CONSENT CALENDAR REPORTS

COMMERCE

HB 518, relative to rebates under the law governing unfair insurance practices.
Ought to Pass with Amendment, Vote 5-0.
Senator Bradley for the committee.

Some insurance agents give a portion or all of a commission back to an employee as a benefit if the employee has purchased their personal home or auto coverage through them. Currently, only licensed insurance agents can receive a commission as an employee benefit. This bill would allow non-licensed employees to receive commissions as well. As amended, RSA 417:4, IX(b)(16) would remove any reference to rebating. This language represents an agreement among the various parties interested in this bill.

EDUCATION

HB 140, relative to private rights of action regarding pupil safety.
Ought to Pass with Amendment, Vote 5-0.
Senator Kahn for the committee.

This bill creates a private right of action for bullying and cyberbullying of NH students. This bill works to ensure accountability and create a legal remedy for parents whose children have been aggrieved as a result of a school district's gross negligence or willful misconduct in cases of bullying. The committee amendment defines gross negligence as deliberate indifference.

HB 321, requiring school districts to submit an annual report concerning gifted and talented students.
Ought to Pass with Amendment, Vote 5-0.
Senator Prentiss for the committee.

This bill requires all public schools to submit annual reports to the department of education detailing the policies, programs, and procedures that are in place to identify and accommodate the needs of gifted and

talented students. This bill would create a folder, virtual or otherwise, for school districts to access and share their efforts and best practices in supporting gifted and talented students. The committee amendment sought to define gifted and talented students, require the department of education to develop a standardized report submission format and make reports available online.

ELECTION LAW AND MUNICIPAL AFFAIRS

HB 223, relative to political party access to a list of absentee ballot requests.

Ought to Pass with Amendment, Vote 5-0.

Senator Soucy for the committee.

This bill as amended authorizes political parties to request and subscribe to the absentee ballot request list from the secretary of state. Information on the statewide absentee voter list shall be limited to voter name, voter ID number, the date the absentee ballot was requested and the date that the ballot was returned. The secretary of state shall provide the list requested at least once per week and at least twice per week for the four weeks prior to the election.

HB 243, relative to the form of municipal budgets, relative to municipal estimates of expenditures and revenues, and relative to the requirement that certain governing bodies submit recommendations to the budget committee.

Ought to Pass with Amendment, Vote 5-0.

Senator Gray for the committee.

This bill as amended will require municipal, district, and administrative units to make available to the voters the same level of data that they use to develop their budget. In addition to the Uniform Chart of Accounts developed by DRA this bill defines the term sub-accounts. Sub-accounts allow the tracking of different activities (income and expense categories) which are funded by the same account. The bill also requires these details be available for public inspection at the public hearing and town and district meetings. Additionally, this legislation requires that information provided to the Budget Committee should be in a format that is acceptable to Budget Committee or provide a staff person at the committee meeting who can provide the required information.

HB 484, relative to budget committee recommendations on warrant articles.

Inexpedient to Legislate, Vote 5-0.

Senator Ward for the committee.

This bill would have specified in statute that Budget Committees are prohibited from providing written recommendations on warrant articles unless the warrant article includes an appropriation or expenditure. The Committee found that this prohibition is already in statute and respected by most municipalities across the state. Additionally, a violation can be addressed at the local level rather than at the state level.

ENERGY AND NATURAL RESOURCES

HB 249, relative to animal shelter facilities.

Ought to Pass, Vote 5-0.

Senator Gray for the committee.

This bill makes several changes relating to animal shelter facilities. This bill amends the definition of an animal shelter facility to include leased facilities. It also requires dogs, cats, and ferrets transferred out of these facilities to have a form of positive identification and to be vaccinated against rabies. The bill also requires facilities to contact previous owners of abandoned or unclaimed animals within 72 hours. Finally, the bill prohibits a shelter from transferring a dog, cat, or ferret that is received from outside of the state without an official health certificate and until quarantine requirements have been met.

HEALTH AND HUMAN SERVICES

HB 131, relative to reporting of health care associated infections.

Ought to Pass, Vote 5-0.

Senator Gray for the committee.

This bill clarifies the information that hospitals must report regarding infections. This bill brings reporting requirements up to date with modern practices, current definitions, and establishes more efficient reporting methods for hospitals.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

HB 146, requiring health care providers to furnish upon request a list of ingredients contained in an injectable medication that is recommended or administered.

Re-refer to Committee, Vote 5-0.

Senator Bradley for the committee.

