SENATE JOURNAL

COMMENCEMENT – JANUARY 5, 2022 SESSION

SENATE JOURNAL 1

January 5, 2022

Call the Senate to Order.

The Senate reconvened at 10:00 a.m., a quorum being present.

The Reverend Jon Hopkins, Chaplain to the Senate, offered the following prayer:

Let us Pray.

Dear God. Thank you for new beginnings. What an incredible day this is with a fresh year potentially stretched out before the New Hampshire State Senate. Let them be found faithful this year in each and every opportunity. Let them consult, not their fears, but the hopes and dreams of the people of the great state of New Hampshire. Let them not think about their frustrations, but about the unfulfilled potential of all the people living in this state. Let them not be concerned with what they tried and failed to do, but what is still possible to do. Now is the time to put aside the past and present setbacks and failures and look with confidence to the new day called tomorrow. Give them courage to begin again, to overlook the difficulties, to overcome the obstacles and stay open to the moment as best they can. Help them be patient enough to know it takes time to start over, and wise enough to ask for help from family and friends when it is needed. As we look to the future of our state, may we reflect on the past and remember the lessons it's taught us. Give the New Hampshire State Senate strength and guidance to look towards the future of the state of New Hampshire, so that we can create a state filled with justice, freedom and peace. Amen.

Senator Gannon led the Pledge of Allegiance.

ANNOUNCEMENTS

PRESIDENT MORSE: Last month, the Senate said goodbye to another long-term employee on her well-deserved retirement. Diana Ferguson was an incredible source of information for the Senate for the last twenty years. Before she joined us full-time, she also helped as a seasonal employee with the Senate Research Office when it was established in the late 1980s. Her support and knowledge of the laws and the New Hampshire Legislature will be sincerely missed. Thank you, Diana. We wish you all the best. Thank you.

I just want everyone to know, I did deliver a proclamation that day and there was enough food up there to serve the House, never mind the Senate. But she will be missed and she's just a fine woman.

(The Chair recognized Senator Cavanaugh.)

SENATE CLERK'S NOTE

Due to uncontrollable circumstances there was a loss in audio transmission in regards to the beginning of Senator Cavanaugh's remarks.

SENATOR CAVANAUGH: ...and thank her for over thirty-five years of service and just wish her and the family well with retirement and please we can enter these remarks into the Permanent Journal. Thank you, Mister President.

PRESIDENT MORSE: Thank you, Senator Cavanaugh. They will be entered into the Permanent Journal.

CONSENT CALENDAR

Senator Bradley moved that the Consent Calendar, with the relevant amendments as printed in the day's Calendar be adopted and that all such bills found Ought to Pass be ordered to Third Reading.

COMMERCE

SB 63, relative to business liability protection for exposure to coronavirus and COVID-19.

Interim Study, Vote 5-0. Senator Gannon for the committee.

This bill sought to provide businesses with protections against lawsuits caused by the COVID-19 pandemic. The Committee felt the motion of Interim Study was appropriate because no lawsuits have been

filed in New Hampshire yet. Further, the Committee believed a high burden of proof already existed for any legal matters that might emerge. The Committee clarified that employees are covered under workers' compensation in their workplace; thus, they are not able to file a lawsuit.

SB 65-FN, repealing the prohibition on the sale of over-the-counter rape test kits.
Inexpedient to Legislate, Vote 5-0. Senator French for the committee.

This bill would have repealed the prohibition of the sale of over-the-counter rape test kits. At the public hearing in February, stakeholders raised concerns over the chain of custody of these kits, which is necessary to ensure they are admissible in court. Since this issue has not been resolved, the Committee felt a motion of Inexpedient to Legislate was appropriate.

SB 160-FN, relative to multiple employer welfare arrangements.
Ought to Pass with Amendment, Vote 5-0. Senator Bradley for the committee.

Currently, several multiple-employer welfare arrangements (MEWAs) exist in New Hampshire. This bill would strengthen the existing statutes governing MEWAs. The federal Department of Labor rule permitting the expansion of these arrangements is currently suspended; however, if it were ever reinstated, New Hampshire would be at a competitive advantage. At the request of the NH Bankers Association, the Committee Amendment removed Line 19 on Page 2 of the original bill to ensure that existing plans are not inadvertently impacted or forced to dissolve.

