VETO MESSAGES

July 2, 2024

Governor's Veto Message Regarding Senate Bill 63

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 2, 2024, I have vetoed Senate Bill 63 relative to the adoption of public health ordinances by municipalities.

This bill, which seeks to define the instances in which public health officials can promulgate regulations is problematic in that it creates more confusion than clarity. While the text of the bill appears intended to define the parameters for such action, it instead introduces uncertainty concerning the instances in which introduction of regulations is appropriate. Introducing confusion in the context of public health considerations is unnecessary and should be avoided.

For the reasons stated above, I have vetoed Senate Bill 63.

Respectfully submitted,
Christopher T. Sununu
Governor

Governor's Veto Message Regarding Senate Bill 318

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 26, 2024, I have vetoed Senate Bill 318 converting the manufactured housing installations standards board and the board of examiners of nursing home administrators into advisory boards, and creating a new advisory board named the advisory board of massage therapists, reflexologists, structural integrators, and Asian bodywork therapists.

Industry leaders and stakeholders have expressed concerns with the language of this bill and have stated that it would negatively impact New Hampshire's housing industry. Additionally, the installation standards board has recently approved new rules to ensure that New Hampshire is not subject to additional burdensome, redundant, and expensive regulation by the federal government.

A change to the current state regulatory structure could cause disruption for installers, park owners, and those seeking to buy a manufactured home. These homes are an essential piece of the affordable housing landscape in New Hampshire. Maintaining a state process that is streamlined and free from the disconnected dictates of Washington bureaucrats is essential.

For the reasons stated above, I have vetoed Senate Bill 318.

Respectfully submitted,
Christopher T. Sununu
Governor

Governor's Veto Message Regarding Senate Bill 501

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 2, 2024, I have vetoed Senate Bill 501, relative to driver licenses for non-citizens residing in New Hampshire.

New Hampshire's system for issuing driver's licenses is efficient and effective for Granite Staters and out-of-state, legal citizens alike.

The lack of specificity within this bill's text does not fulfill the stated legislative intent. Instead, this bill utilizes language such as "conditional" and "temporary," without clarifying what either term means. This oversight is of great importance as the term "conditional" is not currently used by the Department of Motor Vehicles. As such, the Department has no legal basis to determine whether an individual has been granted "conditional" residency within the United States.

Given the ongoing and ever-evolving crisis of illegal immigration our country currently faces, such terms must be especially well-defined. This bill introduces harmful confusion.

Due to this bill's ambiguity, reliance on terminology not currently used by the Department of Motor Vehicles, and unanswered questions, Senate Bill 501 threatens to create unnecessary confusion in a process that is already working well.

For the reasons stated above, I have vetoed Senate Bill 501.

Respectfully submitted,
Christopher T. Sununu
Governor

Governor's Veto Message Regarding Senate Bill 507

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 02, 2024, I have vetoed Senate Bill 507, relative to extending the time to petition for a new trial in certain cases.

This well-intentioned bill seeks to provide an opportunity for individuals to petition for a new trial in instances where new evidence of exoneration becomes available. Such sentiment is sensible in the context of considering scientific and/or forensic breakthroughs, but the text of this legislation is problematic in that it is overly broad in allowing, if not inviting, an unending procession of frivolous petitions and appeals.

Specifically, the proposed legislation provides infinite opportunity for petitions premised on nothing more than the mere assertion of new evidence, unconnected to any scientific or forensic basis. Additionally, and importantly, unlike existing law (RSA 651-D) which provides for a review of DNA evidence, there is no consideration given to victim consultation in the context of reopening these matters which could potentially (albeit unintentionally) re-victimize individuals.

In sum, while I understand and agree with the notion of not time-barring scientific evidence of exoneration, the open-ended language of this bill could have the unintended consequence of encouraging baseless assertions unnecessarily bogging down proceedings. The legislature should revisit the intent of this bill with a model based on broadening the application(s) of RSA 651-D to avoid such outcomes.

For the reasons stated above, I have vetoed Senate Bill 507.

Respectfully submitted,
Christopher T. Sununu
Governor

Governor's Veto Message Regarding Senate Bill 543

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 10, 2024, I have vetoed Senate Bill 543, establishing the state environmental adaptation, resilience, and innovation council.

New Hampshire's commitment to environmental conservation and preservation has been strong, responsible, and successful. However, this bill would do little to continue those efforts. While the stated goals of the Council created by this bill may be well-intentioned, they are ultimately overly broad, vague, and impotent. The Council's structure and uncertain funding seems destined to make the efforts of many government employees unproductive and wasteful.

I am proud of my administration's dedication to New Hampshire's environment and people. Alongside the legislature, we have responsibly balanced the needs of our citizens with our responsibility to future generations. Upon close inspection, this bill does not embody that balance. If the legislature wants to expand government in the realm of environmental protection, they should do so with clear purpose and actionable direction to the executive branch, taking careful consideration of structure, resources, and mission. Anything less will lead to waste, mixed messages, and missed opportunities.

For the reasons stated above, I have vetoed Senate Bill 543.

Respectfully submitted,
Christopher T. Sununu
Governor
