CONSENT CALENDAR REPORTS

ELECTION LAW AND MUNICIPAL AFFAIRS

SB 461, relative to the use of cemetery trust funds.

Interim Study, Vote 5-0.

Senator Levesque for the committee.

This bill would permit cemetery trustees to expend the income of trusts for the construction of columbaria. After deliberation, the towns that this will affect have been working on an alternative solution which may result in local action that does not need state legislative involvement.

ENERGY AND NATURAL RESOURCES

SB 428, relative to notifications to the rivers coordinator of state agency actions affecting rivers.

Ought to Pass, Vote 5-0.

Senator Giuda for the committee.

This bill creates an exception for utility providers in offering notice to local river management advisory committees when minimum impact work is conducted. The New Hampshire Department of Environmental Services adopted new rules in December 2019 that requires advisory committees to sign off on most minimum impact projects, such as dock, beach, deck, forestry, and utility activities, that fall within a designated river corridor on any of New Hampshire's nineteen rivers protected under the Rivers Management and Protection Program. Requiring such sign off by these advisory committees is burdensome to them and on permit applicants, especially utility companies, looking to conduct minimum impact work. The department is currently formulating a rules proposal to send to the Joint Legislative Committee on Administrative Rules to correct this issue. The Senate Energy & Natural Resources Committee felt it best to pass this bill as a contingency in case the rules proposal fails.

SB 517, relative to the public information and permitting functions of the office of the commissioner in the department of environmental services.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

This bill changes the functions of the Public Information and Permitting Unit (Unit) within the Office of the Commissioner of the New Hampshire Department of Environmental Services (NHDES). In May 2019, the Office of the Legislative Budget Assistant completed an audit of the department's Wetlands Bureau. The auditors interpreted current statute to mean that the more than 7,000 annual permit applications that NHDES receives must go through the Unit for processing, and then all subsequent decisions on those permit applications must go back through the Unit to be passed onto applicants. NHDES has not been interpreting the Unit's duties that way as it would not be practical and would significantly slow down the permit review process. The bill clarifies the Unit's functions as NHDES has traditionally applied them rather than the Unit acting as a bottleneck for timely permitting.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

SB 541, relative to the child abuse and neglect central registry.

Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

SB 541 expands the type of employers permitted to require that employees submit their names to the child abuse and neglect central registry as a condition of employment. The bill is a request of the Department of Health and Human Services. SB 541 works to fill gaps that currently exist in the central registry for certain services for which the department hires people that cannot be searched in the central registry for abuse or neglect of children. It also makes the records retention process consistent across the department.

SB 542, relative to membership on the professional standards board.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

SB 542 changes the membership and term requirements for the Professional Standards Board that advises the state board of education. This bill is a request of the Department of Education. SB 542 aims to improve the balance between representatives of higher education and representatives of K-12 education on the Professional Standards Board. SB 542 will also allow members of the Professional Standards Board to serve more than two non-consecutive terms.

HEALTH AND HUMAN SERVICES

SB 466, relative to the patient's bill of rights.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

The legislation, as amended by the Committee, adds gender identity, sexual orientation, profession and financial considerations to the list of items where a patient cannot be denied appropriate care. It also adds unmarried partners and a patient-chosen representative as individuals who are allowed to visit patients. The Committee amendment deletes the first section of the bill as introduced. The Committee unanimously supports these two important changes and protections for our New Hampshire patients as stated in the Patient's Bill of Rights.

SB 545, establishing a committee to study the safety of residents and employees in long-term care facilities.

Ought to Pass with Amendment, Vote 5-0.

Senator Fuller Clark for the committee.

This legislation establishes a committee to study the safety of residents and employees in long-term care facilities in our state. As one of the most rapidly aging states in the country, long-term care is of utmost importance. Both residents and employees of these vital facilities deserve assurance that they are in safe, secure facilities. The Committee amendment adds one task to the committee which would be an important review of suicide risks.

SB 674-FN, relative to the special fund for domestic violence programs, the public health services special fund, and the mosquito control fund.

Ought to Pass, Vote 5-0.