Amendment to SB 160-FN

Amend the bill by replacing section 3 with the following:

3 Multiple-Employer Welfare Arrangements. The introductory paragraph of RSA 415-E:3 and RSA 415-E:3, I are repealed and reenacted to read as follows:

415-E:3 General Eligibility; Pathway I and Pathway II. To meet the requirements for approval and to maintain a multiple employer welfare arrangement, an association shall be approved either as a bona fide pathway I or pathway II association as follows:

I. An association seeking approval as a bona fide pathway I association shall:

(a) Meet the definition in RSA 415-E:1, II of a bona fide pathway I association.

(b) Be nonprofit.

(c) Be established by a trade association, industry association, political subdivision of the state, religious organization, or professional association of employers or professionals which has a constitution or bylaws and which has been organized and maintained in good faith for a continuous period of one year for purposes other than that of obtaining or providing insurance.

(d) Be operated pursuant to a trust agreement by a board of trustees which shall have complete fiscal control over the arrangement and which shall be responsible for all operations of the arrangement. The trustees selected shall be owners, partners, officers, directors, or employees of one or more employers in the arrangement. A trustee may not be an owner, officer, or employee of the administrator or service company of the arrangement. The trustees shall have the authority to approve applications of association members for participation in the arrangement and to contract with an authorized administrator or service company to administer the day-to-day affairs of the arrangement.

(e) Be neither offered nor advertised to the public generally.

(f) Be operated in accordance with sound actuarial principles.

Amend the bill by replacing section 11 with the following:

11 Effective Date. This act shall take effect upon its passage.

HB 227, relative to termination of tenancy at the expiration of the tenancy or lease term.
Inexpedient to Legislate, Vote 5-0. Senator French for the committee.

This bill would have allowed a landlord to evict a tenant simply for reaching the end of their lease term. Tenants can already be evicted for a wide range of good cause reasons, such as not agreeing to a rent increase, a landlord needing to do property renovations, a prospective buyer requiring a unit to be vacant, or a landlord wanting to move a family member into an occupied unit. Given a shortage of available rental units throughout the state, the Committee felt that this was not an appropriate time to enact this type of legislation.

EDUCATION

SB 81, adopting omnibus legislation on chartered public schools.

Inexpedient to Legislate, Vote 5-0. Senator Hennessey for the committee.

This omnibus bill has two parts. Part one seeks to permit the use of school district facilities by chartered public schools. Part two of the bill seeks to implement the adoption of a code of conduct for educators of chartered public schools, as requested by the department of education. The committee recommends this bill be found inexpedient to legislate as the objectives of part one and part two of this bill were already passed in various pieces of legislation from the 2021 session.

HB 110, relative to the distribution of adequate education grants.

Inexpedient to Legislate, Vote 5-0. Senator Ward for the committee.

This bill would require the department of education to distribute adequate education grants to municipalities and require such municipalities to transfer the grants to their school district or districts. Currently, the department determines state aid for each town and distributes the aid to school districts directly. The committee recommends this bill be inexpedient to legislate as it could create undue burden and cash flow problems for municipalities and school districts.

ELECTION LAW AND MUNICIPAL AFFAIRS

SB 79-FN, relative to the authority of the moderator to verify the device count.

Interim Study, Vote 5-0. Senator Soucy for the committee.

This bill would authorize a moderator, regardless of reported inaccuracies, to conduct a verification count of machine-counted ballots on the day of the Election. Currently, the Post-Election Audit Study Committee is considering legislation that will verify the count using high speed scanners. The Study Committee has gathered information and is working with the Secretary of State's office to insure the integrity of the ballot count. Given the effort that has been invested to create a process that works for all, the Election Law and Municipal Affairs Committee moves this bill to Interim Study.

HB 292, relative to the absentee ballot application process.

Ought to Pass with Amendment, Vote 5-0. Senator Perkins Kwoka for the committee.

This bill as amended updates the absentee ballot envelope. In addition to the signature line already on the envelope, a line for the printed name of the voter has been added. This small addition will make it easier for clerks to process absentee ballots.

- 2) I am unable to vote in person due to disability.
 - 3) I am unable to vote in person due to observance of a religious commitment, which prevents me from voting in person.