This bill requires health care providers to furnish upon request a list of ingredients contained in any injectable medication that is recommended or administered. The committee recommends the motion to re-refer because the acts required by this bill are already standard practice. The committee would like the opportunity to further review this bill to determine if there is a need for legislation.

HB 187, relative to the emergency powers of the commissioner of health and human services and relative to the membership of the oversight committee on health and human services.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

This bill makes various changes to the powers of the commissioner of the department of health and human services during a public health emergency; authorizes the joint legislative oversight committee on health and human services to review, and rescind by a 2/3 vote, emergency orders issued by the commissioner; gives a person subject to a treatment order for a communicable disease a right to a hearing on the order; and amends the membership and duties of the ethics oversight advisory committee. The bill also amends the house membership on the health and human services oversight committee. As amended, the health and human services oversight committee may not vote to sponsor a joint resolution to rescind the emergency order. It is essential for the department to be able to issue emergency orders to protect the public during public health emergencies. Additionally, the amendment restores the senate membership to three members on the health and human services oversight committee.

HB 381-FN, relative to laboratory testing.

Re-refer to Committee, Vote 5-0.

Senator Avarad for the committee.

This bill authorizes laboratory testing without a licensed medical practitioner's order. The bill adds rule-making authority for the purposes of the bill. The committee recommends the motion of re-refer so that the committee members can continue working to ensure that this bill will provide increased accessibility to those who need it while also ensuring that there are no unintended consequences from this bill.

HB 479, relative to pharmacist provider status and nicotine cessation therapy.

Ought to Pass with Amendment, Vote 5-0.

Senator Sherman for the committee.

This bill includes pharmacists as providers for certain covered services including Medicaid and authorized pharmacists to provide nicotine cessation therapy pursuant to a standing order from a physician or APRN and to be reimbursed under Medicaid. This bill increases patient access to nicotine cessation therapy. As amended, this bill adds that physician assistants may provide standing orders for nicotine cessation therapy.

HB 503, codifying the council on housing stability.

Re-refer to Committee, Vote 5-0.

Senator Whitley for the committee.

This bill codifies the council on housing stability initially established by the governor in Executive Order 2020-22. The committee recommends a motion of re-refer to allow the Council to continue its work without delay. The committee members recognize the importance of a coordinated and collaborative effort to support individuals experiencing homelessness and to address the root causes. The committee members would like the ability to assess the success of the council on housing stability and use this bill make any necessary improvements.

HB 572, relative to pharmacist administration of vaccines and allowing a licensed advanced pharmacy technician to administer vaccines.

Ought to Pass with Amendment, Vote 5-0.

Senator Sherman for the committee.

Due to the COVID-19 pandemic, the General Court is conducting legislative activities remotely with the exception of publicly noticed sessions in the House or Senate Calendar. During this time, the State House and Legislative Office Building remain closed to visitors.

This bill allows licensed advanced pharmacy technicians to administer vaccines, combines the pharmacist administration of vaccines authority into one section, provides for recording vaccinations in the state vaccine registry with consent, and requires the report of any adverse reactions. This bill provides increased accuracy for patients' medical records. Currently primary care providers do not have a reliable way of knowing if patients have already received vaccines from pharmacies. This bill will decrease the risk that patients will receiving duplicate vaccinations. As amended, this bill addresses concerns for patients who are new residents of New Hampshire with no vaccine records in the state and patients who have opted out of the registry.

WAYS AND MEANS

HB 154-L, relative to community revitalization tax relief incentives.

Ought to Pass, Vote 5-0.

Senator Giuda for the committee.

This bill enables municipalities to offer community revitalization tax incentives for the construction of additional housing in designated areas called "housing opportunity zones." Municipalities who choose to do this will be able to offer tax incentives for construction outside of a downtown area. To be eligible for tax relief under this section, the qualifying structure and property shall be located within the housing opportunity zone established by the municipality. No less than one-third of the housing units constructed shall be designated for households with an income of 80 percent or less of the area median income as measured by the United States Department of Housing and Urban Development, or the housing units in a qualifying structure shall be designated for households with incomes as provided in RSA 204-C:57, IV. The tax relief offered under this provision can be for a period of up to ten years. The bill also revises the criteria for assistance from the affordable housing fund administered by the Housing Finance Authority. Since the fund was created in 1988, the income targeting associated with the statute does not fit the programs available now. This bill establishes new income targeting that comports with federal financing programs used by the Housing Finance Authority.