Senator Gray for the committee.

This is a housekeeping measure in order to correct inconsistencies in the statute. In preparation for the Department of Health and Human Services Dedicated Funds Review, the Department identified some programs which are not properly listed in the applicable statutes.

SB 716-FN, relative to Medicaid coverage for child health and development.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

This bill expands Medicaid coverage to support healthy childhood development. In 2017, 60% of the DCYF cases involved substance use problems – the #1 issue for the Department and a problem that affects every member of a family. The legislation also requires the DHHS to conduct a fiscal impact study as to the result of expanding Medicaid to cover childhood mental health services. The Committee Amendment merely changes one date to give the Department time to complete the study before submitting administrative rules for consideration.

JUDICIARY

SB 736-FN, relative to the supreme court reporter and reports.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This bill is a request of the Judicial Branch to make various changes to the statute governing the supreme court reporter. Enacting this language will allow the Judicial Branch to publish the decisions of the court on the supreme court website and make the language in the statute gender neutral. The Committee amended the bill to address some technical corrections in the language.

SB 737-FN, requiring a penalty assessment on violation-level offenses.

Ought to Pass, Vote 5-0.

Senator Levesque for the committee.

This bill requires that a penalty assessment be imposed on violation-level offenses. The Judicial Branch has been charging penalty assessments for violation-level offenses even though the statute currently only requires them for criminal offenses. This bill will bring the statute in line with the current practice at the Judicial Branch.

TRANSPORTATION

SB 612, relative to road skill examinations for applicants licensed in foreign jurisdictions.

Ought to Pass, Vote 5-0.

Senator Watters for the committee.

This bill extends a provision already in statute that covers France and Canada, to enable the Director of the Division of Motor Vehicles to enter into agreements with other foreign jurisdictions to waive the road skill examination for applicants licensed in such jurisdictions. Applicants will still be required to take a knowledge and vision test. Provisions will be in place to ensure the applicant has a valid driver's license and good driving record from the foreign jurisdiction.

SB 613, relative to access to crash data.

Ought to Pass with Amendment, Vote 5-0.

Senator Watters for the committee.

This bill permits the Department of Transportation to access crash data held by other governmental agencies for the purpose of advancing safety related initiatives. It is vitally important for DOT to have timely access to crash data. The committee amendment addresses concerns with regard to personally identifiable information. It makes clear that such information is to be redacted and not published or shared. The DOT testified to the fact that they do not seek or have need for personally identifiable information. They are only interested in crash data so that they can plan accordingly to improve roadway safety.

SB 653-FN, relative to remedies for the sale of counterfeit motor vehicle airbags.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill addresses a serious problem relative to the sale of counterfeit motor vehicle airbags by clarifying the penalties imposed for the sale, purchase, and installation of such counterfeit airbags. This is a growing and dangerous trend and 22 other states have passed similar legislation and it is pending in 5 additional states.

SB 654, relative to the prohibition against displaying a revoked or suspended driver's license or permit.

Ought to Pass with Amendment, Vote 5-0.

Senator Watters for the committee.

This bill makes it clear that it is illegal to use a suspended or revoked driver's license to operate a motor vehicle. The committee amendment authorizes the Division of Motor Vehicles to participate in the State to State (S2S) driver information program and the Driver License Data Verification (DLDV) program. These initiatives came as a result of the Division taking a close look at our laws to see where improvements could be made to increase safety after the horrific accident that took place in Randolph. Full participation in these programs will enable NH to receive and share crucial information in a timely fashion relative to license suspensions and revocations.

SB 658, relative to the adoption of federal requirements for motor carriers.
Ought to Pass with Amendment, Vote 5-0.
Senator Birdsell for the committee.

This bill clarifies which federal motor carrier safety regulations may be adopted by the Commissioner of the Department of Safety as administrative rules. It also repeals the authority of the Commissioner to waive the skills test for an applicant for commercial driver's license. This was necessary in order to be in compliance with federal regulations. The committee amendment simply corrects a typo on line 6 of page 1, changing "308" to "380."