AMENDED ANALYSIS

This bill modifies the absentee ballot affidavit envelope.

ENERGY AND NATURAL RESOURCES

HB 135, requiring parties responsible for pollution of a drinking water supply to be financially responsible for certain consequences of that pollution.

Inexpedient to Legislate, Vote 5-0. Senator Avarad for the committee.

This bill would have required parties deemed responsible for pollution of a drinking water supply to be financially responsible for certain consequences of that pollution. While the bill is well intended, this bill does not adequately establish criteria on how the NH Department of Environmental Services would assign financial responsibility to any given party for water pollution, detail any type of appeal process for that party, or how that financial responsibility would be shared if there were multiple parties found to be at fault. The Department indicated the bill in its current form may not address the appropriate section of statute. Due to these issues, the committee found the bill inexpedient to legislate.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

SB 153-FN, relative to retirement benefits for a police officer or firefighter disabled as a result of a violent injury. Interim Study, Vote 5-0. Senator Carson for the committee.

This bill establishes a disability retirement benefit and a medical insurance benefit for a group II police or fire member who is violently injured in performance of duties. While the merits of this bill are worthy, the Committee was informed by the New Hampshire Retirement System that the Gainful Occupation Offset Waiver Policy exists. This Policy serves to address the intent of SB 153-FN, providing relief to employees who were violently injured before accruing enough service time for full retirement benefits, and the Committee recommends SB 153-FN be Referred to Interim Study. Potential additional changes to this Policy could be made via amendments to upcoming legislation.

HB 72, relative to ratification of amendments to the state building code and state fire code.
Inexpedient to Legislate, Vote 5-0. Senator Carson for the committee.

This bill ratifies certain amendments to the state building code and state fire code adopted by the fire marshal and state building code review board in 2015, 2016, 2019, and 2020. These changes were later codified in SB 15 which was signed by Governor Sununu and became effective on July 23, 2021, thereby making HB 72 unnecessary.

HB 218, repealing RSA 320 relative to hawkers and peddlers and RSA 321 relative to itinerant vendors.
Inexpedient to Legislate, Vote 5-0. Senator Carson for the committee.

This bill repeals RSA 320, relative to hawkers and peddlers, and repeals RSA 321, relative to itinerant vendors. Based on legislation heard and considered in other committees, the Committee felt that HB 218 was not necessary.

HEALTH AND HUMAN SERVICES

SB 75, relative to school district information on the COVID-19 dashboard maintained by the department of health and human services.

Interim Study, Vote 5-0. Senator Whitley for the committee.

This bill requires the department of health and human services to update the COVID-19 dashboard daily as it pertains to school districts and education. The prime sponsor of this bill was able to resolve the problem that Senate Bill 75 addressed through a non-legislative solution. The committee has determined the matter has been fully resolved, and this bill is not currently necessary, but the committee will continue to review the bill as a precaution.

SB 156, relative to management of the secure psychiatric unit facility at New Hampshire hospital.
Inexpedient to Legislate, Vote 5-0. Senator Gray for the committee.

This bill is relative to the management of the secure psychiatric unit facility at New Hampshire hospital. The committee has determined that this bill is not necessary. New Hampshire hospital will be able to operate their facility and plan for the construction of a new facility without the need for this bill.

HB 146, requiring health care providers to furnish upon request a list of ingredients contained in an injectable medication that is recommended or administered.

Interim Study, Vote 5-0. Senator Sherman for the committee.

This bill requires health care providers to furnish upon request a list of ingredients contained in any injectable medication that is recommended or administered. The committee will further review if there is a need for this bill because the information a provider is required to provide under the bill is already available to patients. Furthermore, its provision upon request is already standard of practice.

JUDICIARY

SB 39, exempting information and records contained in law enforcement personnel files from disclosure under the right-to-know law.

Interim Study, Vote 5-0. Senator Carson for the committee.

This bill would exempt information and records contained in personnel files, internal investigations, and pre-employment background investigations of any state or local law enforcement officer from public access or disclosure under the right-to-know law. The Committee is aware of legislation coming forward this upcoming session that will be a more appropriate vehicle to address this issue, and therefore recommends SB39 be referred to Interim Study.

SB 111, relative to claims for medical monitoring.

Interim Study, Vote 5-0. Senator Carson for the committee.

