INTRODUCTION OF GUESTS

PRESIDENT MORSE: I just want to take a moment, we do this every year and I think the amazing thing is we did something about it this past year. We funded Boys and Girls Clubs, which is a movement that I strongly believe in, and I strongly believe in their after school programs, and the results are showing up here today, because the best of the best in all the clubs in New Hampshire have shown up in the competition, which they're headed towards, and one of them will head towards the national competition after today. And it's an important day for them, but it's an important day for us to recognize the movement because I think it's so important to the state of New Hampshire. In addition to that I want you to know that a group that I started, when Senator Downing passed away in raising money, the Inspiring Futures, we certainly have made quite a few contributions to the Salem Boys and Girls Club because we strongly believe in it, and we did it because we believe in their after school programs. So Nicholas, we're supporting you, so. Let me introduce them.

Kathryn Marie Stupp from the Boys & Girls Club of Greater Derry who is represented by Senator Regina Birdsell, and Senator Gannon today. Congratulations.

Christopher Constan from the Boys & Girls Club of Manchester who is represented by Senators Cavanaugh, Soucy, and D'Allesandro. Congratulations.

If you could just raise your hand so we know who you are...

Mario Rodriguez Santana from the Boys & Girls Club of Greater Nashua represented by Senator Lasky, and Senator Avarad.

Shelby Houghton from the Boys & Girls Club of Souhegan Valley in Milford represented by Senator Gary Daniels.

Madison McLelland from the Boys and Girls Club of Central New Hampshire who is represented by Senator French, Senator Ward, Senator Feltes, and Senator Reagan.

And with no bias at all, Nicholas Karantonis is from the Boys & Girls Club of Salem, which I am proud to say is from my district. Welcome.

Just before session, we all met with the contestants and presented them with a Senate Resolution to recognize their achievements for making it to the finals from their Boys and Girls Club.

Tonight, one of these young people will be named the Youth of the Year and will go on to compete at the regional competition this summer. We wish you all the very best of luck in joining, and thank you for joining us in the Senate today.

Now if I can invite a special guest forward, my daughter Emma. I just want to correct something that came out in the last month or so about how the Morse household has been run. My wife was the one that made the decision to stay home with my daughter until she turned six and went to first grade. I thought it was a great decision and it obviously worked. And my daughter was the one that made the decision to choose the high school she wanted to go to. And then I remember the drive specifically when my daughter said, "Dad I'm good at accounting but I love science." And she made the decision on what college she wanted to go to. And Susan and I are very proud today to tell you that Emma graduates with her Masters on Saturday after going around the clock for five years to school with honors so, Emma.

INTRODUCTION OF PAGES

(The Chair recognized Senator Cavanaugh for an introduction.)

SENATOR CAVANAUGH: Thank you, Mister President. I didn't realize it was bring your daughter to work day. We also have Iris Feltes here, first visit to the Senate Floor. Welcome Iris.

And we have Amanda Sampo with us today. Amanda is from Bow and she is a senior at Bow High School. She has been competitively swimming for eleven years now, both on her high school team and the Concord YMCA team. She has also been part of the Friends of Concord Crew for five years now and in high school she was part of the National Honor Society, Youth in Government, Peer Outreach, and the Spanish Club. She also spends time babysitting families in her hometown of Bow. Next year she will be attending Jacksonville University in Florida and will be rowing for their Division I Crew Team as well. And next year she plans on majoring in business, soon after, getting her law degree. Welcome.

SUSPENSION OF THE RULES

Senator Bradley moved that the Senate suspend all rules necessary to permit consideration at the present time of SB 564-FN-A. Adopted by the necessary 2/3 vote.

SENATOR BRADLEY: And I move this so that we in particular can waive and suspend rule 2-13 on reconsideration restrictions and 2-14 on the reconsideration process. There was a human error, technical snafu, on inclusion of what should have been an amendment approved by the House incorrectly attached to the bill. The easiest way to correct this is to have a Committee of Conference. So, I ask for suspension of the rules at the present time.

MOTION OF RECONSIDERATION

Senator Bradley, having voted on the prevailing side, moved to reconsider the following action taken by the body on SB 564-FN-A, relative to a business tax exemption and a workforce development program for regenerative manufacturing businesses.: Reconsider the vote on - Concur with the House Amendment. Adopted.

(The Chair recognized Senator Lasky.)

