2 provider, while physically located in New Hampshire, may conduct a telehealth prescreening with
3 any patient, in any state or jurisdiction, who has been diagnosed by a physician with a terminal
4 illness.

5 II. No regulatory or law enforcement agency or subdivision shall take action against a
6 health care facility, a health care provider, or a person or entity involved in the care of a patient for
7 conducting a telehealth prescreening as defined in this chapter and pursuant to paragraph I.

8 III. A health care facility, a health care provider, or a person or entity involved in the care of
9 a patient shall be immune from suit to the extent that the suit is based upon a telehealth
10 prescreening.

11 126-Z:7 Remote Signing.

12 I. Notwithstanding any regulation or provision of law to the contrary, a manufacturer of a
13 drug, biologic, or device, a pharmacist, a health care facility, a health care provider, or a person or
14 entity involved in the care of a patient using a drug, biologic, or device may obtain consent to treat a
15 patient using remote signing as defined in this chapter, provided that the manufacturer, pharmacist,
16 facility, provider, or other person or entity has an office in the state of New Hampshire and has
17 conducted a telehealth prescreening pursuant to RSA 126-Z:1, IV. The remote signing shall amount
18 to full and effective consent for treatment under all applicable laws and regulations.

19 II. No regulatory or law enforcement agency or subdivision shall take action against a
20 health care facility, a health care provider, or a person or entity involved in the care of a patient for
21 obtaining patient consent through remote signing, as defined in this chapter, if the provider or
22 facility has complied with paragraph I.

23 III. A health care facility, a health care provider, or a person or entity involved in the care of
24 a patient shall be immune from suit to the extent that the suit challenges the validity of a remote
25 signing to effect lawful consent, provided that the person or entity is complying in good faith with
26 the terms of this chapter and has not engaged in willful misconduct.

27 126-Z:8 Statutory Construction. The general court enacts this chapter to promote maximum
28 access by removing barriers in state law and indemnifying those involved in providing potentially
29 life-saving treatments and treatments to improve the quality of patients' remaining life, to
30 incentivize health care facilities, health care providers, manufacturers of drugs, biologics and/or
31 devices, and other persons and entities involved in the care of patients, to treat terminal illness,
32 whether through company-sponsored clinical trial, single-patient protocol, compassionate use
33 protocol, or any other means of access to drugs, biologics, and/or devices which gathers information
34 on patient outcomes, and to make New Hampshire a jurisdiction that attracts and fosters clinical
35 trials and the development of drugs, biologics, and devices intended to treat terminal illness. This