This bill would establish the elements of a claim for medical monitoring and the damages that may be awarded. There are legal cases currently pending regarding these issues and therefore, the Committee recommends that SB111 be referred to Interim Study to give the judicial process time to play out before making legislative changes.

HB 125, relative to post-arrest photo distribution by law enforcement officers.

Interim Study, Vote 5-0. Senator French for the committee.

This bill would prohibit law enforcement from distributing post-arrest photos of suspects except in certain circumstances. The Committee believes that more time is needed to look at what other states have done in order for New Hampshire to find the right balance between public safety and privacy, and therefore recommends the bill be referred to Interim Study.

HB 232, relative to nonpublic sessions under the right to know law.
Interim Study, Vote 5-0. Senator Whitley for the committee.

This bill would permit nonpublic sessions under RSA 91-A for consideration of the amount paid, offered, or accepted for the sale or lease of property. Under this bill, nonpublic sessions would not be permitted for general discussions of whether to proceed with the sale or lease. RSA 91-A is a complicated area of law, and the Committee recommends the bill be referred to Interim Study in order to ensure that unintended loopholes are not created when addressing this issue.

HB 427, prohibiting corporal punishment of children in state agency programs.
Ought to Pass, Vote 5-0. Senator Whitley for the committee.

This bill requires state agencies to provide in their policies and procedures related to children that all forms of corporal punishment are prohibited. This institutes basic protections for any child in state care. There is a duty to protect all children in the state, but a higher level of scrutiny is essential for those who the state has been charged with caring for. Therefore, the Committee recommends this bill Ought to Pass.

HB 436, relative to eyewitness identification procedures.
Inexpedient to Legislate, Vote 5-0. Senator French for the committee.

This bill would add remedies for noncompliance with eyewitness identification procedures. The Committee received communication explaining that the NH Association of Chiefs of Police and the Innocence Project have continued to work together to ensure that every law enforcement agency has communicated with the Attorney General's Office about their line-up policy, and that they are both committed to continue to meet periodically regarding policy issues. Therefore, the Committee does not feel there is any need to move forward with the bill currently and recommends it be Inexpedient to Legislate.

HB 540, relative to supported decision-making as an alternative to guardianship.
Interim Study, Vote 5-0. Senator Sherman for the committee.

This bill would establish supported decision making as an alternative to guardianship. The language of this bill was ultimately included in an omnibus bill that passed earlier this year, and therefore there is no need to move forward with the language.

The question is on the adoption of the Consent Calendar. Adopted.

Floor Amendment to HB 307

Amend the bill by replacing all after the enacting clause with the following:

1 Legislative Findings. The general court finds that:

I. New Hampshire is not a home rule state.

II. If municipal ordinances and regulations regarding regulation of firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies differ from municipality to municipality it may place a citizen in danger of inadvertently violating the law.

III. We are a nation of laws and every person is subject to the law, including people who are lawmakers, law enforcement officials, and judges.

IV. Citizens have good reason to expect that elected officials will be held to the same standard as citizens and that our statutes shall be followed and penalties are reasonable for purposeful violations of the law.

2 Name of Act. This act shall be known as the New Hampshire Second Amendment state preemption act.

3 Firearms, Ammunition, and Knives; State Preemption. The subdivision heading preceding RSA 159:26 and RSA 159:26 is repealed and reenacted to read as follows:

New Hampshire Second Amendment State Preemption Act

159:26 Legislative Intent.

I. It is the intent of this subdivision to provide uniform firearms laws in the state; to declare all ordinances and regulations null and void which have been enacted by any jurisdictions other than state and federal jurisdictions, which regulate firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies; to prohibit the enactment of any future ordinances or regulations relating to firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies unless specifically authorized by this subdivision or general law; and to require local jurisdictions to enforce state firearms laws. Except as otherwise specifically provided by statute, no ordinance or regulation of a political subdivision, shall regulate the sale, purchase, ownership, possession, transportation, licensing, permitting, taxation, or other matter pertaining to firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies in this state.

II. It is further the intent of this subdivision to deter and prevent the violation of this subdivision and the violation of rights protected under the constitution and laws of this state related to firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies by the abuse of official authority that occurs when enactments are passed in violation of state law or under color of local or state authority.