SENATOR LASKY: Thank you, Mister President. I rise to speak on one of the House Amendments to Senate Bill 527. On the floor of the House an amendment was added at the request of the Attorney General's Office that appears to directly conflict and maybe even overrule a recent court order in the SB 3 litigation. Specifically, the state under a protective order lost its argument about whether to turn over certain documents to the litigants against the state. This amendment seems to be an after-the-fact response. It raises a host of constitutional issues including, under part 2 article 7 where it's my view, we shouldn't get involved either way on this issue. Therefore I'll be voting yes to Nonconcur, but no the Committee of Conference. Thank you, Mister President.

The question is on the motion of Nonconcurrency and request a Committee of Conference.

A roll call was requested by Senator Feltes, seconded by Senator Avard.

PARLIAMENTARY INQUIRY

(The Chair recognized Senator Bradley for a parliamentary inquiry.)

Senator Gannon moved Nonconcurrency.

(The Chair recognized Senator Kahn.)

SENATOR KAHN: Thank you, Mister President. We're moving kind of fast. 520 I believe, and I just need some clarification maybe, but 520 has a lot of organizations that ask for decal bills and this is a Nonconcur so I'm asking any member of our body, are we losing what we attempted to do by unifying all those decal bills into a single action and hopefully not, because if we are, I'd like to rise again and perhaps speak further to the motion.

(The Chair recognized Senator Gannon.)

SENATOR GANNON: I'll speak briefly, Senator. No, it isn't. This is only dealing with that one decal issue. The others are in a separate bill.

(The Chair recognized Senator Kahn.)

SENATOR KAHN: Thank you, Mister President. What is the bill that that is in so we can keep track of that? Is it in a House Bill?

SENATOR GANNON: I can figure it out for you, 1697 brings to mind. A little birdie once told me, 1697. We'll look for that. Thank you.

The question is on the motion of Nonconcurrency. Adopted.

SB 334-FN, relative to temporary licensure of allied health professionals from nearby states, and reciprocal and temporary licensure for occupations and professions for persons from other states.

Senator Bradley moved Concurrence.

(The Chair recognized Senator Kahn.)

SENATOR KAHN: I rise to ask the body to not Concur with Senate Bill 334. While the House Amendment returns the original language to the

bill to allow for allied health professionals to receive temporary licensure for up to 120 days, in six New England states, five New England states, and New York, the bill has a second amendment to it that one, I think is difficult to understand, relative to reciprocal licensing. If there is an agreement that a board has, if it has one agreement, it therefore exempts that board from all other need to temporary license for all those other licenses. I think that's confusing.

And I think that the second thing that it does is that if a board wishes to opt out, it's an opt out now of temporary licensure. If they decide that they want to opt out, they have to do it on a state by state basis. It means an evaluation of credentials in forty-nine different states. If you find that there is a state that you would want as a board to not have reciprocity with for temporary licensure, you would then post that state on your website, that board would. And it would need then to do so for any of the other forty-eight states. And then, once it's on the website, one would wonder if you got an application a year later from the same state, would you need to go back and do the review about whether or not the credentialing is comparable to our state. I think it sets up a workload on the licensing boards and OPLC bodies that we've already recognized have an overload and are behind on their license processing already. It's why we're going through the temporary licensing procedures. And it would require each of those agencies to potentially go through JLCAR with each of their procedures for temporary licensure or exclusion of temporary licensure. And we just don't know the extended consequences of opening up a wide gate. So I, with regret to some extent, that I'm talking against a bill that I introduced in good faith, that I thought we had the support in both chambers, obviously for a portion of it. I don't think that we're yet at the place that the bill deserves the support of this body so I will vote against Concur so that we can introduce a motion of Nonconcur. Thank you, Mister President.

(The Chair recognized Senator Sanborn.)

SENATOR SANBORN: Thank you, Mister President. I rise and ask the body to support the current concur motion. And we have to remember that fifteen years ago only 5 percent of the jobs in America required licensing. Today, it's over 20 percent. In such a short term, 20 percent of the jobs in America now require licensing. So we have to ask ourselves, we know in this state today we are at overemployment, I'm sorry, underemployment, everyone has a job that wants a job. Every employer I know is desperately looking to try to find new employees. And what are we going to do about it? What are we going to do about it if we continue to create levels of licensure which some would suggest could be restrictive, and that makes it more difficult for the business owners in New Hampshire to find employees? Now granted Mister President, I will support the concept that we don't always trust our neighbors, especially the states to the south, we wonder if they do as good a job as the people in New Hampshire do. But at some level, if they have licensing requirements and someone complies with them and they have experience and they put the time in, shouldn't there be some basic understanding or trust that if someone wants to come to New Hampshire for a job, we should do everything in our power to allow them to come here?

