SB240 is a disappointing disservice to all Granite Staters. I strongly oppose the Senate districts you propose in this bill.

After hearing from many NH residents you ignored their input and created districts that are gerrymandered and sprawling, and ignore political boundaries and communities of interest.

I reside in Rindge, NH which is in Senate District XII. Rindge, a rural town in Cheshire County that shares a school district with Jaffrey, is combined with wards in Nashua. Nashua is a city with public water and sewers in Hillsborough County. A Senator from Nashua has no knowledge of nor reason to represent the residents of a small town with septic systems and shallow dug wells. Rindge deserves to be represented by a Senator who understands its issues, not someone who is Nashua-centric.

I ask you to vote NO on SB240 because it is the right vote for NH.

Respectfully,

Deneen Dickler
97 Old Jaffrey Rd.
Rindge, NH