159:27 State Preemption. Except as expressly provided by the state constitution or statute, the general court hereby declares that it is occupying the whole field of regulation of firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies, including the purchase, sale, transfer, taxation, manufacture, repair, modification, ownership, possession, storage, and transportation thereof, to the exclusion of all existing and future county, city, town, or municipal ordinances or any administrative regulations or rules adopted by local or state government relating thereto. Any existing ordinances, rules, or regulations of any county, city, town, or municipality are, upon the effective date of this section, hereby declared null and void.

159:28 Prohibitions; Penalties.

I. No public entity shall, and no private entity leasing or operating in any manner on any property owned, whole or in part, by the state, a political subdivision of this state, committee, or other governmental unit thereof, shall regulate or attempt to regulate the sale or possession of firearms; ammunition; ammunition components; knives; firearms components; firearms accessories; and firearms supplies on any property owned, whole or in part, by the state, political subdivision, committee, or other governmental unit thereof, unless explicitly authorized by statute.

II. A superior court having jurisdiction over the defendant or defendants shall declare invalid and unenforceable any ordinance, regulation, or rule adopted by any person, county, agency, municipality, district, or other political subdivision, and any private entity leasing or operating in any manner on any property owned, whole or in part, by the state, a political subdivision of this state, committee, or other governmental unit thereof, that violates the provisions of this subdivision and shall issue a permanent injunction against the political subdivision or private entity, as applicable, that adopted such ordinance, regulation, or rule prohibiting it from enforcing such ordinance, regulation, or rule. It shall be no defense that in enacting the ordinance, regulation, or rule the county, city, town, or other local government entity, or private entity leasing or operating in any manner on any property owned, whole or in part, by the state, a political subdivision of this state, committee, or other governmental unit thereof, was acting in good faith or upon the advice of counsel.

III. Upon a good faith belief that a county, city, town, or other local government entity, or other public or private organization or entity has violated this section, any citizen of this state residing within the geographic boundaries within which the applicable county, city, town, or other local government entity, or other public or private organization or entity is located and believing themselves to be aggrieved by such actions shall give written notice by certified mail, return receipt requested, or by a nationally-recognized courier service, to the county, city, town, or other local government entity or public or private organization or entity that is believed to have violated this section of the citizen's reasonable belief of such a violation, and the county, city, town, or other local government entity or other public or private organization or entity shall, within 90 days of receiving such notice, rescind any such ordinance, regulation, rule or policy that violates this section. If after the expiration of such 90-day period, the county, city, town, or other local government entity or other public or private organization or entity that enacted any such ordinance, regulation, rule, or policy fails or refuses to rescind such ordinance, regulation, or rule, such citizen of this state claiming to be so aggrieved and who has given such notice may bring an action in the superior court for the county in which the applicable county, city, town, or other local government entity, or other public or private organization or entity is located to require the rescission of any such ordinance, regulation, rule, or policy and may be awarded reasonable attorneys' fees and costs of the person bringing the action, including such attorneys' fees and costs in all courts and on appeal. The aggrieved citizen of this state giving such notice shall be deemed to have standing to bring suit under this section.

IV. If the court determines that a violation was inadvertent or the result of simple negligence, the court shall assess a civil fine of \$500 against the county, city, town, or other local government entity or other public or private organization or entity that enacted any such ordinance, regulation, rule, or policy for the first violation, a civil fine of up to \$1,000 for a second violation, and a civil fine of up to \$2,500 for a third or subsequent violation. If the court determines that a violation was committed purposely or knowingly, or committed recklessly or as the result of gross negligence, the court shall assess a civil fine of up to \$5,000 against the county, city, town, or other local government entity or other public or private organization or entity that enacted any such ordinance, regulation, rule, or policy.

V. A purposeful or knowing violation of any provision of this section by a person acting in an official capacity for any entity enacting or causing to be enforced a local ordinance or administrative rule or regulation or policy prohibited under this section or otherwise under color of law shall be cause for termination of employment or contract or removal from office by the governor.

