CONSENT CALENDAR REPORTS

EDUCATION

HB 442, relative to penalties for a school's failure to file department of education reports.

Ought to Pass, Vote 5-0.

Senator Ricciardi for the committee.

This bill amends and clarifies current state law regarding the authority of the NH Department of Education when schools do not fulfill their reporting requirements. Currently, charter schools are not included in various areas of statute pertaining to reporting requirements. This bill does not expand or add any new reporting requirements for any schools in the state. It only clarifies the department's authority if a school has failed to submit data after numerous requests by the department. Failure to file such reports may result in revocation of a chartered public school's charter.

ENERGY AND NATURAL RESOURCES

HB 73, relative to public notice requirements for certain permits issued by the department of environmental services.

Ought to Pass, Vote 5-0.

Senator Giuda for the committee.

This bill updates RSA 149-M:7, III and requires that means of noticing the public about solid waste permits include using electronic means via the NH Department of Environmental Services' website and communicating permitting information with affecting municipalities. The bill also amends RSA 149-M:9, VIII to require that public hearing notices regarding solid waste permits must be posted on the department's website along with posting in local newspapers. This bill will ensure a greater opportunity for public participation in permitting decisions that can impact local communities.

HB 115, relative to wake surfing.

Ought to Pass with Amendment, Vote 5-0.

Senator Gray for the committee.

This bill ensures that those who engage in wakesurfing are subject to the same laws as other water sports such as waterskiing, wakeboarding, and tubing. Wakesurfers will be required to wear a personal flotation device and use only boats with propulsion systems designed for wakesurfing. The bill is supported by the NH Marine Patrol and was unanimously recommended by the Commission to Study Wake Boats.

HB 256, adding members from Londonderry to the commission to investigate and analyze the environmental and public health impacts relating to releases of perfluorinated chemicals into the air, soil, and groundwater in Merrimack, Bedford, and Litchfield.

Ought to Pass, Vote 5-0.

Senator Gray for the committee.

This bill adds a Londonderry local official and resident to the Commission on the Environmental and Public Health Impacts of Perfluorinated Chemicals. The Commission was created in 2019 to investigate and

analyze the release of perfluorinated chemicals into the air, soil, and groundwater in Merrimack, Bedford, and Litchfield. Since then, considerable information relative to significant impacts on private drinking water wells in Londonderry has been collected. Adding Londonderry representatives to the Commission will help advance the Commission's work. This bill was recommended by the Commission.

HB 344, relative to temporary docks.

Ought to Pass, Vote 5-0.

Senator Watters for the committee.

This bill makes three housekeeping changes throughout RSA 482-A:3, IV. The first change makes clear that an individual installing a temporary seasonal dock on a lake or pond is exempt from the NH Department of Environmental Services' usual permitting process and can simply file a permit by notification. The second change clarifies that an individual looking to place a temporary seasonal dock on a river or stream must go through the Department's permitting process. These docks are not anchored and can represent a public and safety hazard along rivers as storms and river currents can dislodge them. The third change specifies that the Department's voluntary dock registration process is not applicable to docks that are subject to any pending or final adverse municipal or state compliance action or pending civil action. This bill is supported by the Department and the Commission to Study the Effectiveness of Current Statutes Related to Management of Non-Tidal Public Waterways and Construction or Placement of Structures Within Them.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 117, relative to the use of force at New Hampshire national guard facilities.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill specifies circumstances for the use of force at New Hampshire National Guard facilities and is a request of the Adjutant General. HB 117 is a simple piece of legislation to align the New Hampshire National Guard's policies with federal guidance, as well as a national trend towards integration between active duty soldiers, National Guard soldiers, and the reserve force. HB 117 is a re-file of HB 1420 (2020), which passed the House on a voice vote before dying in the Senate during the COVID-19 pandemic.

HB 318, proclaiming the daring jumping spider to be the state spider of New Hampshire.

Ought to Pass, Vote 5-0.

Senator Prentiss for the committee.

This bill proclaims the daring jumping spider (*Phidippus audax*) to be the State Spider of New Hampshire. This effort has been spearheaded by "Team Spider", a group of third grade students from Mrs. Tara Happy's environmental science class at Hollis Primary School. The daring jumping spider was selected through a school-wide democratic process, involving research, debate, lobbying, and voting. The daring jumping spider is a common spider that exhibits many traits enviable for New Hampshire residents, including perseverance, strength, bold action, and cautious risk-management. Only one other state, South Carolina, currently has a State Spider, allowing New Hampshire to jump ahead of the pack and adopt a new, unique State symbol with a distinct appearance.

HB 356, relative to the city of Manchester employees' contributory retirement system.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

The bill makes administrative changes and clarifications to the Employees' Contributory Retirement System of the City of Manchester, including compliance with the applicable provisions of the Internal Revenue Code and related Treasury regulations, expanding the options available to the System's Board whenever an elected trustee become unwilling or incapable of completing their term of election, and other technical changes. The first changes in HB 356 clarify how vacant trustee positions should be filled. The other changes in HB 356 are needed in order to protect the tax-exempt status of the fund and make it easier for the Employees' Contributory Retirement System to update their rules and practices to maintain compliance with federal regulations in the future without having to go through the full legislative process. These changes will save time and effort for all parties involved.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HB 377, relative to the authority of the state fire marshal to grant an exemption from fire code requirements to recovery houses.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill allows substance-free recovery houses to be granted an exemption by the State Fire Marshal for certain requirements of the State Fire Code. In recent years, there has been a boom of bad actors buying single family homes in New Hampshire communities, calling them recovery houses, and using them to take advantage of people in recovery. HB 377 is an effort to promote the well intentioned, legitimate recovery houses that are doing good work by giving them an easier set of standards to meet with respect to the Fire Code. HB 377 will also shine more light on the bad actors and make it more clear to those in recovery and the community which recovery houses are legitimate and which are not. HB 377 is a recommendation of the Committee to Study State and Municipal Authority Governing Recovery Houses (Laws of 2020, 37:151).

REGULAR CALENDAR REPORTS

EDUCATION

HB 194, relative to the release of student assessment information and data.

Ought to Pass, Vote 3-2.