REGULAR CALENDAR REPORTS

COMMERCE

SB 449, permitting tastings by distilleries at farmers markets.
Ought to Pass, Vote 3-2.
Senator Cavanaugh for the committee.

EDUCATION AND WORKFORCE DEVELOPMENT

SB 302-FN, relative to suspension and expulsion of pupils.
Interim Study, Vote 5-0.
Senator Dietsch for the committee.

ENERGY AND NATURAL RESOURCES

SB 628-FN, relative to the authority of the department of environmental services for emergency action at hazardous dams.
Ought to Pass, Vote 4-0.
Senator Fuller Clark for the committee.

HEALTH AND HUMAN SERVICES

SB 420, permitting qualifying patients and designated caregivers to cultivate cannabis for therapeutic use.
Ought to Pass, Vote 3-2.

Senator Sherman for the committee.

SB 506, establishing a commission to study workplace safety in health care settings.

Ought to Pass with Amendment, Vote 4-0.

Senator Gray for the committee.

SB 548, relative to protections under the use of cannabis for therapeutic purposes program.

Ought to Pass, Vote 4-0.

Senator Bradley for the committee.

SB 642-FN, relative to the administration of epinephrine.

Ought to Pass with Amendment, Vote 4-0.

Senator Sherman for the committee.

SB 646-FN, relative to Medicare supplemental insurance.

Ought to Pass, Vote 4-0.

Senator Sherman for the committee.

SB 703-FN, relative to the use of cannabis for therapeutic purposes program.

Ought to Pass, Vote 4-1.

Senator Fuller Clark for the committee.

SB 742-FN, relative to the definition of Alzheimer's Disease and related disorders and making an appropriation therefor.

Ought to Pass with Amendment, Vote 5-0.

Senator Chandley for the committee.

JUDICIARY

SB 651-FN, prohibiting collective bargaining agreements that require employees to join or contribute to a labor union.

Inexpedient to Legislate, Vote 4-1.

Senator Hennessey for the committee.

WAYS AND MEANS

SB 663-FN, establishing a credit against business taxes for employer payments in the graduate retention incentive partnership program.

Inexpedient to Legislate, Vote 5-0.

Senator Feltes for the committee.

01/04

Amendment to SB 642-FN

Amend the bill by replacing sections 1 and 2 with the following:

1 New Section; Physicians and Surgeons; Administration of Epinephrine. Amend RSA 329 by inserting after section 1-e the following new section:

329:1-f Administration of Epinephrine.

I. In this section:

(a) "Administer" means the direct application of an epinephrine auto-injector to the body of an individual.

(b) "Authorized entity" means any entity or organization in which allergens capable of causing anaphylaxis may be present, including recreation camps and day care facilities. Authorized entity shall not include an elementary or secondary school or a postsecondary educational institution eligible to establish policies and guidelines for the emergency administration of epinephrine under RSA 200-N.

(c) “Epinephrine auto-injector” means a single-use device used for the automatic injection of a premeasured dose of epinephrine into the human body.

(d) “Health care practitioner” means a person who is lawfully entitled to prescribe, administer, dispense, or distribute controlled drugs.

(e) “Provide” means to furnish one or more epinephrine auto-injectors to an individual.

II. A health care practitioner may prescribe epinephrine auto-injectors in the name of an authorized entity for use in accordance with this section, and pharmacists and health care practitioners may dispense epinephrine auto-injectors pursuant to a prescription issued in the name of an authorized entity.

III. An authorized entity may acquire and maintain a supply of epinephrine auto-injectors pursuant to a prescription issued in accordance with this section. Such epinephrine auto-injectors shall be stored in a location readily accessible in an emergency and in accordance with the instructions for use, and any additional requirements that may be established by board of medicine. An authorized entity shall designate employees or agents who have completed the training required by paragraph V to be responsible for the storage, maintenance, control, and general oversight of epinephrine auto-injectors acquired by the authorized entity.