We have to remember when I put the amendment on some of these bills that just said businesses are looking for help. We know that people can't stand up and unroot themselves and move halfway across the country, land here and have no job and no income to feed their family. So we'd recognize their current license, their current experience, for a small period

of time specifically while they went through the licensing procedures. It just doesn't sound unreasonable to me Mister President. It doesn't sound unreasonable that even as they've amended this bill, that there are some people in this building that want to support the business community, that want to support and advocate for people coming to the state of New Hampshire, and are trying to find little ways, I wish I went further quite frankly but it doesn't, to try and find little ways to encourage that migration of more employees to our state. Or, do we Nonconcur, throw up the flag and just say we don't want any more employees? We are now doing what's in our power to stop people coming here from working. We are essentially snubbing the business community by saying, we continue to want to build roadblocks and find excuses for whatever reason to say we don't want the New Hampshire economy to grow, we don't want the New Hampshire economy to thrive. Mister President, I mean there are so many things this body does or doesn't do, but to make a decision to not support people coming to this state for jobs and finding ways to make that happen is just at some level above the pale. Thank you, Mister President.

(The Chair recognized Senator Bradley.)

SENATOR BRADLEY: Thank you very much. I rise in support of the motion to Concur. I too am a co-sponsor of this bill with our friend from Keene. And I go back to the hearing that the Health and Human Services Committee had, jeez on a beautiful day like this you'd think that winter never happened, but it did. In the middle of the winter and people came and talked about the absolute need to get more healthcare workers into New Hampshire and the need to modernize our temporary licensure provisions to make that happen. That's what the original intent of the bill was, and if you have the bill in front of you, it's sections 1 and 2.

This bill has sort of taken a roundabout course to get to the point that it's at this morning. We as a full body, expanded that temporary licensure to any licensee. The House chose to take it back to the original version as our friend from Keene indicated. But they added a version, they added a new section 3 of the bill. And I just want to go through what section 3 of the bill does, because the issue at hand at this point is whether the office of OLPC has the resources to do what's asked for in section 3 of the bill. And so what it says is a board or commission that regulates an occupation or profession is part of an interstate compact, need not comply with this. So I think that's fairly easy, we're either part of an interstate compact or we're not. Beyond that, a board may determine that another state's license is not comparable with ours and then publish that on their website. And so an individual from that kind of a state would not be granted a temporary license. So, actually, the way I read this, it's meant to simplify the process. And lastly, it goes through how the temporary license procedure would work which I think is a clarification on the rest of the bill. Now I'm going to be the first one to admit, our colleague from Londonderry is more the expert on licensure than I am. But as somebody who's been around health care issues now for a long time, I know full well that we have significant shortages of healthcare workers in the state of New Hampshire. Almost 300 mental health counselors short from what the mental health centers say. We weren't able to establish DRF beds after we worked at great length last year on the mental health bill because of shortages of work force. So, we have heard this repeatedly. So, since I never heard, and I don't believe members of the HHS Committee heard that the additional provisions

that were put in to Senate Bill 334 were going to be problematic for OLPC in terms of their workload, I would also ask that we Concur with this bill because I do think it's going to help us address the shortage of healthcare workers in New Hampshire which I think we all know is a critical priority for the state right now. Thank you, Mister President.

The question is on the motion of Concurrence.

A roll call was requested by Senator Soucy, seconded by Senator Sanborn. Recess. Out of recess.

The following Senators voted Yes: Giuda, Bradley, Gray, French, Ward, Sanborn, Daniels, Avard, Reagan, Gannon, Innis, Morse.

The following Senators voted No: Woodburn, Watters, Hennessey, Kahn, Lasky, Carson, Feltes, Cavanaugh, Soucy, Fuller Clark.

INTRODUCTION OF GUESTS

(The Chair recognized Senator Hennessey.)

SENATOR HENNESSEY: Thank you, Mister President. I rise to introduce the remarkable fourth grade from my district from the Maple Avenue School in Claremont. Remarkable students.

SB 581-FN, relative to compounding of drugs and establishing a committee to study rulemaking authority for reconstituted drugs.

Senator Bradley moved Concurrence. Adopted.

SB 590-FN-A, relative to the state loan repayment program, the developmental disabilities wait list, involuntary admissions procedures, and the mental health system.

Senator Bradley moved Concurrence. Adopted.

SB 592-FN-A, relative to the child welfare system.

Senator Bradley moved Concurrence. Adopted.

SB 313-FN, reforming New Hampshire's Medicaid and Premium Assistance Program, establishing the granite workforce pilot program, and relative to certain liquor funds.

