Regular Meeting on HA1, For The Removal Of David C. Brock, Chief Justice Of The New Hampshire Supreme Court, From His Said Office.

Executive session to Follow

MONDAY, JUNE 21, 1999

INSURANCE, Room 103, SH

8:30 a.m. **EXECUTIVE SESSION ON ALL PENDING LEGISLATION**

INTERNAL AFFAIRS, Room 103, LOB

1:30 p.m. **HB 301**, relative to burials and funerals at the New Hampshire state veterans cemetery.

- **PLEASE NOTE THE FOLLOWING HEARINGS ARE RESCHEDULED FROM JUNE 22ND.**

PUBLIC INSTITUTIONS, HEALTH AND HUMAN SERVICES, Room 102, LOB