IV. An employee or agent of an authorized entity, or other individual, who has completed the training required by paragraph V may use epinephrine auto-injectors prescribed pursuant to this section to:

(a) Provide an epinephrine auto-injector to any individual who the employee agent or other individual believes in good faith is experiencing anaphylaxis, or the parent, guardian, or caregiver of such individual, for immediate administration, regardless of whether the individual has a prescription for an epinephrine auto-injector or has previously been diagnosed with an allergy.

(b) Administer an epinephrine auto-injector to any individual who the employee, agent, or other individual believes in good faith is experiencing anaphylaxis, regardless of whether the individual has a prescription for an epinephrine auto-injector or has previously been diagnosed with an allergy.

V.(a) An employee, agent, or other individual described in paragraph IV shall complete an anaphylaxis training program at least every 2 years, following completion of the initial anaphylaxis training program. Such training shall be conducted by a nationally-recognized organization experienced in training unlicensed persons in emergency health care treatment or an entity or individual approved by the board of medicine. Training may be conducted online or in person and, at a minimum, shall cover:

- (1) How to recognize signs and symptoms of severe allergic reactions, including anaphylaxis;
- (2) Standards and procedures for the storage and administration of an epinephrine auto-injector; and
- (3) Emergency follow-up procedures.

(b) The entity or individual that conducts the training shall issue a certificate, on a form developed or approved by the board of medicine to each person who successfully completes the anaphylaxis training program.

VI. No authorized entity that possesses and makes available epinephrine auto-injectors and its employees, agents, and other individuals, or health care practitioner that prescribes or dispenses epinephrine auto-injectors to an authorized entity, or pharmacist or health care practitioner that dispenses epinephrine auto-injectors to an authorized entity, or individual or entity that conducts the training described in paragraph V, shall be liable for any injuries or related damages that result from any act or omission pursuant to this section, unless such injury or damage is the result of willful or wanton misconduct. The administration of an epinephrine auto-injector in accordance with this section shall not be considered to be the practice of medicine or any other profession that otherwise requires licensure. This section shall not be construed to eliminate, limit, or reduce any other immunity or defense that may be available under state law. An entity located in this state shall not be liable for any injuries or related damages that result from the provision or administration of an epinephrine auto-injector outside of this state if the entity would not have been liable for such injuries or related damages had the provision or administration occurred within this state, or is not liable for such injuries or related damages under the law of the state in which such provision or administration occurred.

2 Repeal. RSA 126-A:70 and 71, relative to administration of epinephrine, are repealed.

NOTICES

WEDNESDAY, FEBRUARY 5, 2020

Bi-State Primary Care Association's annual hot breakfast will be held on Wednesday, February 5th from 7:30 a.m. to 9:00 a.m. at the Holiday Inn, 172 North Main Street, Concord (snow date February 12th). This year's event, "Fostering the Health Care Workforce of Tomorrow," will focus on the innovative approaches NH's Community Health Centers and Area Health Education Centers are using to address our state's health care workforce shortage – through promoting health careers to students and offering community-based programs that train the next generation of health care workers. As we launch into the 2020 legislative session, this event will be an opportunity to discuss action steps the State can take in the year ahead to bolster NH's health care pipeline. Legislators and legislative staff attend for free with RSVP. <https://cvent.me/bV87gl>

FRIDAY, FEBRUARY 21, 2020

The New Hampshire Fiscal Policy Institute’s 7th Annual Conference, “Strengthening New Hampshire: Creating Equitable Opportunities for All Granite Staters”, will be held Friday, February 21st, from 8:00 a.m. to 12:30 p.m. at the Grappone Conference Center in Concord. Many Granite Staters continue to struggle to make ends meet, and there are large disparities in access to economic security, health care, housing, and education across the state. The conference will discuss ways to measure and understand these disparities at the local and regional levels. Presenters will also address the potential effects on economic and social mobility stemming from inequitable access to opportunities. Registration fees are \$45 through January 31st and \$60 starting February 1st. Pre-registration is required by February 14th. Breakfast will be provided. Scholarships for complimentary conference registrations are available for current members of the New Hampshire Legislature; please email info@nhfpi.org to request a scholarship. Visit www.nhfpi.org to learn more and register.