VI. Any citizen of this state residing within the geographic boundaries within which the applicable county, city, town, or other local government entity, or other public or private organization or entity aggrieved by any ordinance, regulation, measure, directive, rule, enactment, order, or policy enacted, adopted or enforced in violation of this section is located may, after giving notice as provided for in paragraph III and after expiration of the 90-day time period, file suit in the superior court of the county in which the applicable county, city, town, or other local government entity, or other public or private organization or entity is located against any entity that enacted any such ordinance, regulation, rule or policy for declaratory and injunctive relief and for damages caused by the violation. Upon such filing, the court shall schedule a hearing on the matter which shall be within 10 days, excluding Saturdays, Sundays, and legal holidays, from the date of fil-

ing. Any citizen of this state residing within the geographic boundaries within which the applicable county, city, town, or other local government entity, or other public or private organization or entity aggrieved by any ordinance, regulation, measure, directive, rule, enactment, order, or policy enacted, adopted or enforced in violation of this section, as well as any organization whose membership is aggrieved by any ordinance, regulation, measure, directive, rule, enactment, order, or policy enacted, adopted or enforced in violation of this section, shall be deemed to have standing to bring an action under this section. After a hearing on the merits, if the court finds in favor of the petitioner, the court shall:

(a) Issue an injunction against the person, or public or private organization or entity, or political subdivision from enacting or enforcing the ordinance, regulation, rule, or policy;

(b) Issue a declaratory judgment that the ordinance, regulation, rule, or policy is void and unenforceable;

(c) Award the prevailing petitioner in any such suit reasonable attorney's fees and costs, including a contingency fee multiplier if the petitioner was represented by counsel working on the basis of a contingent fee, including such attorneys' fees and costs in all tribunals and on appeal; and

(d) Award to the successful petitioner bringing the action liquidated damages in the amount of \$10,000 against the defendant county, agency, municipality, or other entity, as applicable.

LIST OF RULE 6-25'S FOR THE DAY

Senator Daniels: SB 144-FN

ANNOUNCEMENTS

(The Chair recognized Senator Sherman.)

SENATOR SHERMAN: I'd like to have Universe Consent. If I could speak honoring somebody in my district. Thank you, Mister President. Last Monday, Senator Bob Preston died, it was quiet, and I had the honor of being able to speak to him last Monday morning and tell him how wonderful our relationship had been. Many of you have worked with him and knew him. He was a true gentleman.

I think, I just wanted to make four points. One was the way we met was one of the most unique ways of meeting a former Senator and a future good friend. I was rounding in the hospital with my white coat and my stethoscope and seeing a patient and I was talking to the patient, I introduced myself and from the other side of the curtain I heard, is that Senator Sherman? And I said yes, didn't know who it was, and Bob introduced himself to me and we became very fast friends. And one of the things about him that many of you who knew him would agree with I think, is that once you know him, he really brings family into his friends. He welcomed me into his home on Ocean Boulevard whenever I stopped by. He was never short on advice or imparting all sorts of wisdom, which was wonderful because I really got to know Hampton through him and also through Senator Stiles. But the combined history there was something I never could have replicated on my own. One of the things that really bonded us, even though we had some areas where we didn't agree, one of those where we fully agreed was on solving and addressing the opioid crisis, and we worked together to build that support.

And just want to end by saying Bob was a wonderful person, he was a wonderful mentor and advisor, but mostly he became a very close friend. His service to our community both in and out of the Senate was exemplary and I will miss him deeply. Thank you, Mister President.

(The Chair recognized Senator Soucy.)

SENATE CLERK'S NOTE

Due to uncontrollable circumstances there was a loss in audio transmission in regards to the beginning of Senator Soucy's remarks.

SENATOR SOUCY: ...Bob as a seventeen year old, talked his parents into allowing him to enlist in the military, because he felt so compelled to serve his country. So, from the time he was a teenager, he enlisted in service, was sent to Italy, and continued to fight on behalf of this country. Bob was first elected to the State Senate in 1964 and then ran again in 1972 and was elected to eighteen consecutive terms. Eight of those years he was the Democratic leader of the Senate.

I remember Bob serving the Senate when I was a House member. And one thing you certainly could always count on as Senator Sherman said, was advice. Whether you asked for it or not, Bob always had good sound advice. But it wasn't just about policies and the way people should vote, but it was about seeing the goodness in people and the way people should act. And how people should work together. Whether or not you had differences, Bob always helped to find common ground. Now, sometimes that couldn't be reached but he was always willing to do that.