Senator Bradley moved Concurrence.

(The Chair recognized Senator Woodburn.)

SENATOR WOODBURN: Thank you, Mister President. I rise to Concur. Last Thursday we had a pretty tough and long session and on Friday I took a tour with our former colleague from the North Country, Molly Kelly, the Senator from Keene. And included a stop at the Blue Mountain Dairy Farm and it reminded us of how volatile and sometimes unpredictable our politics was. We were taking a photo of a big cow, got a little ornery and I grabbed her from the back and just as I did that there had been, say

cheese, took the picture and the cow's manure covered tail swung back and hit me right across my shirt. And sometimes that happens in politics, it particularly happens late in the year and we appreciate everyone's good cheer after some very difficult, difficult days.

This Medicaid expansion has been a long strange trip. It's been from Mitt Romney, to Barack Obama, nationalized by Donald Trump. But Medicaid expansion here in the state of New Hampshire, five years ago was an idea, signed into law in 2014, renewed 2016, and I just want to say how proud I am of the Democratic Caucus for being the rock, delivering 100 percent of our caucus multiple times, really pushing the majority, working with the majority, and oftentimes keeping our mouth shut, which isn't always easy in this business, to let Majority Leader and others find a way forward. And we've done that and we're very proud of that accomplishment. But I also want to recognize Governor Hassan who really pushed hard to make sure this issue became reality and I'm so proud of the state of New Hampshire. We were one of the few states that had a division of power, with a Democratic Executive and Republican Legislature who was able to move these ideas forward. And that's a testament to everybody involved. I also want to highlight and thank our chief negotiators from our side in the Senate. The Senator from Concord, but also from the House, the House Democratic Deputy Leader for their hard work and many hours spent doing this.

But I also want to just pause and take a look at what the purpose of this was and the importance. It's not about here in this building but outside of this building. In the midst of an opioid epidemic, we need to be doing more and this will help people who are struggling and need that assistance. It will help low wage, hard-working people who are crushed by a government that punishes them for their misfortune. It will help our struggling hospitals who no longer need an infusion of money like the Colebrook Hospital to keep their doors open. This bill has worked, this idea has worked and I congratulate everybody who's been part of this. You, Mister President, the Majority Leader, everybody who supported it and worked for the advocates, the individuals. But, let's be clear. It's not perfect, and a lot of things aren't perfect in this building. But we, the Senate Democrats, are not willing to burn down the barn to get rid of the few rats. But our work will continue.

And I just want to share a little story that occurred to me as I was coming over here today. And, I met a woman in Errol and we were giving an award to this kid who doctors said never would have lived. Wasn't supposed to live very long, and he continues to surprise them, shock them by his success and his vibrancy and his spirit. But a woman came up to me and said, you know we started chatting, and we continued to correspond by email and she was on Medicaid expansion and her income went up to the point where she couldn't, she was kicked off. And she sent pictures of her leg which was very difficult to look at and she hadn't been to a doctor and these are the kind of people that we fight for every day, and we all fight for every day. And eventually, this country will embrace healthcare as a basic human right, not a gift bestowed by charitable hands of the benevolent belief. But as a basic human right. This is important. We stand with the majority of this caucus, our caucus and yours, to move this forward and thank everyone for their work and patience and making this happen. Thank you, Mister President.

A roll call was requested by Senator Avard, seconded by Senator Hennessey.

The following Senators voted Yes: Woodburn, Bradley, Watters, Hennessey, Gray, Ward, Kahn, Lasky, Feltes, Cavanaugh, Reagan, Soucy, Fuller Clark, Gannon, Innis, Morse.

The following Senators voted No: Giuda, French, Sanborn, Daniels, Avard, Carson.

The following Senators were excused: Birdsell, D'Allesandro.

Roll Call, Yeas: 16 - Nays: 6. Adopted.

SB 398, relative to information contained in certain motor vehicle records.

Senator Gannon moved Concurrence. Adopted.

SB 575-FN, relative to electric vehicle charging stations.

Senator Gannon moved Concurrence. Adopted.

Senator Sanborn moved Concurrence. Adopted.

Senators Cavanaugh and Soucy are in opposition to the motion to Concur with the House Amendment on SB 565-FN.

MOTION OF RECONSIDERATION

Senator Daniels, having voted on the prevailing side, moved to reconsider the following action taken by the body on SB 580, relative to transfers of appropriated funds, amending a capital budget appropriation to allow for door replacements at the New Hampshire hospital, and transferring a capital budget appropriation for painting the ceiling of Representatives Hall to the legislative branch.: Reconsider the vote on - Concur with the House Amendment. Adopted.

