Amendment to SB 392-FN

Amend the title of the bill by replacing it with the following:

AN ACT requiring public hearings concerning health care cost increases in health care services.

Amend the bill by replacing all after the enacting clause with the following:

□ New Paragraph; Insurance; Requested Information. Amend RSA 420-G:14-a by inserting after paragraph IV the following new paragraphs:

V. The commissioner shall hold an annual public hearing concerning private and public health care payer costs and cost trends and health care provider costs and cost trends for the purpose of identifying and quantifying the factors that contribute to cost increases in health insurance premiums and health care services in New Hampshire. The commissioner shall identify variations in the price that health carriers pay for health care services and shall undertake further analysis to determine whether the observed price variations correlate to the quality of care, the sickness or the complexity of the population served, the relative proportion of patients on Medicare or Medicaid that are served by the health care provider, the cost to the health care provider of delivering the service, or the relative proportion of free or reduced care provided to the uninsured. The commissioner shall also analyze the utilization of health care services and payment methodologies, including innovative payment systems, to determine the effect of those methodologies or payment systems on utilization, cost, and quality of care. The commissioner shall further evaluate health insurance premium increases, medical loss ratios, and health carriers' profits. In advance of holding the public hearing, the commissioner may require any health care provider, health insurer, or third party administrator to produce documents and information deemed necessary and relevant to evaluate the factors that contribute to cost growth in health care services, increased utilization of health care, and health insurance premium costs. The commissioner shall keep confidential all nonpublic documents and shall not disclose those documents without the consent of the health care

provider or health care payer that produced the information or documents. The commissioner may compel a health care provider or a health insurance carrier to testify at the annual public hearing.

VI. The commissioner shall prepare an annual report concerning health care cost drivers and cost trends. The annual report shall be designed to allow policymakers to develop strategies to contain the increase of health care costs without negatively affecting access to health care services or health care quality. On an annual basis, the report shall identify and quantify spending trends and shall identify and quantify the underlying factors that contributed to the growth of health care costs and increases in health insurance premiums. The report shall include recommendations and strategies for increasing the efficiency of New Hampshire’s health care financing and delivery system. The report shall be based on the commissioner’s analysis of information and data available to the commissioner, the testimony at the public hearing, and any other information or documents submitted in connection with the public hearing. The commissioner shall submit the annual report to the governor, the president of the senate, and the speaker of the house of representatives. The report shall be submitted by November 1 of each year.

2 Effective Date. This act shall take effect 60 days after its passage.

2010-0915s

II. Such call location information shall be provided by a wireless telecommunications carrier if the wireless telecommunications carrier, in good faith, believes that an emergency involving danger of death or serious physical injury to any person requires disclosure without delay.

NOTICES

MULTIPLE SCLEROSIS AWARENESS WEEK

MS Awareness Week is March 8-14 and is a great opportunity to spread the word and raise awareness for multiple sclerosis. Multiple sclerosis interrupts the flow of information from the brain to the body, and can stop people from moving forward in their lives. There are at least 3,000 people in the State of New Hampshire who have MS, and for each person diagnosed, there can be as many as seven whose lives are significantly affected. Join the National Multiple Sclerosis Society in helping to create a world free of MS. No matter what you do, no matter how you do it, you'll keep all of us moving forward. To learn about ways to be a part of MS Awareness Week and to encourage others to move forward also, check out www.MSnewengland.org, or call 1-800-344-4867.