I remember many times, Hampton Beach, Ocean Boulevard, Bob would be sitting out in front of Preston Real Estate, he was a businessman for many, many years and that's part of why he was so compelled to do all of the work that he did to make sure the Pease Development Authority became what it was. But he would sit out there and just always had a twinkle in his eye and always stopped to talk to everyone that he knew, and he knew everyone in Hampton, and knew everyone in Manchester that came to Hampton on a regular basis and would just share what was going on and wanted to share with all of us.

So, Bob was truly a treasure, here in New Hampshire, he will be greatly missed, and I just want his children, Bob, Charlie, Martha, Jimi, and Maryrae to know that he was well thought of and will be remembered for his dedicated service to the state of New Hampshire and to his country. Thank you, Mister President.

Without objection, all Personal Privileges and Unanimous Consent shall be entered into the permanent *Journal of the Senate*. (Rule 2-16 and Rule 2-17). Adopted.

ANNOUNCEMENTS

PRESIDENT MORSE: I think it would be appropriate at this point in time to have a moment of silence for Bob. He was a kind man and if I ever made a mistake as the Senate President, it wasn't appointing him back to a committee once. It didn't stop him from wanting my ear. But he truly was one man that cared about the state of New Hampshire in a way that we should all care. And I respected him greatly and I think we should have a moment of silence for him and his family.

(The Chair recognized Senator Prentiss.)

SENATOR PRENTISS: I would be remiss in leaving this chamber today if I didn't take the opportunity to recognize the work, the day to day work of our hospitals, and our health care workers, and our EMS and fire professionals in continuing to respond to what's been an unprecedented surge in the number of COVID related cases. And they also have other patients, taking care of all of the patients that are in the system. Again, it's unprecedented, we're seeing that our hospitals are, the staff, they're tired, but they're resilient. We see that with health care workers, and our doctors' offices, as well as our EMS and fire professionals, we're seeing call volumes that they hadn't previously experienced. I think it's important that we continue to recognize that this pandemic that is on our doorstep, support these workers in any way we can as they are a major part of how we're going to find our way back home. Thank you.

(The Chair recognized Senator D'Allesandro.)

SENATOR D'ALLESANDRO: Thank you, Mister President. Just a point of Personal Privilege. Fourteen years ago yesterday, my wife and I were at Beth Israel Hospital in Boston and we witnessed the birth of our grandson. Our grandson was immediately transferred into the neonatal intensive care unit, and he fought for his life. He was in the neonatal intensive care unit for an extended period of time, and we were very, very concerned as to whether he was going to make it. But he's a tough son of a bitch and he made it. He made it for the rest of those fourteen years he strived to do good things but indeed his courage is something that really amazes me. He was named, he got to be a superhero and is still a superhero in my eyes and certainly in the eyes of others. The kid underwent thirteen different operations, had open heart surgery when he was four years old and thrives today because of the treatment of his family, his mother was just unbelievable. If there were ever a manifestation of courage, or something that one could say, dammit, I want to be like that. That kid did it. He's alive today because he had the will to live, the desire to live, and we're so very, very, very grateful for that. And, Mister President, I thank you for buying his book. I think it's a real hallmark in his career as he moves forward. He lived in Salem for a period of time, he led a parade in Salem, which I thought was really, really terrific. But if there's ever an example that I'd like to live my life by, it's by him. The courage manifested by my grandson and his survival. Thank you, Mister President.

PRESIDENT MORSE: You're welcome, Senator D'Allesandro. The most expensive comic book I've ever bought.

(The Chair recognized Senator Giuda.)

SENATOR GIUDA: Thank you, Mister President. I would be remiss myself if I didn't mention the first time absence of my former Senate Aide, Roberge, Griffin Roberge. He joined me at the same time I joined the Senate and I've told you before about his threat to break my legs if I touched the calendar again. He also helped me get through a very, very difficult part of my life in the first year of my term. We were always irreverent towards one another. He always had a great sense of humor and a sense of energy that is unrivaled, and I will be forever grateful to him for his service to me and to the Senate and accordingly to the people of this great state. Thank you, Mister President.

PRESIDENT MORSE: Thank you, Senator Giuda. But let me give you a little secret. He was the only way I kept track of where you were.