(The Chair recognized Senator Daniels.)

SENATOR DANIELS: Thank you, Mister President. I would ask that you vote against the Concur and I will move to go to Committee of Conference. We've discovered subsequently that there are a couple parts in 580 that are conflicting with other bills. One of them having to do with House Bill 1743 and the emergency funding of the Sununu Center and the other one having to do with Health and Human Services lapse. So I'd be willing to take this to a Committee of Conference. If you would vote to overturn the Concur and let me move Committee of Conference. Thank you, Mister President.

The question is on the adoption of the motion of Concurrence. Failed.

Senator Daniels moved Nonconcurrence and requested a Committee of Conference. Adopted.

PRESIDENT MORSE: We will name the members in a few minutes.

Recess. Out of recess.

PRESIDENT MORSE: Here's where we're at. We have the House messages. We're putting them out on paper right now. If the chairs could basically go through them, if they have the time to name the conferees. We'll come back at one o'clock. The House should be done its business by then and hopefully we can get right through it. It's probably twenty-five to thirty pieces of legislation. So, House Republicans should get together at quarter of one upstairs, okay?

(The Chair recognized Senator Bradley.)

SENATOR BRADLEY: I just have an announcement. The intern lunch is happening right now.

Recess. Out of recess.

PRESIDENT MORSE: SB 418 was adopted on 5/10.

ANNOUNCEMENTS

(The Chair recognized Senator Bradley.)

SENATOR BRADLEY: Thank you very much, Mister President. We are definitely blessed in this building to work with tremendous staff. Whether it's the staff that helps us in this room, or whether it is the staff downstairs in the cafeteria, or the maintenance staff, or the security staff, or anybody else. And it is truly with a deep heart I think that all of us want to take a moment to remember Larry Krupnik who, unfortunately, passed away earlier this week. Larry, as you know, was a Protective Services Officer. He was generally the person that you saw if you were here late at night. Kate was telling me how he would always rush to open the door for her. He always had a friendly word. He couldn't have been a nicer guy. If you knew him, you liked him. He was quick with funny lines, and he looked after each and every one of us. He epitomized what it means to work in this building, and I think we all mourn his passing. He took his job incredibly seriously. He would check on every window every night. He looked at all the coffee pots. He checked the trash. He did everything to make this building safe. He never missed a day, and when he did, you knew that something wasn't right, which is what happened last week. He worked here, in this building, for eighteen years. He was one of the unsung heroes who never gets the kind of credit that the twenty-four of us get. In fact, people like Larry should be getting the credit, and we probably should get a lot less of the credit because these are the folks that make this building run. We're saddened by his loss, and I think it would be appropriate to have a moment of silence to express our thoughts and our gratitude for a life well led and work well done.

(Moment of Silence.)

Thank you, Mister President.

(The Chair recognized Senator Bradley.)

SENATOR BRADLEY: So, if I could take another moment of personal privilege. I think we also had another loss. We sometimes have unbelievable agreements and disagreements in this room, but in many respects we're all family. And when family loses a family member it's time for all of us to come together and send our thoughts and our prayers, our appreciation, our tremendous gratitude for the Morse family. Senator Morse lost his stepfather earlier this week. I think that there will be an announcement as to when the services will be at some point fairly soon. It is a tribute that Senator Morse and his daughter would be here today and with their normal customary role of getting the job done, even the job done with a heavy heart. So, I would ask the members to again have a moment of silence for the Morse family.

(Moment of Silence.)

Thank you, Mister President.

(The Chair recognized Senator Bradley.)

SENATOR BRADLEY: Not to wear out my welcome. Our friend from District 20 is with his grandson today in New York City. His grandson is receiving a nationwide award for just the heroic way that he and his family have approached his life. A lot of us have had a chance to meet this fine young man. It's unfortunate Senator D can't be here today to celebrate on a job well done on a lot of important legislation. I've always thought that Senator D was somewhat of a coach to me too. He coached

just about everybody here, and I thought it would be appropriate to pay not only Senator D and Mrs. D tribute, but his great grandson. Thank you, Mister President.

(The Chair recognized Senator Innis.)

SENATOR INNIS: Thank you, Mister President. A moment of personal privilege. A lot of times young people can teach us all a lesson and this weekend my libertarian son is marrying his progressive fiancé. So it will be an interesting life. Thank you. Thank you, Mister President.

Without objection, all personal privileges and unanimous consent shall be entered into the permanent *Journal of the Senate*. (Rule 2-16 and Rule 2-17). Adopted.
